Through the Manager.

The humble representation of T. Bapirazu clerk, -
Superintending Engineer's Office, Bezwada.

Most Honoured Sir;

I humbly and most respectfully beg
to bring the following few lines for your honour's kind --
consideration and favourable disposal.

I passed the late Middle School Examination in 1st
class and entered into public service in the year 1892 as a
temporary clerk on Rs. 15/-. Since then, I was several times
recommended ^{for} for a permanent post for over 2 years but un-
fortunately to me, I could not secure a permanent appointment
in the Department before 1894, when the Educational rules -
were altered and the Matriculation Examination was fixed to
be the standard to qualify candidates for admission into ---
public service. There was however a concession then shown
that this ruling would not affect the persons who were holding
the permanent appointments prior to 1894, but as I had not one
at the time, the revised Educational rules debarred me from -
being employed as a permanent clerk in the Department. The case
was therefore brought up for the special consideration of the
Government along with those of some other clerks who were ---
standing on the same lines, to appoint us on Rs. 15-20 grade
and the Government were pleased to inform that our cases would
be considered when permanent appointments were offered. In
1895 I was granted a permanent clerk's place on Rs. 15-20 and
the Government were pleased to exempt me for this grade in
their Order No. 276 W dated 5-2-1895. Notwithstanding my -
continuous hard and satisfactory work in the Department, I -

I could not be promoted to a higher grade since the Educational rules would not permit the same and a good number of my juniors had passed over me till 1901 when Mr. J.S. Wilson the then ---- Executive Engineer of Kistna Eastern Division, took up my pitiable case and recommended to the Government to grant a further exemption to appoint me in the next higher grade, which the Government were kind enough to accord in their Order No. 1217 W. dated --- 1-5-1901, and I was accordingly promoted to Rs. 20-30 grade in which I am still working. In 1902 a co-clerk of mine who had met with a similar misfortune as myself, applied for a general exemption from Examination rules and the same was granted in -- G.O. No. 3182 W, dated 15-11-02. Whereupon, I represented my case to W.J.J. Howley Esquire the then Executive Engineer of Kistna Eastern Division and he was kind enough to recommend to the authorities in his No. 295 S.E. dated 12-9-1903 to grant me general exemption from Examination rules as I had served the Government for over 11 years by that time. This had, unfortunately to me, not met with the approval of the Chief Engineer - who was pleased to inform in his memo No. 4735 C, dated 3-11-1903 that there were no special grounds to recommend the case to the Government. From that time up to the present (i.e) for nearly 16 years or for over 18 years on the whole, I have been in the same grade drawing Rs. 30/- only, notwithstanding my hard and satisfactory work in the Department, while a large number of my still younger juniors have had the opportunity of passing over me and are drawing higher salaries. In this respect, I humbly and most respectfully beg to represent that I can put forth no special grounds for granting my prayer than the facts that ----

- (1) I was a qualified person to hold all grades of clerks' posts when I entered into the public service.
- (2) I was recommended for permanent footing several times before the Educational rules were altered.
- (3) I have been continually serving the Department since my entertainment, without break of service.
- (4) It is impossible for me now after 28 years official service, to attempt to pass higher examinations.

3

(5) My work in the Department has been continually satisfactory and highly praised of by the authorities and I stand in no way inferior to my juniors in point of work, which the enclosed copies of testimonials go to prove.

(6) Having served the Department for over 28 years I have not been fortunate enough to secure a higher salary in the Department though, I submit, my work recommends it and I deserve the same.

In fine, I humbly and most earnestly beg to attempt once more, after a period of 16 years, to approach the authorities, with my humble prayer to grant me a further exemption from Examination rules to qualify me to rise up to higher grades as any such rise after a service of 28 years in the Department, --- would greatly help this poor servant in his latter days of service and result to add as much as possible to my pension, though I am yet strong enough to work for some more years. -

For the above act of kindness I, as in duty bound, shall ever pray the authorities and the benevolent Government.

I humbly beg to remain,
Most Honoured Sir,
Your most obedient servant,
Bapusaheb
Clerk P.E.D.

VIII.

T. Bapirazu Pantulu was my head clerk from the creation of the Gudivada Sub Division in January until I handed over charge last month. Within a very few weeks after starting he had the office in almost perfect order though he was practically without

assistance and had no proper office premises. At the time of handing over owing to the methodical way in which every thing had been kept there was not the slightest difficulty though for nearly three months previously I had held the charge of another Sub Division in addition to my own and had been obliged to have ~~have~~ everything to my clerk, seldom or never visiting my head quarters. Every book required to be maintained in the office had been kept up to date and all accounts were in perfect order. The clerk is neat, methodical, regular and prompt. I found him absolutely trustworthy. I shall be glad at any time to hear that he has obtained promotion which I am sure he will deserves. I feel quite sure he will give satisfaction to whoever he serves under, as his intelligence is considerably above the average.

(Sd) P.H. England, A.M., I.E.E.

IX.

T Bapirazu Pantulu has been my Sub Division clerk for the last 7 months in Gudivada Sub Division and I am glad to certify that I have not had a single occasion to find fault with his conduct. As for his capacity and intelligence in the management of office and in keeping of accounts etc he should be classed under the select few who are best fitted ~~xxx~~ for the work. It is only very unfortunate that he cannot be promoted to higher grades --- without exemption from examination rules.

Supervisor P.W.D. 4-4-1907.

2. The petitioner requests that he
may be exempted from exami-
nation rules. A similar request
was made by him in 1903 and it
was refused (vide memo No. 4735 C
of 3.11.03.

3. The petitioner has passed
the old Middle School examina-
tion in the I class. He was appointed
as a temporary clerk in 1892 i.e. before
the rules prescribing the matriculation
examination as the minimum
qualification for public service came
into force (in 1894). The petitioner
was made permanent in 1895,
after being ^{partially} exempted from examina-
tion rules. Had he been ^{made} appointed
permanent prior to 1894, ~~all these~~
~~exceptions would not have been~~
~~necessary~~ ^{he} ~~and the petitioner~~ would
have risen to higher grades of pay
in the usual ^{without any exemption} course. The peti-
tioner has put in about 28 years

The delay in the disposal
is due to the fact that the
M.R.O. had to be con-
sulted in regard to certain
old papers referred to in
the petition

service and has ~~uniformly~~ ^{consistently} earned
uniformly good reports. The S.E.
also reports very favourably about
him. ^{He} ~~It~~ appears to have been
^{the same as 1-} drawing Rs. 30 for the past 13 or
14 years. In these circumstances
and in view of the fact that the
petitioner will ^{have to} retire in a few
years, he may perhaps be
recommended for exemption
up to Rs. 50. If approved, the
