Sir,

I have the honour to submit herewith letters Ref.

No. 1386 G1/D.B./17 dated 9th January 1918 and Ref. No. 1386 and
dated 23-1-1918
1429 G1/D.B./17 from the President,
District Board, Nellore re the utilization of the unspent
balance of Provincial subsidy and to state as follows:-

2. In January 1918 the President pointed out that the Board had to its credit accumulated balance of Provincial subsidy to the extent of Rs.1,00,041 and requested sanction of Government for the utilization of (i) Rs.37,100 towards the construction of Elementary school buildings and (ii) Rs.9,102 towards the payment of arrear claims of capitation allowance due for the years 1914-15 and 1915-16. Sir Henry Stone, while he

Madras

Through

The Director of Public Instruction, Madras.

Sir,

I have the honor to state that out of the Provincial grants sanctioned for the maintenance of Elementary schools in the District, there is a large balance of Rs 1,00,041 including last year's balance of Rs 46,400 up to the quarter ending 30th September 1917 as reported in my No. 1508-D/D.B. dated 13th November 1917.

2. Several complaints have been received that most of the school buildings constructed from special grants sanc-

saw no objection to the first proposal desired information as to whether the Board proposed to pay in full the capitation allowance of teachers in subsequent years and, if so, to point out the source from which the charge could be met. In his letter of the 28th January last Ref. No. 159 Gl/D.B. of 19 (copy enclosed) the President states that in its present financial condition the Board is not in a position to pay capitation allowance in full from its own resources in future years.

3. I agree with Sir Henry Stone re the utilization of Rs. 37,100 for the construction of new buildings out of the unspent balance of provincial subsidy which stood at Rs. 71,967 at the end of 1917-1918. I am not, however, prepared to recommend the proposal to divert any part of this balance to the payment of capitation allowance which is a recurring item of expenditure and which I consider might be met from the Board's own funds. I would also suggest in this connection that the Board might be asked to state why in view of the large balances standing in its favour the amount payable as subvention during the next year may not be proportionately reduced.

I have the honour to be,

Sir,

Your most obedient Servant,

R. A. Arum.

for Director of Public Instruction

Y. V. /21/3

sanctioned in previous years were in need of repairs and improvements and that for want of pucca local fund buildings other schools already opened with these grants were still located in unsuitable private buildings on payment of high rents. In its present financial condition it has been found impossible for the District Board to allot any funds for this purpose out of its general revenues.

3. In view of the fact that the large balance referred to above is not likely to be spent completely this year on the maintenance of schools, I called for proposals from Taluk Boards for the transfer of such amounts as are actually required out of that balance for the construction of any new or the improvement and repair of existing school buildings. The amounts required by the several Taluk Boards come up to Rs 37,100/- as detailed in the margin, X

Gudur	Rs 2,000
Nellore	" 1,950
Kavali	" 6,550
Kandukur	" 21,600
Atmakur	" 5,000

Rs 37,100

and I think that by utilizing the amount as proposed by them, the schools will be benefitted by getting better accommodation in more suitable sites, which would also help the development of these young institutions.

4. On a memorial presented by the Board school masters to the Director of Public Instruction which was transferred to me for disposal, the Assistant Inspector of schools recommended, and the Inspector of schools II circle, Guntur ~~at~~ strongly supported his recommendation, that out of the said balance all arrear claims of capitation allowance amounting to Rs 9,102/- due for the years 1914-1915 and 1915-1916 should be paid. The total amount proposed

Gudur Taluk Board	Rs 3,211	to be spent as suggested above comes
Nellore do	" 877	
Kavali do	" 2,822	to Rs 46,202 and it can conveniently
Kandukur do	" 2,192	be met from the unspent balance of

Rs 9,102

Rs 46,400 referred to above.

5. In these circumstances, I have the honor to apply for the sanction of Government for the transfer of the sum of Rs ^{37,100} ~~37,000~~/- for being utilized ~~durin~~ on school buildings during 1918-1919. The arrear capitation allowance of Rs 9102/- payment of which is recommended by the Educational officers will be paid during the current year from the remaining balance of the grant, on receipt of bills

-2-

bills for the same.

The Director of Public Instruction, Madras.

Sir,

I have the honor to invite your kind attention to my letter Ref.No.1386-gl/D.B. dated 8-1-18, addressed through you to Government(Local and Municipal department) and to request that you would be pleased to let me know if orders have been passed sanctioning the transfer of the unspent balance of provincial subsidy therein sought for, towards the construction of improvement of school buildings and payment of arrear capitulation allowance to teachers in the elementary schools.

2. I have to say in regard to your letter R.C.No.431 dated 22-11-18 that in its present financial condition, the District Board is not in a position to pay in full capitulation allowance from its own resources in future years. The unspent recurring balance of provincial subsidy outstanding in favour of the District Board on 31st March 1918 was Rs 71,969-excluding the sum of Rs 31,300 given for the Board High school, Kavali. In consideration of this large balance and of its, poor --- finances, the District Board, then resolved that the sanctioned of Government might be obtained for utilizing the said unspent balance for the purposes mentioned in my letter quoted above (Vide copy of D.B.Resolution No.130 dated --- 20-12-1917, herein enclosed)The finances of the Board still

8.2.7.19

O.H. 1780A-1

With reference to his letter R.C. No. 431/1918, dated the 23rd July 1919, the D.P.I. is informed that the proposal of the President District Board, Nellore, to utilize ^{on} ~~for~~ the payment ^{to teachers} of arrear claims of capitation allowance, a sum of Rs. 91.02 out of the balance of the Provincial Subsidies sanctioned to the Board for education, has not been approved by Govt.

This ought to have been included in the original Draft order (555 Rs. 10.5.19). I regret I did not notice the omission on the part of the Office.

The P.D.B., Nellore, reports that there was an unspent balance of Rs.71,969 on the 31st March 1918 from the Provincial subsidies sanctioned for education. He requests sanction for the utilization of Rs.46,203 out of this balance on the following objects:-

- (1) Construction and improvement of elementary school buildings. Rs.37,100
- (2) Payment of arrear claims of -
Capitation allowance to teachers Rs. 9,102

2. The D.P.I. sees no objection to the first of the two proposals; but as regards the second, he points out that since capitation allowance is an item of recurring expenditure it should be met from the Board's own funds. The District Board states that, in its present financial position it will not be able to pay in full capitation allowance from its own resources in future years. Having regard to the circumstances, it does not appear desirable to entertain the proposal to pay in full capitation allowance for the years 1914-15 and 1915-16 ~~only with the aid of the~~ ^{only with the aid of the} unspent balances from the Provincial subsidies. It is certain that Government will be asked to accord similar sanction every year or ^{to sanction additional} ~~additional~~ subsidies from Provincial funds for the purpose. It is true that Govt have recently decided to abolish capitation allowance and to compensate the teachers by an increase in salary, but it is not intended that any extra charge should be thrown on provincial funds in consequence of this arrangement

Page 4 of 6

3. The District Board proposes to utilise a sum of Rs. 37,100 on the construction of any new building or the improvement and repair of existing school buildings. In this connection attention is solicited to the orders issued in G.O. No. 1448-L dated 7-10-65. Grants for the construction of new school buildings are sanctioned on the distinct understanding that the local bodies will be able to maintain them in good repair. Any amount required for the maintenance of existing school buildings should therefore be found from the Board's own funds. The Dt. Board may be permitted to utilise a portion of the unspent balance on the construction of new school buildings; but the Board may first be asked to forward a list of the buildings which it is proposed to construct and to state whether it will be able to maintain them in good repair after construction.
4. The D.P.I suggests that the Board may be asked to state why, in view of the large balances standing in its favour, the amount payable as subvention during the next year may not be proportionately reduced. It is submitted that the necessary inference in this respect will have to be made in the L & M Dept. The paper may be forwarded u.o. to that Dept.

we may presume
this, as the Board
which has received
to Rs. 14482.87.10.15 + known
therefore the order of Govt.
has itself applied. We
don't finally make any
decision before when
we distribute the grant
for school buildings.
