Re No. 9865/18

From (Name) The Hon'ble Mr. H.S. Duncan, M.A.,
(Designation) Ag. Director of Public Instruction
To The Secretary to the Government of Madras,
Home (Education) Department.

Sir,

In his inspection reports on the Municipal High School, Dindigul, for the current and the last year the Inspector of schools, VII Circle, has pointed out the desirability of opening a hostel attached to the school as there were more than forty pupils living elsewhere than in recognised hostels or with near relatives. The Municipal Council has accordingly resolved upon opening a hostel to accommodate twenty four students. The cost, recurring

recurring and non-recurring is estimated as follows:-

(a) Non-Recurring

	Rs
Vessels	300
Furniture	250
Water cart	50
Total	600

(b) Recurring

House rent at Rs.30 per mensem	Rs.360
Sweeper	36
Contingencies and lighting charges	100
Depreciation charges for vessels, furniture, etc., at 10 per cent as per Article 366-A, Municipal Account Code	64
Total	560

The Council proposes to provide the boarders with rent free accommodation and requests Government to finance the entire scheme.

2. I am satisfied of the need for the proposed hostel and have the honour to recommend the payment of a subsidy to cover the non-recurring charges specified above and a recurring grant of Rs.180 for house rent subject to the conditions that free accommodation will not be provided and that lighting, sweeping and other incidental charges are met by the boarders themselves as in the case of other hostels. It may be added that if Government pay half the house rent it does not necessarily follow that the other half must be borne by the pupils--a part might be paid by the pupils and the balance by the Municipality.

3. The proposal may be sanctioned with effect from the beginning of the next school year, the recurring and non-recurring expenditure involved being met from the provision for subsidies to Local Bodies.

I have the honour to be,

Sir,

Your most obedient servant,

N. A. Arne.

From the D.P.I. R.C. No 926587-1-19.

Opening of a hostel attached to the Municipal High School, Dindigul.

It is proposed to open a hostel attached to the Municipal High School, Dindigul, in a rented building. The Cost, recurring and non-recurring, of the Scheme is as follows:-

Recurring	Non recurring
House rent: Rs 360 per year	Vessels - Rs 300
Lighting, Sweeping & other Charges } Rs 200 p. year	Furniture - Rs 250
Total = Rs 560 per year	Water Cart - Rs 50
	Total = Rs 600

2: In the case of aided institutions, Govt have promised to contribute only one half of the net expenditure incurred by the management from its own funds on the rent of the hostel building after deducting the amount payable by the students residing therein. No aid is given for the purchase of vessels, furniture etc. There appears to be no provision for treatment of institutions under the management of local bodies differently and the request for a subsidy towards charges other than rent is not allowed.

80 1197
17-9-17 (T)

may be disallowed

3: The hostel is intended to accommodate 24 students and the monthly rent is estimated at Rs 30/- per month.

If the full amount of rent is recovered each student will have to pay Rs 1-8-0. Recently the Govt have fixed the rent

$\frac{360}{10 \times 24} = 1-8-0$
ordinarily rent for hostel accommodation are leviable for only 10 months in the year.

tenable from the students of the hostel attached to the A.E.L.M. College, Guntur at 15 as a month. If rent is received at this rate from the students living in the hostel proposed to be attached to the Municipal high school, Dindigul, the net cost to the Municipal Council on account of rent would be Rs 135 per year. And Govt may agree to bear one half of this amount viz Rs 68 per year. For orders as to the amount of to be sanctioned to the Council.

Financial assistance to local bodies from Govt. is entirely based on the capacity of the body to face the charge in question. There is no undertaking on the part of Govt. to bear any portion of the charges. It has first to be shown that the Council cannot meet the charges now proposed and if so to what extent and whether the Council requires relief from its commitment regarding secondary education like the item in question as to allot additional fund

to elementary education. No doubt the Govt. desire to encourage host schemes, but local bodies should be expected to shoulder their own responsibilities in the matter. The District Council maintains the high school and the hostel is an adjunct to it. These question of ~~for~~ the financial capacity of the Council may be considered in L.M. with reference to the present proposal.

L.M. Department.

The average annual surplus in the ordinary revenues of the Municipality over its ordinary expenditure during the triennium ending 1917-18 was Rs 5488. ~~When available resources are applied to the~~ Council ~~will be required~~ ^{has} to carry out improvements to water supply which is at present in a very poor condition. The Sanitary Engineer is investigating the possibilities of getting a ^{water supply} ~~carious~~ condition. To give immediate relief ~~to the people~~ ^{has} the Sanitary Engineer recently recommended a temporary scheme costing Rs 15000 and the Council will have to undertake this from its own funds. Further, during 1916-17

(taken from the original report staff.)

and 1917-18 the High school was also working at a deficit as noted below:

	Receipts	Charges	Deficit
1916-17	10540	11784	1244
1917-18	10766	13289	2523

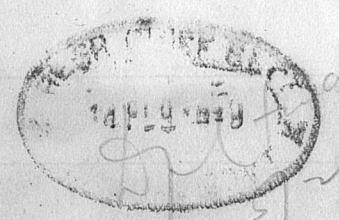

In these circumstances, the Council can ill afford to spend anything on the hostel scheme, as the secondary school is already a burden on mun. funds. Submitted that the recommendation of the Director of Public Instruction to disburse to the Council a subsidy to cover the non-recurring charges (Rs 600) and a recurring grant of Rs 180 for house rent may be supported in this Department and the file returned to Home (Education) Department U.O.

HOSTEL TO THE MUNICIPAL HIGH SCHOOL, DINDIGUL :-

The expenditure involved is as follows :-

	Amount Rs.
(A) <u>Non-recurring</u> (initial) charges	600
(vessels Rs.300; furniture Rs.250; and water cart Rs.50)	
(B) <u>Recurring</u> .-	Cost per annum Rs.

(2) Sweeper	36
(3) Contingencies and light- ing charges.	100
(4) Depreciation charges for vessels, furniture etc. (1)	64
	----- 560 p.a.

2. The Municipal Council proposes to provide the boarders with rent-free accommodation and requests Govt. to finance the entire scheme.

The D.P.I. recommends the payment of a subsidy to cover the non-recurring charges (Rs.600) and a recurring grant of Rs.180 for house-rent (one-half of the house-rent charge of Rs.360) subject to the conditions that free accommodation will not be provided and that lighting, sweeping and other incidental charges are met by the boarders themselves as in the case of other hostels.

3. Non-recurring charges-(Rs.600)

Please see para. 2 of Home Dept.'s note on page 1 ante. It is not usual to give any grant for the purchase of vessels, furniture etc. in the case of hostels attached to aided institutions. There is therefore no need to pay a subsidy from Govt. to the Dindigul Municipality of Rs.600 for the purchase of vessels, furniture etc. It should be possible for the Municipality to find this small sum from its funds.

Page 2 CF

item B(1) above

4. Recurring charges :-

The Director of Public Instruction suggests a subsidy from Government of Rs.180 per annum being half the expenditure on account of house rent. Submitted that the subsidy may be limited to Rs.68 per annum as pointed out in para. 3 of Home Dept's note on page 2 ante.

Home (Cons) Dept

With reference to the file dept note above the following facts are brought to notice:-

- (1) The rules in the Frank-in-aid Code do not apply to institutions under public management.
- (2) Subsidies to local bodies in respect of educational institutions are determined only with reference to the financial position of the local body and its capacity to meet extra expenditure.
- (3) The finances of the Municipal Council, Dindigul, are reported to be not very satisfactory. The Council is already spending 10.4 per cent of its receipts on education as against a previously average of 8.3.
- (4) The Municipal High School, Dindigul, is working at a deficit and in 1917-18 the

pp1-2 ef

p 4 ante

Govt. had to spend a sum of Rs 2,624 from its own funds.

(5) The expenditure on the proposed hostel is estimated at Rs 600/- (non-recurring) for the purchase of vessels etc and Rs 560/- recurring. The D.P.J. recommended a subsidy to cover the whole of the non-recurring expenditure and one half of the recurring charges on house rent alone, viz. Rs 180/- The L & M Dept strongly supports the recommendation.

(6) In the case of hostels attached to Govt. institutions, it is usual to meet from Govt. funds the entire charges on the purchase of vessels etc. (For a precedent please see go No 86 Home (Edn) & 24.1.18.

Also in the case of such hostels located in rented buildings, the full rent is not levied, but only a portion ^{which} ~~can~~ can reasonably be paid by the students. Please see go No 1294 Home (Edn) & 27.9.18.

2 In view of the considerations above set forth, it is for orders whether the D.P.J. recommendation may not be accepted.

Non-recurring charges (Rs. 600)

[Vessels - Rs. 300

Furniture - Rs. 250

Water ^{Cost} - Rs. 50]

In para 2 of their office note on p.1 ante, Home (Education) have pointed out that in the case of aided institutions no aid is given by Govt. for the purchase of vessels, furniture &c, and that there appears to be no ground for treating institutions under the management of local bodies differently.

Home (Education) also remark that the rules in the Grant-in-aid ^{Code} which are applicable to private institutions are not applicable to institutions under public management, and that subsidies to local bodies in respect of Educational institutions are determined with reference to the financial position of the local body.

2. It is respectfully submitted that the small expenditure of Rs. 600 can easily be found by the Dindigul Municipality from its funds. Moreover, it does not appear that grants for non-recurring expenditure have hitherto been given for hostels attached to schools under the management of local bodies.

If the High School is working at a deficit which cannot be met from Municipal funds, the proper course is for the Municipality to apply to Govt. for a subsidy for that purpose.

Page blank clause (1)

Page blank clause (4)

In the circumstances, it is submitted that there seems to be no strong case for a grant from Govt. for non-recurring charges connected with the hostel.

15

3. Recurring charges. - The house rent is Rs. 360 a year and the Director of Public Instruction recommends a grant of Rs. 180 a year. If rent is recovered from the students at 15 annas a month, the annual net charge to the Municipality on account of the house-rent will be Rs. 135. This sum (instead of Rs. 68 as previously proposed by this department) may perhaps be given as a recurring annual grant from Government.

The position of a hostel is quite different from that of a school. The removal of the restriction at the present juncture will obviously be forcing the pace of reform to which any society, though unfortunately, is not yet prepared. Every hostel that at present exists provides separately for each section and does not throw all the different classes of the community together. The difficulty is not so much in arranging for dormitory and study accommodation, as in eating. In the latter respect each section is accustomed to a particular mode. If there are a sufficient number of that section wanting hostel arrangements, it may be possible to open a separate section for them; but before the number is made up, it will not be practicable to do so, as the hostel maintenance charges are generally divided equally among the boarders, and the fewer the number the prohibitive will be the charges for the individual boarder. The Council's resolution shows that at present the need is with reference to the non-vegetarian caste Hindus. [The hostel

is apparently proposed for non-Brahman caste Hindus only

Ca
12/5/19

The insistence of the condition proposed by Sir Alexander Carrero will put an end to all hostels — perhaps in every country. So far as Educational is concerned, the justification for a hostel is the number of students living without proper guardianship in the locality concerned. In the particular case Edel believes that the amount asked for is very moderate & fully justifies the purposes of a hostel. It is for Govt to consider if the proposal should be vetoed on other considerations
