Sir,

I have the honour to submit the enclosed plans (bearing Nos. 25E/1 and 25E/2) with estimates amounting to Rs. 8000 for erecting a second storey on an existing building of the Timpany Memorial school, Cocanada, and to recommend that under article 57 of the Code of Regulations for European schools a grant not exceeding one half of the total cost may be sanctioned payable when funds are available. It is reported that the soil and subsoil are a firm sandy loam. The need for the erection of a second storey is explained in the letter of the Inspector

P.T.O.

Inspector of European and Training schools, R.C.No.93E/17 dated

I have the honour to be,

R.C.15-5

From the Inspector of European and Training schools, R.C.No.93E/17
dated 24th February 1918.

I have the honour to submit herewith, in the prescribed form,
an application for a building grant under Article 50 of the Code of
Regulations for European schools, received from the Correspondent,
Timpany Memorial school, Cocanada. The grant is required to enable the
management to erect a second storey on an existing building, constructed
to take a second storey. I recommend that the half-grant of Rs.4900/-
applied for may be sanctioned.

Over three years ago the management erected at a cost of Rs.12000
borne entirely by them, the present school house known as Hudson Hall.
For a year or so after construction part of the main hall was screened
off and used as a boys' dormitory, but the accommodation for the school
being found insufficient and the main hall being needed for general
assembly and drill, the boys were taken over to the main building,
Timpany Memorial Hall, and were provided with a dormitory upstairs.
This room is now required for other purposes, and the management propose
to use the proposed upper storey as a boys' dormitory, where the boys
will be all to themselves. At the main building the wash-houses, etc.,
for boys and girls are not very far from each other.

The management has been promised a contribution of Rs.4000/-towards
the new upper storey from the European Schools Improvement Association.
Plans (of Hudson Hall and of the site,) estimates and specifications
are submitted in triplicate.

The correspondent is being asked to state if the title to the pro-
perty is clear and whether the management is prepared to execute the
necessary trust deed, if required to do so. Her reply will be submitted
on receipt.

PUBLIC WORKS DEPARTMENT.

E. W. NOTE.

The Director of Public Instruction sub-
mits 2 Drawings bearing D.P.I.Nos.25-E/1 and
25-E/2 and a detailed estimate amounting to
Rs.3,000 for a grant-in-aid towards the
cost of adding a second storey to the build-
ing occupied by the Timpany Memorial School
at Cocanada, Godavari District.

II (a) The drawings and the estimate have
been examined in the Chief Engineer's office
and it is observed that by the proposed
addition the maximum pressure on masonry
would exceed the permissible limit for
rough stone in lime mortar and that the
sizes of the wooden beams proposed to be
used are not strong enough to carry a ter-
raced roof. It is therefore recommended
that the walls of the upper storey may be
constructed with bricks (1'-1 1/2" thick) and
that a light tiled roof supported on wood-
en trusses be provided. By adopting the
latter suggestion the use of heavy beams
which are expensive and difficult to pro-
cure can also be avoided.

(b) The disposition and the design of
the stair are not satisfactory. The
arrangement shown on the flap (dated 10-6-18)
~~is~~ attached to the Drawing D.P.I.No.
25-E/2 is recommended to be adopted.

III. With these remarks, the plans and
estimate are returned for revision.

revision, the plans and estimates for the addition of a
second storey to the building occupied by the Timpany Memo-
rial school, Cocanada, I have the honour to submit for
favour of orders copy of a letter dated 28-9-18 from the
correspondent of the school together with the plan (D.P.I.

Copy of letter dated 28-9-18 from the Correspondent, Timpany Memorial school, Cocanada.

In answer to letter No. 1821/18 dated 28-9-18 referring to Proceedings R.C. No. 1821/18 dated 2nd July 1918, I have the honour to submit a copy of proposed plan of stairway for approval. If this change is agreed to, the plans and estimates will be amended to suit stairway and change in wall of upper storey and roof suggested by the Chief Engineer. 8/12/18

The Committee appointed to examine the building plans are of the opinion, that if the stairway were put in front of the school building, it would be undesirable because (1) the prevailing wind would be cut off from the main hall and the south east class room and (2) it would detract from the appearance of the building. Therefore they beg to recommend that the stairway be up off the veranah at the back of the school as per rough plan enclosed.

Sir,

With reference to Government Memo No. 1053-B-1, Home (Education) dated 22-6-18 and memo No. 2335-B-2 Home (Education) dated 16-12-18, I have the honour to state that the Correspondent, Timpany Memorial school, Cocanada reports that the management of the school have decided to drop the building scheme for the present on the ground that (1) Labour and material have so increased in value that the amount estimated would not now cover the cost (2) Those most closely connected with the school expect soon to go on furlough (3) In the long interval during

which
