G.F. Paddison Esq., M.A.,

Resolution Commr. of Revenue Sett., Survey and L.R.
Reference.

The Board submits for the orders of Government the question of the permanent exemption from the Lower Subordinate Test of the College of Engineering of C.P. Susainatha Mudaliyar for purposes of employment as a Minor Irrigation Sub Overseer in the Madura district.

2. Susainatha Mudaliyar is a permanent clerk-draughtsman on Rs. 25 in the Madura Collectorate. He has obtained the old draughtsman's class certificate from the Civil Engineering College, Madras, and has been acting as a Minor

gation Sub Overseer since August ¹⁹¹³~~1915~~ under temporary exemptions
nted by the Board from time to time on recommendations made by
G.O. e Collectors of his district. He has put in about 20 years service
the Minor Irrigation Department. In April last when Susainatha
Mudaliyar's case came up to the Board, the Collector in asking for
his permanent exemption reported that the man was well experienced,
hard working and up to date in the discharge of his duties, that it
would be a mistake to have him ousted by a raw hand merely because
the latter had passed the required test and that the possession of
a certificate of the old draughtsman class of the College of Engi-
neering such as was held by Susainatha Mudaliyar and found suffi-
cient under G.O. No. 594 dated 25th March 1914 for a Local Fund Sub
Overseer's appointment should suffice for a Minor Irrigation Sub Over-
seership. The Board however in its Proceedings No. 788 Misc., dated
10th April 1919 would not accept this view, held that the revised
rates of pay sanctioned for the Sub Overseer's appointment had for
their object the securing of men possessed of the requisite examina-
tion qualifications and directed the Collector to get a man of the
latter class for Susainatha Mudaliyar's place. Mr. Reilly has now
resubmitted the matter for reconsideration on the ground that
Susainatha Mudaliyar's case is exceptional and that it will be dis-
advantageous for the Minor Irrigation establishment of his district
which is weak to lose an admittedly good and capable worker on the
chance of getting a technically qualified man who may have no executive
ability. The present Commissioner who as Collector had made the re-
commendation in April last agrees with Mr. Reilly and differs res-
pectfully from his predecessor in his views and desires that the
matter should be considered by Government. The Commissioner consi-
ders that Susainatha Mudaliyar has been quite the best ~~man~~ man among
the Minor Irrigation Sub Overseers he had in Madura, that among those
better qualified by examination rules there are in the district several
who are not particularly capable and who deserve to be turned out of
their posts before Susainatha Mudaliyar, and that in view of his long
service, experience and hard work he should be exempted from the
Lower Subordinate Test of the College of Engineering. The matter is

therefore

therefore submitted for the orders of Government.

PUBLIC WORKS DEPARTMENT
No. 12570
Date 11-7-1919

Susainama Mudaliar possesses the certificate of the old draughtman class and also 20 years' experience in the minor irrigation dept. It is also pointed out that in this dept some men who possessed the old ~~dept~~ draughtman's class certificate were ^{in the past} permanently exempted from the lower subordinate test of the College of Engineering. The proposal of the Board may, perhaps, be ^{supported} recommended in this dept.

What exemptions of the nature have been refused
within the last 6 months & why?

18.1.19

S.S.

Please see in the margin the list of cases ~~dealing~~ in which exemptions from the lower Subordinate test have been refused during the last six months. The reason for the refusal is that such exemptions would be prejudicial to the interests of passed Candidates of the College of Engineering. Exemptions ~~have been~~ ^{even} are recommended in very rare cases and then only when a man has been fully tested and has acquitted himself creditably in executive duties as well as in drawing work.
