This Council recommends to His Excellency the Governor in Council that an additional provision of Rs. 16,000 be made under the Education 22 B for Board Secondary school buildings and raising the status of the Karkal Board middle school and the same be met by Government.

corresponding reduction under 45 B.

The Additional Member suggests that a sum of Rs. 16,000 should be provided in the C.B.F. for 1919-20 towards raising the status of the Board Middle school at Karkal to that of a High school and the construction of a building for it. The suggestion to open a high school at Karkal was made by him in the Budget Session in April 1918. He then stated that the Karkal Board had contributed a reasonable portion of the cost of opening a high school. It is submitted that till recently there were two Board middle schools in South Kanara, one at Dalpi and the other at Karkal. In connection with the scheme for the opening of high and middle schools, the Government sanctioned the opening of high school at Karkal with the aid of a grant from provincial funds. The scheme of Karkal high school will, it is believed, receive consideration at the

LXXVII. This Council recommends to His Excellency the Governor in Council that an additional provision of Rs.16,000 be made under Education 22 E for Board Secondary school buildings and raising the status of the Karkal Board middle school and the same be met by a corresponding reduction under 45 B.

Home (Education) Department.

The Additional Member suggests that a sum of - Rs.16,000 should be provided in the C.B.E for 1919-20 towards raising the status of the Board Middle school at Karkal to that of a High school and the construction of a building ~~farm~~. The suggestion to open a high school at Karkal was made by him in the Budget debate in April last. He then stated that the Karkal public had contributed a reasonable portion of the cost of opening a high school. It is submitted that till - recently there were two Board middle schools in South Kanara, one at Udipi and the other at Karkal. In connection with the scheme for the opening of new high and middle schools, the Government sanctioned the opening of high school classes at Udipi with the aid of a subsidy from provincial funds. The claims of Karkal for a high school will, in due course, receive consideration at the

NOTES.

Page 4

6

hands of the D.P.I, consistent with the claims of other districts, if funds are provided by Government for the opening of additional high schools in future years. But if, in the meanwhile, the Board desires to have a high school at that place, it is open to it to move in the matter, applying to the Director for a subsidy in case the expenditure involved cannot be met from Board funds and subscriptions. It may be noted here that the policy of Government in regard to the opening of new secondary schools is to rely mainly on aided agency. A departure ~~xxxxxxxxxx~~ from this policy was however made in the current year and the Government granted subsidies to local bodies towards the cost of opening 18 high schools and 49 middle schools. The object of this measure was mainly to provide additional facilities for secondary education and thus relieve congestion in the existing secondary schools. This does not commit Government to meet the entire expenditure in the opening of secondary schools in future years. The policy of 'grants-in-aid' will continue to be in force. Besides, in the current year, no new high school was sanctioned for the districts of Nellore, Chingleput, Kurnool, Trichinopoly, Madura, Ramnad, and Tinnevely and Coimbatore and the claims of these districts must first be considered before an additional high school can be sanctioned for the South Kanara Dt. Even if the suggestion made in ~~the~~ the resolution is entertained, no special provision need be made in the budget estimate as suggested by the Additional Member as the cost of opening ^{next year} a higher form in the existing middle school will come only to Rs. 2600 and this can easily be found from the provision already made in the budget ~~or~~ estimate or by reappropriation.

2. As regards a grant for a building for the

para 20, p. 7 of p. 394

Karkal school, it is submitted that special provision for this purpose is also not necessary. There is a provision of Rs.2.50 lakhs in the next year's budget estimate towards the cost of constructing buildings for secondary schools under local bodies. If plans and estimates for the school at Karkal are approved in the course of next year and if a grant is sanctioned by Government, the expenditure may be met from the above provision of 2.50 lakhs.

~~3. Orders are solicited as to whether further information should be called for, whether the question should be discussed in the Executive Council and who will be in charge of it.~~

~~4. The file may be sent U.O. to D.P.I. for remarks.~~

LXXVII. This Council recommends to His Excellency the Governor in Council that an additional ~~xxi~~ provision of Rs.16,000 be made under Education 22 E for Board Secondary School buildings and raising the status of the Karkal Board Middle School and the same be met by a corresponding reduction under 45 B.

There is an incomplete secondary school at Karkal. In July 1918 the Taluk Board President brought to the notice of Govt. the necessity for a secondary school at Karkal and requested the sanction of Govt. for raising this incomplete secondary school at the place to ^{the} secondary grade and for opening the fourth form class to begin with from January 1919. The President stated that "the Government need not grant any subsidy for the maintenance of this class during the remaining months of the current year as the Board will be able to meet the necessary expenditure ^{xx} from local contributions assured to me by the Hon'ble Mr. K.S. Bhat and M.R.Ry. K. Ramaya Hegde Avl., Chairman of the Karkal Informal Panchayat." But he requested that ~~the~~ provision may be made for a contribution towards the cost

1
1918-9
of maintaining the fourth form in 1920.

1. At the same time the President stated that the present building of the school was an old structure with mud walls and that the Board ~~was~~ prepared to find temporary accommodation till suitable buildings were constructed. No grant however from Provincial funds was then applied for for the building.

2. In submitting the proposal to Government the Director of Public Instruction observed thus.-

"I do not recommend the opening of
"the 4th form in the Board Middle School,
"Karkal, this year. The opening of higher
"forms in the next and subsequent years may
"be considered if the Board can meanwhile
"definitely state what contributions they can
"guarantee. I may also point out that a new
"building will be required and additional
"equipment and that there is no use of open-
"ing form IV unless forms V and VI are sub-
"sequently opened. Apparently the Board
"will require a considerable subsidy from
"provincial funds towards raising the school
"to the grade of a complete high school."

Thereupon the then Secretary (the Hon'ble Mr. R.A. Graham) noted thus.-

"It is a pity to damp the ardour of people
"who are willing to pay a good deal for
"themselves, but a little delay will do no
"harm."

The Hon'ble Member agreed.

In their Order No. 1130 L., dated 3-9-1918,
the Government accordingly regretted their
inability to sanction the proposal to open

the 4th form as proposed till they receive a full report on the points raised by the Director of Public Instruction.

3. In his letter of 23rd January 1919 the President, District Board, states that the people of Karkal are prepared to guarantee a contribution of Rs.10,000 towards the opening of the high school classes and that he presumed that the opening of the 5th and 6th forms will follow in due course. He therefore requested the sanction of Government for opening the 4th form from the beginning of June next.

As regards the building for accommodating the school the President has applied in a separate communication for a grant of Rs.6,000 which are required to carry out urgent and necessary improvements to the existing building. These proposals will have to remain yet to be considered by Government. It may be noted in this connection that a proposal to divert a portion of the grant for rural water-supply for opening of sanitary roads in the local fund taluk of ^{Coo}Candapur was negatived by Government because the Candapur Taluk Board was well-to-do and should be able to make these sanitary roads without a grant--vide the Hon'ble Mr. Marjoribanks note on page 5 of G.O. 1533 L., dated 15-11-18 and the G.O. In these circumstances it is submitted that there seems

Vide para 1 of (D)

[Received three days back]

Vide (7)

Forclerk

(2)

30/1/19

to be no justification for making the provision as suggested by the Additional Member. It may be noted in this connection that in the distribution of the 14 lakhs grant, the District Board has received the amounts shown below during the past 5 years:-

Year.	Rs.
1914-15. ...	22,000
1915-16. ...	1,11,778
1916-17. ...	1,13,425
1917-18. ...	1,14,306
1918-19. ...	1,14,306

4. With these remarks the file may be transferred to Home (Education) to whom budget head 22 E appertains.

Home (254) Dept^r.

It has already been noted ~~that~~ in this Dept^r that no additional provision ^{such} as that suggested in the resolution need be made in the C.B.E. for 1919-20. ^{In case} of a grant is sanctioned in the course of next year for the Karkal school, it may be met from the provision already made in the ^{Education} budget.

2. The Lt H Dept^r say that they have received a separate communication from the District Board in regard to the opening of high school classes in the school at Karkal. But that Dept^r considers that with reference to the financial position of the boondapoor taluk board, a subsidy may not be necessary in this case. Orders ~~however~~ on the Lt Board's communication referred to above will issue in due course separately.

3. Orders are solicited as to

NOTES CONNECTED WITH A RESOLUTION REGARDING
ANNUAL FINANCIAL STATEMENT.

[For the meeting of the 5th February 1919.]

[SUBJECT.—*Additional provision for board secondary school buildings.*]

The Hon'ble Mr. K. SADASIVA BHAT:—

XVIII ~~LXXXVII~~. This Council recommends to His Excellency the Governor in Council that an additional provision of Rs. 16,000 be made under Education 22-E for Board Secondary School buildings and raising the status of the Karkal Board Middle School and the same be met by a corresponding reduction under 45-B.

HOME (EDUCATION) DEPARTMENT.

The Additional Member suggests that a sum of Rs. 16,000 should be provided in the Civil Budget Estimate for 1919-20 towards raising the status of the Board Middle School at Karkal to that of a high school and the construction of a building for it. The suggestion to open a high school at Karkal was made by him in the budget debate in April last (page 6 of notes to G.O. No. 1462, dated 18th November 1919). He then stated that the Karkal public had contributed a reasonable portion of the cost of opening a high school. It is submitted that till recently there were two board middle schools in South Kanara, one at Udipi and the other at Karkal. In connexion with the scheme for the opening of new high and middle schools, the Government sanctioned the opening of high school classes at Udipi with the aid of a subsidy from Provincial funds (G.O. No. 757, dated 11th June 1918). The claims of Karkal for a high school will, in due course, receive consideration at the hands of the Director of Public Instruction consistent with the claims of other districts if funds are provided by Government for the opening of additional high schools in future years. But if in the meanwhile the board desires to have a high school at that place it is open to it to move in the matter, applying to the Director for a subsidy in case the expenditure involved cannot be met from board funds and subscriptions. It may be noted here that the policy of Government in regard to the opening of new secondary schools is to rely mainly on aided agency (paragraph 20, page 7 of G.O. No. 394, dated 1st May 1913). A departure from this policy was however made in the current year and the Government granted subsidies to local bodies towards the cost of opening 18 high schools and 49 middle schools (G.O. No. 757, dated 11th June 1918). The object of this measure was mainly to provide additional facilities for secondary education and thus relieve congestion in the existing secondary schools. This does not commit Government to meet the entire expenditure in the opening of secondary schools in future years. The policy of 'grants-in-aid' will continue to be in force. Besides, in the current year no new high school was sanctioned for the districts of Nellore, Chingleput, Kurnool, Trichinopoly, Madura, Ramnad, Tinnevely and Coimbatore and the claims of these districts must first be considered before an additional high school can be sanctioned for the South Kanara district. Even if the suggestion made in the resolution is entertained, no special provision need be made in the budget estimate as suggested by the Additional Member as the cost of opening next year a higher form in the existing middle school will come only to Rs. 2,300 and this can easily be found from the provision already made in the budget estimate or by reappropriation.

2. As regards a grant for a building for the Karkal school it is submitted that special provision for this purpose is also not necessary. There is a provision of Rs. 2.50 lakhs in the next year's budget estimate towards the cost of constructing

Extract from the Proceedings of a Meeting of the Council of the Governor of Fort St. George assembled for the purpose of making Laws and Regulations under the provisions of the Act of Parliament, 5 & 6 Geo. V, Ch. 61.

The Council assembled at the Council Chamber, Fort St. George, at 11 a.m. on Wednesday, the 5th day of February 1919.

RESOLUTION *RE* ADDITIONAL PROVISION FOR BOARD SECONDARY SCHOOL BUILDINGS.

The Hon'ble Mr. K. SADASIVA BHAT :—"I beg to move—

'XVIII. This Council recommends to His Excellency the Governor in Council that an additional provision of Rs. 16,000 be made under 22-E. EDUCATION for Board secondary school buildings and raising the status of the Karkal Board middle school, and the same be met by a corresponding reduction under 45-B.'

"In the first place I wish to beg Your Excellency's leave to state that I did not intend to ask for a provision for Board secondary school buildings generally in the Presidency, but I intended to ask for help for secondary school buildings in the South Kanara district. I beg leave to be permitted to add the words 'as a grant to the South Kanara District Board' or 'in the South Kanara district.'"

His Excellency the PRESIDENT :—"I hardly think these words are necessary."

The Hon'ble Mr. K. SADASIVA BHAT :—"I put this resolution down, because I learnt that applications for grants to the extent of Rs. 16,000 had been sent by the South Kanara District Board in connexion with secondary school buildings in South Kanara. About Rs. 6,000 for the Karkal Middle school for rebuilding it and about Rs. 10,000 for the extension of the new high school in Udipi and the newly sanctioned middle schools in our district. I learn that the applications could not be sent in time before the Finance Committee met or before the preparation of the Financial Statement, and I was anxious that if the proposals should come up for consideration and should be taken up this year, there should not be any objection that there was no budget allotment for these proposals. Therefore it is I put down this resolution."

"With regard to the raising of the status of the Karkal school, that was a proposition which was unanimously recommended both by the taluk board which is managing the school and by the South Kanara District Board. I understand that the matter is under consideration and that the department have asked the district board to state whether any guarantee could be given for the maintenance of the high school classes in Karkal. I know as a matter of fact Rupees 10,000 have been promised by the people to the district board provided the fourth form is opened in the beginning of the next school year. I am therefore anxious that the Board should be in a position to accept this generous offer made by the people and that the Government should be able to find the funds for opening the fourth form class in the Karkal Board Middle school. This is a small sum and I hope that whether specifically these different items that I refer to are included in the budget or not, money should be found for them in the course of the year."

The Hon'ble Mr. R. LITTLEHAILES :—"Your Excellency, I may just mention that there is no need to make a separate budget provision for this Rs. 16,000. We have already provided in the budget a large amount for giving subsidies to local bodies for the construction of schools and the Honourable Member's request will be noted for consideration by the Government."

With the permission of His Excellency the President the resolution was withdrawn.

H. G. STOKES,
Acting Secretary to Govt., L. & M. (Legislative) Dept.

An extract of the discussions of the meeting of the Leg. Council has been added to the file (Page 4 Supra).
 2 In the body of the resolution, it was stated that the additional budget provision viz Rs 16,000, asked for, ~~is~~ toward raising the status of the Board Middle School at Karkal and the construction of a building for it. But in the course of the discussions, the Addl Member stated that the amount was to be utilized as shown below:-

- | | |
|--|------------|
| (i) Construction of a building for the Board School at Karkal | Rs 6,000/- |
| (ii) Extension to the new high school in Holipi and the newly sanctioned middle schools in S. Kanara | 10,000/- |
| Total = Rs 16,000 | |

3 The Govt have ~~just~~ sanctioned a subsidy of Rs 3,000/- toward the construction of a building for the Karkal School; and no further contribution is necessary for the purpose. As regards item (ii) it is submitted that no proposals have hitherto been received in this dept. The S.P.S. no doubt give them due consideration if and when the Council submits them. It is submitted that the papers are
