The Hon'ble the Raja of Bobbili.

Home (Education) Department.

Q. 30. Will the Government be
pleased to consider the desirability of
including in the S. S. L. C. syllabus
an elementary course on Ambulance and
First-aid?

p.T.O

lx Home (Ed) Sept

The Addl Member suggests that an elementary Course in Ambulance and First-aid should be included in the Syllabus of Studies prescribed for the S.S.D.C. examination. It is doubtful whether this suggestion can be accepted. The S.S.D.C. Syllabus is already ^{overburdened} ~~overburdened~~ and it may not be possible to make any further additions to it without a corresponding reduction in some other subjects. It may be pointed out that in 1917 when provision had to be made for improving the study of Vernaculars under the scheme, it was found also necessary to lighten the Course in certain subjects under groups A and C. Corresponding

2. The importance of a training in First aid to women teachers has been recognized; and Govt have also taken some steps in this direction by instituting a Course of lectures to students undergoing training in the Training Schools for Districts at Egmore, Triplicane and Coimbatore. But this Course is, however, outside the regular Syllabus and the

It will however, be seen from page 2 of G.O. 100 of 18-2-15 that in some centres school pupils attend classes in first aid conducted by medical officers under the auspices of the St. John's Ambulance Association

G.O. 174
18-2-15

is intended for teachers undergoing training ~~at the St. John's Ambulance Association~~ ~~at the St. John's Ambulance Association~~ ~~at the St. John's Ambulance Association~~

It may also be pointed out that in the Bombay Presidency, first aid has been included in the Science Curriculum for Standard VII and that first aid classes have been organised in all Govt and many aided high schools. The University also requires from each Candidate for the Matriculation a Certificate from the Headmaster that he has satisfactorily completed the Science Course prescribed by the University and has passed an examination therein which in the case of first aid is the Junior Examination held by St. John's Ambulance Assn. Phase Compare para 6 of the instructions issued by the Govt of Bombay to headmasters of Govt high schools on p. 3 of G.O. 174 of 18-2-15 and also paras 153-4 on pp. 44-45 of the report on Pub. Instruction in the Bombay Presy. for the quinquennium 1912-13 to 1916-17.

4 The file may be sent (no) to the D.P.I. for remarks. He may also be requested to suggest a draft answer to the question.
