Order.-

The Government sanction the opening of the fourth form in the Board Middle School at Karkal from June next. The scale of staff and equipment and contingencies should be the same as that provided for other schools raised to the status of a high school under G.O.No.757 Home (Education) dated 11th June 1918. The President is requested to submit a proposition statement for the necessary establishment for the sanction of Government.

2. The question of the payment of a subsidy for the construction of the school is still under consideration and orders will issue in due course.

Copy of letter from the President, District Board, South Kanara, No.67, dated 23rd January 1919.

At the instance of the President of the Coondapoor Taluk Board, I have the honour to request that Government may be pleased to provide a sum of Rs.6,000/- in the Provincial Budget for the ensuing year 1919-20 for the construction of a secondary school at Karkal.

2. This secondary school was originally a Government institution. It was made over to the Local Fund Board in 1884 - vide G.O.No.1869 Financial, dated 13th August 1884. In 1888-89 a building was constructed at a cost of Rs.1,600 with, I understand, the aid of subscriptions from the principal residents in or near Karkal. It is a building with mud walls and rough stone foundations. It is tiled but has no ceiling. For some years past the Inspecting Officers of the Educational Department have been urging for improvements and more accommodation. The Supervising Headmaster has also pressed these needs. I have also seen the building. It has no partition walls or partitions of any kind. Several rafters have broken and the roof cannot safely bear any further weight. Hence it is impossible to provide any sort of ceiling. An entirely new building is therefore absolutely necessary.

3. For the present the following improvements are said to be urgently called for:-

(1) Reconstruction of the main building with a wing attached to the southern side of the same dimensions as the one on the north with partitions and ceiling for the whole building, and

(2) Acquisition of the small insanitary garden on the eastern side of the school and providing a compound wall.

The cost of the above improvements are roughly estimated at Rs.6,000. These improvements cannot, I submit, be deferred any longer as the present building is somewhat unsafe and unsuited to any effective teaching. And if the present school is raised to the grade of a High School as recommended in my letter Dis.No.68-D-19/D.B. of to-days date, the improvements become imperative.

4. The Taluk Board of Coondapoor recently applied to the District

Board

Board for a grant of Rs.6,000 for the purpose; but the District Board was unable to comply with the request for want of funds. Hence the present request.

Copy of letter from the President, District Board, South Kanara, No.68, dated 23rd January 1919.

Adverting to G.O.No.1130 L.Mis., dated 3rd September 1918, on the subject of opening a Fourth Form in the Board Middle School at Karkal, I have the honour to state as follows with regard to the two points raised by the Director of Public Instruction:-

(1) Contribution.- The people of Karkal are prepared to guarantee a contribution of Rs.10,000 towards the opening of High School classes. I submit that for a town like Karkal an offer of Rs.10,000 cannot but be regarded as munificent. The Hon'ble Mr. K.S. Bhat of Karkal has agreed to find the amount at once if the Government will sanction the opening of the Fourth Form from June next as a first step. It is presumed that the opening of the Fifth and Sixth forms will follow in due course. I request, therefore, that advantage may be taken of the present offer at once when the people are keen about the matter and the opening of the Fourth Form sanctioned with effect from the beginning of June next.

2. Building.- That a new building will be required if the High School classes are opened are no doubt true, the present building being somewhat unsafe and unsuited for teaching. I beg to invite the attention of Government in this connection to my letter Dis.No.67 D-D.B., dated 23rd January 1919 suggesting that a sum of Rs.6,000 may be provided in the Provincial Budget for 1919-20 for the construction of a new building. I do not think that any

further

further considerable subsidy from Provincial Funds will be required by the local board. The school being self-supporting, I have no reason to doubt that the strength of the High School classes will be sufficient to support the ordinary staff of the school. If the Government sanction the opening of the Fourth Form with the beginning of June next as suggested above, I am given to understand that the people of Karkal will at a month's notice find the necessary accommodation for the class temporarily at their own expense till the new building is constructed. This again indicates how enthusiastic the people of Karkal are to have a High School.

Subject.-

Regarding the provision of Rs.6,000 for the construction of a secondary school building at Karkal and the raising of the Karkal board school to the grade of a high school.

C.No. 500 & 501 L, from the P.D.B., South Kanara, No. 57 & 68, dated 23rd January 1919.

Submitted that the remarks of the D.P.I. may be invited very urgently on this matter. A resolution on this subject has been received and dealt with separately.

I think that in view of the President's letter permission to open the Fourth Form from the beginning of the next school year may be granted. The scale of staff, equipment and contingencies may be the same as that provided for other schools raised to the status of a High School.

2 As to buildings, Rs.6,000 will probably prove eventually to be inadequate, but the amount will meet immediate needs, and as large funds will be available, a full subsidy may be promised.

Local and Municipal Department.

Please see the D.P.I's remarks ^{above} on the previous page. (An advance copy of the remarks has been sent to Home (Education) for consideration in connection with the Legislative Resolution on the subject). A draft order

25-2-19

order sanctioning the opening of the 4th form is submitted for approval. It may be sent to Home for acceptance with reference to para 2. Orders in this regard should issue in that department.

2. When the question of raising the school to the secondary grade was proposed last year, the Taluk Board President requested that provision might be made for a contribution towards the cost of maintaining the fourth form in 1919-20. [vide para 1 of this department notes on page 2 of notes flagged O.] But it is now ^{reported} ~~requested~~ that the school is expected to be self-supporting and that no subsidy for the maintenance of the school will be required.

Home (Education) Department.

The proposal to open the Fourth Form in the Karkal school from the beginning of the next school year is supported by the D.P.I. No subsidy is asked for towards the maintenance of the school. The proposal may therefore be accepted in this department.

2. The cost of the proposed improvements to the school building is estimated at Rs.6,000/-. The D.P.I. recommends the payment of a full grant to the District Board. The amount is small and may be sanctioned in view of the public spirit evinced by the people of the locality. If the suggestion is accepted, the expenditure may be met from the provision of 2.50 lakhs made in the next year's budget estimates for subsidies to local bodies for the construction of secondary school buildings. On receipt of a copy of the proceedings of the L & M department on the case, the Director may be asked if he has any objection to
