The Registrar, University of Madras

LETTER dated 3rd June 1916 from the Secretary of the Council of the Senate of the University of Cambridge, to the Registrar, University of Madras.

Your letter of Feb. 23 has been laid before the Council of the Senate of this University, and I am instructed to reply as follows with regard to the affiliation of Madras students at Cambridge.

(1) The Council are willing to propose to the Senate to remove the distinction at present drawn between first-grade and second-grade colleges. May I assume that for this purpose the omission of the words 'as first-grade colleges' in the proposed Regulation herewith enclosed will suffice?

(2) The Council are not willing to omit the requirement of a classical language in the proposed Regulation; but they interpret the Regulation as permitting a Madras student, who has passed his degree examinations without a classical language, to appear in a classical language only at a subsequent examination of the University of Madras, and in this way complete the requirements for affiliation at Cambridge.

(3) I regret that the Council are not prepared to accept your further suggestions. The Regulations for the affiliation of the Universities in India are on corresponding lines as regard their general requirements, and the Council are not willing to propose to the Senate any modification of these general requirements.

Enclosure to the above.

(For the Council of the Senate)

2. That any matriculated student of the University of Madras be entitled to be admitted to the privileges of Affiliation provided (1) that he has, in accordance with the regulations of that University, studied for not less than two years at one or more Institutions affiliated as first-grade colleges for the education of adult students, and (2) that he has in the Matriculation Examination or in some higher Examination of the University of Madras satisfied the examiners in Greek, Latin, Sanskrit, Arabic, Persian, or Pali, and (3) that he has passed in the first class in the Intermediate Examination in Arts, or has passed the Examination for the Degree of Bachelor of Arts in Honours. 1st December 1915.

LETTER No. 8719 dated 9th November 1916 from the Registrar, University of Madras, to the Registry of University of Cambridge.

In reply to your letter of the 19th October 1916, enclosing a duplicate of the reprint of the proposals of the Council of your Senate forwarded in December last, to which you state that no reply has been received from this University, I invite your attention to my letter No. 1449, dated 23rd February 1916, and to your reply, dated 3rd June 1916, which has been recorded by the Syndicate. It was assumed that the final proposals of your Council would be amended in the terms of your letter, that no further ~~alteration~~ alteration in the rules of affiliation was to be expected and that no reply to your letter was necessary. I may add, however, that the omission of the words 'as first-grade colleges' would, as you suggest, meet the objection on that head raised in my letter above referred to.

-----0-----0-----

LETTER No. 5779, dated 16th August 1917, from the Registrar, University of Madras, to the Registry, University of Cambridge.

Will you be so good as to refer to my letter No. 1449, dated 23rd February 1916, second paragraph, your reply dated 3rd June 1916, and my further letter No. 8719, dated 9th November 1916? I should be glad to know whether in the regulation for the affiliation of Madras students at Cambridge the words 'as first-grade colleges' have been omitted.

-----0-----0-----

LETTER dated 24th September 1917 from the Registry of the University of Cambridge to the Registrar, University of Madras.

We have been waiting to hear from the University of Allahabad, and have not at present proposed to the Senate any alteration in the Regulations for the University of Madras. I will however see to the matter at an early date after the commencement of the Michaelmas term.
