To The Secretary to the Government of Madras,

HOME (EDUCATION) Department.
/Through the Accountant-General, Madras/.

Sir,

M. R. Ry. C. Masilamony, Mechanic, in the Presidency College, Madras, states that he entered the Physics Department of the College as a Mechanic on a progressive salary of Rs.50-5-75 in 1900, that he has been drawing the maximum of the scale for the last 14 years, that during this period there have been great changes in the country in the conditions of life, that the prices of foodstuffs and clothing have increased enormously and that the cost of

living has more than doubled. It is stated also that the rise of small industries and arts in this country has created a demand for mechanical workmen so much so that their wages have increased and that the work of the college mechanic has increased in volume as well as in complexity owing to the development of the college and the introduction of the new courses. In these circumstances the mechanic requests ^{either} that his pay may be increased or that he may be granted a personal allowance. Both the Professor of Physics (Mr. Jones) and the Principal have supported the request. For my part I am not inclined to recommend any increase in the pay of the post, but I beg to commend to the favourable consideration of Government the proposal to grant the present incumbent a compensatory ^{personal} allowance of Rs.15 per mensem since the conditions for its grant laid down on page 320 of the Madras Supplement to the Civil Service Regulations are satisfied in his case.

2. The sanction may have effect from 1st June 1919 and the extra cost amounting to Rs.135 during the current year can be met from the anticipated savings in the provision for 'salaries' under 22 C- Education - Colleges - General.

I have the honour to be,

Sir,

Your most obedient Servant,

for Director of Public Instruction.

an allowance of Rs. 15 per mensem.

2 Please see rule II (2) (ii) at page 320 of the Madras Supplement to the b. S. R. which lays down that a personal allowance of at a progressive rate is preferable to a fixed allowance in the case of an officer who has still several years to serve before retirement. The mechanic is now ^{only} 43 years old and has put in a service of 19 years. Perhaps we may agree to a scale of Rs. $(6 - \frac{3}{2} - 15)$ of ~~monthly~~ which he will reach the maximum in 6 years, when he will have completed 25 years of service. The allowance may have effect from 1.6.19 - vide Att. para: 2, p 257.
