PAY, ALLOWANCES, &c.

To

THE RIGHT HONOURABLE EDWIN MONTAGU,

His Majesty's Secretary of State for India.

Simla, the 7th June 1918.

SIR,

IN forwarding to us the Report of the Public Services Commission in October 1916 you suggested that we should give early consideration to the recommendations of the Commission regarding the Education Department. You added that the recommendations embodied in Annexure IV to the Commission's Report aimed at removing many anomalies now existing in this service which constituted a source of discontent and appeared to cause embarrassment to Government. We accordingly took under special consideration the recommendations relating to this Department and referred them in October last to the local Governments for opinion together with certain alternative suggestions which we had under our consideration. We have not yet received the opinions of all the local Governments on the recommendations but we hope to be able to reach some conclusion regarding them during the course of the summer.

2. In one particular, however, we propose to take immediate action. The recommendations of the Commission involve the amalgamation of the Indian Educational Service and the Provincial Educational Service and, after this amalgamation has been effected, a division into Class I and Class II, the distinction between which should be based on the type of work to be performed by each officer. The new Class I proposed by the Commission is designed to consist, in the first place, of 264 appointments including (a) the present Indian Educational Service comprising 199 posts whose incumbents would be transferred *en bloc* to the new Class I and (b) posts equal to about one-third of that number to be filled by persons recruited in India either direct or by promotion from the Provincial Service. Our consideration of the proposals of the Commission leads us to conclude that it is unlikely that the number of persons recruited in India who should be amalgamated in the higher class will be less than that recommended by the Commission, and it is not impossible that the number to be so amalgamated will exceed the figure which the Commission suggested. We feel accordingly at liberty to fill up by recruitment in India any vacancies that may now be existing in the Indian Educational Service.

3. There are at the present moment some 37 permanent vacancies in that Service which have been caused mainly by difficulties in recruitment occasioned by the war. As the proposals of the Commission entail the addition of 65 appointments by recruitment in India, we feel that steps ought to be taken at an early date to fill up in this manner as many as possible of the 37 vacancies above referred to. Even if the whole number of these vacancies could be filled by recruitment in India, the full measure of Indian recruitment contemplated by the Commission

would not be reached: and, should the Commission's recommendations in this matter be adopted as they stand, the only rectification subsequently required would be the reduction of the Indian-recruited element in the 65 additional posts by the number now appointed to vacancies ordinarily filled from England. After consulting the local Governments we are at the present moment ready in accordance with their views to recommend the appointment to the Indian Educational Service of the 14 persons mentioned below, namely:—

1. Mr. H. C. Papworth. ✓
2. Mr. K. Ramunni Menon. ✓
3. Mr. W. B. Brierley. ✓
4. Mr. M. M. Ghose.
5. Mr. S. C. Mahalanabis.
6. Mr. J. N. Das Gupta.
7. Dr. D. N. Mallik.
8. Rai Bahadur Dr. P. Chatterji.
9. Rai B. N. Das Bahadur.
10. Sardar Sahib Bhai Hari Singh.
11. Mr. Jadunath Sarkar.
12. Rai Bahadur Bhagavati Sahay.
13. Mr. R. P. Khosla.
14. Rao Bahadur Mahadeo Yashwant Dole.

4. We enclose a brief statement of the status and qualifications of these officers and of the emoluments which they are at present drawing. We recommend that each officer should receive pay on the following lines, namely:—

(a) The European officers should on appointment receive the salary which they would receive under the existing rules. This will apply to the cases of Messrs. Papworth and Brierley.

(b) The Indian officers who are not already members of the Provincial Educational Service should, if they are appointed to the Indian Educational Service by reason of special qualifications obtained in Europe or America, even though at the time of appointment they are resident in India, receive the salary provided for the European officers by the existing rules. In other cases they should receive salary as above subject to article 63, Civil Service Regulations. We are not recommending in the present case the appointment of any Indian officer who is not already in the Provincial Educational Service, but we suggest the acceptance of this rule to govern any cases in which we may hereafter recommend such persons to occupy existing vacancies other than those dealt with in this despatch.

(c) An officer of the Provincial Service acting in the Indian Educational Service is granted an allowance of Rs. 100 a month under article 139, Civil Service Regulations. On the principle embodied in this article the initial pay of the Indian officers now to be promoted from the Provincial Educational Service should (whether they are already acting in the Indian Educational Service or not) be fixed at an amount equal to their present pay plus any allowance of Rs. 150 a month drawn under the orders conveyed in your telegram, dated 25th February 1913 plus Rs. 100. If they are appointed to the Indian Educational Service with reference to 'European qualifications' as defined in clause (b) above, as well as to good work done in the Provincial Educational Service, they should receive annual increments of Rs. 50 per mensem, and in other cases they should receive annual increments of Rs. 33½ per mensem subject, pending

final orders on the reorganization of the Educational Services, to an absolute maximum of Rs. 1,000 per mensem. For the purpose of this rule we recommend that Messrs. Menon, M. M. Ghose, Mahalanabis, Das Gupta, Mallik, Chatterji and B. N. Das should be held to be qualified for increments of Rs. 50 per mensem, but not Messrs. Hari Singh, Jadunath Sarkar, Bhagavati Sahay and M. Y. Dole, who have no European qualifications.

- (d) As an exception to the proposals made in clause (c) Mr. R. P. Khosla who is a member of the Provincial Educational Service in the Punjab, and on his appointment to act in the Indian Educational Service has been exempted from the rule in article 63, Civil Service Regulations, should draw pay as if he had been appointed in England.

• We consider the above proposals for the grant of pay to afford a reasonable scale of emoluments for the present juncture and we suggest that they should be sanctioned by you to have effect pending the introduction of substantive arrangements on the reconstitution of the service. The proposals are put forward to meet the immediate circumstances of the appointments which we are now recommending and are not intended to prejudice any conclusions which we may lay before you when dealing with the general proposals of the Public Services Commission in connection with the Indian Educational Service.

5. We are making further inquiries regarding the remaining vacancies and hope to address you shortly with further proposals for recruitment in India to the bulk of the remaining vacancies at present existing.

We have the honour to be,

SIR,

Your most obedient, humble Servants,

To
THE RIGHT HONOURABLE EDWIN MONTAGU,
His Majesty's Secretary of State for India.

Dated Delhi, the 23rd January 1919.

SIR,

IN continuation of the proposals sanctioned in your telegram of the 5th November 1918, we submit the following supplementary recommendations for the recruitment of candidates to fill certain existing permanent vacancies in the Indian Educational Service. Our previous proposals dealt with 14 such vacancies and we now desire that 18 further vacancies should be filled. We give below a list of names of persons recommended to us by the local Governments concerned in each case, and we suggest that, having regard to the wishes of the local Governments and the qualifications, experience, or approved services of the persons whom they have recommended, favourable consideration should be given to this list. At the same time, we would wish you to consider also the names forwarded with Mr. Seton's letter, dated the 1st October 1918, with reference to our despatch no. 117 (Finance Department) of the 7th June 1918, and also the list of names which have been brought to our notice forwarded to you with that despatch. We enclose a copy of this latter list brought up to date. The names recommended by the local Governments which we desire specially to bring to your notice are as follows:—

1. Mr. N. R. Krishnamma.
2. Mr. S. G. Sathe.
3. Mr. D. S. Savarkar.
4. Mr. K. G. Joshi.
5. Mr. S. N. Moos.
6. Rai P. K. Bose Bahadur.
7. Khan Bahadur Ahsanulla.
8. Mr. B. C. Gupta.
9. Mr. P. C. Mahalanabis.
10. Rai Sahib A. P. Sirkar.
11. Mr. R. S. Weir.
12. Mr. Atma Ram.
13. Mr. J. H. Towle.
14. Mr. G. D. Sondhi.
15. Mr. W. H. F. Armstrong.
16. Mr. W. Douglas.
17. Mr. C. W. Ainley.
18. Rai Sahib K. P. De.

We enclose a brief statement of the status and qualifications of these officers and of the emoluments which they are at present drawing.

2. In accordance with the proposals sanctioned in your telegram of 5th November 1918—

- (i) Messrs. Weir, Armstrong, Douglas and Ainley will on appointment receive the salary which they would receive under the existing rules, Mr. Ainley retaining his personal allowance of Rs. 150 subject to those rules;

- (ii) Mr. Krishnamma, being a member of the Provincial Educational Service, who is being appointed to the Indian Educational Service with reference to European qualifications as well as to good work done in the Provincial Educational Service, will receive his present pay *plus* Rs. 100 and will obtain annual increments of Rs. 50;
- (iii) Messrs. Sathe, Savarkar, Joshi, Bose, Ahsanulla, Sirkar, Atma Ram, and De, being members of the Provincial Educational Service who are being appointed to the Indian Educational Service without reference to European qualifications, will receive their present pay *plus* Rs. 100 and will obtain annual increments of Rs. 33½ subject to an absolute maximum of Rs. 1,000 per mensem.

In the case of Messrs. Gupta, Mahalanabis, Sondhi and Moos, who are officiating in the Indian Educational Service without being members of the Provincial Educational Service, we recommend the application of the rule suggested in paragraph 4 (b) of our despatch no. 117, dated the 7th of June 1918, under which these officers, having been appointed by reason of special qualifications obtained in Europe or America, would receive the salary provided for the European officers by the existing rules. As regards Mr. Towle the Government of the Punjab propose to appoint him as Assistant Director of Public Instruction and to grant him Rs. 800 a month at once with the usual annual increments of Rs. 50 per mensem. Since he is in receipt of Rs. 1,150 per mensem at the M. A. O. College, Aligarh we consider the proposal to be fair and recommend it for your sanction.

3. In the case of the 18 officers above mentioned, the arrangements suggested in paragraph 2 for the grant of pay and increments would, as in the case of the officers dealt with in our despatch of 7th of June 1918, be of an *ad interim* character pending final orders on the reorganisation of the Educational Services, and our proposals in this respect are not intended to prejudice any conclusions which we may lay before you in dealing with the general proposals of the Public Services Commission in dealing with the Indian Educational Service.

4. We would add that there is a vacancy in the post of Professor of Physical and Inorganic Chemistry at the Muir Central College, Allahabad, for which we have been unable to find a suitable candidate. We were informed in Mr. Seton's letter of the 19th January of 1916 that, if no suitable candidate who had specialised in Inorganic Chemistry was available, the Secretary of State desired to leave the post unfilled until the end of the war and it is at present occupied by an officiating officer, Mr. S. C. Deb, of the Provincial Educational Service, who has been in Government service since January 1899. Mr. Deb has as good qualifications for the post as any candidate of whom we are aware in India, but he does not satisfy the requirements of Mr. Seton's letter and we would suggest that a further enquiry might now be instituted in England with a view to obtaining a suitable officer for the post. We would also bring to your notice with reference to this post and likewise the other post in the same college, for the filling of which Rai Sahib A. P. Sirkar is suggested, the name of Mr. Bawa Kartar Singh. His qualifications are already known to you.

We have the honour to be,

SIR,

Your most obedient, humble Servants,

Indian Educational Service. I approve nominations proposed by Local Government, also interim rates of pay as recommended. In view of progress of demobilization it is important that question of resumption of recruitment here for Indian Educational Service should be settled ~~xxxx~~ soon. It is doubtful whether actual recruitment of Europeans here will be possible before Autumn, but very desirable that I should know by end of June at the latest how many and which appointments will have to be filled here with full detail of qualifications and prospects such as might be included in any announcement.

The D.P.T is informed that the Secretary of State has sanctioned the confirmation of M.R.Ry N.R. Krishnamma avargal in the Indian Educational Service. This sanction has effect from the 14th May 1919, the date on which the orders of the Secretary of State were received in India. The Director is requested to submit the necessary draft notification for publication in the Port St. George Gazette.
