Coimbatore, dated 8-3-1919.

To

The Chief Engineer,

Public Works Department,

M A D R A S.

Through

The Superintending Engineer,

Fourth Circle,

C O I M B A T O R E.

Most Honoured Sir,

I respectfully beg to bring the following few lines to your Honour's kind consideration.

(1) After leaving school, I was undergoing training privately for 2 years in the years 1905 and 1906, and learnt the duties of a Draftsman, the instructor being the late Mr. Chinnappa Madaliyar one of the Head Draftsmen in the Public Works Department of the Fourth Circle.

(2) In March 1907, I was employed as a Maistry in the Coimbatore Taluk Section, during which time, I was capable of taking levels and preparing minor estimates.

(3) On the 11th November 1909, I was transferred to Coimbatore Division as a temporary tracer on Rs. 20/-. During the time of Mr. H.T. Keeling, Executive Engineer, Coimbatore Division, I was given an acting Draftsman's post, as I was then considered capable of doing the work of a Draftsman and my qualifications then was only 2 years' training, vide para 1 above.

(4) On the 29th September 1914, I was transferred to the IVth Circle Office on confirmation as Tracer, and am now a permanent tracer on Rs. 26/- in the 20-1-35 Grade. My services in the Circle Office alone is 4 years and 4 months. During the past 4 year and 4 months' service, I have prepared all drawings and have also

 Supg Engineer Circle.
 S.A. 2
 22/3/19

also prepared independently detailed estimates for a number of Major works which are in record in the Circle Office. Besides I have been well reported on by my immediate superior on several occasions, when I was temporarily exempted for the post of a -- Lower Subordinate.

(5) During the total continuous service of 12 years in this department, the major part of my work was, checking estimates and preparing plans and estimates. These are in record in the Circle and Division offices, and will show that I am capable of working efficiently as a Lower Subordinate, although I am a tracer. In addition to these, with the permission of Mr. T.P. Dillon when he was the Executive Engineer, Coimbatore Division, I prepared detailed plans and estimates for St. Michael's Institution, Coimbatore, (Estimate Rs. 40,000/-). Mr. R. Molloy, Local Fund Engineer Coimbatore District, signed the plans and estimates prepared by me and was satisfied with my work. The same estimate was scrutinised in the Chief Engineer's office and approved.

(6) I worked as an acting Lower Subordinate during the time of Messrs. H.T. Keeling, J.M. Parker, C.Mildred and W.J.J. Howley and was also exempted by Government for 1 year, vide Chief Engineer's No. 5355-C., dated 28--7--1915 from passing the Lower Subordinate's Test and worked satisfactorily.

(7) During the time of Mr. W.J.J. Howley, the Superintending Engineer of this Circle, I was recommended to the Chief Engineer-vide Superintending Engineer's No. 707-W., dated 20-9-17-- for my permanent exemption from passing the Lower Subordinate test and the Chief Engineer, in his No. 6169-C., dated 3-10-17, informed that he was ^{not} prepared to recommend to Government the exemption applied for.

(8) I was unfortunate not to get the Lower Subordinate's post, although I have better qualifications than Mr. S.K. Morasa Gowdah (vide Tabular statement) who was permanently exempted in the year 1914 from passing the Lower Subordinate's test and is now working

vide
161C - (C)
6.1.1914

161C - infra

working as a Sub-overseer in the Nilgiri Sub-Division.

(9) I beg to state that I have passed the following Government Technical Examinations:--

- | | |
|--|---|
| (1) Building Drawing and Estimating. | Intermediate Grade,
1st class Presidency Second. |
| (2) Building Materials and Construction. | Intermediate Grade. |
| (3) Earth-Work and Road making. | Elementary -do- |
| (4) Surveying and Levelling. | -do- -do- |
| (5) Free-hand and Outline Drawing. | -do- -do- |

ice. Agamudiyam
(10) I belong to a caste which by Government has been put in the list of backward classes. There is to my knowledge none of this class employed in the department. I have been for years expecting special treatment from Government as the Government by themselves have classified the backward classes for favourable treatment by way of encouragement. It is this hope that impels me once again to approach our benign Government through your kind recommendation. There are many in the caste watching my prospects and it must surely be an impetus and inducement to my caste as regards education if I were to obtain favourable treatment.

p. 1. of file Y
Under the circumstances set forth above, I beg to state that my attainments are such that the grant of an exemption from the Lower Subordinate Test was strongly recommended as will be seen even from Mr. W.J.J. Howley's (Supg. Engr.) recommendation in his No. 707-W dated 20-9-17., and I humbly pray that you will be kindly pleased to reconsider my case and get me exempted now at least from the Lower Sub-Ordinate test.

For which act of kindness, I shall ever pray.

I beg to remain,

Most Honoured Sir,

Your most obedient servant,

N. S. S. S. S.

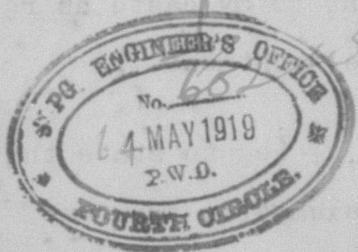

Tracer,

Superintending Engineer's Office,

Fourth Circle.

No. 501-W
51-815

Station Coimbatore, Dated the 16th May 1919.
20th

From (Name) C. T. Mullings, Esq.,

(Designation) Superintending Engineer, IV Circle.

To The Chief Engineer,
Public Works Department, (General & Irrigation)

Sir, Ootacamund.

With reference to your Memo No. 1015 Ad/19-1, dated 12th May 1919 (enclosures returned herewith), I have the honour to say that the service of the Tracer in this Department is correctly stated.

He is not yet a qualified tracer, much less a qualified Draftsman. However he is able to do Draftsman's work and has done so in the Circle Office for some years.

I do not know Governments' views in the matter, but I am quite prepared to recommend his exemption from the Lower Subordinate Test.

On 2 or 3 recent occasions when advertising for —

Lower

A

24th is not even a qualified

tracer, much less a qualified draftsman
there is always no case.

I see however in para 7 of the
petition that he was recommended
when Sect was S.E. so Sect may
recollect the applicant.

Mt
4/6/19

Leaf

With regard to A above, the man is
not qualified in the sense that he
has not passed the qualifying examination,
but on the other hand he has shown
by the far better test of his daily
work that he is not only a good
tracer, but also a neat draftsman
& an accurate estimator. He can
level & survey & is capable of
discharging the duties of a lower
subordinate. He was originally
a masonry, & is just the kind of

ob 35

Dec 22/19

man that is wanted for the post of Lower subordinate. Mr. Hamilton has pointed out that on 2 or 3 recent occasions when he advertises for Lower subordinates, he receives no applications. I recommend exemption from the L. S. Test so long as the man is employed in the IV Circle (i.e. permanent exemption for employment in that circle.)
