For the Reg.

206 copies of the publication "Indian Education (1917-18)" have as usual been received from the Supdt., Govt. Printing, India. There has been no covering letter: the invoice accompanying the parcel of books has been acknowledged. These copies are intended for the local Govt. & for distribution outside the Educational Service: copies intended for the latter are usually got direct by the D.P.D.

2 The 206 copies have to be distributed now by the Educational Section as per decision in the papers with G.O. No. 869 Ed. 2, dt. 29th June 1917. The usual distribution will be found appended to G.O. No. 87 Home (Misc.), dt. 25th Aug. 1916. But this list, it is observed, leaves only four copies for the Ed. 2 Section and does not provide specifically for H. E. H. M's & officers in the Home Dept. It is difficult to find copies for H. E. & H. M's from the 4 copies allotted to "Education". If appld., 4 copies may be set free by curtailing the no. for the marginally noted officers from 2 to 1. These officers cannot have constant work for
