Subsidy

Sanctioning the distribution among certain district boards of a — of Rs. 1,26,081 towards the construction of elementary school buildings.

READ—the following papers :—

I

Letter—from the Hon'ble Mr. R. LITTLEHAILES, Acting Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department.

Dated—Madras, the 14th March 1919.

No.—Ref. on Cur. 2712 of 1918.

In addition to the anticipated savings amounting to Rs. 1,15,100 in the current year's provision for payment of subsidies to local bodies for buildings for secondary schools there are two other items of savings, Rs. 5,000 in the provision for teaching grants to elementary schools and Rs. 5,981 under stipends, which are available for utilization otherwise. I have now the honour to submit as desired by Government proposals for the utilization of these savings amounting in all to Rs. 1,26,081 for the payment of subsidies to local bodies for the construction or improvement of elementary school buildings.

2. The annexure to this letter summarizes my proposals. I have now left municipalities out of account, because in comparison with local boards they have had more than their share in the distributions sanctioned in G.Os. No. 1677, Home (Education), dated 27th December 1918, and No. 203, Home (Education), dated 15th February 1919, and recommended in my letter R.C. No. 2712 of 1918, dated 6th March 1919. As regards local boards, I have as far as possible assigned one building for each taluk board. For the rest, the principles I have followed are much the same as those regulating the previous distributions.

3. I request that Government may be pleased to approve these proposals at a *very early date* and authorize the Accountant-General to place the amount mentioned in the last column of the annexure at the disposal of the local bodies concerned.

4. A reappropriation statement for the transfer of funds from the provision under 22 F. and G. to 22 E. is enclosed.

5. To save time this communication is being submitted to Government direct instead of through the Accountant-General.

**NOTES CONNECTED WITH G.O. No. 368, HOME (EDUCATION),
DATED 22ND MARCH 1919**

[SUBJECT.—Subsidy for construction of elementary school buildings.]

HOME (EDUCATION) DEPARTMENT.

In the budget estimate for 1918-19, a sum of Rs. 1.87 lakhs was provided for the payment of subsidies to local bodies for the construction of secondary school buildings. Out of this, a sum of Rs. 31,900 has already been utilized. Orders are issuing granting a sum of Rs. 40,000 towards the construction of buildings for the Board Secondary school, Tirutturaipundi. The balance of Rs. 1,15,100 is not likely to be utilized on secondary school buildings during the current year, as plans and estimates have not yet been sanctioned for any other school. The Director of Public Instruction may therefore be requested u.o. to submit at a very early date proposals for the distribution of this balance to local bodies towards the construction of elementary school buildings if he has any proposals on hand ready for sanction.

R. LITTLEHAILES—12-3-19.

HOME (EDUCATION) DEPARTMENT.

From the Director of Public Instruction, R.O.C. No. 2712, dated 14th March 1919.

The Director of Public Instruction submits proposals for the further distribution of a sum of Rs. 1,26,081 for elementary school buildings. This amount includes the savings in the provision for secondary school buildings in the current year's budget. Orders have just issued sanctioning a subsidy of Rs. 20,000 (Rs. 8,000 for completion and Rs. 12,000 for construction of elementary school buildings) to the Madura District Board (G.O. No. 313, dated 14th March 1919). The Director stated in that connexion that Rs. 8,000 might be met from savings in the provision for subsidies. The further grant of Rs. 12,000 sanctioned by Government will therefore have to come from savings in the provision for secondary school buildings. If so, the total amount now proposed for distribution will have to be reduced by Rs. 12,000. The Director of Public Instruction may be consulted u.o. as to which of the items in the list forwarded by him can be eliminated or at least allowed a reduced subsidy.

2. The Madura Municipal Council has recently applied for a grant of Rs. 85,218 (Rs. 42,718 for acquisition of sites and Rs. 42,500 for construction of buildings for certain elementary schools). The file was sent to the Director of Public Instruction u.o. on the 13th instant so that he might consider the application in connexion with the present distribution of subsidies. He has not recommended any grant to the

council in the present proposals. He may be requested u.o. to state whether he desires the council's application to be considered in this connexion. It is quite unlikely he will.

No.—Ref. on Cur. 2712 of 1918.

In addition to the anticipated savings amounting to Rs. 1,15,100 in the current year's provision for payment of subsidies to local bodies for buildings for secondary schools there are two other items of savings, Rs. 5,000 in the provision for teaching grants to elementary schools and Rs. 5,981 under stipends, which are available for utilization otherwise. 1. In addition to the anticipated savings amounting to Rs. 1,13,100 in the current year's provision for payment of subsidies to local bodies for buildings for secondary schools there are two other items of savings, Rs. 5,000 in the provision for secondary schools to elementary schools and Rs. 8,981 under stipends, which are available for utilization otherwise. I have now the honor to submit as desired by Government proposals for the utilization of these savings amounting in all to Rs. 1,26,081 for the payment of subsidies to local bodies for the construction or improvement of elementary school buildings.

2. The annexure to this letter summarizes my proposals. I have now forwarded municipalities out of account, because in comparison with local boards they have had more than their share in the distributions sanctioned in G.O. No. 1074, Home (Education), dated 27th December 1918, and No. 108, Home (Education), dated 13th February 1919, and recommended in my letter G.O. No. 2712 of 1918, dated 27th March 1919. As regards local boards I have as far as possible assigned one building for each taluk board. For the rest the principles I have followed are in line with the same as those regulating the previous distributions.

3. I request that Government may be pleased to approve these proposals at a very early date and authorize the Accountant-General to place the amount mentioned in the last column of the annexure at the disposal of the local bodies concerned.

4. A reappropriation statement for the transfer of loans from the provision under 22 F and G to 22 E is enclosed.

5. To give time the communication is being submitted to Government direct instead of through the Accountant-General.

NOTES CONNECTED WITH G.O. No. 368, HOME (EDUCATION),
DATED 22ND MARCH 1919

[SUBJECT.—Subsidy for construction of elementary school buildings.]

HOME (EDUCATION) DEPARTMENT.

In the budget estimate for 1918-19, a sum of Rs. 1.87 lakhs was provided for the payment of subsidies to local bodies for the construction of secondary school buildings. Out of this, a sum of Rs. 31,900 has already been utilized. Orders are issuing granting sum of Rs. 40,000 towards the construction of buildings for the Board Secondary school, Tirutturaipundi. The balance of Rs. 1,15,100 is not likely to be utilized on secondary school buildings during the current year, as plans and estimates have not yet been sanctioned for any other school. The Director of Public Instruction may therefore be requested u.o. to submit at a very early date proposals for the distribution of this balance to local bodies towards the construction of elementary school buildings if he has any proposals on hand ready for sanction.

R. LITTLEHAILES—12-3-19.

HOME (EDUCATION) DEPARTMENT.

From the Director of Public Instruction, R.O.C. No. 2712, dated 14th March 1919.

The Director of Public Instruction submits proposals for the further distribution of a sum of Rs. 1,26,081 for elementary school buildings. This amount includes the savings in the provision for secondary school buildings in the current year's budget. Orders have just issued sanctioning a subsidy of Rs. 20,000 (Rs. 8,000 for completion and Rs. 12,000 for construction of elementary school buildings) to the Madura District Board (G.O. No. 313, dated 14th March 1919). The Director stated in that connexion that Rs. 8,000 might be met from savings in the provision for subsidies. The further grant of Rs. 12,000 sanctioned by Government will therefore have to come from savings in the provision for secondary school buildings. If so, the total amount now proposed for distribution will have to be reduced by Rs. 12,000. The Director of Public Instruction may be consulted u.o. as to which of the items in the list forwarded by him can be eliminated or at least allowed a reduced subsidy.

2. The Madura Municipal Council has recently applied for a grant of Rs. 85,218 (Rs. 42,718 for acquisition of sites and Rs. 42,500 for construction of buildings for certain elementary schools). The file was sent to the Director of Public Instruction u.o. on the 13th instant so that he might consider the application in connexion with the present distribution of subsidies. He has not recommended any grant to the council in the present proposals. He may be requested u.o. to state whether he desires the council's application to be considered in this connexion. It is quite unlikely he will.
