Government  of Madras

G.O. No. 741, 13th June 1919

READ—the following papers:—

ABSTRACT.—Sanctioning, with remarks, the proposals of the Director of Public Instruction for the opening of new high schools and middle schools under the management of local bodies.

II

No.—R. C. 3501.

5. *Recurring contingencies.*—In connexion with the opening of a higher form last year, each school was given a non-recurring sum of Rs. 1,100 plus Rs. 740 for recurring expenses. To this latter amount I propose to add Rs. 100 as only one additional class is to be opened.

6. *Equipment*.—The demands under this head will be separately scrutinized in connexion with the distribution of the special allotment of one lakh provided in the current year's budget for the equipment of secondary schools under the management of local bodies.

7. *Accommodation*.—There remains the question of accommodation. The Inspectors of Schools report that steps are being taken by the local bodies concerned to provide the necessary additional accommodation, and I have recommended the opening of a higher form in the hope that these arrangements will have been completed by the time the schools reopen after the summer vacation or that adequate temporary provision will be made available.

8. *Financial aspect*.—It may be pointed out that in six out of the seventeen schools the higher form is expected to work at a profit and that the net cost of the remaining schools is estimated at Rs. 2,517 only, for nine months of the current year, assuming that these proposals will be sanctioned with effect from 1st June next. Should local bodies apply for an advance towards meeting the additional expenditure involved, it will be sanctioned by the Director in connexion with the adjustment of the net cost of the schools concerned for 1918-19. The expenditure will come out of Rs. 2.09 lakhs provided in the current year's budget under 22-E. Education—Government Schools, General—(iii) Payment in support of local bodies.

9. I request the favour of very early orders on these proposals as sufficient time has to be allowed beforehand so that the management may be able to secure the necessary staff and so that parents may know whether or not the additional form is to be opened.

To save time, I am in anticipation of the sanction of Government requesting local bodies to make the necessary preliminary arrangements especially under accommodation in connexion with the opening of higher forms.

Order—No. 741, Home (Education), dated 13th June 1919.

The Government sanction, subject to the modification mentioned below, the proposals submitted by the Director of Public Instruction for opening a new higher form in each of the seventeen secondary schools mentioned in the statement appended to his letter, with effect from the 1st June 1919 or such later date as that on which the school reopens after the long vacation.

2. In lieu of the proposal made by the Director a clerk on a pay of Rs. 20 per mensem only is sanctioned for each of the institutions, except the Municipal High school, Adoni, which already employs a clerk.

3. The total net cost due to the opening of the fourth and fifth or the fifth and sixth forms in the last and in the current year, as the case may be, in each institution will be borne by Government.

From the Director of Public Instruction, dated 24th May 1919, R.O.C.
No. 3501.

HOME (EDUCATION) DEPARTMENT.

With reference to paragraph 2 of G.O. No. 757, Home (Education), dated 11th June 1918, the Director of Public Instruction submits proposals for the opening of higher forms in each of the 17 newly-opened secondary schools under the management of local bodies. Four out of these 17 schools (Narasaraopet, Repalle, Arni and Dharmapuri) have already form V in them, while the rest have only form IV [page 2 of notes to G.O. No. 757, Home (Education), dated 11th June 1918.] It is now proposed to open form VI in each of the former and form V in each of the latter. The proposals are examined below.

2. *Staff.*—In schools in which form V is to be opened, the Director proposes the employment of an additional teacher on Rs. 80 per mensem each, except in the case of the schools at Gudivada, Pattuköttai, Udipi and Adoni where the services of the headmasters of the old middle schools are to be utilized for the new classes. Where form VI is to be opened, an additional teacher on Rs. 90 per mensem is proposed. The pay proposed for the new assistants is the minimum in the progressive scale recommended by the Director of Public Instruction in his letter No. R.O.C. 7968, dated 21st April 1918, printed on page 3 of G.O. No. 757, Home (Education), dated 11th June 1918. The general scale shown therein has already been sanctioned by Government in the case of the staff employed in Tiruppattūr, Bellary, Harpanahalli, Kurnool and Cuddapah High Schools. The rates of pay suggested for the new teachers appear to be moderate and may be approved. The Director also recommends the employment of a pandit on Rs. 30 per mensem in each of the two schools at Gudivada and Pattukottai and of a Telugu pandit and a Sanskrit pandit on Rs. 30 per mensem each, in the Repalle school. This may be accepted. The pay proposed for pandits by the Director of Public Instruction in 1918 was Rupees 30—2—40 [G.O. No. 757, Home (Education), dated 11th June 1918].

3. *Establishment.*—The Director of Public Instruction suggests the employment of a clerk on Rs. 25 per mensem in each of the 17 schools. The necessity for their employment is explained in paragraph 4 of his letter on page 1, current file. This may also be accepted. In 1918, the Director of Public Instruction proposed a scale of Rs. 25—1 (biennial)—30 per mensem for the clerks to be employed in High Schools.

4. *Contingencies*.—In connexion with the opening of a higher form last year, Government sanctioned a sum of Rs. 740 for contingencies for each of the 17 schools. The Director now proposes to allot an additional sum of Rs. 100 for each school in view of the opening of a new class in each. This may be approved.

5. *Equipment*.—The Director states that the demand of each school under this head will be separately considered in connexion with the distribution of the lump provision of one lakh in the current year's budget for the equipment of secondary schools under the management of local bodies.

6. *Extra cost*.—The extra cost involved, if the proposals are approved, is, according to the Director's estimate, Rs. 2,517 in the current year. In arriving at this figure, the Director of Public Instruction has left out of account 10 per cent of the probable income from fee collections, as only half fees will be levied from students of the backward classes. The estimated extra cost can be met from the provision of Rs. 2.09 lakhs in the budget estimate for 1919-20 under 22.—E. Education—Government schools, General—for payment in support of local bodies.

7. A draft order is submitted. If approved, it may be sent to Local and Municipal and Financial Departments for acceptance.

FINANCIAL DEPARTMENT.

In paragraph 2 of G.O. No. 757, Home (Education), dated 11th June 1918, the Government sanctioned the proposal of the Director of Public Instruction to raise to the grade of complete high schools seventeen of the existing incomplete secondary schools under the management of local bodies. The addition of one new form in each school was then sanctioned from July 1918, and it was stated that the process would be repeated in succeeding years till the status of the school was fully raised [paragraph 2 (i) on page 6 of G.O. No. 757, Home (Education), dated 11th June 1918]. The Director of Public Instruction now submits proposals for opening an additional form in each of the seventeen schools—VI form in 4 schools and V form in the rest. The details are examined below.

2. *Staff*.—For the new form V, an additional teacher on Rs. 80 is proposed, while for the new form VI, one on Rs. 90 is provided. On page 18 of notes to G.O. No. 757, Home (Education), dated 11th June 1918, the Financial Department accepted Rs. 80 as the minimum pay for a B.A., L.T. As regards the VI form teacher, Rs. 90 is proposed probably to secure an experienced teacher, and this scale was accepted in G.O. No. 182, Home (Education), dated 12th February 1919

for the Harpanahalli High School. The rates of pay proposed may accordingly be accepted.

The proposal to employ four pandits on Rs. 30 for three of the schools, and a clerk

I think we should first ascertain what clerical establishment each of these schools has.

for each school to meet the extra work consequent on the extension of the secondary school-leaving certificate scheme to the school may be accepted. The pay proposed for the clerk is Rs. 25.

There is no information as to what pay is drawn by the existing clerk in each school.

If a clerk is allowed.

J.M.H.—4-6-19.

It seems sufficient for the present to sanction Rs. 20 for each clerk.

J.M.H.—4-6-19.

3. *Recurring contingencies*.—Rupees 100 for each school seems reasonable and may be accepted.

4. It is proposed to give effect to the scheme from the 1st June. Last year, the additional form was opened only in July, and as the academical year commences in July,

Yes.

N.E.M.—5-6-19.

it is not clear why effect is to be given in June in the current year. It is submitted that it seems sufficient if the additional form is opened in July 1919.

5. *Subsidy*.—The Director of Public Instruction proposes to pay to each local body a subsidy of the net cost of opening the additional form. The details are worked out on pages 3-7, current file. It will be seen that in six cases, the opening of an additional form results in a saving to the local body. The total subsidy payable in other cases is Rs. 2,517. If, however, the proposals in paragraphs 2 and 4 above are accepted, the subsidies payable to the district boards aggregate only Rs. 730. In the

case of schools which profit by the opening of an additional form, it is submitted that the profits should be taken in deduction of the subsidy, if any, payable in respect of the additional form sanctioned

last year. The two schemes are essentially one and only the net loss due to both the additional forms (opened last year and to be opened in the current year) should be met by Government. The probable profit to the district boards is Rs. 2,041. It is therefore not likely that there will be any extra expenditure in the current year.

From the Director of Public Instruction, R.C. No. 3501, dated 24th May 1919.

In his letter R.C. No. 3501, dated 24th May 1919, the Director of Public Instruction recommends the opening of a higher form in each of the 17 high schools mentioned in annexure I to G.O. No. 757, Home (Education), dated 11th June 1918, with effect from the 1st June 1919. It is observed that last year sanction was accorded to the opening of a new form in each of the institutions only with effect from the 1st July. The Director of Public Instruction may be asked whether it will not be sufficient to give effect to the proposals made in his letter read above, from the 1st July next.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

Schools in different parts of the Presidency reopen after the long vacation at different times. Some of those on the West Coast are already open, while those on the East Coast will not open until late in the month. If the higher form is not to be opened as soon as the school reopens after the vacation, promotions cannot be made to the higher form to be opened and not only shall we have congestion in the present highest form but the boys will waste their time until the 1st of July. The Government Order might read "with effect from the 1st of June or such later date as that on which the school reopens after the long vacation." As regards finance, since the net cost is to be borne by Government and the amount to be placed initially at the disposal of the local body is only one-half of the net additional recurring expenditure (I write from memory, the main file is not with me), adjustment is always possible.

HOME (EDUCATION) DEPARTMENT.

With reference to 'A' in paragraph 2 of the Financial note on page 2 ante, Local and Municipal states that the Municipal High School, Adōni, alone employs a clerk and that his pay is Rs. 20 per mensem.

2. A revised draft order sanctioning a clerk on Rs. 20 per mensem for each of the institutions except the Municipal High School at Adōni is submitted. The date from which the proposals are to take effect has been altered as suggested by the Director of Public Instruction. The sentence regarding the net cost to be borne by Government on account of the opening of higher forms in the schools, has also been modified in the sense of the Financial note at 'B' on page 3 supra.

3. The revised draft order, if approved, may be sent to Financial for acceptance. The Director has asked for very early orders on his proposals. Financial may therefore be requested to treat this as very urgent.

It is not however clear, how it was found possible to overlook these objections when sanctioning the proposals of last year—vide paragraph 2 on page 6 of G.O. Opening of higher forms

- Sanctioning, subject to certain modifications, the proposals of the Director of Public Instruction for the — in the secondary schools opened under the scheme sanctioned in G.O. No. 757, Home (Education), dated 11th June 1918.

READ—the following papers:—

I
G.O. No. 757, Home (Education), dated the 11th June 1918.

ABSTRACT.—Sanctioning, with remarks, the proposals of the Director of Public Instruction for the opening of new high schools and middle schools under the management of local bodies.

II
Letter—from the Hon'ble Mr. R. LITTLEHAILES, M.A., Acting Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department.

Dated—the 24th May 1919.

No.—R. C. 3501.

While sanctioning the Director's proposals for the opening of a higher form in some of the middle schools under the management of local bodies, Government observed in paragraph 2 of their Order No. 757, Home (Education), dated 11th June 1918, that this process would be repeated in succeeding years till the schools were raised to the grade of complete secondary schools. Agreeably to the above Government Order I have the honour to submit proposals for the opening of forms V or VI, as the case may be, in the seventeen new high schools (the Board High school at Madanapalle being excluded).

2. Details regarding the existing classes and the strength of each, the next higher form proposed to be opened with its probable strength, the approximate fee income and recurring charges and the net cost are given in the annexure to this letter. From this it will be observed that form VI is proposed to be opened only in four schools and form V in the rest.

3. Staff.—Where form V is proposed to be opened an additional teacher on Rs. 80 has been provided and in the case of form VI one on Rs. 90. As suggested by the Circle Inspectors concerned a pandit on Rs. 30 is recommended for each of the schools at Gudivada and Pattukottai while two pandits (Sanskrit and Telugu) on Rs. 30 each are proposed for Repalle. I have not provided for incremental rates of pay, as this question will be considered separately in connexion with the proposals called for in Government Memorandum No. 2112-A-2, dated 4th September 1918.

4. Establishment.—I have allowed a clerk on Rs. 25 for each of the seventeen schools in view of the clerical work involved in the opening of the higher form and the consequent extension of the secondary school-leaving certificate scheme in particular.

No. 3501.

HOME (EDUCATION) DEPARTMENT.

With reference to paragraph 2 of G.O. No. 757, Home (Education), dated 11th June 1918, the Director of Public Instruction submits proposals for the opening of higher forms in each of the 17 newly-opened secondary schools under the management of local bodies. Four out of these 17 schools (Narasaraopet, Repalle, Arni and Dharmapuri) have already form V in them, while the rest have only form IV. pages 2 of notes to G.O. No. 757, Home (Education), dated 11th June 1918. It is now proposed to open form VI in each of the former and form V in each of the latter. The proposals are examined below.

2. *Staff.*—In schools in which form V is to be opened, the Director proposes the employment of an additional teacher on Rs. 80 per mensem each except in the case of the schools at Gudivada, Pattukottai, Udipi and Adoni where the services of the headmasters of the old middle schools are to be utilized for the new classes. Where form VI is to be opened, an additional teacher on Rs. 90 per mensem is proposed. The pay proposed for the new assistants is the minimum in the progressive scale recommended by the Director of Public Instruction in his letter No. R.O.C. 7968, dated 21st April 1918, printed on page 3 of G.O. No. 757, Home (Education), dated 11th June 1918. The general scale shown therein has already been sanctioned by Government in the case of the staff employed in Tiruppattūr, Bellary, Harpanahalli, Kurnool and Cuddapah High Schools. The rates of pay suggested for the new teachers appear to be moderate and may be approved. The Director also recommends the employment of a pandit on Rs. 30 per mensem in each of the two schools at Gudivada and Pattukottai and of a Telugu pandit and a Sanskrit pandit on Rs. 30 per mensem each in the Repalle school. This may be accepted. The pay proposed for pandits by the Director of Public Instruction in 1918 was Rupees 30—2—40. G.O. No. 757, Home (Education), dated 11th June 1918.

3. *Establishment.*—The Director of Public Instruction suggests the employment of a clerk on Rs. 25 per mensem in each of the 17 schools. The necessity for their employment is explained in paragraph 4 of his letter on page 2, current file. This may also be accepted. In 1918, the Director of Public Instruction proposed a scale of Rs. 25—1 (bennial)—30 per mensem for the clerks to be employed in High Schools.

Order—No. 741, HOME (EDUCATION), dated 13th June 1919.

The Government sanction, subject to the modification mentioned below, the proposals submitted by the Director of Public Instruction for opening a new higher form in each of the seventeen secondary schools mentioned in the statement appended to his letter, with effect from the 1st June 1919 or such later date as that on which the school reopens after the long vacation.

2. In view of the proposal made by the Director a clerk on a pay of Rs. 20 per mensem only is sanctioned for each of the institutions, except the Municipal High School, Adoni, which already employs a clerk.

3. The total net cost due to the opening of the fourth and fifth or the fifth and sixth forms in the last and in the current year, as the case may be, in each institution will be borne by Government.

2 **NOTES TO G.O. No. 741, HOME (EDUCATION), 13TH JUNE 1919**

4. *Contingencies.*—In connexion with the opening of a higher form last year, Government sanctioned a sum of Rs. 740 for contingencies for each of the 17 schools. The Director now proposes to allot an additional sum of Rs. 100 for each school in view of the opening of a new class in each. This may be approved.

5. *Equipment.*—The Director states that the demand of each school under this head will be separately considered in connexion with the distribution of the lump provision of one lakh in the current year's budget for the equipment of secondary schools under the management of local bodies.

6. *Extra cost.*—The extra cost involved, if the proposals are approved, is, according to the Director's estimate, Rs. 2,517 in the current year. In arriving at this figure, the Director of Public Instruction has left out of account 10 per cent of the probable income from fee collections, as only half fees will be levied from students of the backward classes. The estimated extra cost can be met from the provision of Rs. 2.09 lakhs in the budget estimate for 1919-20 under 22. E. Education—Government schools, General—for payment in support of local bodies.

7. A draft order is submitted. If approved, it may be sent to Local and Municipal and Financial Departments for acceptance.

FINANCIAL DEPARTMENT.

In paragraph 2 of G.O. No. 757, Home (Education), dated 11th June 1918, the Government sanctioned the proposal of the Director of Public Instruction to raise to the grade of complete high schools seventeen of the existing incomplete secondary schools under the management of local bodies. The addition of one new form in each school was then sanctioned from July 1918, and it was stated that the process would be repeated in succeeding years till the status of the school was fully raised (paragraph 2 (i) on page 6 of G.O. No. 757, Home (Education), dated 11th June 1918. The Director of Public Instruction now submits proposals for opening an additional form in each of the seventeen schools—VI form in 4 schools and V form in the rest. The details are examined below.

2. *Staff.*—For the new form V, an additional teacher on Rs. 80 is proposed, while for the new form VI, one on Rs. 90 is provided. On page 18 of notes to G.O. No. 757, Home (Education), dated 11th June 1918, the Financial Department accepted Rs. 80 as the minimum pay for a B.A., L.T. As regards the VI form teacher, Rs. 90 is proposed probably to secure an experienced teacher, and this scale was accepted in G.O. No. 182, Home (Education), dated 12th February 1919

for the Harpanahalli High School. The rates of pay proposed may accordingly be accepted.

The proposal to employ four pandits on Rs. 30 for three of the schools, and a clerk

for each school to meet the extra work consequent on the extension of the secondary school-leaving certificate scheme to the school may be accepted. The pay proposed for the clerk is Rs. 25.

There is no information as to what pay is drawn by the existing clerk in each school.

If a clerk is allowed.

It seems sufficient for the present to sanction Rs. 20 for each clerk.

3. *Recurring contingencies.*—Rupees 100 for each school seems reasonable and may be accepted.

4. It is proposed to give effect to the scheme from the 1st June. Last year, the additional form was opened only in July, and as the academical year commences in July,

it is not clear why effect is to be given in June in the current year. It is submitted that it seems sufficient if the additional form is opened in July 1919.

J.M.H.—4-6-19.

Yes.

N.E.M.—5-6-19.

5. *Subsidy*.—The Director of Public Instruction proposes to pay to each local body a subsidy of the net cost of opening the additional form. The details are worked out on pages 1-6 current file. It will be seen that in six cases, the opening of an additional form results in a saving to the local body. The total subsidy payable in other cases is Rs. 2,517. If, however, the proposals in paragraphs 2 and 4 above are accepted, the subsidies payable to the district boards aggregate only Rs. 730. In the

case of schools, which profit by the opening of an additional form, it is submitted that the profits should be taken in deduction of the subsidy, if any, payable in respect of the additional form sanctioned

last year. The two schemes are essentially one and only the net loss due to both the additional forms (opened last year and to be opened in the current year) should be met by Government. The probable profit to the district boards is Rs. 2,041/- vide statement at flag F. It is therefore not likely that there will be any extra expenditure in the current year.

A draft u.o. note to the Director of Public Instruction about the date from which the proposal should have effect is submitted for approval.

2. The file may be sent (u.o.) to Local and Municipal with reference to A in paragraph 2 of the Financial note above. That department may be requested to furnish the information required by Financial, i.e., what clerical establishment, if any, each of the schools included in the present proposals has, and what pay the existing incumbents draw.

From the Director of Public Instruction, R.C. No. 3501, dated 24th May 1919.

In his letter R.C. No. 3501, dated 24th May 1919, the Director of Public Instruction recommends the opening of a higher form in each of the 17 high schools mentioned in annexure I to G.O. No. 757, Home (Education), dated 11th June 1918, with effect from the 1st June 1919. It is observed that last year sanction was accorded to the opening of a new form in each of the institutions only with effect from the 1st July. The Director of Public Instruction may be asked whether it will not be sufficient to give effect to the proposals made in his letter read above, from the 1st July next.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

Schools in different parts of the Presidency reopen after the long vacation at different times. Some of those on the West Coast are already open, while those on the East Coast will not open until late in the month. If the higher form is not to be opened as soon as the school reopens after the vacation, promotions cannot be made to the higher form to be opened and not only shall we have congestion in the present highest form but the boys will waste their time until the 1st of July. The Government Order might read "with effect from the 1st of June or such later date as that on which the school reopens after the long vacation." As regards finance, since the net cost is to be borne by Government and the amount to be placed initially at the disposal of the local body is only one-half of the net additional recurring expenditure (I write from memory, the main file is not with me), adjustment is always possible.

R. LITTLEHAILES—6-6-19.

HOME (EDUCATION) DEPARTMENT.

With reference to 'A' in paragraph 2 of the Financial note on page 1 ante, Local and Municipal states that the Municipal High School, Adōni, alone employs a clerk and that his pay is Rs. 20 per mensem.

2. A revised draft order sanctioning a clerk on Rs. 20 per mensem for each of the institutions except the Municipal High School at Adōni is submitted. The date from which the proposals are to take effect has been altered as suggested by the Director of Public Instruction. The sentence regarding the net cost to be borne by Government on account of the opening of higher forms in the schools has also been modified in the sense of the Financial note at 'B' on page 1 supra.

3. The revised draft order, if approved, may be sent to Financial for acceptance. The Director has asked for very early orders on his proposals. Financial may therefore be requested to treat this as very urgent.

FINANCIAL DEPARTMENT.

Please see Financial Department's notes on page 1 ante.

2. Clerical establishment for the schools (paragraph 2 on page 1 ante). It is now proposed to sanction a clerk on Rs. 20 per mensem in each of the schools, except Adōni, where there is already a clerk on Rs. 20. Submitted that this may be accepted.

J.M.H.—13-6-19.

N.E.M.—13-6-19.

3. Date of introduction of the scheme (paragraph 4 on pages 5-6 ante). It was suggested in this department's note on pages 5-6 ante that it would be sufficient to open the additional form in July 1919. The Director of Public Instruction is not in favour of this later date for the reasons given in his u.o. note on pages 9-10 ante. It is not, however, clear how it was found possible to overlook these objections when sanctioning the proposals of last year—vide paragraph 2 on page 6 of G.O. No. 757, Home (Education), dated 11th June 1918. As the Director of Public Instruction's proposal seems to be convenient from an administrative point of view, Financial need not, it is submitted, demur to the alteration proposed by the Director.

J.M.H.—13-6-19.

Very well.

N.E.M.—13-6-19.

4. Subsidy (paragraph 5 on pages 1-2 ante). The Home Department have agreed to the view taken by Financial at B on page 1 ante—cf. also paragraph 3 of the draft.

5. Subject to orders on paragraph 3 above the draft may, it is submitted, be accepted.
