From (Name) the Hon'ble Mr. H. S. Duncan, M. A.,

(Designation) Ag. Director of Public Instruction
MADRAS.

To The Secretary to the Government of Madras,
HOME (EDUCATION) Department.

Sir,

(B) In their orders Nos. 1260 Home (Education) dated 27th
(K) November 1916 and 332 Home (Education) dated 12th March
1918, Government sanctioned a total subsidy of Rs. 8317/-
(Rs. 6,000 plus Rs. 2317) to the Negapatam Municipality
towards the acquisition of land required for the provision
of a playground for the school-going population of the
town. The Chairman now states that a large site measuring
4 acres and 82 cents has been purchased out of the grant
and that it has to be properly levelled and enclosed, so

as to make it fit for use. The cost of carrying out these and other improvements is estimated at Rs.3,000/- and he requests that an additional subsidy equivalent to the amount may be sanctioned. I recommend the application, the charge being met from the provision of Rs.3,63,000/- in the current year's budget under "2C - Education - Grants-in-Aid of Non-European Schools, Building grants" which includes Rs.1 lakh for playgrounds.

CR 3122 A. From the D.P.T., D.O. No 9540821. 12-18

Subject. Recommending the payment of a subsidy of Rs 2,300 to the Negapatam Munl Council towards the cost of improvements to the playground.

- ① Please see go. No 1260 Home (252) dated the 27th Nov^r 1916, in which a grant of Rs 6,000 was sanctioned "as a very special case" to the Negapatam Municipal Council towards the cost of acquiring a ~~plot~~ site for a playground for the school-going population of the town. In go. No 332 Home (254), dated the 12th March 1918, the govt sanctioned a further subsidy of Rs 2,317 being the balance of the cost of acquisition of the site for playground. Thus, the whole cost of acquisition of the site has been met by govt. The D.P.T now states that the Chairman of the Negapatam Municipality

Municipality

municipal council has applied for an additional grant of Rs. 3000 towards the cost of levelling ^(+ enclosure) the site and making certain improvements to it. The Director recommends the payment of this ~~additional~~ grant. It is submitted that before ~~being~~ considering the question of making a further grant, ~~to the Council~~ the dt 11 Sept maybe requested to advise whether the Council could not meet the expenditure from its own funds.

much of this sum represents lapses of allotments which will have to be reallocated for expenditure in the ^{next} year. Whatever sum might have been reallocated, it seems doubtful whether the Council can afford to find the entire sum of Rs 3,000 from its closing balance for the current year, as it is possible that the Council has more urgent calls on this balance. For instance, the Council recently applied for a grant of Rs 6,000 for repairing two bridges over the Upper, as the repair work was imperatively needed to prevent a collapse of the bridges. The application was however refused partly on the ground that the cost of the work could be met from the balance above referred to.

The general financial position of the Council is not sound, as all its surplus under general funds are wholly consumed by the large deficits under the water and drainage tax fund - vide statement XI and XI-A imp. 6 of notes to G.O. 1357/19 23rd August 1918. In these circumstances, it is submitted that the present application for an add subsidy to the Municipal Council for improving the playground may be supported in this depth and the file returned to Home (Gen) LCO.

The Govt have contributed Rs. 8317, + I think the town may now will find the money for levelling the ground. If it is left to do so, we may expect that it will do it a good deal cheaper than if the Govt are induced to pay the bill.

Local Municipal ¹⁹ Dept

Attention is invited to the notes of this department on pages 2 and 3 and the budget estimate of the Council for 1919-20 ^{as approved by Govt} closes with a balance of only Rs 1290 or 1.0 per cent of the estimated ordinary receipts against the required 5 per cent working balance. No reappropriation can therefore be safely made from this balance. The provision made in the Budget estimate under grant 1 - New works from municipal funds is as follows:

(1) Communications.	1,000
(2) Buildings	1,330
(3) Water supply	5,500

Of these, item (3) may be left out of consideration as the amount ^{provided} therefor comes from the water and drainage tax - ^{Vide proviso to section 7 of the M. A. Act} fund which is a special fund not available for general purposes and as the fund is already working at a deficit which has to be made good from the general funds.

The provision of Rs 1,000 for item (1) ^{is said to be} ~~not~~ for the construction of protection walls in certain roads and streets and cannot evidently be cut down. The provision of Rs 1,330 for item (2) represents the

order in the press.

the balance of the municipal share
of the cost of constructing a kitchen
and a latrine in the municipal
hospital for which ^{half} amount of
Rs 1800 has been given by Govt. This
provision also cannot ^{therefore be cut} ~~be cut~~ down.

Or is it possible to ^{suggest} ~~reimburse~~ ^{of} the lump
provision ^{extended in the budget} for repair works in the
absence of detailed particulars ^{therefor} ~~for~~
This provision is however based on probable requirements
~~based on~~ ^{extended} as projected by past
experience.

In these circumstances it is
submitted that it ^{does not appear} ~~is not~~ likely that
the Council can meet ^{in 1919-20} from its own
funds, any portion of the cost of Rs 3000
for improving the play ground without
the help of Provincial grants.
