Dear Sir,

In reply to your D.O.No.266, dated the 19th May 1919 enquiring what the intentions of the University of Madras are as regards the expenditure of the accumulated balance of more than 3½ lakhs ^{out} of the ~~xxxxxx~~ recurring Imperial Grant of Rs.65,000, I am desired to ~~state~~ ^{state} that ~~the present intention of the~~

~~contemplating the necessity for a large~~ increase in the original allocations of Rs.6,24,000 towards the cost of the ~~un~~ ^{un} buildings. ~~As estimate prepared~~ some years ago amounted to Rs.7,50,000 or thereabouts:

(ii) ~~Proposed by Indian Economics~~ The five years' period, for which the University Professorship of Indian Economics was originally sanctioned will expire by December 1920 and this Government have sanctioned the continuance of the Professorship for another period of five years, the cost of Rs.75,000 involved there- by being met from the savings in the recurring Imperial grant of Rs.65,000. The Syndicate recently raised the question of the retention of the Professorship on a permanent basis and the Government informed that

University is to utilize this balance for the following among other purposes: (i) ~~the Syndicate~~ ^{the Syndicate} contemplates the construction of a new University library buildings. It is anticipated that there will be a large

that body that they would be prepared to consider the question, provided the university could meet the cost of the Professorship out of its own funds. The Syndicate has accepted the decision of the Government and is considering proposals for the establishment of the University Professorship on a permanent basis after providing the necessary funds for the present temporary Professorship, and

(iii) Tamil Lexicon

The Syndicate also anticipates that additional funds over and above the Provincial assignment of one lakh will be required for financing the production of the Tamil Lexicon.

~~I am to say that the present intention of the University is to utilise the accumulated balance in the recurring Imperial Grant of Rs. 65,000 for the above and other purposes.~~

The sanction for the disbursement of the recurring grant of Rs 65,000 for the current year was withheld because it was thought that the Govt. of India would have some orders to pass on the proposals for the utilisation of the accumulated balances of the previous years' grants (p. 5 (contd.)). It is now a month since those proposals were put to the Govt. of India. It is doubtful whether any orders will be had from India. unless it is thought necessary to wait for some time more, the draft before may issue with the consequence of financial.

We are obliged to wait only for 40 days from the receipt by the Govt. of India of the balance sheet. That period expired by the 10th June last. We have further waited for six weeks more. Obviously the Govt. of India do not intend to oblige to the usual annual payment.

It is there stated that should the Govt. of India see reason to question any item of expenditure included in the balance sheet (for the recurring grant of .65 lakhs p.a. to the University), they will immediately communicate to the Local Govt. who will thereupon suspend the payment of the grant for the current year until the matter has been disposed of. In this particular case, the Govt. of India have not objected to any item of expenditure, but ^{have} merely desired to know the intentions of the University as to how they proposed to spend the balances of the grant that are accumulating.
