I

G.O. No. 723, Home (Education), dated 6th June 1918.

ABSTRACT.—Recording letter from the officer in charge of the Department of Industries expressing his views in regard to the policy to be followed in the matter of industrial education for mechanics and requesting him to submit detailed proposals for the opening of a mechanical engineering school in the Northern Circars and for the permanent retention of the Madras Trades school.

G.O. No. 855, Revenue (Special), dated 9th December 1918.

ABSTRACT.—Approving the proposal of the Director of Industries to abolish those technical examinations which affect the Industrial schools and to institute a system of school-leaving certificates.

Letter—from the Hon'ble Mr. R. LITTLEHAILES, M.A., Acting Commissioner for Government Examinations.

To—the Secretary to Government, Home (Education) Department.

Dated—Madras, the 9th April 1919.

No.—1293.

As directed in Government Endorsement No. 2600/B-1, Home (Education), dated the 18th December 1918, I have the honour to submit herewith for approval and publication in the *Fort St. George Gazette* a draft (in duplicate) of the alterations to be made in the notification relating to the Government Technical Examinations with reference to paragraph 3 of G.O. No. 723, Home (Education), dated the 6th June 1918.

2. In preparing the draft notification a doubt was felt as to whether the entry "fitter's work Do." appearing under the head of "Group Certificate in Machine Construction" in article 15 of the notification regulating the Government Technical Examinations should be allowed to go out automatically or whether it was necessary that a knowledge of fitter's work should be demanded from the aspirant for the Group Certificate in machine construction. I made a reference to Mr. James, Principal of the College of Engineering, who is the Chairman of the Board of Examiners in Civil and Mechanical Engineering (Government Technical Examinations), and he is of opinion that a knowledge of fitter's work is very desirable and evidence of proficiency in it should be required to be produced by each candidate concerned. In these circumstances I propose that the candidate for the group certificate in machine construction should be required to produce either a school-leaving certificate in fitter's work granted in the Department of Industries, or a certificate similar to that required, before the Diploma for chemists and druggists is issued, in the note appearing at the end of article 16 of the Government Technical Examinations Notification, to the effect that the candidate has satisfactorily served for one year in an Engineer's (fitter's) workshop.

I beg to add for the information of Government that I made a further reference to Mr. James and ascertained from him that he was in favour of the above proposal which I have embodied in the draft notification herewith submitted.

ENCLOSURE

[Draft notification.]

Order—No. 533, Home (Education), dated 29th April 1919.

The following notification will be published in the *Fort St. George Gazette*:—

NOTIFICATION

Government Technical Examinations Notification.

The following changes are directed in the Notification relating to Government Technical Examinations:—

(a) In article 10, in the specification of the subjects under the head of "Mechanical Engineering", the entry "fitters' work" Do. Do. shall be deleted with effect from the 6th June 1920.

(b) In the same article, the heading "Wood-work and Metal-work" and the entries relating to it which appear thereunder shall be deleted with effect from the 6th June 1920.

(c) In article 15, in the specification of the subjects under the head of "Group Certificate in Machine Construction", the entry "fitters' work" Do." shall be deleted and the following note introduced after the list of subjects for the group certificate, with effect from the 6th June 1920.

Note.—The group certificate in machine construction will be granted only on the successful candidates producing either a school-leaving certificate in fitter's work granted in the Department of Industries or a certificate of having satisfactorily served for one year in an Engineer's (fitter's) workshop.

NOTES CONNECTED WITH G.O. No. 533, HOME (EDUCATION),
DATED 29TH APRIL 1919.

[SUBJECT.—*Alterations in the notification relating to the Government Technical Examinations.*]

Previous paper:

G.O. Mis. 855, Revenue (Special), 9th Dec. 1918.

Endorsement No. 2600 B-1, dated 18th December 1918.

*From the Commissioner for Government Examinations, No. 1293,
dated 9th April 1919.*

The draft alterations in the notification relating to the Government Technical Examinations, submitted by the Commissioner for Government Examinations are in accordance with the proposals of the Director of Industries, approved in G.O. No. 855, Revenue (Special), dated 9th December 1918, and may be approved. The Commissioner for Government Examinations' proposal, with which the Principal, College of Engineering, agrees, viz., that a knowledge of fitter's work should be required of candidates for the group certificate in machine construction, may also be approved. The consequential alteration in the notification relating to the Government Technical Examination is embodied in the draft notification submitted by the Commissioner.

2. The draft order below is for approval. It may issue with the concurrence of Revenue (Special).

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b) For rules regarding printing of notes, see rule 315 of the office Manual.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.
