Copy of demi-official dated the 11th June 1919
from the Private Secretary to His Excellency the Governor.

I am sending you herewith copies of four addresses
to be presented to His Excellency in the Cuddapah district.
Will you please arrange to send me not later than 20th
instant three copies of a note on the subjects if any
relating to the departments under you referred to in each
of these addresses as usual?

P.S. It is not necessary for any remarks to be made
on para 4 of the address by the Cuddapah District Congress
Committee.

Extract from the address to be presented by the
Municipal Council of Cuddapah.

While fully appreciating and feeling grateful for
the kindness of Government in having undertaken to bear
the full net cost of the Municipal High School, we venture
to submit that the accommodation of the school building
is still very limited and totally insufficient owing to
the gradual increase in the strength of the school. This
has to be very early attended to as it subjects the pupils
and teachers to the inclemency of weather and to great
personal inconvenience. A hostel to be attached to the
school is absolutely necessary and though plans and esti-
mates have been sanctioned by the Government the work
could not be proceeded with as no funds have yet been
allotted. The converting of the old Taluk Cutcherry
building into the Branch Secondary School has also been
under contemplation for some time and plans and estimates
have been prepared which are pending sanction with the
Government. The Council earnestly prays that Your

Excellency's Government will be pleased to sanction the estimates and allot funds and thus shower blessings upon the inhabitants of the town and keep them under deep debt of gratitude. In this connection the Council also fervently prays that Your Excellency's Government may be pleased to undertake the full net cost of the Branch Secondary School, which is the only feeder to the Municipal High School in this town. There are two girls' schools maintained by the Government, one for Hindus and the other for Muhammadans. The Municipality has opened a girls' school for the Hindus and another girls' school for Muhammadans will be opened soon ~~for~~ for which sanction has been obtained. All the schools are located in rented buildings quite unfit for the purposes of a school, being insanitary. The Council prays that Your Excellency's Government may be pleased to sanction measures to redress these grievances which the Municipality is not in a position to do on account of its limited resources.

The Council while expressing its deep gratitude for the various grants towards the construction and maintenance of Elementary schools facilitating the spread of free primary education earnestly prays that it may be accorded the privilege of introducing free and compulsory primary education within the Municipal limits with some industrial and technical branches.

3. Extension to the Municipal High School building.

The matter is under correspondence between the Chairman and the Director of Public Instruction. The necessity for the extension of the school building is admitted and the Public Works Department was asked by the Director to

1-197 go no 74
20-1-19 (Y)

prepare the plans and estimates for the necessary extension of the present school building. The plans and estimates seem to have been prepared and sent to the Director who returned them to the Inspector of Schools for revision (Vide Director's letter Ref. on C.No.1111 of 1917 dated 24th July 1918).

4. Construction of a hostel for the Municipal High School, Cuddapah. The construction of a hostel has been sanctioned at a cost of about Rs.49,000 from Provincial funds and the Superintending Engineer was asked to prepare detailed plans and estimates for the same in G.O. No.1021 W, dated 6th August 1917.

5. Conversion of the old Taluk Cutcherry building into a branch secondary school. The building in which the secondary school is located was originally a Government building. It was handed over to the Council for the purpose of the school on condition that it should be kept in proper repair. The building was however allowed to fall into disrepair. In the meanwhile the strength of the school grew so much that the accommodation which the building provided became insufficient. Proposals were therefore made for reconstructing and extending the building on which the Government passed G.O. No.2377 dated 2nd December 1914 sanctioning the reconstruction of the building on up-to-date lines so as to fit it for the purpose of a school. Orders in regard to the provision of funds were deferred until the exact cost of reconstruction was known. Plans and estimates were prepared by the Public Works Department, but in the meanwhile the Municipal Council requested Government to hand over to them the Stationary Sub Magistrate's office building which adjoins the school which would have required the plans to be modified. Orders were passed by Government on 22nd June '16, declining to hand over the Stationary Sub Magistrate's office building to the Council. The site available being considered insufficient, proposals for

acquiring some land close to the building were made. The probable cost of acquisition of the required extent of land (Rs.346-12-0) was intimated to the Public Works department who are to make proposals for acquisition and prepare the necessary plans and estimates.

6. Net cost of the secondary school. The net cost of the High school which amounts to about Rs.6,500 is already borne by Government. The Council in their present address are making a request that the net cost of the Secondary School which amounts to about Rs.1,500 may also be borne by Government.

7. Girls' schools for Hindus and Muhammadans. The site for the Government Muhammadan Girls' school is in course of acquisition, and the site for the Hindu Girls' school is immediately available for the construction of the building as it belongs to Government. Evidently, the question of the construction of building is under correspondence between the Educational and the Public Works Department.

8. Introduction of free and compulsory primary education within Municipal limits with Industrial and Technical branches. Free and compulsory education is a matter of finance and the Municipality is admittedly poor. There is no provision in law as yet to make education compulsory.

Encl 192 B-1
29.11.19

go 105W (S)
27.1.19

go 3827 Rev (M)
29.11.17

Extension to the Municipal High School building.

The building in which the high school is located is a Government building and in the past various improvements to it have been effected at the cost of Provincial funds - Vide G.O. 1962 W, dated the 15-10-14, and notes thereto. From the Collector's note, it appears that plans and estimates for certain extensions to the building are now under preparation. When these are received by Government, the question whether the entire cost should be met from Provincial funds may be considered with reference to the financial position of the Municipality and in consultation with L & M and Financial.

2. Hostel for the high school. As stated in the Collector's note, the Government have agreed to construct a hostel for the high school at the cost of Provincial funds. If detailed plans and estimates are received in time, the question of making provision for the work in the P.W. Budget estimates for 1920-21 may be considered.

3. Accommodation for the branch secondary school. The facts are fully stated in the Collector's note. The Government have agreed in G.O. No. 2377 M, dated the 2-12-14 to bear the cost of the new building for the accommodation of the branch secondary school. It is for the Public Works Department to get out the necessary plans and estimates and provide funds for the work in the budget estimates of that department.

4. Net cost of the branch secondary school, Cuddapah. The Government are already meeting the net cost of the high school. The council now requests that the net cost of the branch secondary school should also be met by Government. In G.O. No. 1007 Educational dated the 5-11-13, Government sanctioned a subsidy of Rs. 534 towards the revision of the scale of pay of the staff employed in the municipal high school, Cuddapah and its branch. Of this

(H)

amount, Rs.120/- was utilised for the branch school. Recently, the Chairman submitted proposals for a further revision of the establishment of the branch secondary school and the Government have agreed to meet the extra cost involved viz., Rs.280/- per annum. The percentage of net expenditure on education to the council's income from taxation was, in 1917-18, 15.1 as against the presidency average of 8.3. The council should submit an official application to Government through the Director of Public Instruction setting forth in greater detail the reasons for the request and also explaining whether in case the council is relieved of the expenditure on the branch secondary school, it can utilise the funds set free thereby on the expansion of elementary education in the municipality.

5. Accommodation for girls' schools. As stated in the Collector's note, necessary sites for the construction of buildings for the two girls' schools maintained by Government have already been selected and are available. The Director of Public Instruction will not doubt endeavour to push through the preparation of the necessary plans and estimates. As regards the two schools maintained by the municipality, the council will have to take the initiative in the matter of the provision of the necessary buildings, and address Government through the Director of Public Instruction for a subsidy, if necessary.

6. Free and compulsory primary education. A similar proposal has been made in the address to be presented by the District Board of Cuddapah and the subject has been fully noted on in that connection.

Returned with thanks. I have kept copies of the note.

Almy
B.O.
28-6-19.

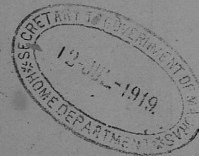

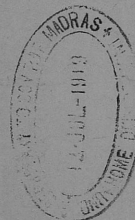

P.T.O

Returned with the following extract from His Excellency's reply:

"You ask that Government should assist you in the provision of greater accommodation in the Municipal High School. I can assure you that as soon as the plans and estimates of the proposed extension are received, the question whether the entire cost can be met from Provincial funds will be considered. Every effort should be made by the Municipal Council to provide funds for the development of education: but I am aware that the percentage of net expenditure on education to the Council's income in 1917-18 is nearly double the Presidency average and for this reason Government will surely not overlook your claims. We have already agreed to construct a hostel for your school from Provincial funds. Plans and estimates are now under scrutiny and in due course funds will be provided.

Government has also agreed to bear the cost of a new building for your branch secondary school: but final proposals have not yet reached us.

You have also received a subsidy of over Rs.500 towards revising the scale of pay of the staff of your High School and Branch School, and Government has recently decided to give a further subsidy of Rs.280 a year to meet the cost of the revised establishment of the Branch School. Let me suggest that your Council should submit a formal application to Government through the Director of Public Instruction setting forth in greater detail the reasons for your request that Government should meet the full net cost of the Branch Secondary School and explaining whether it can utilise any funds set free thereby on the expansion of elementary education in the Municipality.

9 10

As the sites for the construction of buildings for the two Girls' Schools which are maintained by Government have already been selected I hope that the Director of Public Instruction will be able to submit the necessary plans and estimates at a very early date. It is for the Council to endeavour to provide the necessary buildings for the two Girls' Schools which it maintains. If any subsidy is required from Government, an application through the Director of Public Instruction will receive all possible consideration."

Copy of letter from the Chief Inspectress of Girls' Schools,
Central Circle, R.C.No.4ep/19 dated 26th November 1919. 13

"With reference to your Proceedings R.C.No.6679/19 dated
20-11-19, I have the honour to bring to your notice that during
my last stay at Cuddapah, I found the sites newly acquired for
the Government Hindu and Muhammadan Girls' Schools to be in
either quite unsuitable or insufficient for constructing build-
ings for these schools. The former is located adjacent to the
present Municipal Boys' Branch Secondary School, the windows
of which overlap the Hindu Girls' School^{also} on the eastern side.
Further, the extent of this site is quite insufficient for a
building, playground and a garden.

2. As regards the site for the Government Muhammadan Girls'
School, the 30 cents of land now acquired is not enough for
the school which is gosha and which, consequently, requires
a spacious compound enclosed with high walls.

3. In view of the above defects, the Collector of Cuddapah
the Executive Engineer of the Division and myself selected
additional sites for these two schools and they have been approved
also by the District Medical and Sanitary Officer. The
tracings have just been forwarded by the Executive Engineer to
the District Collector for his countersignature and the same will
be submitted to you for approval with my modified proposals as
soon as they are received from the Collector.

Station Cuddapah, Dated the 28th October 1919

From (Name) H.C. Chappurey Esq., M.A., I.C.S.,

(Designation) AE. Collector of Cuddapah.

To The Secretary to the Government of Madras,

Home (Education) Department.

Sir,

With reference to Government Memorandum No. 1903 B-1 dated 6th October 1919, calling for a fresh notification, regarding the acquisition of the land required for the Government Muhamodan Girls' School at Cuddapah, I have the honour to state that I understood from the Inspectress of Girls' Schools when she was here about the beginning of this month, that the extent proposed to be acquired (viz. £ 30 cents, would not suffice and that more land might be wanted. I am addressing her with a view to ascertain if she has made any definite proposals

25th
30 including 5 cents
of Govt. land.

proposals in the matter and on receipt of a reply from her, I shall send the notification called for by the Government or a revised one, if necessary.

I have the honour to be,

Sir,

Your most obedient servant,

H. H. Harpury
Collector.

[No. 217705] Collector of Cuddapah No. 254 Rev. D. 28. 10. 19.

Submitted that the Collector's promised notification may be awaited.

2. It is for consideration whether, the correspondence having arisen on the Collector's initiative and not in reply to a reference from the Govt., the papers may be "lodged" pending receipt of the notification.

Please keep it on

u.c.

The notification promised by the collector of Cuddapah on pp. 24 ^{CP} was not yet been received.

2. In G. 882 E. D.

16.7.19, the D. P. I. was asked to submit detailed plans and estimates for the construction of buildings for the Govt. Mohammedan girls' school and the Govt. Hindu

Hindu girls' school in Cuddapah. Repeated reminders have been sent to the D.P.I. - ^(tied with tape) vide papers in the C.F. no proposals have yet been sent to Govt.

3. It is submitted that, in the present financial position, it is doubtful whether funds could be provided for these works. ~~There are~~ ^{Further} reminders need be issued to the Director who may be left to come up with proposals to Govt, if and when necessary. If this is approved, these papers may be lodged and filed with G. 282 B 16.7.19, the items being deleted from the Call Book.
