Sir,

The compound of the Government Arts College, Rajahmundry,
is so fully taken up by the main and hostel buildings and
Tennis Courts that it is not possible to provide latrine accom-
modation within it without violating the rules of sanitation.
Nor is it possible to extend the compound which is hemmed in
between the railway line and the main road. It is therefore
proposed to acquire a triangular piece of land measuring 1065
square yards on the side of the Railway line farther from the
College and construct a latrine thereon. In these circumstances

I have the honour to submit a site plan and a valuation statement of the plot and to request that Government may be pleased to sanction its acquisition. The owner is prepared to part with the land but demands compensation at a higher rate than that allowed by the Revenue authorities. The Principal has obtained from the Railway Company permission to cross the Railway line.

I have the honour to be,

Sir,

Your most obedient Servant,

for Director of Public Instruction.

Sir,

With reference to the Memorandum of Government, No. 1951 A-1, dated the 15th May 1917 and to the reminder thereon dated 25th June 1917 returned herewith, I have the honour to state that the Principal, Government Arts College, Rajahmundry, has addressed the Executive Engineer, Godavari Northern Division, for rough plans and estimates for the provision of a latrine for the college and that he has not yet received them from that officer. I shall submit the same to Government as soon as they are received from the Principal.

2. With regard to the concluding portion of the Memorandum referred to above, I beg to submit herewith an extract

1
from the Principal's letter dated the 7th instant and to state that I agree with the Principal in thinking that the risk to the students will not be appreciable.

Extract from the letter of the Principal, Government Arts College, Rajahmundry, R.C. No. 257 of 1913, dated 7th July 1917.

With reference to the last sentence of the above Proceedings students are already in the habit of crossing the line at the said place at all hours in order to reach the river. I have obtained formal permission from the Railway Company for them to do so, but in fact the Railway line is a much frequented general haunt of the townsfolk. As the single line thereon is only used for slow goods traffic I do not think the risk to students is appreciable. The only possible danger would arise from students crawling under stationary trucks. Although as a matter of fact this is seldom done and I have never heard of such an accident, the practice will be strictly prohibited, and the Railway Company requested to avoid as far as possible leaving long trains stationary at the crossing. I shall also erect a notice reminding students of the rule and enjoining caution.

To

The Chief Engineer

Sir,

The site plan for the latrine room
from the Exe. Engr. has been forwarded to
the Director of Public Instruction for
Communication with this office No 74834
10.3.19
The Exe. Engr. has since requested that the
site plan be returned to him, the
Collector having reported that the said
site had already been selected by
the Railway Dept. for remodeling
the Railway Station yard at
Rajahmundry and included in the
acquisition proposals sent up by the
Railway authorities and that the
said proposal may be
abandoned and fresh site
selected for the construction of the said
latrine.

The Director is being addressed
to return the site plan and its
receipt, a fresh site will have
for the Constr. of latrine to be selected

It is not stated what the
cost of the labrine will be. Apparently,
the labrine will be a large one as
it will presumably serve both the
College & the Hostel. The cost of the
land alone comes to about Rs 644/-
It seems necessary to know the total
cost of the Scheme before sanctioning
the acquisition of the site. The Home
(Edu) Deptt may be requested to ask the
S.D. to obtain from the local P.W.D. officer
the total cost of the scheme & submit
proposals accompanied by rough plans
& approximate estimates.

to notice that the Ry line runs between
the proposed site of the latrine and the
College & hostel buildings. It is stated
that the ^{Ry} company has granted permission
for crossing the line. Apparently the
line has to be crossed at a place
where it is unprotected by a level
crossing & gate and it is for
consideration whether it would be
desirable to allow the students - some
of whom will no doubt also be young
boys - to cross the line at an ^{unprotected} ~~unprotected~~
point - if the latrine is situated for the
hostel also, the line has to be crossed during
night time too -

The Home (Ed) Dept will doubtless
consider the above points before coming
to a decision as to the proposed site.

The file with these remarks, the file
may be returned to Home (Ed) Dept.

Plans and estimates for a latrine for the Govt. Arts College, Rajahmundry.

For the Registrar

p. 4 of below In memo no. 1951 A-1 & 15-8-17 the D.D. was requested to obtain and forward rough plans and approximate estimates for the provision of a latrine for the use of the students in the Govt. College, Rajahmundry. In his letter no. 26-7-17 the Director, stated in reply that the Principal of the College had addressed the Executive Engineer, Godavari Northern Division for rough plans and estimates. These plans and estimates have not yet been received, though nearly a year has elapsed since the requisition for them was made to the P.W.D. office. Meanwhile six remittances have issued to the D.D., the last on the 30th may 1951. The first reply to the first five remittances is generally that the plans and estimates have not been received and that the Executive Engineer has been reminded.
