Letter—from the Hon'ble Mr. J. H. Stone, M.A., F.R.H.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department (through the Accountant-General).

Dated—Madras, the 4th August 1917.

No.—R.C. 6285-15.

With reference to G.O. No. 719, Home (Education), dated 30th May 1917, I have the honour to submit the following proposals for taking over the Islamia Secondary School, Trichinopoly, under departmental control.

2. The staff should in my opinion consist of a headmaster who should be a Muhammadan, B.A., L.T., a first assistant who should be a trained Muhammadan of the intermediate grade and four assistants holding trained teachers' certificates of the secondary grade besides a drawing and drill instructor and a Tamil pandit. The pay of the headmaster should be fixed at Rs. 100 per mensem, so as to secure and retain for the post the services of either a Muhammadan, L.T., or a Muhammadan graduate who has had collegiate training and if the services of such a teacher cannot be had a salary of Rs. 75 would suffice. It may be stated that the present scale of pay, viz., Rs. 60—80 sanctioned for the post of headmaster in each of the Government Muhammadan secondary schools at Georgetown and Vellore has been found to be too low to attract even an untrained Muhammadan graduate or a trained Muhammadan of the intermediate grade, and consequently the Inspector of Schools, Fifth Circle, has suggested a scale of Rs. 80—100, as suitable for a trained Muhammadan graduate. I may mention here that for want of a qualified man I am just transferring from the Government Madrasa-i-Azam an untrained Muhammadan, F.A.,

on Rs. 60 to Vellore as acting headmaster of the Government Muhammadan Incomplete Secondary School there. To overcome these difficulties, I think it would be desirable to have the headmaster either in the Sub-Assistant Inspectors' cadre or on rates interchangeable with that cadre. Further, experience has shown that it is very difficult to secure the services of qualified Muhammadan teachers of the secondary grade for a salary of Rs. 30 or less in grades carrying Rs. 30— $\frac{1}{2}$ —40 and Rupees 25— $\frac{1}{2}$ —30, sanctioned for the posts of assistants in the two existing Government Muhammadan secondary schools mentioned above. I consider that the scale of pay of the assistants should, as far as possible, be on the lines approved by Government in connexion with the modified scheme for the establishment of model secondary schools, that a new scale of Rs. 35 be fixed in view of the special difficulty existing in getting qualified secondary Muhammadan teachers and that the number of appointments on Rs. 25 should be very limited.

3. For the reasons set forth above, I beg to recommend the following scale of staff, for the Islamia Secondary School, Trichinopoly:—

Headmaster—Rs. 100 in the case of a trained Muhammadan teacher of the Collegiate grade or Rs. 75 in other cases.

First assistant—Rs. 50; second assistant—Rs. 40.

Third and fourth assistants—Rs. 35 each; fifth assistant—Rs. 30.

Sixth assistant—Rs. 25; Combined drill and drawing master—Rs. 30.

Tamil pandit—Rs. 20; peon—Rs. 8, Rs. 378 or Rs. 4,476 per annum.

The other charges are estimated to be Rs. 570 per annum as given below:—

	RS.
Contingencies	120
Furniture	200
Books and maps	100
Apparatus and appliances	150

The total cost involved by these proposals will be Rs. 5,046 per annum or say Rs. 5,100 in round numbers and the charge during the current year can be met from the provision made for the purpose in the budget estimate. Out of the Imperial grant of Rs. 30,000 for Muhammadan education, a sum of Rs. 4,700 only has been reserved for expenditure on this school. Any extra sum required can be met from savings in the provision for Government secondary schools for boys in the educational budget.

4. In view of the difficulty pointed out in paragraph 2 above in regard to the staffing of the existing Muhammadan incomplete secondary schools, I request that the present opportunity may be taken to revise, in the interests of efficiency of the schools, the scale of salaries of their staff as indicated in paragraph 3 above in view to frame a small cadre for them. I request further that this proposal may be considered to be part of the general scheme for Muhammadan education which I have been asked to prepare.

5. The present scale of staff and the scale of staff proposed for the two Muhammadan secondary schools are shown below:—

Government Muhammadan secondary school, Vellore.

Present scale.	Average cost.	Total.	Proposed scale.
RS.	RS.	RS.	RS.

Tamil pandit	30	30	30
Persian and Hindustani munshi	30	30	30
Assistant	25	25	25
		85	85
		391	414

It will be observed that the above proposals involve only a total extra expenditure of Rs. 50 per mensem (Rs. 762—712), or Rs. 600 per annum.

6. If my proposal to have a separate cadre for these three Muhammadan secondary schools meets with the approval of Government, the number of appointments in the cadre will be as shown below:—

- Three Headmasters—1 (100) and 2 (75).
- Nineteen assistants—3 (50), 3 (40), 6 (35), 3 (30) and 3 (25) and 1 temporary (25).
- Three drill and drawing instructors—3 (30).
- Four pandits—2 (20) and 2 temporary (30).
- Three peons—1 (9) and 2 (8).

The advantage of having a common cadre will be the distribution of appointments and the scales of pay among the three schools according to their requirements and the qualifications of the staff and the possibility of transferring Muhammadan teachers in the cadre of sub-assistants and supervisors to posts in these schools when necessary and of preventing transfers of teachers from one school to the other merely for the sake of promotion. The position of this small cadre of appointments for Muhammadans may be reconsidered when the larger cadre for secondary school assistants is sanctioned.

7. I request that Government will be pleased to accord sanction to the proposal for the taking over by Government of the Islamia Secondary School, Trichinopoly, from 1st September next and the other proposals from 1st March 1918 and for permission to include the necessary provision in the budget estimate for 1918—19.

III
Endorsement of the Accountant-General, No. Tri. 2-10039, dated
11th September 1917.

Forwarded.

2. The present scale of the Government Muhammadan Secondary schools, Georgetown, Madras and Vellore, has been verified and found correct. In paragraph 4 of the Director's letter it is stated that the proposal to revise the scale of pay of the staff of these two schools may be considered to be part of the general scheme for Muhammadan education. Attention is therefore invited to paragraph 263-A, Chapter 17, of the Madras Treasury Manual (introduced by the 49th list of corrections). If the general scheme will involve an additional expenditure exceeding Rs. 50,000 a year the proposal would require the sanction of the Secretary of State.

3. There is no audit objection to the proposals for taking over the Islamiah Secondary school, Trichinopoly, under Government management being approved by Government.

H. BHIMASENA RAO,
Deputy Accountant-General.

MEMO:- 28734-17 11.10.17

With reference to his letter No. 6235, dated the 4th August 1917; the attention of the D.P.I. is invited to the last para. of the letter from the Collector of Trichinopoly, No. 319, dated the 18th April 1917 communicated by G.O. No. 719, Home (Education), dated the 30th May 1917. He is requested to arrange for the execution by the present Committee of management of the Islamia Secondary School, Trichinopoly, of a deed in proper form transferring ^{its} ~~his~~ right in the school property to Govt., and also to report whether it is necessary to acquire for the purposes of the school the portion of the ~~land~~ ^{site} which is stated to be owned by the Town Kazi.

To
The D.P.I. (Memo only).

35	35	35	35
35	35	35	35
314	314	314	314

It will be observed that the above proposals involve only a total expenditure of Rs. 60 per annum (Rs. 182-115) or the 500 per annum. It is my proposal to have a separate entry for these three Muhammadan secondary schools made with the approval of Government, the number of appointments in the cadre will be as shown below:

Three Headmasters—1 (100) and 2 (75)
 Master assistants—3 (50), 3 (40), 3 (30)
 Three full and drawing instructors—3 (30)
 Four handies—2 (20) and 2 temporary (30)
 Three peons—1 (5) and 2 (5)

The advantage of having a common cadre will be the distribution of appointments and the scales of pay among the three schools according to their requirements and the qualifications of the staff and the possibility of transferring Muhammadan teachers in the cadre of employment and convenience to posts in these schools when necessary and of providing teachers of teachers from one school to the other as may be for the sake of promotion. The position of the cadre of appointments for Muhammadans may be reconsidered when the larger cadre for secondary school assistants is sanctioned.

I request that Government will be pleased to direct sanction the transfer to the taking over by Government of the Islam Secondary School, Trichinopoly, from the Department of Education and the other proposals from 1st March 1918 and to include the necessary provision in the budget estimate for 1918-19.

Enclosure of the Accounts-General No. 113-10028 dated 11th September 1917.

Forwarded.
 2. The present scale of the Government Muhammadan Secondary School, Government, Madras and others has been revised and found correct. In paragraph 2 of the Director's letter it is stated that the proposal to revise the scale of pay of the staff of these two schools may be considered to be part of the general scheme for Muhammadan education. Attention is therefore invited to paragraph 103-A, Chapter 17 of the Madras Treasury Manual (introduced by the 1914 Act of correction). It is proposed to revise the scale of pay of the staff of these two schools to the scale of the Government of Madras. The proposal would require the sanction of the Secretary of State.

Sir,

In continuation of my No. 6235/15 dated 25-2-1919

I have the honour to state that at the beginning of last month I visited the Islamiah Secondary School at Trichinopoly and met there four members of the governing body including Moulvi Syed Murtuza Sahib Bahadur. As a result of my conversation with the members of the governing body of this school I received from Moulvi Syed Murtuza Sahib Bahadur a letter and enclosure dated 13-5-19, copies of which are enclosed. Subject to any orders that I may

receive from Government I propose to take over the management of this institution immediately, to appoint thereto the staff proposed by me in my R.O.No.6235 of 1915 dated 4-8-1917 and to arrange for the transfer on a legal basis as soon as this is possible and in consultation with the Government Solicitor. If difficulties arise in the maintenance of the institution it will always be possible for Government to make other arrangements before July 1920, while if there is any difficulty regarding the transfer of the site on which the school now stands--a portion is Government property--it will always be possible to bring the Land Acquisition Act into play. I have the honour to request that Government will be good enough to issue very early instructions in this matter.

I have the honour to be,

Copy of letter dated 13-5-1919 from Moulvi Syed Murtuza Sahib Bahadur, Correspondent, Islamiah Secondary School, Trichinopoly.

I have the honour to send herewith the conditions on which the Managing Committee of the Islamiah Secondary School, Trichinopoly is prepared to transfer the management of the school to the Government from the 1st July 1919.

The Managing Committee has asked me to thank you on their behalf for the sympathetic hopes held out by you as regards raising the standard of the school to a High School as soon as possible and to appoint such of the teachers of the school as are willing to get themselves qualified at the earliest opportunity.

Copy of enclosure.

The Director of Public Instruction, Madras and the Managing Committee of the Islamiah Secondary School, Trichinopoly have come to the following understanding after discussing the question of transferring the management of the school to the Government.

(1) That the Management of the Islamiah Secondary School, Trichinopoly be made over to the Government with a view to running a well-conducted secondary school at Trichinopoly which is an important Muhammadan centre (The arrangement to take effect from the 1st July 1919).

(2) An Advisory Board consisting of 7 or 9 members of the Muhammadan Educational Association, Trichinopoly be recognized. (The Board to give advice to the Educational Department in all the matters connected with the general management of the school).

(3) The name of the school to continue as the Islamiah Secondary school.

(4) One hour per day be set apart for religious education (Its cost to be borne by the Association of the Mujhsul Ulama)

(5) That portion of the Islamiah gardens which extend up to the northern plot belonging to the Town Khazi Sahib be made over to the Government provided the said plot is acquired by the department for the school.

Endt. of the Accountant General, No.Tri.2-10039, d/ the 11th September 1917.

The D.P.I. submits the proposals called for in G.O.No.719, Home (Education), dated the 30th May 1917 for the taking over by Government of the Islamia Secondary School at Trichinopoly.

2. The following scale of establishment is proposed for the school:-

	Pay Rs.
Headmaster.....	100 (for a B. A. L.T.)
	75 (for others)
First Assistant.....	50
Second Assistant.....	40
Third Assistant.....	35
Fourth Assistant.....	35
Fifth Assistant.....	30
Sixth Assistant.....	25
Combined drill and drawing master.....	30
Tamil Pandit.....	20
Peon.....	8

The scale proposed is the same as that sanctioned for the Government Muhammadan Secondary school at Vellore (page 3 of C.F.) but the rates of pay ^{recommended} for the headmaster and his assistants are somewhat different.

3. Pay of the Headmaster. - The pay of the Headmasters in Muhammadan Secondary schools at Georgetown and Vellore is Rs. ~~60-42-30~~ ⁶⁰⁻⁴²⁻³⁰ per mensem. For the

reasons explained on page 2 of C.F., the Director proposes that the ~~xxx~~ pay of the headmaster of the Islamia Secondary School at Trichinopoly should be fixed at Rs.100/- to secure the services of a Muhammadan B.A., L.T., If the services of such a person are not available, the DP.I. proposes to restrict the pay of the headmaster to Rs.75. Attention is solicited to the notes on pages 5-7 of notes to G.O.No.107, Educational, dated the 23rd January 1914 and to the Director's note on pages 2 and 8 of notes to G.O.No.37, Home (Education), dated the 8th January 1917. The Director has recently proposed the grant of local allowances to the teachers employed in the Bhadrachalam school and no useful comparison can therefore be instituted with the scale of pay sanctioned for the staff of that institution. It is submitted that the Director has made out a good case to fix the pay of the headmaster of the Islamia Secondary School at Trichinopoly at a rate higher than that approved in G.O.No.107, Educational, dated the 23rd January 1914. The rates of pay proposed by him may be approved.

4. ^{the} Pay/Asst. teachers.- The ^{rates of pay} ~~sanctioned~~ sanctioned for the Assistant teachers in the schools at Vellore and Georgetown are Rs.30-2 (biennial)-40 and Rs.25-1 (biennial)-30. The rates of pay proposed for Assistant teachers in the Islamia Secondary School at Trichinopoly are based on the scale approved by Government for school assistants in the model school scheme-Memo.No.75A-3, dated the 20th June 1917-with the difference that a new grade on Rs.35 is introduced between the grades on Rs.30 and Rs.40. The Director's proposals may it is submitted be approved as they are designed to secure the services of qualified Muhammadan teachers of the secondary grade.

5. Pay of the peon.- The pay proposed for the peon to be employed in the Islamia Secondary School at Trichinopoly is Rs. 8/- as against Rs. 7 in the Vellore school and Rs. 9/- in the Georgetown school. The rate of pay proposed may be approved.

6. Arrangements for the taking over of the Islamia school under departmental control.- The Director's letter is silent on the following points:-

- (1) Appointment of an advisory board
- (2) ~~Execution~~ of a deed by the present committee of management transferring its right in the school property to Govt.
- (3) Acquisition of the site belonging to the town Kazi.

It is submitted that, in according sanction to the entertainment of the staff proposed, the Director may be asked specifically to report on the above points.

7. Revision of the scales of pay of the teaching staff in the Govt. Muhammadan Secondary Schools at Georgetown and Vellore.- For the reasons which are fully explained in para. 6 of his letter on page 4 of C.F., the Director also proposes a revision of the scales of pay sanctioned for the teaching staff in the Govt. Muhammadan Secondary Schools at Vellore and Georgetown. The grounds urged in favour of the proposal are very reasonable, but the proposed revision appears to be rather premature. The Vellore school was opened experimentally for a period of three years on the 1st January 1916. The establishment is on a temporary footing and it is not known whether the school will prove a success. It will also be seen from the Director's letters in G.O.No. 430, dated the 26th April 1915 and G.O.No. 679, dated the 22nd June 1916 that the popularity

~~to~~ the Georgetown school is not yet assured when judged by the strength of the school. If the development of the school is from any cause retarded, it may be necessary to reduce the existing staff of the schools. In the circumstances, it is for consideration whether the Director's recommendations should be accepted. In his letter No. 13, dated the 17th September 1917, the Director has recommended the opening of two new incomplete secondary schools for Muhammadans at Ellore and Kurnool but this proposal has no bearing on the revision of the pay of the staff employed in the schools already opened. The latter proposal may therefore be considered on its own merits.

Financial Department.

For the Asst. Secy:

The Financial Department is at present concerned only with the detailed proposals submitted by the D.P.D. for the taking over by Govt. of the Islamic Secondary school at Ditchinopoly. The scheme as accepted by this Department in 1915 was estimated to cost approximately 4,700 per annum - para 3 (b) of D.P.D.'s letter at p. 13 of G.O. 729 Educ. of 3.7.15. The total cost of the present proposals is estimated at Rs 5046 per annum as shown below:-

	Cost per annum.
(a) Staff (Details on p. 1 ante)	Rs 4476
(b) Contingencies	120
(c) Furniture	200
(d) Books and maps	100
(e) Apparatus & appliances	150
	<u>5046 or 5100 in round numbers</u>

A sum of Rs 4,700 has been reserved for this school out of the annual recurring Imperial grant of Rs 30,000 for the improvement of Muhammadan education. The school at present receives a teaching grant of Rs 1,000 per annum. The result of approving the present scheme

Grant in 1913-14	Rs 1266

1915-16	Rs 1000

 $4700 + 1000 = 5700$
 $\text{D. P. I. proposed exp.} = 5100$
 600

will be a saving of about Rs 600 to
 Provincial revenues. The proposal of the D.P.I. to
 take over under Govt. management the Islamicah sch.
 seems therefore to be one that may be generally
 accepted in this dept.

2. The details of the scheme are
 examined below:-

(a) Staff.

(1) Pay of the Headmaster. The enhanced
 rates of Rs 100 for a Muhammedan
 B.A., L.T., and Rs 75 for others are proposed
 on the ground that it is difficult to secure
 even untrained Muhammedan fidaat
 for the existing rates for headmasters
 in the secondary schools at Georgetown
 and Vellore, viz. Rs 60 - 4 - 80. In view
 of the savings which the D.P.I.'s proposals result in and of
 the fact that Govt. has, in consequence
 of the earnest representation of the D.P.I.,
 practically agreed to a rate of Rs 100 for
 Muhammedan sub-teachers in the
 to Rs. 37 Home Order) 28.1.1917, pp 8-9. The
 proposed rates need not, it is submitted
 be objected to.

Gr.

(2) Pay of Assistant Teachers. The
 for school assistants in the Model sch.
 scheme in which the proposed rates for
 Asst. Teachers in the present case are
 is superior to that sanctioned for Assistant
 Teachers in the school at Vellore and
 town. The D.P.I. wants to improve
 scale further by the introduction of

Recurring cost - 4700

5700

made at Rs 35 on the ground that opinion
difficultly exists in getting qualified
secondary Muhammadan teachers. Seeing
that the cost of the present scheme would
be within the total allotment, the proposed
scale need not perhaps be objected to
in financial.

(3) Pay of the peon. Financial may
suggest that the pay of the peon be
fixed at Rs 9 without g.c.a. as in the
case of the peon in the Georgetown school.

The remaining items do not call
for any remarks. The posts carrying
Rs 30 and below may however be
declared ineligible for g.c.a.

Items (b), (c), (d), and (e) - No remarks.

3. Sanctioning Authority. Please
see para 2 of R.G.'s not. at p. 5 C.F.
The total recurring charges involved in
the proposals recently submitted by the
S.P.C. for the development of Muhammadan
education are estimated at Rs 31,954.
Even if the present proposal and the former
for a separate school for the Muhammadan
secondary schools are considered part of
the general scheme, the cost ^{would} not
total exceed Rs 50,000/- the sum

total sum of Rs 31,954 at Rs 1000

C.No. 541A from the D.P.I. R.C. no 623581-25-18. Neither the Inspector of Schools, nor the Collector Trichinopoly, whose help was requisitioned by D.P.I. in March 1918, has been able to obtain the title deed of the Islamic School.

School from its correspondent. The correspondent appears to be intentionally evading the production of the documents. The opening of a high school for Muhammadans at Trichinopoly ^(a subject of intipallatin) was ~~started~~ by the Hon. Khan Bahadur Ahnab Tambi Marakkayar at the Begidavis Council meeting held in August 1918. G.O. no. 1211 Home (Edn) & 11.9.18. The question of this school has been hanging fire for over two years and a half and it seems desirable to arrive at a definite settlement at an early date. The negotiations with the correspondent of the existing school are not likely to prove successful. The Govt may therefore have to start a new school. Before however, coming to a final decision, it is for consideration whether the Collector may be requested d.o. to state ^{definitely} whether there is any probability of the correspondent complying with the original conditions and if not whether the scheme of taking over the school may be dropped.

My dear Littlehales,

In an unofficial note No. 196 dated 12th
April 1919 on the Secretariat file regarding the
taking over by Government of the Islamiah Seco-
ndary School at Trichinopoly you have mentioned that
you will be visiting Trichinopoly soon and will then
after submit your recommendation to Government
an alternative proposal to convert the Municipi-
pal Muhammadan Higher Elementary School into a Gov-
ernment Secondary School. Pending receipt of your
recommendation I do not propose to issue any of-
ficial orders with regard to the Islamiah School.
I should like to know exactly what underlies the
change in the attitude of the correspondent Mr. Saheb
and the Committee since the cordial and
enthusiastic acceptance of the proposal that Gov-
ernment should take over their school, as reco-
mmended at the informal conference which the Collector

D.O. Camp No. 131/19

My dear David,

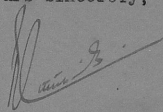

Will you please inform your D.O of the 24th April 1919 regarding the taking over by Government of the Islamiah Secondary School at Trichinopoly? I am addressing Government officially proposing that Government proceed to take over this school. Last month I visited the school and met there four members of the governing body of the school including Murtuza Sahib. I enclose a note written at the time of my visit. I have recently received a communication from Murtuza Sahib which I am sending in officially.

I have heard two views expressed as to why Murtuza Sahib was not very eager that Government should undertake the management of his school. One is that he does not like the idea of losing his influence over the Muhammadans or a section of Muhammadans in Trichinopoly who are

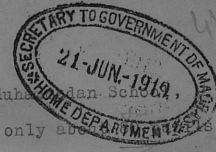

are interested in the secondary education of their ~~children~~ pupils. The other is that being the local secretary of the Home Rule Movement he prefers to obstruct Government in the carrying out of any scheme which aims at giving greater influence to Government or a department of Government ~~for~~ the education of Muhammadans. I am of opinion that his action has been based in the past on both of these grounds.

Yours sincerely,

To
The Hon. Mr. L. Davidson, C.S.I.,
Member in Council,
Coty.

Note.

I visited the Municipal Higher Elementary Muhammadan School, Trichinopoly this afternoon (2-5-19). There are only 18 boys on the rolls and several of these are non-Muhammadans. There are very few boys reading in the VI, VII and VIII standards--only 5 in standard VIII. The headmaster is useless and the staff generally poor with the exception of two teachers and I doubt whether the school is sufficiently near the centre of the Muhammadan quarter to be a suitable site for a Muhammadan secondary school. The Municipal Chairman is very willing that Government take over the school and make it a Muhammadan secondary school.

A I visited next the Islamiah school and met there four members of the Governing body of the school including Murtuza Sahib. After a long conversation I persuaded them, I believe, to agree to handing their school to Government. The conditions they lay down are (1) that the school be called the Government Islamiah Secondary School, Trichinopoly (2) that an Advisory Board be constituted (3) that Government agree to acquire some adjoining land belonging to a Khazi in his private right for extension of the school, the cost I estimate at approximately Rs.4,000 (4) that the headmaster of the Government Muhammadan school at Vellore be appointed headmaster of this school, (5) that the Advisory Board submit recommendations to Government regarding retention of the staff (6) that arrangements be made so that religious instruction of Muhammadans is not neglected. So far as I was able I promised that their request would be granted or favourably considered. I promised that steps would be taken to open the IV form of the school from July 1920. The management promised to hand over to me tomorrow a statement of what he was willing to do as regards the handing over of the institution to Government management. He maintained that he had already sent the title deeds to the Collector.

[CNo 2508A] From the D.P.I. Re 106235 of 21-6-19
The Director's Official Communication

He proposes to take over the management

of the legal transfer of the school and
the rights of the School Committee over

copy of a letter from the Correspondent

of the School setting forth the conditions on which the Committee is prepared to transfer the management of the School to Govt. It is submitted that there is nothing in its present correspondence to warrant the inference that the Committee would execute the transfer deed now. In his note on p. 17 and, the ~~Govt~~ Director states that the correspondent maintains that he has already sent the title deeds to the collector. It is difficult to reconcile this contention with the Collector's statement that he is waiting production of the title deeds or a certified copy of the same. Besides, it is also doubtful whether the conditions imposed by the Committee are acceptable.

2. The present Conditions. Conditions (1), (3) and (5) do not appear objectionable and may be accepted. As regards Condition (2) relating to the Constitution of an advisory board, ~~of 7 or 8 members of the State and the District Association~~ ~~Trichinopoly~~ it is submitted that a similar one was put forward by the Committee in 1916, but was not accepted by Govt. The ~~then~~ S.P.L. (Sir

Kerry Stone then remarked that the condition might be accepted if only if the board was appointed by Govt for a fixed term say of 3 years. ^{It is not clear whether} the Committee ~~apparently~~ now want that the members of the board should be appointed for life and that the acceptance of their ~~recommendations in regard to the management of the school should be~~ obligatory on the part of the ~~Office of the EdL Dept~~. This does not appear very desirable.

Condition (4) It is not clear from the wording of this condition whether the hour to be set apart for religious instruction is to be within school hours. If so the condition is evidently unacceptable. The Govt have held that the giving of religious instruction in a school under public management within school hours and as a regular part of the work of the institution would constitute violation of their policy of religious neutrality.

3 For orders whether the Directors recommendation to take over the management under the present conditions may be accepted once accepted.

It is proposed to take over the Islamiah Secondary School, Trichinopoly under departmental control immediately and to sanction the employment of certain establishment on a permanent basis. The details of the proposed establishment were examined in this Dept. notes on pages 6-9 ante and agreed to.

Draft

From the D.P.I.'s letter at page 224¹⁸ it is seen that he anticipates certain difficulties in the maintenance of the institution and adds that it will always be possible to make other arrangements before July 1920. The D.P.I.'s remark is not clear. In view of the indefiniteness attaching to the transfer of control it is for order whether the preferable course will not be to sanction the establishment temporarily for a year leaving the D.P.I. to come up to Govt again when he will also report if the transfer has been completed. If this is agreed to the last sentence of para: 2 of draft may be deleted.
