Home (Education) Department.

From the Government of India, Department of Education,
Dated the 16th May 1919,
No. 259.

I am desired to inform you that the Secretary to the Calcutta University Commission has been asked to forward to you, for the use of His Excellency the Governor in Council advance copies of the first two volumes of the Report and also of the later volumes as they are received from the press. These advance copies should be regarded as confidential.

2. The report consists of (a) five volumes, (b) one volume of appendices to the report, (c) six volumes of evidence, and (d) one volume of statistics. The volumes of evidence and the volume of statistics may be regarded as necessary primarily for purposes of record, as the Commission have referred exhaustively to the evidence in the actual report. The Government of India, therefore, are of opinion that, though the Report should be widely circulated, it should not be necessary to give equal circulation in the case of the evidence and of the statistics.

3. The Secretary to the Commission is making arrangements for sending the report to (a) the large number of persons who assisted the Commission with their opinions, (b) all universities and colleges in India, (c) the more important libraries and (d) the press.

4. Would you kindly inform as soon as possible the Secretary to the Commission, Gorton Castle, Simla, how many copies (a) of the Report with its appendices, and (b) of the evidence and statistics, you will require for the use of (i) officers and departments, and (ii) for distribution through the Director of Public Instruction, to Educational officers? It will be necessary to inform the press at an early date how many copies will be printed.

With reference to the Registrar's query on p. 4 ante, it is submitted that replies have been received from all the Depts except Public (Exel.). Public (Pub) and Public (P) have stated that they require no copies of the Report and it is not likely that Public (Exel.) will require any copies either. From the reply since received from Rev (Spl.) it will be observed that they require 7 copies of the Report with appendices and one copy of the evidence and statistics as against 7 copies of the former and 2 copies of the latter provided for them - c the distribution list at p. 18 of Geo. 744 Home (Edw) of 14.6.19-

As regards the number of additional copies that will be required, 10 copies of the Report with appendices and 3 copies of Evidence and Statistics will

The above calculation is

is based on the assumptions that Public (Recd.) will not require any copies and that P.W.D. will require 3 copies of the Report with appendices and 1 copy of the Evidence and Statistics — It is not quite clear whether this represents their actual requirements or whether they require 3 copies of the former alone. — It may be observed that in the list at p. 18 of Geo. No. 744 Home (Edw) of 14.6.19 provision has been made for 2 copies of the Evidence and Statistics on account of the L.M. Dept. while they require only one copy of it 3 unless it is decided to refuse supply of copies to the heads of depts. under ~~the~~ Rev (Spl) ^{or Revenue}, it appears necessary to make a supplementary indent on India for the additional copies required. It would perhaps be desirable to apply for 12 copies of the Report with appendices and 5 copies of the Evidence and Statistics so as to leave a reserve of 2 copies of each for meeting any unforeseen demands.

21.7.19
In 21.7.19

we have already allowed for a reserve of two copies

of the report & one of statistics. We may write to India, in cont. of our telegram of 13.6.19 (p. 19 of sup. V), that we will need 10 addl. copies of report & three of statistics.
