R. C. No. 10504/1918

Station Madras, Dated the 10th June 1919

From (Name) the Hon'ble Mr. R. Littlehailes, M.A.,

(Designation) Ag. Director of Public Instruction, MADRAS.

To The Secretary to the Government of Madras,

HOME (EDUCATION)

Department.

Sir,

The authorities of the Sri Mandiramurthy Secondary School, Tinnevely, propose to acquire the site marked green in the enclosed sketch plan for the construction of a building and for the provision of a playground for the school. The Inspector of Schools considers the site to be suitable. As the lands belong to a religious Mutt and two temples and cannot therefore be alienated the Collector of Tinnevely says that it will be best to have

them acquired under the Land Acquisition Act I of 1894.
I have the honour accordingly to recommend that the property
in question may be acquired under the Act and that a grant
not exceeding one-half of the cost of acquisition may also
be sanctioned.

I have the honour to be,

Sir,

Your most obedient Servant,

10.11.72/B. from the D.P.G. R.C. 10504/18, 10.6.69

The names of the Sri Mandira
Boundaries month's Sec. School, Timmavally, does not
find a place in the subsidiary tables
appended to Vol. 4 of the latest report on
Public Instruction (1917-18). It is not known
whether it is a new school or an institution
under a different name identifiable with
one of the existing institutions given in the
tables.

So far as acquisition is concerned,
the area proposed is reported to be about
2 1/2 acres estimated to cost about Rs 7187
inclusive of the 15 p.c. statutory
allowance. If the school is comparatively
small, as presumably it is, the extent (2 1/2 acres)
would probably suffice for the combined
needs of school building & play-ground.
The D.P.G. seems to have ascertained
from the Collector that acquisition under
the Act is necessary to secure a valid
title to the property. Nevertheless an
off independent refer. may perhaps be
made to the Collr. as regards the need for
acquisition. ^{the approximate cost} A draft memo is subd.
After issue the case may perhaps be sent to
the D.P.G. w/o for the information refer. to at

A Supra. The reference to the

Collector seems hardly necessary especially after the Collr. had reported that the land belong to a temple & a trust. and that consequently alienation by private transaction is not feasible.

Q
27.6.19

The reference to the Collr. is not necessary. The Collr. will doubtless consider objections if any in the fact the land is held by a body 2. Is the school recognised & the governing body registered?

3. What about funds? BDM prepared to sanction a grant over half of 7187 if the cost of acquisition goes up? and should not the body agree to deposit half of the total cost whatever it be or the total cost less 3594?

The school was newly recognised in September 1918 as a middle school. Steps are being taken by the Correspondent of the school to have the managing body registered. Registration under the Indian Companies Act was made a condition of permanent recognition. A grant of one half of Rs 7187

may be made. It may be made a condition of initiation of acquisition proceedings that one half of Rs 787 be deposited ~~in~~ in the local treasury; a condition of the completion of the acquisition might be that the management bear one half of the total cost, whatever it is.

The school appears to have only been temporarily recognised by the S.P.D.; ~~but no other action has been taken for the purpose of the grant. It is now required to inform the management that the Govt are prepared to acquire the land for the school provided they satisfy the conditions laid down in the S.P.D.'s note above. The final sanction for the grant may be given when the draft notification is published.~~

2. Subject to orders a draft order is being prepared, if approved, it may be sent to Revenue No. for acceptance 16.7.19.

to a religious murt and two temples and are presumably occupied by religious buildings. Under para (ii) of B.S.O. no 90, "Every endeavour should be made to avoid acquisition of land containing religious buildings or tombs if this can be done by a slight alteration of the alignment or site chosen." It would, it is understood, be well if Home (Edn) Dept were to consult the collector first drawing his special attention to the above B.S.O. before undertaking to acquire the lands for the school.

2. The file may be returned to the Home (Edn) Dept with the remarks of this Dept.

The lands presumably contain no religious buildings. The drafts accepted.

For orders whether it would not be safer to ascertain from the collector that there are no temples on the sites in question.

It is hardly necessary to make the reference from the valuation sheet.

on p. 5 of cf. it is seen that the lands are wet lands & that no compensation is included for any building.
