### Elementary schools

Approving the proposal of the Director of Public Instruction to raise, with effect from the 1st April 1919, the minimum pay of trained teachers in — for boys and of women teachers in girls' schools under public management to Rs. 12 and Rs. 13 per mensem, respectively.

READ—the following paper:—

Letter—from the Director of Public Instruction, Madras.  
To—the Secretary to Government, Home (Education) Department.  
Dated—the 26th March 1919.  
No.—2875-C.

With reference to the last sentence of paragraph 2 of the Director's letter to Government R.C. No. 667/318, dated 7th January 1919, disposed of in G.O. No. 61, Home (Education), dated 16th January 1919, I have the honour to address Government on the question of raising further the minimum pay of trained teachers in boys' schools and of women teachers in girls' schools under public management to Rs. 12 and Rs. 13 per mensem, respectively.

2. The raising of the minimum pay of teachers in boys' schools to Rs. 12 per mensem is not a new proposal. As long ago as 1913 the Government of India in paragraph 11 of their resolution, dated 21st February 1913, stated that the minimum pay of trained teachers should be Rs. 12. In paragraph 2 (b) (ii), however, of the Director's letter R.C. No. 3146, dated 24th June 1917, printed in G.O. No. 1433, Home (Education), dated 15th November 1917, it was stated that as the cost of raising the minimum pay of trained teachers in boys' schools to Rs. 12 per mensem would absorb too large a portion of the Imperial recurring grant of four lakhs for the improvement of the training and pay of teachers in elementary and secondary schools in this Presidency, it was necessary for the time being to limit the increase and raise the minimum to Rs. 11 only per mensem. Subsequently, however, the Government of India have been pleased to sanction a recurring grant of Rs. 5.5 lakhs for the development of elementary education and in making this grant they have reiterated their desire that a portion thereof may be devoted to the establishment of provident funds for teachers in non-pensionable service. Sir J. H. Stone, however, thought and I agree with him that a scheme in this regard would have to be deferred on account of its expense but that advantage should be taken of the India grant to raise the minimum pay of teachers to the limit suggested by that Government in the resolution on education already referred to.

3. In August last when calling for information about the amounts utilized out of the subsidy sanctioned in G.O. No. 361, Home (Education), dated 18th March 1918, presidents of district boards and chairmen of municipal councils were informed of the Director's intention to propose further increases in the pay of trained teachers in elementary schools for boys and of women teachers in elementary schools for girls under their management and they were requested to furnish the Director with a statement showing the number of such teachers on each grade of pay to enable me to work out the total expenditure involved and make the necessary recommendations to Government. As stated in paragraph 2 of my letter R.C. No. 6673/18, dated 7th January 1919, the replies received were found to be of no help. I have, therefore, based my calculations of the cost involved by my present proposal on the details of staff given in the budget estimates for 1919-20 of the several municipalities and

district boards. These are shown in the detailed statements A, B, C and D herewith submitted. The maximum liability involved under the present proposal if all the posts on minimum pay in boys' schools are filled by trained teachers and all the posts on minimum pay in girls' schools are filled by women teachers will be Rs. 2,90,172. But taking into consideration the percentage of trained teachers employed in boys' schools and the percentage of women teachers in girls' schools as calculated with reference to the number of trained teachers employed in schools under public management as shown in returns 4 (a) and 5 (a) of Volume II of the Public Instruction Report for 1917-18 and allowing margins for trained male teachers who may be employed in the latter and for whom the minimum pay of Rs. 12 per mensem admissible in boys' schools may be allowed and for the increase that is likely to have taken place during the last two years in the number of trained teachers employed in these schools, I think that 75 per cent for district boards and 80 per cent for municipalities of the total amount required for boys' schools and 75 per cent of the total amount required for girls' schools will suffice for the present to give effect to the proposal.

4. The raising of the minimum pay of teachers in schools under the management of local bodies necessitates a corresponding increase in the minimum pay of those employed in Government elementary schools for boys and girls, and according to the information obtained from the budget a sum of Rs. 1,068 will be required for boys' schools and of Rs. 6,456 for girls' schools or of Rs. 7,524 in all to give effect to this corresponding increase. The case of teachers on Rs. 10 per mensem in the Government Muhammadan elementary schools for boys in the Madras City has not, however, been taken into account, since their present emoluments including the special allowance sanctioned in G.Os. No. 57, Home (Education), dated 11th January 1917, and No. 955, Home (Education), dated 18th July 1918, do not fall short of Rs. 12 per mensem.

5. The number of posts shown in column 3 and the cost of raising their pay shown in column 5 of the statements A, B, C and D herewith appended do not take into account the increases of pay sanctioned in G.O. No. 361, Home (Education), dated 18th March 1918. Hence the aggregate recurring expenditure which the above proposal will entail comes to Rs. 2,26,235 (Rs. 2,18,711 for schools under local bodies and Rs. 7,524 for schools under Government). This can be met from the provision of Rs. 1,23,000 for raising the minimum pay of teachers in boys' schools to Rs. 11 per mensem and in girls' schools to Rs. 12 per mensem out of the four lakhs grant included in the allotments of Rs. 1,81,500 and Rs. 20,12,300 for payments in support of municipal and local board elementary schools, respectively, and of Rs. 1,27,000 for raising the minimum pay of teachers in elementary schools in the budget estimates for 1919-20 under the head "22-E. Education—Government Schools—General—Payment in support of Municipal and Local Board schools".

6. I propose to give effect to the above proposal from 1st April 1919 and I have the honour to request that Government will be pleased to sanction the same and to authorize the Accountant-General to place the amounts shown in the annexure E early next year at the disposal of the local bodies concerned to enable them to pay the increased salaries to the teachers with effect from 1st April 1919. The amount of subsidy required for the Chingleput District Board for 1919-20 has been reduced by Rs. 1,656 in accordance with the suggestion made in paragraph 2 of my letter to Government R.C. No. 6673/1918, dated 7th January 1919.

## HOME (EDUCATION) DEPARTMENT.

NOTES CONNECTED WITH G.O. No. 659, HOME (EDUCATION),  
DATED 21st MAY 1919.[SUBJECT.—*Raising the minimum pay of teachers in elementary schools under public management.*]

In connexion with the proposals for the utilization of the Imperial recurring grant of Rs. 5.50 lakhs received in the current year, the Director of Public Instruction suggested that the minimum pay of trained teachers in the elementary schools under public management might be further raised by Re. 1 (paragraph 5 of Director of Public Instruction's note, pages 3 and 4 of notes to G.O. No. 1678, dated 28th December 1918). In his letter No. 6673, dated the 13th December 1918, the Director submitted proposals in this regard. But subsequently he withdrew the letter for further consideration. His revised proposals have not yet been received. In the civil budget estimate for 1919-20 a sum of Rs. 1.27 lakhs has been provided for this purpose (out of the Imperial grant referred to above). It has been decided that the increase in the rates of teaching grants in aided elementary schools which was recently sanctioned should take effect from 1st April 1919 (G.O. No. 1678, dated 28th December 1918). It appears to be desirable to give effect to the increase in pay in schools under public management also from April next. The Director of Public Instruction may therefore be requested u.o. to expedite his proposals for such increase.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

My proposals should reach Government in two days.

R. LITTLEHAILES—25-3-19.

*From the Director of Public Instruction, C. No. 2875, dated 26th March 1919.*

The Director of Public Instruction submits proposals for raising, with effect from the 1st April 1919, the minimum pay of *trained* teachers in *boys'* schools under public management from Rs. 11 to Rs. 12 per mensem and of *women* teachers in *girls'* schools under such management from Rs. 12 to Rs. 13 per mensem.

2. The revised rates of pay proposed have already been provisionally sanctioned in the case of teachers who will be employed in the new schools ordered to be opened in G.O. No. 74, Home (Education), dated the 20th January 1919. Anticipating the increase now recommended in the minimum pay of teachers in schools under public management, the rates of teaching grants payable to trained teachers in *aided* elementary schools have been raised with effect from 1st April 1919 in G.O. No. 1678, Home (Education), dated the 28th December 1918. The Director's proposals to raise the minimum pay of teachers in *existing* schools under public management may, it is submitted, be approved.

3. In demi-official No. 6616 A-6, dated the 11th September 1918, printed on page 15 of notes to G.O. No. 1203, Home (Education), dated the 11th September 1918, the Director was informed that, at the next revision of the pay of teachers in

Government elementary schools, the grain compensation allowance drawn by them should be abolished by merging it in permanent salaries. Since the demi-official was written, the position has changed. In G.O. No. 16, Financial, dated the 7th January 1919, the Government have sanctioned the grant of war allowance at the rate of Rs. 6 per mensem in lieu of grain compensation allowance of Re. 1 or Rs. 1-8-0 per mensem previously granted to teachers in Government elementary schools. In his present communication, the Director of Public Instruction makes no reference to the question of the conversion of grain compensation allowance into pay, apparently because grain compensation allowance has been superseded by war allowance and the time is not opportune to consider what portion of the latter allowance can permanently be converted into pay.

4. Prior to the issue of G.O. No. 170, Home (Education), dated the 12th February 1918, the minimum pay of trained teachers in boys' schools and of women teachers in girls' schools under public management was Rs. 10 per mensem. In that Government Order the minimum was raised to Rs. 11 in the case of the former and to Rs. 12 in the case of the latter. Subsidies amounting to Rs. 1,22,881 were distributed in G.O. No. 361, Home (Education), dated the 18th March 1918, among local bodies to meet the extra cost involved. This amount was slightly reduced to Rs. 1,21,225 in G.O. No. 61, dated the 16th January 1919. In calculating the amount of subsidy to be paid to each local body, the total number of posts on Rs. 10 and below was taken into account, irrespective of the qualifications of the teachers employed [paragraph 2 of Director of Public Instruction's letter printed in G.O. No. 1203, Home (Education), dated the 11th September 1918, and also paragraph 4 on page 4 and paragraph 4 on page 11 of the notes to the Government Order]. The Director of Public Instruction now proposes a different method of calculation as regards the amount of subsidy to be paid to each local body to meet the further enhancement in the pay of teachers now proposed. He takes into account the number of posts on Rs. 10 and below prior to the issue of G.O. No. 170, Home (Education), dated the 12th February 1918, and adds to these the number of posts on Rs. 11 or Rs. 12 created in G.O. No. 1585, Home (Education), dated the 15th December 1917. The cost of raising the minimum pay of all these posts to Rs. 12 or Rs. 13 as the case may be is calculated; but, instead of fixing the subsidy payable to local bodies at the figure thus arrived at, the Director recommends only the payment of a certain percentage as shown below:—

*Boys' schools.*

|                 |     |     |     |                                          |
|-----------------|-----|-----|-----|------------------------------------------|
| District boards | ... | ... | ... | 75 per cent of the estimated total cost. |
| Municipalities  | ... | ... | ... | 80 per cent do.                          |

*Girls' schools.*

|                 |     |     |     |             |
|-----------------|-----|-----|-----|-------------|
| District boards | ... | ... | ... | 75 per cent |
| Municipalities  | ... | ... | ... | do.         |

The reasons for recommending the payment of only a certain percentage are that, in many boys' schools, *untrained* teachers are still employed who are ineligible for the enhanced rate of pay now proposed and that many posts in girls' schools are filled by *male* teachers. The principal objections to the proposal are set out in Mr. (now Sir Henry) Stone's letter printed in G.O. No. 1203, Home (Education), dated the 11th September 1918. Further the payment of subsidies at a certain percentage may not prove equitable in areas wherein trained male teachers and women teachers are employed in excess of the calculated average. In the Malabar district, for instance, the percentages of trained male teachers employed in boys' schools are as follows:—

|                  |     |     |     |              |
|------------------|-----|-----|-----|--------------|
| Local Fund areas | ... | ... | ... | 78 per cent. |
| Municipal areas  | ... | ... | ... | 84 per cent. |

In the case of this district, therefore, the adoption of the percentages recommended by the Director of Public Instruction will prove disadvantageous to the local bodies concerned. But this and other bodies may come up if they choose for special aid

5. The amounts available from the Imperial recurring grants of 4 lakhs and 5½ lakhs sanctioned in 1917 and 1918 respectively towards the enhancement of the minimum pay of teachers in schools under public management are (Rs. 1,23,000 + Rupees

1,27,000 =) Rs. 2,50,000. If subsidies are to be paid on the basis of the total number of posts without reference to the qualifications of the teachers employed, the amounts required for distribution among local bodies and for meeting the extra cost in Government schools will be:—

|                                                                           |          |
|---------------------------------------------------------------------------|----------|
|                                                                           | Rs.      |
| Local boards and municipal schools                                        | 2,90,172 |
| Deduct Rs. 1,656 from the amount payable to the Chingleput District Board | 1,656    |
|                                                                           | 2,88,516 |
| Government schools                                                        | 7,524    |
| Total                                                                     | 2,96,040 |

As pointed out above, the amount available from the Imperial recurring grants is only Rs. 2,50,000. Thus the excess provision required is Rs. 46,040. Unless Financial is prepared to find this excess from Provincial revenues, it will not be possible to distribute subsidies among local bodies on the basis of the total number of posts affected. The only course then left will be to adopt the Director of Public Instruction's suggestion and to pay subsidies at a certain percentage leaving it to such of the local bodies as have to pay more to come up for special subsidies.

6. The case may be sent to Local and Municipal and Financial Departments for remarks.

N.K.—5-4-19.

C. RAMANUJA ACHARI—5-4-19.

The increases recommended for trained teachers in schools under public management may be sanctioned.

2. I do not consider it necessary to sanction the subsidies on *all* the posts. As a tentative measure, the Director of Public Instruction's percentages may be accepted. In the present year the grants will be earmarked; and the amount unspent for the particular purpose will be liable to resumption. This suggestion permits us to sanction the proposals without having to find out any source for additional funds which we know will not be required. An adjustment according to real expenditure may be sanctioned later on.

R. RAMACHANDRA RAO—7-4-19.

LOCAL AND MUNICIPAL DEPARTMENT.

Submitted that the proposal of the Educational Department to approve the proposals of the Director of Public Instruction in regard to the distribution of the subsidy as a tentative measure and subject to the understanding that an adjustment will be made later on according to the actual expenditure may be accepted in this department. There seems to be no necessity to consult local bodies in the matter, as any inequalities in the provisional distribution will be rectified with reference

I presume the orders will make the point clear to local bodies.

to actual expenditure incurred by the local bodies.

The case may be passed on to the Financial Department u.o.

## FINANCIAL DEPARTMENT.

The case relates to the raising of the minimum pay of teachers in boys' and girls' elementary schools under public management from Rs. 11 and Rs. 12 per mensem to Rs. 12 and Rs. 13 per mensem respectively. The increases are proposed to be met from the recurring Imperial grant of 5.50 lakhs and may be agreed to—cf. in this connexion Chief Secretary's [now Honourable Member's (Financial)] note, dated 16th December 1918, against paragraph 7 of Financial note on page 6 of notes to G.O. No. 74, Home (Education), dated 20th January 1919.

2. Of the schools under public management, some are Government institutions. Please see demi-official No. 616-A, 6, Education, dated 11th September 1918, at page 15 of notes to G.O. No. 1203, Home (Education), dated 11th September 1918, in which the Director of Public Instruction was informed that, at the next revision of the pay of teachers out of the Imperial grant of 5.50 lakhs, grain compensation allowance should be abolished by merging it in permanent salaries. Under G.O. No. 16, Financial, dated 7th January 1919, these teachers who are eligible for grain compensation allowance are eligible for war allowances at Rs. 6 per mensem—vide paragraph 1 of the order. With the increase in pay as now proposed from Rs. 11 and Rs. 12

I doubt if this is the intention.

J.M.H.—21-4-19.

per mensem to Rs. 12 and Rs. 13 per mensem the war allowances may, if submitted, be reduced by Re. 1 and fixed at Rs. 5. The total emoluments of the teachers will no doubt remain the same after revision but they will be compensated by a permanent increase in their pay. War allowances are a temporary relief and may be withdrawn any time.

3. As regards subsidies to be given to local bodies on account of the increase in the pay of teachers now proposed, the suggestion of the Director of Public Instruction which has been agreed to in Home (Education) Department, viz., to adopt a certain

J.M.H.—21-4-19.

percentage in calculating the amount of the subsidies, may be accepted. There is budget provision on account of the payment of the subsidies. It may be noted in this connexion that in the case of institutions under the management of local bodies no question of fixing grain compensation allowance or war allowances arises as very few local bodies make these allowances and where they are made, they are paid by the local bodies themselves.

C.R.S.—21-4-19.

I think we may accept the Director of Public Instruction's proposals.

As regards grain compensation allowance being merged in the proposed increase of pay I take it that this is not the intention and that the proposed increase is in addition to the present pay *plus* war allowance now drawn. I think however that **A** the Director of Public Instruction may be referred to on this point so as to make the matter clear.

J. M. HOOPER—21-4-19.

I agree that point **A** should be cleared up. No other Financial objection.

N. E. MARJORIBANKS—22-4-19.

HOME (EDUCATION) DEPARTMENT.

Submitted that the Director of Public Instruction may be consulted with reference to **A** above. A u.o. note is placed below. (Please see however paragraph 3 pages 1 and 2 supra.)

U.O. note.

With reference to his letter C. No. 2875, dated the 26th March 1919, submitting proposals for raising the minimum pay of trained teachers in boys' schools and of women teachers in girls' schools under public management to Rs. 12 and Rs. 13 per mensem, respectively, the Director of Public Instruction may be asked to state definitely whether it is his intention that the proposed increase should be allowed in the case of teachers employed in Government schools *in addition* to their present pay and the war allowance now drawn by them 'attention may be invited to demi-official No. 616 A-6, dated the 11th September 1918], or whether the war allowance should be reduced by Re. 1 and fixed at Rs. 5, the total emoluments remaining unaffected.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

*The former alternative was what I intended.* Grain compensation allowance has merged in war allowance since 11th September 1918, the date of demi-official No. 616 A-6, and I did not know whether it was the desire of Government to separate that part of war allowance which is for grain compensation and add it to the pay of the teacher giving him a quasi-consolidated pay to which the remaining part of the war allowance could be added, or to consolidate his pay plus total war allowance into one. If we reduce the war allowance to teachers in Government schools by Re. 1 per mensem these teachers might be less favourably treated than teachers in municipal and local board schools.

The Director of Public Instruction's proposals in the current file may now be sanctioned. A draft order is submitted for approval.

HOME (EDUCATION) DEPARTMENT  
G.O. No. 659, 21st May 1919  
Elementary schools

Approving the proposal of the Director of Public Instruction to raise, with effect from the 1st April 1919, the minimum pay of trained teachers in — for boys and of women teachers in girls' schools under public management to Rs. 12 and Rs. 13 per mensem, respectively.

READ—the following paper:—

Letter—from the Director of Public Instruction, Madras.

To—the Secretary to Government, Home (Education) Department.

Dated—the 26th March 1919.

No.—2875-C.

With reference to the last sentence of paragraph 2 of the Director's letter to Government R.C. No. 667/318, dated 7th January 1919, disposed of in G.O. No. 61, Home (Education), dated 16th January 1919, I have the honour to address Government on the question of raising further the minimum pay of trained teachers in boys' schools and of women teachers in girls' schools under public management to Rs. 12 and Rs. 13 per mensem respectively.

2. The raising of the minimum pay of teachers in boys' schools to Rs. 12 per mensem is not a new proposal. As long ago as 1913 the Government of India in paragraph 11 of their resolution, dated 21st February 1913, stated that the minimum pay of trained teachers should be Rs. 12. In paragraph 2 (b) (ii), however, of the Director's letter R.C. No. 3146, dated 24th June 1917, printed in G.O. No. 1433, Home (Education), dated 15th November 1917, it was stated that as the cost of raising the minimum pay of trained teachers in boys' schools to Rs. 12 per mensem would absorb too large a portion of the Imperial recurring grant of four lakhs for the improvement of the training and pay of teachers in elementary and secondary schools in this Presidency, it was necessary for the time being to limit the increase and raise the minimum to Rs. 11 only per mensem. Subsequently, however, the Government of India have been pleased to sanction a recurring grant of Rs. 5.5 lakhs for the development of elementary education and in making this grant they have reiterated their desire that a portion thereof may be devoted to the establishment of Provident funds for teachers in non-pensionable service. Sir J. H. Stone, however, thought and I agree with him that a scheme in this regard would have to be deferred on account of its expense but that advantage should be taken of the India grant to raise the minimum pay of teachers to the limit suggested by that Government in the resolution on education already referred to.

3. In August last when calling for information about the amounts utilized out of the subsidy sanctioned in G.O. No. 361, Home (Education), dated 18th March 1918, presidents of district boards and chairmen of municipal councils were informed of the Director's intention to propose further increases in the pay of trained teachers in elementary schools for boys and of women teachers in elementary schools for girls under their management and they were requested to furnish the Director with a statement showing the number of such teachers on each grade of pay to enable me to work out the total expenditure involved and make the necessary recommendations to Government. As stated in paragraph 2 of my letter R.C. No. 6673/18, dated 7th January 1919, the replies received were found to be of no help. I have, therefore, based my calculations of the cost involved by my present proposal on the details of staff given in the budget estimates for 1919-20 of the several municipalities and district boards. These are shown in the detailed statements A, B, C and D herewith submitted. The maximum liability involved under the present proposal if all the posts on minimum pay in boys' schools are filled by trained teachers and all the posts on minimum pay in girls' schools are filled by women teachers will be Rs. 2,90,172. But taking into consideration the percentage of trained teachers employed in boys' schools and the percentage of women teachers in girls' schools as calculated with reference to the number of trained teachers employed in schools under public management as shown in returns 4 (a) and 5 (a) of Volume II of the Public Instruction Report for 1917-18 and allowing margins for trained male teachers who may be employed in the latter and for whom the minimum pay of Rs. 12 per mensem admissible in boys' schools may be allowed and for the increase that is likely to have taken place during the last two years in the number of trained teachers employed in these schools, I think that 75 per cent for district boards and 80 per cent for municipalities of the total amount required for boys' schools and 75 per cent of the total amount required for girls' schools will suffice for the present to give effect to the proposal.

4. The raising of the minimum pay of teachers in schools under the management of local bodies necessitates a corresponding increase in the minimum pay of those

GOVERNMENT OF MADRAS  
EDUCATION DEPARTMENT  
G.O. No. 659, 21st May 1919

With reference to the last sentence of paragraph 2 of the Director's letter to the Government R.C. No. 6673/1918, dated 7th January 1919, I have the honour to inform you that the Government have approved the proposal of the Director of Public Instruction to raise, with effect from the 1st April 1919, the minimum pay of trained teachers in elementary schools for boys and of women teachers in elementary schools for girls under public management to Rs. 12 and Rs. 13 per mensem, respectively.

The Government have also approved the proposal of the Director of Public Instruction to place the amounts shown in the annexure to these proceedings at the disposal of the local bodies concerned to enable them to pay the increased salaries to the teachers with effect from 1st April 1919. The amount of subsidy required for the Chingleput District Board for 1919-20 has been reduced by Rs. 1,656 in accordance with the suggestion made in paragraph 2 of my letter to Government R.C. No. 6673/1918, dated 7th January 1919.

The Government sanction provisionally the distribution of subsidies amounting to Rs. 2,17,055 among local bodies as shown in the annexure to these proceedings towards the cost of enhancement of the minimum pay of teachers sanctioned in G.O. No. 170, Home (Education), dated the 12th February 1918, and in these proceedings. The subsidies now sanctioned will be liable to subsequent adjustment with reference to the actual expenditure incurred by the local bodies in raising the pay of teachers in their employ.

The Accountant-General is requested to place the amounts shown in the annexure at the disposal of the local bodies at an early date.

The expenditure will be met from the provision of Rs. 41,00,200 for payments in support of Municipal and Local Board schools under the head "22-E. Education—Government schools—General," in the Civil Budget Estimate for 1919-20.

The Director of Public Instruction is requested to submit a reappropriation statement to meet the extra expenditure involved in raising the pay of teachers in Government schools.

employed in Government elementary schools for boys and girls, and according to the information obtained from the budget a sum of Rs. 1,068 will be required for boys' schools and of Rs. 6,456 for girls' schools or of Rs. 7,524 in all to give effect to this corresponding increase. The case of teachers on Rs. 10 per mensem in the Government Muhammadan elementary schools for boys in the Madras City has not, however, been taken into account, since their present emoluments including the special allowance sanctioned in G.Os. No. 57, Home (Education), dated 11th January 1917, and No. 955, Home (Education), dated 18th July 1918, do not fall short of Rs. 12 per mensem.

5. The number of posts shown in column 3 and the cost of raising their pay shown in column 5 of the statements A, B, C and D herewith appended do not take into account the increases of pay sanctioned in G.O. No. 361, Home (Education), dated 18th March 1918. Hence the aggregate recurring expenditure which the above proposal will entail comes to Rs. 2,26,235 (Rs. 2,18,711 for schools under local bodies and Rs. 7,524 for schools under Government). This can be met from the provision of Rs. 1,23,000 for raising the minimum pay of teachers in boys' schools to Rs. 11 per mensem and in girls' schools to Rs. 12 per mensem out of the four lakhs grant included in the allotments of Rs. 1,81,500 and Rs. 20,12,300 for payments in support of municipal and local board elementary schools respectively and of Rs. 1,27,000 for raising the minimum pay of teachers in elementary schools in the budget estimates for 1919-20 under the head "22-E. Education-Government Schools-General—Payment in support of Municipal and Local Board schools".

6. I propose to give effect to the above proposal from 1st April 1919 and I have the honour to request that Government will be pleased to sanction the same and to authorize the Accountant-General to place the amounts shown in the annexure E early next year at the disposal of the local bodies concerned to enable them to pay the increased salaries to the teachers with effect from 1st April 1919. The amount of subsidy required for the Chingleput District Board for 1919-20 has been reduced by Rs. 1,656 in accordance with the suggestion made in paragraph 2 of my letter to Government R.C. No. 6673/1918, dated 7th January 1919.

Order—No. 659, Home (Education), dated 21st May 1919.

2. The Director of Public Instruction is requested to submit proposition statements to give effect to the increases in the pay of teachers in Government elementary schools.

3. The Government sanction provisionally the distribution of subsidies amounting to Rs. 2,17,055 among local bodies as shown in the annexure to these proceedings towards the cost of enhancement of the minimum pay of teachers sanctioned in G.O. GOVERNMENT BRANCH POSTS  
2 JUN 1919  
H. S.

Government elementary schools, the grain compensation allowance drawn by them should be abolished by merging it in permanent salaries. Since the demi-official was written, the position has changed. In G.O. No. 16, Financial, dated the 7th January 1919, the Government have sanctioned the grant of war allowance at the rate of Rs. 6 per mensem in lieu of grain compensation allowance of Re. 1 or Rs. 1-8-0 per mensem previously granted to teachers in Government elementary schools. In his present communication, the Director of Public Instruction makes no reference to the question of the conversion of grain compensation allowance into pay, apparently because grain compensation allowance has been superseded by war allowance and the time is not opportune to consider what portion of the latter allowance can permanently be converted into pay.

4. Prior to the issue of G.O. No. 170, Home (Education), dated the 12th February 1918, the minimum pay of trained teachers in boys' schools and of women teachers in girls' schools under public management was Rs. 10 per mensem. In that Government Order the minimum was raised to Rs. 11 in the case of the former and to Rs. 12 in the case of the latter. Subsidies amounting to Rs. 1,22,881 were distributed in G.O. No. 361, Home (Education), dated the 18th March 1918, among local bodies to meet the extra cost involved. This amount was slightly reduced to Rs. 1,21,225 in G.O. No. 61, dated the 16th January 1919. In calculating the amount of subsidy to be paid to each local body, the total number of posts on Rs. 10 and below was taken into account, irrespective of the qualifications of the teachers employed [paragraph 2 of Director of Public Instruction's letter printed in G.O. No. 1203, Home (Education), dated the 11th September 1918, and also paragraph 4 on page 4 and paragraph 4 on page 11 of the notes to the Government Order]. The Director of Public Instruction now proposes a different method of calculation as regards the amount of subsidy to be paid to each local body to meet the further enhancement in the pay of teachers now proposed. He takes into account the number of posts on Rs. 10 and below prior to the issue of G.O. No. 170, Home (Education), dated the 12th February 1918, and adds to these the number of posts on Rs. 11 or Rs. 12 created in G.O. No. 1585, Home (Education), dated the 15th December 1917. The cost of raising the minimum pay of all these posts to Rs. 12 or Rs. 13 as the case may be is calculated; but, instead of fixing the subsidy payable to local bodies at the figure thus arrived at, the Director recommends only the payment of a certain percentage as shown below:—

*Boys' schools.*

|                 |     |     |     |     |                                          |
|-----------------|-----|-----|-----|-----|------------------------------------------|
| District boards | ... | ... | ... | ... | 75 per cent of the estimated total cost. |
| Municipalities  | ... | ... | ... | ... | 80 per cent do.                          |

*Girls' schools.*

|                 |     |     |     |     |                   |
|-----------------|-----|-----|-----|-----|-------------------|
| District boards | ... | ... | ... | ... | } 75 per cent do. |
| Municipalities  | ... | ... | ... | ... |                   |

The reasons for recommending the payment of only a certain percentage are that, in many boys' schools, *untrained* teachers are still employed who are ineligible for the enhanced rate of pay now proposed and that many posts in girls' schools are filled by *male* teachers. The principal objections to the proposal are set out in Mr. (now Sir Henry) Stone's letter printed in G.O. No. 1203, Home (Education), dated the 11th September 1918. Further the payment of subsidies at a certain percentage may not prove equitable in areas wherein trained male teachers and women teachers are employed in excess of the calculated average. In the Malabar district, for instance, the percentages of trained male teachers employed in boys' schools are as follows:—

|                  |     |     |     |     |              |
|------------------|-----|-----|-----|-----|--------------|
| Local Fund areas | ... | ... | ... | ... | 78 per cent. |
| Municipal areas  | ... | ... | ... | ... | 84 per cent. |

In the case of this district, therefore, the adoption of the percentages recommended by the Director of Public Instruction will prove disadvantageous to the local bodies concerned. But this and other bodies may come up if they choose for special aid.

5. The amounts available from the Imperial recurring grants of 4 lakhs and  $5\frac{1}{2}$  lakhs sanctioned in 1917 and 1918 respectively towards the enhancement of the minimum pay of teachers in schools under public management are (Rs. 1,23,000 + Rupees 1,27,000 =) Rs. 2,50,000. If subsidies are to be paid on the basis of the total number of posts without reference to the qualifications of the teachers employed, the amounts required for distribution among local bodies and for meeting the extra cost in Government schools will be:—

|                                                                           |     |     |     |     |          |
|---------------------------------------------------------------------------|-----|-----|-----|-----|----------|
| Local boards and municipal schools                                        | ... | ... | ... | ... | Rs.      |
| Deduct Rs. 1,656 from the amount payable to the Chingleput District Board | ... | ... | ... | ... | 2,90,172 |
|                                                                           | ... | ... | ... | ... | 1,656    |
|                                                                           |     |     |     |     | 2,88,516 |
| Government schools                                                        | ... | ... | ... | ... | 7,524    |
| Total                                                                     | ... | ... | ... | ... | 2,96,040 |

As pointed out above, the amount available from the Imperial recurring grants is only Rs. 2,50,000. Thus the excess provision required is Rs. 46,040. Unless Financial is prepared to find this excess from Provincial revenues, it will not be possible to distribute subsidies among local bodies on the basis of the total number of posts affected. The only course then left will be to adopt the Director of Public Instruction's suggestion and to pay subsidies at a certain percentage leaving it to such of the local bodies as have to pay more to come up for special subsidies.

6. The case may be sent to Local and Municipal and Financial Departments for remarks.

C. RAMANUJA ACHARIYAR—5-4-19.

The increases recommended for trained teachers in schools under public management may be sanctioned.

2. I do not consider it necessary to sanction the subsidies on all the posts. As a tentative measure, the Director of Public Instruction's percentages may be accepted. In the present year the grants will be earmarked; and the amount unspent for the particular purpose will be liable to resumption. This suggestion permits us to sanction the proposals without having to find out any source for additional funds which we know will not be required. An adjustment according to real expenditure may be sanctioned later on.

R. RAMACHANDRA RAO—7-4-19.

#### LOCAL AND MUNICIPAL DEPARTMENT.

Submitted that the proposal of the Educational Department to approve the proposals of the Director of Public Instruction in regard to the distribution of the subsidy as a tentative measure and subject to the understanding that an adjustment will be made later of according to the actual expenditure may be accepted in this department. There seems to be no necessity to consult local bodies in the matter, as any inequalities in the provisional distribution will be rectified with reference

I presume the orders will make the point clear to local bodies.

FINANCIAL DEPARTMENT.

The case relates to the raising of the minimum pay of teachers in boys' and girls' elementary schools under public management from Rs. 11 and Rs. 12 per mensem to Rs. 12 and Rs. 13 per mensem respectively. The increases are proposed to be met from the recurring Imperial grant of 5.50 lakhs and may be agreed to—cf. in this connexion Chief Secretary's [now Honourable Member's (Financial)] note, dated 16th December 1918, against paragraph 7 of Financial note on page 6 of notes to G.O. No. 74, Home (Education), dated 20th January 1919.

2. Of the schools under public management, some are Government institutions. Please see demi-official No. 616-A/6, Education, dated 11th September 1918, at page 15 of notes to G.O. No. 1203, Home (Education), dated 11th September 1918, in which the Director of Public Instruction was informed that, at the next revision of the pay of teachers out of the Imperial grant of 5.50 lakhs, grain compensation allowance should be abolished by merging it in permanent salaries. Under G.O. No. 16, Financial, dated 7th January 1919, these teachers who are eligible for grain compensation allowance are eligible for war allowances at Rs. 6 per mensem—vide paragraph 1 of the order. With the increase in pay as now proposed from Rs. 11 and Rs. 12

I doubt if this is the intention.

J.M.H.—21-4-19.

per mensem to Rs. 12 and Rs. 13 per mensem the war allowances may, it is submitted, be reduced by Re. 1 and fixed at Rs. 5. The total emoluments of the teachers will no doubt remain the same after revision but they will be compensated by a permanent increase in their pay. War allowances are a temporary relief and may be withdrawn any time.

3. As regards subsidies to be given to local bodies on account of the increase in the pay of teachers now proposed, the suggestion of the Director of Public Instruction which has been agreed to in Home (Education) Department, viz., to adopt a certain

J.M.H.—21-4-19.

percentage in calculating the amount of the subsidies, may be accepted. There is budget provision on account of the payment of the subsidies. It may be noted in this connexion that in the case of institutions under the management of local bodies no question of fixing grain compensation allowance or war allowances arises as very few local bodies make these allowances and where they are made, they are paid by the local bodies themselves.

C.R.S.—21-4-19.

I think we may accept the Director of Public Instruction's proposals. As regards grain compensation allowance being merged in the proposed increase of pay I take it that this is not the intention and that the proposed increase is in addition to the present pay *plus* war allowance now drawn. I think however that

the Director of Public Instruction may be referred to on this point so as to make the matter clear.

I agree that point A should be cleared up. No other Financial objection.

Submitted that the Director of Public Instruction may be consulted with reference to A above. A u.o. note is placed below. (Please see however paragraph 3, pages 1 supra.

U. O. note.

With reference to his letter C. No 2875, dated the 26th March 1919, submitting proposals for raising the minimum pay of trained teachers in boys' schools and of women teachers in girls' schools under public management to Rs. 12 and Rs. 13 per

mensem, respectively, the Director of Public Instruction may be asked to state definitely whether it is his intention that the proposed increase should be allowed in the case of teachers employed in Government schools *in addition* to their present pay and the war allowance now drawn by them [attention may be invited to demi-official No. 616 A-6, dated the 11th September 1918], or whether the war allowance should be reduced by Re. 1 and fixed at Rs. 5, the total emoluments remaining unaffected.

C.R.—25-4-19.  
R.R.—25-4-19.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

*The former alternative was what I intended.* Grain compensation allowance has merged in war allowance since 11th September 1918, the date of demi-official No. 616 A-6, and I did not know whether it was the desire of Government to separate that part of war allowance which is for grain compensation and add it to the pay of the teacher giving him a quasi-consolidated pay to which the remaining part of the war allowance could be added, or to consolidate his pay plus total war allowance into one. If we reduce the war allowance to teachers in Government schools by Re. 1 per mensem these teachers might be less favourably treated than teachers in municipal and local board schools.

R. LITTLEHARTS—5-5-19.

HOME (EDUCATION) DEPARTMENT.

The Director of Public Instruction's proposals in the current file may now be sanctioned. A draft order is submitted for approval.

2. The war allowance now drawn will remain unaffected. The draft may be sent to Financial for acceptance.
