To The Secretary to the Government of Madras,

Home (Education) Department.

Sir,

I have the honour to address Government on the subject of the payment of honoraria to Examiners who conducted the Government Technical Examinations held in 1918-19. In G. O. No. 1360, Home (Education), dated 22nd October 1918, I have been empowered to sanction the payment under certain conditions, one of them being that the remuneration should be calculated at the rates laid down by the Government. In the case of the subjects mentioned in the statement marked A the rates adopted are 75% of those sanctioned in G. O. No. 612, Educational, dated 3rd October 1902, the reduction in the rates having reference to G. O. No. 481, Educational, dated 16th July 1906, in which Government directed the Govt.

ENCLOSURES 3

No. 1800

No. 1800

Spare copies - Nil

Station MADRAS, Dated the 31st MAY 1919.

From (Name) The Hon'ble Mr. R. Littlehales, M. A.,

(Designation) Acting Commissioner for Government

Examinations

To The Secretary to the Government of Madras,

Home (Education) Department.

Sir,

I have the honour to address Government on the subject of the payment of honoraria to Examiners who conducted the Government Technical Examinations held in 1918-19. In G. O. No. 1360, Home (Education), dated 22nd October 1918, I have been empowered to sanction the payment under certain conditions, one of them being that the remuneration should be calculated at the rates laid down by the Government. In the case of the subjects mentioned in the statement marked A the rates adopted are 75% of those sanctioned in G.O. No. 612, Educational, dated 3rd October 1902, the reduction in the rates having reference to G.O. No. 481, Educational, dated 16th July 1906, in which Government directed the Commissioner

para 2 of Govt

Mk 4-19 infra

(H)

2.3

a reduction of about 25% on the whole in the stipends and left
 to his discretion. The rates relating to the subjects in
 nment marked B were revised and in the case of new tests, e.g.,
 ting (Advanced Grade), were fixed, the question in either case
 decided by me in consultation with competent men. This revised
 which has reference to 'Music' and the subjects under the head of
 ing, &c.' in the scheme of the Technical Examinations and the scale
 ed for the other subjects in statement B and that for the tabulation
 k which is very heavy in the case of the subjects under 'Commerce'
 ve been found to be suitable and I request that Government will be
 leased to accord their sanction to the continuance of the same. A
 reduction of 25% is now effected in the 'fixed scale' mentioned above
 and the adoption of this course is proposed to be continued, while it
 is suggested that the 'revised scale' for 'Music' and 'drawing &c.'
 may be as heretofore adopted as it is.

(b) In the case of other subjects in the scheme of the Government
 Technical Examinations and of the oral and practical examinations which
 form a section of the examination in the subject in certain cases, it
 has not been possible to adopt a particular scale. In fixing the lump
 remuneration, however, the period of time spent in conducting the exa-
 mination, the nature and scope of the examination, the attainments and
 status of the examiner and the total emoluments, are invariably con-
 sidered.

(c) The oral and practical examinations are usually expensive but as
 the Technical Examinations are intended for the encouragement of
 Scientific and Technical instruction with special reference to
 manufacture and industries, &c., the expenditure may be regarded as
 being commensurate with the usefulness of technical education the demand
 for which is amply proved by the popularity of the examinations.

(d) In this connection, I beg to invite the attention of Government
 to para 2 of Sir Alfred Bourne's letter to Government No. 378/4D, dated
 2nd June 1906. I beg permission to add that the rates at present
 adopted are by no means high and in fact suggestions are now and then
 made to me for improving the scale. The question of enhancing the
 rates will not be taken up until absolute necessity is felt; but as

regards

Reduction
 of 25%
 in the
 scale

3

regards the present rates and the method adopted in fixing lump remu-
 nation, I may say that they worked satisfactorily in the past and I
 beg that Government will approve of them and empower me to continue the
 procedure now adopted. In fixing the lump remuneration the reduction
 of 25% on the whole is borne in mind.

(e) With reference to G.O.No.1360, Home (Education), dated 22nd
 October 1918, the Accountant-General would expect a certificate to the
 effect that each honorarium was calculated at the rates sanctioned by
 Government and as such a certificate is not possible in the circum-
 stances stated by me above in the case of certain subjects, the need
 for addressing Government for sanction will continue to exist, although
 it was intended in G.O.No.1360 Home (Education), dated 22nd October 1918
 that applications to Government for sanction of honoraria should be
 reduced to a minimum. In these circumstances, it appears to me that
 in as much as the Technical Examinations as a whole are self-supporting
 and the Commissioner has the privilege of adjusting the scales in view
 to gaining that end, the certificate referred to may be dispensed with
 in the case of the Technical Examinations.

2. Again at stations where the services of suitable examiners cannot
 be secured locally for the conduct of the oral and practical examinations,
 competent persons available at the nearest possible centre are selected
 for the work and the Travelling expenses incurred by them are, in fair-
 ness borne by the Commission. The actual railway expenses only are
 paid to them and there is a feeling among them that the incidental
 charges also in connection with their journeys should be paid. The
 examiners and assistant examiners alike are generally paid single second
 class railway fare. In cases where the Examiner is a person of very
 high status, he is allowed single first class fare. I beg to propose
 that the Travelling Allowance rates for non-officials now in existence
 in the case of the Secondary School-Leaving Certificate Examination may
 be adopted with reference to the Technical Examinations also and that
 Government officials could as in the case of the Secondary School-
 Leaving Certificate Examination be permitted to claim their Travelling
 Allowance as per Civil Service Regulations. I have the honour to be,

Sir,
 Your most obedient servant,

H. A. Hobday

Subject.

Remuneration &
T.A. to examiners
in connection with
Govt. Tech. Exams.

19
Hone (Ed. 1)

Go. 1101/2, from the Go. G. E., No. 1800, d/31.5.19

The position in regard to re-
muneration to examiners in connection with
Govt. Technical Exams. is as follows:-

In Go. No. 612 Ed., d/3rd. Feb

(H) 1902 the Govt. approved certain revised
Scales of remuneration to be adopted for
exams: in the several subjects comprised
in the Scheme and stated they would be
reconsidered after three years. As will be
seen from Mr. Stewart's letter No. 196, d/2

p. 2 of Go. 41 (H) March 1902, the revised scale took in only
such of the subjects as were frequently
brought up by candidates and which
that scale could be regarded as the most
important subjects of the Scheme. At the
end of the three-year period mentioned
above, Dr. Bowring reported that the ^{scales} ~~scheme~~
had worked well & that they might be
confirmed. The Govt., however, found
on exam: that the Technical exam:

Paper III - p. 2 of

Go. 481 Ed.

(I) 16.7.06.

had actually been conducted at a deficit
in each of the three years during which
the examiners were paid at the rates
sanctioned in 1902. With a view there-
fore to ensuring that these exams:

paid their way & short of raising the fees paid by candidates, the Govt. authorized the C. S. E. to effect a reduction of ^{about} 25 p. c. on the whole in the amount of stipends payable to examiners on the rates appd. in 1902: the details of working out the reduction being left to the Commissioner - G.O. No. 481 Edh: d/

(I)

10th July 1906. In a further G.O., the Commissioner was told that while reductions were permissible in the remuneration of examiners who were Govt. servants, examiners not in Govt. employ should be paid in full and that the total amt. of remuneration should not exceed fee receipts from the exams: as a whole. - Vide G.O. No.

(E)

423 Edh: d/ 30th May 1908. Since then the C. S. E. has been obtaining the sanction of Govt. year after year for the payment to "Technical" examiners of the amounts of honoraria calculated on the principles set forth above.

2

Recently at the instance of the Govt. of India, the C. S. E. was authorized to sanction the payment of honoraria to examiners appd. to

assist in the conduct of exams: controlled
by him subject to the following

Go. 1360 Ed. 22.10.18

Conditions:-

(1)

that the remuneration ^{was} calculated at the rates laid down by the Govt: for the particular exams: in question; and

(2) that the honorarium payable to an individual examiner did not exceed Rs 1,000

[The A. G. had also been authorized to pass bills for the payment of honoraria supported by ^{a certificate from the} C. G. & A. as at (1) above].

3 The point of the present ^{from the L. G. & C.} reference is that, so far as technical exams: are concerned, though the honoraria are based on Govt: Orders, the Commissioner is allowed a large measure of discretion in working out the rates and that, as such, a certificate as at 'A' ^{can} ~~supra~~ ^{may} not correctly be given. The L. G. & C. therefore divides the Govt: Technical exams: into two classes:-

Class I

This comprises exams: in

(1) Music. (2) Drawing & cognate subject & (3) Typewriting (advanced). For the

first two of these the C. G. & E. has worked out and ^{has been} ~~is~~ following a reduced scale of remuneration which is generally 75% of the scale sanctioned for such subjects in G.O. No. 612 Sd., d/ 3rd Oct: 1902. The Advanced Typewriting test was instituted only in 1905 and a scale has been fixed for adoption by the Commissioner presumably in pursuance of the discretion given him in the matter - These scales will be found at pp 20-22, c.f. The C. G. & E. asks that the reduced scale in respect of (1) & (2) & the new ~~reduced~~ scale which is liable to 25% reduction in respect of (3) may be formally approved.

Class II

In this category come I all the exams: not included in class II. In respect of these, it is said that it has not been possible to arrive at any well-defined fixed rates and that the practice adopted by him of awarding lump sum remuneration based on the time spent in conducting the exam, the nature & scope of the exam, the attainments & status of the examiner and the total emoluments

G.O. 414
17.6.05
(X1) (X2)

Para 1 (b) - p. 2, c.f.

The fixing of lumpsums
in the case of oral
and practical examinations
is very desirable & may
be continued. But in the
case of other written exami-
nations the adoption of the
lump sum system is ob-
vious to keep down the
total amount of remun-
eration which according
to the regular scale should
may accumulate to a
large amount & prove
much higher than the
needs of the case warrant.

83 23
has worked well in the past and
is presumably the best suited for these
exams. The Commissioner therefore
requests that this practice of lump
sum remuneration may be appld.

4 In view of the difficulty
in granting a certificate of the kind
adverted to at 'A' on p. 3 ante, the
Commissioner says that the certificate
may be dispensed with in respect of
technical exams. But the Commissioner
seems to have overlooked the fact
that the Audit officer cannot issue a
certificate of the kind in the
case of exams which are self-
supporting (para 4 of L.O. No. 13 board n,
of 22nd Oct. 1918). The fact that
a few of the technical exams are
not self-supporting is perhaps not of
importance because Govt. have all
along held that the pecuniary effect
of the exams: as a whole should be
taken into account and since the
Commissioner ^{has been} ~~is~~ ~~enjoined~~ ~~strictly~~ asked
to see that the aggregate amt. of
remuneration should in no account
exceed the fee receipts, the A. G.
may not very well object. If this view

67 24
 is accepted it is not clear ^{that} ~~what~~ orders
 are necessary on the points raised in
 in para 3 ante.

5 The Commissioner has
 incidentally brought forward the
 question of T.A. to examiners for Tech.
 Exams. In the circumstances stated in
 para 2 of the letter, the proposal to pay
 the examiners T.A. at the rates listed in

p. 3 at (R) Gen. No. 520 Edw. J. 181 Sep. 1910 for
 S.S.T.C. examiners perhaps he
 app. The financial effect of this is not known. It is
 not like the 1912. Non-officials will all get first class fare instead of some
 at second class fare. More of the status of first class as at present.
 Tech. has to be consulted.

25.6.19 CR 27.6.19

So long as the total expenses, travelling
 allowances included, for all the examiners
 taken together are kept below the
 receipts, the D.P.'s proposals
 may be approved

Fuel Dept

(The first two pages of
the C.F. have not been
clearly expressed)

Of the several points referred
to in the C.F. and the House (Edn)
notes Super it is subd that
this department is concerned
with those which relate to

- (a) the furnishing of a certifi-
-cate by the Commissioner
for Govt Examinations to the
Acct- genl to the effect that
the amount of a bill for
honorarium to an Examiner
was calculated at the rates
fixed by Govt. - vide Comm^y
letter para 1 (e) on p. 3 C.F.
- and (b) the grant of T.A. to the
Examiners for the Technical
Examinations in question.
as on the scale approved in
G.O. 520 Edn of 1-9-10.

R

2 Proposal (a) Please see
Govt of India's letter on p. 1 of
S.O. 1360 Home (Edn) of 22-10-18, Edn
notes to this order and the order
ibid. It will be seen there

(9)

from that the condition as regards the production of certificates by the Commr for Govt Examinations in support of bills for payment of honoraria to Examiners are required only in the case of those examinations which are not self-supporting. In the case of examinations like the Govt Technical Examinations which are self-supporting the powers of the Commr are as pointed out in para 4 of go 1360 Home Ed. 3 22.10.18, ~~are~~ unlimited and are not governed by para 2 of the order. The Commissioner need not, therefore, forward with each bill for payment of honorarium in the case of Govt Technical Examinations a certificate that the amount has been calculated at the rates fixed by Govt. and that it would suffice if he follows the existing practice in the matter.

It will

be seen from para 2 on p. 3 c.f. that the examiners in question are paid actual railway expenses only when they are asked to undertake journeys in connection with oral and practical examinations. That is, these are paid either single II or I class fares according to the status of the officer.

The Commission propose that these examiners should be paid travelling allowances at the rates approved by Govt in the case of Examiners for the S.S. & C. Examination in G.O. No. 520 of 1-9-10.

These rates are printed at top of p. 3 of ^{this} G.O. It will be seen therefrom that Officials ~~with~~ are paid rates according to the C.B.R. while non-officials are paid differently according as they are

1. 3 c.f.

Not accepted
by Final

R

~~Non~~ Examiners or Asst Examiners
These are briefly set out below
for convenience of reference:

Examiners

Asst Examiners

1. Rail Journey.

Single I class fare

Single II class fare.

2. Road & journey.

8 annas per mile

4 as per mile.

3. All^o for journeys
by rail of over
100 miles.

Rs 4 for each 100
mils or part of 100
mils in excess of that
number.

Rs 2 &
&

4. Daily all^o.

Rs 6.

Rs 4.

Items 1. & 2. do not call for remarks.
Item 3. is ^{apparently allowed} to meet incidental
expenses on journey & may be all^o
in the present case also.

Item 4. ~~The~~ Ordinary daily
allowance to I class officers,
excepting those ref^d to in
App^x 25 of the C.S.R., is limited
to Rs 5/-

Under App^x 25 Inspectors of
Schools, Principals & Professors &
Others get out a daily all^o.

of Rs 4/- while Asst. Insps of Schools get only Rs 3/-.

It is for order whether the rate of daily allowances proposed by the Commission for Govt. Examinations viz Rs 6 + 4 respectively will be allowed to stand in view of the fact that the payment of travelling allowances will be limited to fee receipt vide Home Secy's note, on p. 6 supra.

Cor
28/9

In the matter of the furnishing of a certificate it is seen that there is no need for Fin'l to make any more remarks as the case is covered by the rules now in force.

(Rb 574)

As to the rate of T.A. to be paid unpaid to these examiners there seems to be no reason why they should be treated less favourably than the examiners for the S.S.L.C. In any case the grant of the enhanced T.A. will be subject to the general rule expressed in G.O. 423 d. 39/5/08 that the fees (including expenses presumably) paid to examiners should be covered by the receipts.

No. 998ms dated 15.8.1919

I am today
 to the
 Fed
 19/09/09

The Commissioner for Government Examinations is informed that the orders issued in para 2 of G.O., No. 1360 Edn., dated 22nd October 1918 regarding the furnishing the A.G. with the certificate referred to therein do not apply to examinations such as the Government Technical examinations which are, taken as a whole, self-supporting.

2. The Government approve the revised rate of remuneration referred to by the Commissioner in para 1 (a) of his letter and the arrangement under which lump sums are paid as remuneration to examiners referred to in para 1(b) of the letter.

3. The Commissioner's proposal for the grant of travelling allowance to examiners in Govt. Technical

38

examinations at the rates approved in
C.O. No.520 Edl., dated 1st September
1910 in respect of examiners under the
Secondary School-leaving Certificate
scheme is approved, subject to the con-
dition that the aggregate expenditure
on the conduct of all the technical exami-
nations taken together and inclusive of
the charges on account of travelling
allowance is covered by fee-receipts.
