Station M a d r a s, Dated the 16 January 1919From (Name) The Hon'ble Mr. H.S. Duncan, M.A.,(Designation) Ag. Director of Public Instruction.

To The Secretary to the Government of Madras,

HOME (EDUCATION) Department.

Sir,

With reference to Government Memorandum No. 2527 B-3, dated 14th December 1918 regarding the utilization in 1919-1920 of the unspent balance of the Imperial non-recurring grant of 49 lakhs, I have the honour to state as follows :

2. In their order No. 681, Home (Education), dated 24th May 1917, Government recorded the statement showing the distribution of the balance of Rs. 11.94 lakhs at the end of the year 1916-1917, out of the original grant. According to that

Page 10 (H)

statement, the objects on which the balance was to be spent were as shown hereunder :

I	Playgrounds for colleges and secondary schools	Rs. 1.00
II	Manual Training	Rs. .50
III	(a) Technical Schools - For the proposed Pathological Institute	Rs. 2.50
	(b) Girls' schools	Rs. 3.50
IV	European Education	Rs. 3.44
V	University	Rs. 1.00
		Rs. 11.94

Last year, a sum of .05 lakhs was expended in connection with the completion of the hostel attached to the Municipal High School, Anantapur, and this expenditure may be regarded as having been met out of 3.50 lakhs set apart for buildings for girls' schools, leaving thus a balance of 3.45 lakhs under the head.

3. Items III (a) and V do not concern this department and I therefore propose to deal with the rest in the order in which they appear in the list given above.

4. I. Play grounds. -- The probable expenditure under this head during the current year is .50 lakhs and the balance has been reallocated in the Budget Estimate for 1919-1920.

5. II. Manual Training. -- At the end of the current year the expenditure under this head may amount to .15 lakhs and Government, it may be observed, have provided the balance of .35 lakhs under 45 Civil Works for construction of buildings for Manual Training Centres.

6. III (b). Girls' Schools. -- It was originally proposed to utilize 3.50 lakhs under this head towards the construction of buildings for the undermentioned institutions :-

(1)	Construction of buildings for the Presidency Training School	Rs. 1.50
(2)	do. Queen Mary High School, Vizagapatam	Rs. 1.30
(3)	do. Government Girls' School, Conjeevaram	Rs. .20
(4)	do. do. Bhavani	Rs. .11
(5)	do. do. Pittapur	Rs. .18
(6)	do. do. Samalkota	Rs. .11
(7)	do. do. Jayankondashola-puram	Rs. .10
		Rs. 3.50

Schemes in regard to Items 5 to 7 have not matured and may accordingly be given up. In respect of items 3 and 4 the current year's Public Works Budget includes .08 lakhs for the Government Girls' School, Conjeevaram and .04 lakhs for the Government Girls' School, Bhavani. Any additional expenditure in future on the schemes referred to will have to come out of the balance, viz., 3.33 (3.50 - .05 - .12). It is requested that the following proposals may in partial modification be substituted for those mentioned at III (b) supra; any expenditure that may be incurred on them during the next year being taken as a charge on the balance of 3.3 lakhs. All the items have been proposed for inclusion in the Public Works Budget for 1919-1920.

(1)	Cost of a site for the Queen Mary High School, Vizagapatam	About Rs. .60
(2)	Buildings for the Presidency Training School, Egmore	1.50
(3)	Buildings for the High School Department of the Triplicane Secondary and Training School for Mistresses	2.65
(4)	Acquisition of site for the lower department of the same school	Cost not known.
(5)	Cost of repairs to the buildings near the Ice House for use as hostel for the Triplicane Secondary School	.09
(6)	Construction of a science block for the Queen Mary's College for Women	Cost not known.
(7)	Cost of a site for the Government Training School for Mistresses, Mangalore.	.09

7. IV. European Education. -- The unexpended balance out of the non-recurring Imperial grant of Rs. 5,50,000 at the end of 1918-1919 will be Rs. 2,15,000 as shown below :-

	Imperial Grant	Rs. 5,50,000
	Expenditure	
	Expended in 1915-1916	Rs. 1,00,000
	do. in 1916-1917	Rs. 30,000
	Allotted for building grants in 1917-1918	Rs. 75,000 (a)*
	Reserved for the Lawrence Memorial School, Ootacamund.	Rs. 1,30,000 (b)*
		3,35,000
	Balance	2,15,000

*(a) Surrendered subsequently
*(b) Vide G.O. No. 14, Home (Education), dated 5th January 1918. (K)

5

The allotment of Rs. 75,000/- provided in the budget for 1917-1918 having been subsequently surrendered and the same amount having been provided in the budget for 1918-1919, the balance at the end of 1918-1919 will be the same, viz., Rs. 2,15,000/- but as I am proposing in a separate communication the surrender of the whole of Rs. 75,000/- provided for 1918-1919 the balance at the end of 1918-1919 will be Rs. 2,90,000/- Out of the above balance, I would suggest that a sum of Rs. 50,000/- be provided in the budget for 1919-1920 for payment of grants, for equipment to European Schools free of contribution by the management as in the case of Non-European schools for which a lakh has been provided under 'unallotted' amounts and that a sum of Rs. 16,000/- be provided for giving full grants for buildings and equipment for starting manual training classes in the undermentioned schools :-

	Rs.
(1) Lawrence Memorial School, Ootacamund	1,000
(2) Civil Orphan Asylum, Kilpauk, Madras	7,200
(3) St. Patrick's Orphanage, Adyar	7,800

	16,000

This has been included in the list of improvements required in connection with the provincialization of the school.

There would then leave a balance of Rs. 2,24,000/- of which Rs. 75,000/- will eventually be required for St. George's Homes, Keti. *(Since sanctioned)*

8. In this connection I would add that following are the chief causes that have prevented the more rapid expenditure of this allotment for European Education :-

- (1) The slow progress of building works for which grants have been sanctioned due to the difficulty of getting materials on account of war conditions.
- (2) The delay in the construction of the new buildings for St. George's Homes at Keti for which a grant of Rs. 1,15,230/- has been sanctioned. An advance of Rs. 40,000/- has been paid, and the balance due is Rs. 75,230/-.

(Since sanctioned)
V.S.A.
18/2/19

- 6
- (3) The abandonment of the scheme for acquiring Vest's premises for the use of Christ Church European School, Mount Road, Madras, for which it was intended to pay a large grant. The cost was found to be prohibitive. *4. Rs. 1607 8/11*
- (11) 17.12.12) The absence of concessions in the rate of building grants. Certain concessions were suggested in this office letter C. No. 10265/16, dated 15th December 1916, but Government in G.O. No. 109, Home (Education) dated 25th January 1917 ordered that the rules in the Code of Regulations for European Schools should be strictly adhered to in sanctioning the grants. *(K)*

I have the honour to be,

S i r,

Your most obedient servant,

R. A. Grieve

There were some special
grants made by the Govt of

India (where were 200
utilized) for ^{European Education} European Education.

They were allocated this in
advance I think in accord

of the war. Recently I read
in the newspapers that the

Home (Edn)

The Honble: Mr. Richman is referring to the allotment of 5.50 lakhs for European education out of the 4th lakhs non-recurring Imperial grant. Vide para 4 of India's letter at p. 3 of G.O. No. 650 Edn. dt/ 12th July 1913. This grant is mainly intended for the improvement of buildings and equipment of European schools. [Page 3 first two lines VII]

2 From the Stat. at p. 6 of G.O. No. 681 Edn. dt/ 24th May 1917 it will be observed that one lakh out of the 5.50 lakhs had been spent till the end of 1915-16. In 1916-17 30 lakhs ^{was} ~~had been~~ spent. These are the only two items of expenditure of which we have ^{definite} ~~certain~~ information. Besides the above, 75 lakhs has been provided in the B. & F. for 1918-19 - (actual exp. yet to be known) and another 75 lakhs has been proposed ⁽¹⁹¹⁹⁻²⁰⁾ for the next year's budget. A sum of 1.30 lakh has also been estimated for expenditure on the Lawrence Memorial School, Gaddi. - Vide G.O. 14 Edn. dt/ 5th Jan. 1918. The position

* including the 4 lakhs for hostels - G.O. 355 dt/ 22.4.13

'A'

(K)

'A'

$$5.50 - (1 + .30 + .75) = 5.50 - 2.05 = 3.45$$

is therefore, that, assuming the amount of (.75 lakh) budgeted for expenditure in 1918-19 fully expended, there will on the 31st. March 1919 be a balance of 3.45 lakhs, of which 1.30 lakhs has been earmarked for the Lawrence Memorial School and .75 lakh has been proposed to be provided in the B.E. 1919-20. There has been no lapse as apprehended by Mr. Richmond. Only, the amounts have merged in the Provincial balance because of the financial stringency consequent on the war. The amounts are being spent gradually as schemes mature.

3 For orders whether the Honble. Mr. Richmond may be informed in the sense of the above note.

PP 2-6, 24 C.115/B from the D.P.I, R.C.10353, 16th January 19

Subject: Balance of the non-recurring Imperial grant
 of 49 lakhs given by the G.O. in 1912-13.

At the end of 1917-18, the actual balance from
 the 49 lakhs grant was 12.08 lakhs against 11.94 lakhs
 anticipated in May 1917. In the revised ^{estimate} budget for
 1918-19 it has been proposed that a sum .13 lakh on
 account of ^{the} hostel attached to the Victoria College,
 Palghat, should be debited to the 49 lakhs grant. -
 Assuming that the amount will be spent on this ~~taxit~~
 item, the balance available will be only 11.95. This
 is slightly in excess of the amount ~~which the~~ (11.94
 lakhs) ^(which the) ^{now} Director proposes for distribution. The
 Director's letter calls for the following remarks.

2 Portion A, page 3 C.F

It is not known why the Director proposes to
 debit to this grant the expenditure of .05 lakh
 incurred on the hostel attached to the Municipal
 school, Anantapur. The statement at page 60 of
 notes, 1919-20, shows that an aggregate expenditure
 .28 lakhs has already been incurred on this ^{item} and
 debited to the 49 lakhs grant. No provision is
 on account of this item either in the R.E for 1919-20
 or in the B.E for 1919-20. From the statement
 page 6 of G.O.No.681 Edn, dated 24th May 17, it
 be observed that the expenditure on (1) College
 Secondary schools and Training institutions and
 Elementary schools had much exceeded the or
 allotments for each of those items; the Fir
 ment suggested in this department accepted ^{and}
 excesses should be taken against the grant
 other items on which the Government of In
 that the 49 lakhs grant should be spent.

G. of I's letter at H.H. 2
of G. 650 add: (VII)
12.7.13

M

of this was that the amount available for expenditure on Educational Hygiene, Gymnasium and playgrounds &c became reduced from 6 to 3.89 lakhs, If similar diversions are allowed without limit, it is clear that the object which the G. of I had in making this grant, viz: the encouragement and development of - different branches of education will not be fulfilled. In this view, it is desirable that the original allocation of grants should, as far as possible, be adhered to. The ^{proposed} debit of ^{.05} lakh on account of the Anantapur hostel to the portion of the 49 lakhs grant intended for girl's education ~~need not therefore be made~~.

3. Portion E. R. 4 c.f.

(V)

From the statement at pages 59 and 60 of Budget notes 1919-20, it will be observed that the following items of expenditure are proposed to be taken against the 49 lakhs grant:-

	R.E	E.E
	1918-19	1919-20
	lakh	lakh
(i) Building grant for Government Girl's school, Conjeeveram	.08	.0
(ii) Improvements to the Tanjore Palace buildings for Govt. Training school and hostel	.10	
(iii) Acquisition of land for Queen Mary High School, Vizag.		
(iv) Triplicane Secondary school for Girls		
(v) Queen Mary's College, Madras	.28	.46

The D.P.I now proposes additional items of expenditure on girl's school buildings that may be taken against the balance of 3.50 lakhs available for the purpose. So long as the amount is spent on school buildings, it is immaterial what works are selected. For the sake of simplicity however the balance left over and above the expenditure on foregoing items, viz: 1.60 lakhs may be reserved.

* The 1 lakh in the 1918-19-20 of C. B. & Co. has just been reduced to .50 lakhs -
p. 5, c. f.

3.50 -
1.90
1.60

expenditure on a single item. That single item may preferably be "the construction of a building for "the High School department of the Triplicane Secondary and Training school for mistresses". The rough estimate for this is 3.65 lakh and in addition to the 50 lakh provided in the B.E for 1919-20 at least 3.15 lakh will be required.

4. Portion C, p.5 C.F.

The proposal to allot Rs.50,000 in the next year's budget for the payment of equipment grants to European schools may be accepted and recommended. ~~as a special provision~~ ^{if feasible} The question whether the grants to individual schools should be free of contribution by the management may be considered on the analogy of the principle that might be adopted in the case of non-European schools. As it is, it has not been definitely accepted anywhere that the allotment of 1 lakh referred to ~~by~~ by D.P.I. will be distributed to non-European schools free of contribution by ~~management~~ ^{management}.

As regards the suggested expenditure of Rs. on opening manual training centres, it has not been accepted till now that full grants may be given for the purpose; and unless the necessity for this is fully demonstrated, budget provision in this regard seems premature. If need be, the Director can work out details and submit a scheme in the course of next year when it may not be difficult to find a small amount required either by reappropriation or otherwise. So far as the Lawrence Memorial is concerned, a manual training centre has been in connection with the provincialisation of the school and an application will be made in due course for Imperial assignment of all items of non-revenue expenditure connected with the school.

P. 11 of P.W. Budget at (X)

*X. The one lakh originally entered had since been reduced to 50 lakhs.

The D.P.I. has been asked ^{to} state whether the amount may not be spent in the current year. His reply may be awaited.

This will be by far better

BK
18/2

allotment of .50 lakh for furniture grants to European schools is provided in the B.E for 1919-20, the balance of the Imperial grant reserved for European Education will stand at Rs. 2.94 lakhs as shown below:-

Balance at the end of 1918-19, assuming that the provision of .75 in the current year will be surrendered.	(3.44 + .75)	4.19 lakhs
--	--------------	------------

<u>Deduct</u>		
Provision in the B.E for 1919-20 included in the allotment of 1.63 lakhs for building grants.	.75	2.64

Proposed provision for furniture grants	.50
Balance	2.94

Out of this, a sum of 1.30 lakh has been reserved for the Lawrence Memorial school, thus leaving a balance of Rs 1.64 lakh for other purposes. Lastly, it may be observed that provision has been made in the next year's budget for the disbursement of the balance of 1 lakh payable to the University.

6 The file may now be sent to Financial U.O.

22.1.19.

P.T.O.

FINANCIAL DEPARTMENT.

(Expenditure from the non-recurring Imperial grant of 49 lakhs given in 1912-13 for Education).

In March 1913, the Government of India gave a non-recurring grant of 49 lakhs for the improvement of Education in this Presidency.

2. In sanctioning the grant, the Govt. of India remarked :- (Para 3 on page 3 of G.O. 650 Educl VII 12.7.13)

"The Govt. of India do not desire to tie down "local Govts. too rigorously to particular heads provided there is a general conformity to policy, and "will consider favourably applications for transfer "of sums from one educational head to another subject "to this general provision".

3. The several items for which the grant of 49 lakhs was intended are as follows :-

	Lakhs.
(1) University	3.00
(2) Colleges and Secondary schools and training institutions.	6.00
(3) Elementary schools	17.00
(4) Educational hygiene, gymnasia, etc.	6.00
(5) Manual instruction	1.50
(6) Girls' schools, technical and special schools.	6.00
(7) European education	5.50
(8) Hostels	4.00
Total.	49.00

The above allocation has not, however, been strictly adhered to in the past vide para. 2 of Education note on pp 7-8 ante. It does not also seem necessary

G.O. 1947 Jul 11. 3.73 - page 4 flag 9

Para. 4 on page 3 of G.O. 650 Educl VII 12.7.13

necessary to adhere to India's allocation as will be seen from para. 1 of Sir Harold Stuart's note dated 8-11-1913 on page 8 of notes to G.O.101 Finl., d.11-2-1. extracted below :-

"It is not unreasonable for the Supreme Govt. to say that they think our education progress is slow, that to enable us to improve it, they will give us money and to attach to this grant of funds the condition that they shall be spent on education. But it is, I think, rather unreasonable to allot the grant among a number of different branches of education and to require us to adhere to that distribution. They seem to have recognized this and say they will be willing to sanction transfers from one sub-head to another. I should make the transfer first and ask for sanction only if the audit officer required it".

In para. 208 of Montagu-Chelmsford Report it is stated that in future there will be no more ear-marking of any portion of provincial balances and that portions previously ear-marked will be available for general purposes.

4. The special Imperial grant of 49 lakhs given in 1912-13 has merged in Provl. balances. It is, however, ear-marked and a pro forma account is being furnished by this Govt. to the Acct. Genl. for transmission to the Govt. of India.

The latest distribution of this grant of 49 lakhs (including the .75 lakh sanctioned in G.O.109 Finl., dated 5-2-19 for the St. Georges' Homes) is as follows:- Vide pp 59-60 of Budget Notes for 1919-20 :-

NOTES.

Page 17

Year	Amount Lakhs.	Remarks.
1913-14	15.83	
1914-15	13.84	
1915-16	2.70	Expenditure was restricted on account of the war
1916-17	3.21	
1917-18	1.34	
1918-19 (Revised)	1.78 + .75	(St. George's Homes)
1919-20 (Budget)	4.54	
	43.99	
Balance at the end of 1919-20.	5.01	

5. The D.P.I. proposes that an addition of .65 lakh should now be made in the Budget for 1919-20 under 22 Education for (a) equipment grants to European schools free of contribution by the management (.50 lakh) and (b) Manual training centres in European schools (.15 lakh). The amount involved is too small to be included in the Budget at this stage. As pointed out in para. 3 of Education note on page 13 ante the above sum (.65 lakh) can very easily be met from the next year's budget grant of 1.43 lakhs for Building grants to European schools. The total budget grant for 1919-20 under 22 EDUCATION has also been placed at a very high figure viz. 128.98 lakhs, and there will be no difficulty in meeting the small sum of .65 lakh required next year by reappropriation (the expenditure of .65 can later on be included in the pro forma account showing expenditure from the 49 lakhs).

6. The question for consideration is the distribution of the available balance of about 5.01 lakhs (this figure will slightly vary as the revised estimate for 1918-19 and the budget for 1919-20 will

undergo alterations).

It may be noted that a sum of 2.50 lakhs has been reserved for the Pathological Institute - page 5 of notes to G.O.650 Education dated 12-7-1913. As it is not likely that any expenditure will be incurred shortly on this item which is to be taken up along with the question of the construction of the New General Hospital ^{and medical College} buildings, it is submitted that this sum may be utilized for other objects of Education. The amount required for ^{the} Pathological institute can be found from Provincial funds *later on when required.*

7. The balance of 5.01 lakhs may be set apart for the following objects *for expenditure subsequent to 1919-20* — Lakhs.

(1) European education (page 10 ante).	<u>About</u>	2.69
(2) Triplicane Secondary school for girls. (2.65-.50)		2.15
(3) Queen Mary's High School, Vizagapatam. (in addition to .62 for site)		.17
		<u>5.01</u>

Submitted that Home (Education) may be requested to inform the D.P.I. as above.

File no. 643 B-1

Home (Education) Department

A draft order in accordance with the suggestions made in the Finl. dept. note is submitted for approval. If approved, it may be sent to L & M (Medical) with reference to the proposed diversion of the 2.50 lakhs originally earmarked for the Pathological Institute.

2. The following facts are brought to notice.
- (i) Play grounds.

As stated in para 2 of the Director's letter on p.3 of the current file, the amount available for expenditure on play grounds ~~xx~~ at the end of 1917-18 was only 1 lakh, but the Finl. Dept. propose to debit to this head ^{2.07} lakhs, being made up of the sums entered in the R.E. for 1918-19 and in the B.E. for 1919-20. It is ~~for 2.00 lakhs~~ ^{presumed that, though} the debit may not be limited to 1 lakh as originally arranged, ~~but~~ ^{every fund that may be needed for play grounds will be found for every purpose.}

(ii) Utilisation on other objects of the sum of 2.50 lakhs set apart for the Pathological Institute.

The Finl. Dept. suggests that this amount should be spent on Girls' schools. In this connection attention is solicited to para 2 of the Office Note at pp 7 & 8 ante. The amount available for expenditure on educational Hygiene, Gymnasias and playgrounds etc was reduced from 6 to 3.89 lakhs. This appears to be a suitable opportunity ^{for} restoring the original provision. Besides expenditure on the above objects will benefit a larger number of institutions and secure the ~~best~~ ^{one or two large} health of the pupils therein than the provision of buildings for girls' schools. But it may

be left to B.E. to suggest any alternative where necessary.

ORDER.

Mis

No. 392, dated 28.3.191 ..

In 1913 the Govt. of India sanctioned a non-recurring grant of 49 lakhs for the improvement of education in this Presidency and this grant was originally intended to be spent on the following objects:-

	lakhs.
(1) University	3.00
(2) Colleges, Secondary schools and Training institutions.	6.00
(3) Elementary schools	17.00
(4) Educational Hygiene & Gymnasia	6.00
(5) Manual Training	1.50
(6) Girls' schools, technical & special schools, which 3.50 was to be spent on the Pathologic Institute.	6.00

(7) European Education	5.50
(8) Hostels	4.00
Total	49.00 lakhs.

2. The above allocation has not been

Para 4 - p. 3 of G.O. 650 Edn. VII 12.7.13

G.O. 650 Edn. VII 12.7.13

G.O. 355 Edn. (Y) 22.4.13

strictly adhered to in the utilisation of the grant in the past. According to the statement submitted by the D.P.I. with his letter No. 1730, dated 15th March 1917 recorded in G.O.No. 681 Edn., dated 24th May 1917, the unexpended balance of the grant at the end of 1917-18 was expected to be 11.94 lakhs. But according to the actuals of 1917-18, the balance available at the end of that year was 12.08 lakhs. From this amount provision has been made in the ~~revised estimate~~ ^{altered grant} for 1918-19 and in the Ex. Budget estimate for 1919-20 for expenditure on the following:-

22 A. Education

University	N i l	1.00 lakh
Building Grants to European schools	.75 lakh	.75 "
Play-grounds	.50 "	1.00 "
45 Civil Works		
Queen Mary's College for women, Madras	.28 "	N i l
Play grounds	.57 "	N i l
Government Girls' school, Conjeeveram	.08 "	.07 "
Hostel, Victoria College, Palghat	.13 "	N i l
Improvements to the Tanjore Palace Library Buildings for use as Govt. Training school for mistresses and hostel.	.10 "	.25 "
Queen Mary's High school for Indian Girls, Vizagapatam.	N i l	.62 "
Government Secondary Training school for mistresses, Triplicane	N i l	.50 "
Manual Training centres	.12 "	.35 "
	<u>2.53</u>	<u>4.54</u>

With reference to the proposal that an additional provision of ^{.65} lakhs should be made in the ~~revised estimate~~ budget for

1919-20 for the payment of equipment grants to European schools free of contribution by the management (.50 lakh) and for opening manual training centres in two European schools (.15 lakh), the D.P.I. is informed that it is now too late to make the requisite provision and that any expenditure required for the purpose should be found by reappropriation within the budget allotment under 22 - Education.

3. Assuming that the provision, as entered in para 2 supra, will be utilised in full, the balance that will be left at the end of 1919-20 will be 5.01 lakhs; of this 2.50 lakhs are earmarked for expenditure on the Pathological Institute, which the Government now propose to make available for expenditure on other educational objects. The D.P.I. is requested to state whether he has any suggestions to make in regard to the expenditure of this amount. It is understood funds have not yet been marked for the following items:-

- (1) Construction of a building for the Govt. Secondary Training school for mistresses, Triplicane (in addition to the provision of .50 lakh for 1919-20.) } 2.15 lakhs
 - (2) Queen Mary's High school for Indian Girls, Vizagapatam (in addition to the provision of .62 lakh in the B.E. for 1919-20 for acquisition of site.) } .17 lakh.
- Total. 2.32 lakhs
