Of the three parts of the question parts (a) and (b) i only concern this dept. The other part viz (b) ii is one for consideration in LXXI (Tech)

It may be admitted that Drijas are backward in respect of technical education, though not in general intelligence.

It is not clear whether the Adm. Member desires that prize scholarships should be awarded in each class or in all the three classes taken together.

2. The Adm. Member requests that six scholarships may be reserved for Drija Students in the School of Engineering at Vizagapatam and these awarded to them irrespective of their age. In fo No 1619

Home (Edu) 8 17-12-18, Govt have sanctioned the institution in the school of 9 scholarships of the value of Rs 8 p.m each. Of these 9 scholarships, one third of the number i.e. 3 ^{one in each class} have been specially reserved for Drija Students. No further increase to this number seems to be necessary at present.

It may be pointed out that Drijas have been recognized to be a backward class and students belonging to this class also enjoy the half fee concession ^{admissible} ~~admissible~~ under rule 38 of the Educational Rules.

3. There is a footnote under the rules relating to the grant of ^{the} scholarships in the Vizagapatam School to the effect that rule 38 of the rules of the College of Eng.ⁿ would be applicable to that school also. Under this rule no student would be eligible for

a scholarship unless he is under 20 years of age on the 30th of June of the year of his admission to the School. It is for order whether in view of the backwardness of Krijas this rule will be relaxed as a Special Case.

4. The file may be sent (two) to the B.P.I. ~~He has also a question to be submitted to the Education~~

$\frac{288}{28.2.19}$ The following draft answer is submitted for approval.

(a) ~~yes~~ The Govt. have no definite info.
(b) (i) :- But of nine scholarships awarded in the School of Engineering, Nagapatnam, three are reserved for Kriya students. The question of increasing the number now awarded and of modifying the rules governing the grant of the scholarships will be considered after some experience has been gained of the working of the present system.

5. Though only three scholarships are reserved

for Uriyas, there is nothing to prevent the other scholarships being conferred provided our conditions are satisfied.
