Karanthai Tamil Sangam (Registered)

Karanthattangudi, 1-11-18.

From

The President,

Karanthai Tamil Sangam,

T A N J O R E.

To

The Secretary to the Government of Madras,

M A D R A S.

Sir,

With reference to G.O. No.1271 of 23-9-18

and in continuation of my letter dated 1-10-18, I have the honour to furnish herewith a list of the Government Publications required for the Sangam and to request that the Government will be pleased to order the supply of these publications free to this Sangam or at the lowest possible concession rate as the Government can grant.

As it will also be observed from the last annual report sent with my letter of 1st September, 1918, this Sangam in spite of its limited means, maintains a free Elementary School and a Free Reading Room & Library and is doing what it can to develop the intellectual, moral and material progress of the people and to encourage historical and research work, the grant by Government of this request for this free supply of the Government Publications will help the Sangam much in its endeavours for the attainment of its objects.

In this connection I beg to invite a reference to G.O. No. 224 of 9th Feb 1917 by which the Government was pleased to approve of the proposal of the Tanjore Municipality to grant a sum of Rs 100/- for the Sangam Free Reading Room.

The list herewith sent gives only the publications in Government Press, Madras. I am getting out

a list of works required from other Presidencies and the Government of India and shall send it in due course for the order of Government.

Sir,

p. 17 ante

With reference to Government Memorandum No. 10813, dated 16th January 1919, regarding the Karanthai Tamil Sangam, I have the honour to enclose a statement showing the financial position of the sangam, received from the President of the sangam, from which it would be seen that the closing balance of the sangam for 1918-19 is Rs.1,868-1-7.

2. The main object of the sangam is to revive and improve the Tamil language. The sangam is at present maintaining a free primary school and a free reading room and library in addition to arranging for periodical lectures and for publications of literary tracts. It hopes to raise the

free primary school to the position of an academy at no distant date when scholars will be sent up for the Oriental Titles Examinations. Research work and the publication of the ancient South Indian History of the Tamils seem to be engaging the attention of the sangam. To achieve these objects the sangam wants archaeological, Epigraphical and antiquarian publications of Government. Also as a fair knowledge of English is expected of scholars - appearing for the Oriental Titles Examinations and as they are also expected to possess a critical knowledge of South Indian History and monumental records, the sangam is trying to found a library of Tamil and English books bearing upon this branch of Tamil historical learning and research.

3. The members of the Sangam are mostly non-brahmins drawn from land holders, merchants, vakils, Government servants etc.

4. The sangam is making some progress but it will take, I think, some time before their proposed academy will come into being. They might perhaps be given Nos. 1 to 6, 8 to 16, 19, 21, 24, 25, 26, 31, 32, 34, 35, 37, 39 in their list.

For the Registrar

Please see Secretary's remarks at foot of the notes on p 7 of S. G. no 1271 dt 23. 9. 18
The only question for consideration now is whether any or all of the publications required by the President, Karanthai Tamil Sangam can be supplied to him at concession rates.

Before coming to a decision on this point, it seems ~~advisable~~ advisable to ascertain from the Superintendent, Govt Press, ^{Chennai} ~~the~~ ^{whether} whether any of the publications mentioned in the President's list are held in large stock and if so to specify them.

As regards the rate ^{at} which the prices may be reduced, attention is invited to para 3 of G.O. no 163 Ed. 189-2-16 in which the S.G.P. was requested to reduce, as far as possible, the sale prices of the surplus copies of the publications relating to the Educational Dept. 2. Except in the case of items marked A on page 6 CF, the S. G. P has got with him different stock of the publications and a copy of each of them may perhaps be sold to the Sangam. It is however for consideration whether any concession rate should be allowed and if so whether the rate of 25% of the existing price & suggested by Home (35%) will be accepted.

A

What are the grounds for a concession rate? Is the Sangam a poor but meritorious body? I see that it claims to have many 'gentlemen of position' on its rolls. Or have got so large a stock of ~~the~~ books in question that they cannot hope to sell them?

B

How do the sale prices fixed by the press compare with cost price?

18.11.18

For the As

Position A alone: The grounds for a concession rate seem to be (i) the laudable objects of the Sangam as ~~mentioned~~ ^{in para 3 of the memorandum of the As} detailed in the rules of the Sangam attached to the current file in G.O. 1271 (Hmcl Edn) 8.23.9.18

(G)

and (ii) want of sufficient funds to carry out its objects - see page 2 of CF info quoted above also page 1 CF. ^{It is stated that} ~~there~~ there are many gentlemen of position on the rolls of the Sangam, ^{but} it is ^{also} stated that the funds of the Sangam are not adequate and that in spite of the limited means, it is maintaining a free elementary school and a free reading room & library and is doing what it can to develop the intellectual, moral & material progress of the people and to encourage ~~the~~ historical & research work. ~~There is no information~~ No other information is available in this Dept.
