N C. No. 9593/18

Station M a d r a s . , *Dated the* 9-12- 191 8.

From (Name) The Honourable Mr. H. S. Duncan, M. A.,

(Designation) Ag. Director of Public Instruction.

To The Secretary to the Government of Madras,

Home (Education) Department.

Sir,

In submitting herewith the enclosed memorials, 117 in number, from the L.T. and Secondary grade students of the Teachers' College, Saidapet, I have the honour to point out that, if the petitioners' request were granted there would have to be a corresponding increase in the rate of stipend of all grades of teachers and of those who are given stipendiary grants and that consequently the sum involved would be considerable. Prices of food and clothing are of course high, and petitions have not been confined to the students of the Teachers' College, Saidapet. Training students of the elementary grade from different parts of the Presidency have already petitioned me for the grant of

war allowance. I have however informed Ram that that I can see my way to recommending such an allowance for these students and the present memorialists are relatively better off. Moreover the acting Principal of the College reports that the average monthly cost of board and lodging for residents in the hostel has not been more than about Rs. 1[illegible] since July last. Attention in this connection is invited to G.O. No. 46 Edl., dated 10-1-14 in which Government declined to grant compensation for dearness of food to trainin students in Government institutions who were in receipt of a stipend more than Rs. 9 per mensem and to increase for a similar object. The stipendiary grants to those in aided training institutions by Rs. 1-8-0 per mensem.

(F) The proposal was not entertained as the rate of stipend was at that time raised by Rs. 2/- in the case of secondary [illegible] teachers

Under these circumstances and considering the cost involved I am unable to support the petitioners' memorials though I realise that the difficulties of which they compla[illegible] are not without some foundation.

I have the honour to be,

Sir,

Your most obedient servant,

R A Arnee

for Director of Public I[illegible]uction.

THRO'

THE PRINCIPAL, TEACHERS' COLLEGE, SAIDAPET.

The humble memorial of Pauline . Pchaarattu student, Teachers' College, Saidapet, most respectfully requests Your Excellency the Governor in Council to be good enough to consider the scale of stipends now awarded to L. T. students, with a view to raise it to twice the present rate on the grounds submitted hereunder :—

1. The present rates of stipend were fixed a quarter of a century ago, when the cost of living at Saidapet as elsewhere did not exceed Rs. 10, thus allowing a margin to meet sundry personal charges.

2. The prices of articles have of late grown so very high on account of famine and war conditions that the life of a training student has become very trying.

3. The hostel rates of an average student now come to Rs. 20 and more as detailed below, which may be verified by reference to the Hostel accounts for the last 3 or 4 years :— Boarding Rs. 15, coffee in the morning Rs. 2, oil and hot water bathing charges Rs. 2, and Hostel Establishment charges Rs. 2, besides many other necessary personal items that come up to Rs. 10 per mensem, on the average.

4. Most of the students undergoing training have been engaged in the profession for some time past, receiving salaries ranging from Rs. 50 to 75 and in some cases Rs. 100. They have now to live barely on this stipend and undergo grievous privation since they find it impossible to adjust their living to the same. The case of students who are obliged to live outside Saidapet, is still worse.

As a token of the sympathy for Education evinced by the joint report of H. E. the Viceroy and the Secretary of State for India, Your Excellency's memorialist urges upon the careful consideration of the Governor in Council, the aforesaid reasons justifying an increase of the existing scale of stipend as prayed for above, with retrospective effect from the 8th of July, 1918, and await your Excellency's favourable orders.

The case of students who are obliged to live outside Saidapet, is still worse.

As a token of the sympathy for Education evinced by the joint report of H. E. the Viceroy and the Secretary of State for India, Your Excellency's memorialist urges upon the careful consideration of the Governor in Council, the aforesaid reasons justifying an increase of the existing scale of stipend as prayed for above, with retrospective effect from the 8th of July, 1918, and await your Excellency's favourable orders.

THRO'

THE PRINCIPAL, TEACHERS' COLLEGE, SAIDAPET.

The humble memorial of Mohammed Musthuza student, Teachers' College, Saidapet, most respectfully requests Your Excellency the Governor in Council to be good enough to consider the scale of stipends now awarded to Secondary Grade students, with a view to raise it to twice the present rate on the grounds submitted hereunder :—

1. The present rates of stipend were fixed a quarter of a century ago, when the cost of living at Saidapet as elsewhere did not exceed Rs. 10, thus allowing a margin to meet sundry personal charges.

2. The prices of articles have of late grown so very high on account of famine and war conditions that the life of a training student has become very trying.

3. The hostel rates of an average student now come to Rs. 20 and more as detailed below, which may be verified by reference to the Hostel accounts for the last 3 or 4 years :— Boarding Rs. 15, coffee in the morning Rs. 2, oil and hot water bathing charges Rs. 2, and Hostel Establishment charges Rs. 2, besides many other necessary personal items that come up to Rs. 10 per mensem, on the average.

4. Most of the students undergoing training have been engaged in the profession for some time past, receiving salaries ranging from Rs. 50 to 75 and in some cases Rs. 100. They have now to live barely on this stipend and undergo grievous privation since they find it impossible to adjust their living to the same. The case of students who are obliged to live outside Saidapet, is still worse.

As a token of the sympathy for Education evinced by the joint report of H. E. the Viceroy and the Secretary of State for India, Your Excellency's memorialist urges upon the careful consideration of the Governor in Council, the aforesaid reasons justifying an increase of the existing scale of stipend as prayed for above, with retrospective effect from the 8th of July, 1918, and awaits your Excellency's favourable orders.

THE PRINCIPAL, TEACHERS' COLLEGE, SAIDAPET.

The humble memorial of T. Vaithamanidhi student, Teachers' College, Saidapet, most respectfully requests Your Excellency the Governor in Council to be good enough to consider the scale of stipends now awarded to Secondary grade students, with a view to raise it to twice the present rate on the grounds submitted hereunder :—

1. The present rates of stipend were fixed a quarter of a century ago, when the cost of living at Saidapet as elsewhere did not exceed Rs. 10, thus allowing a margin to meet sundry personal charges.

2. The prices of articles have of late grown so very high on account of famine and war conditions that the life of a training student has become very trying.

3. The hostel rates of an average student now come to Rs. 20 and more as detailed below, which may be verified by reference to the Hostel accounts for the last 3 or 4 years :— Boarding Rs. 15, coffee in the morning Rs. 2, oil and hot water bathing charges Rs. 2, and Hostel Establishment charges Rs. 2, besides many other necessary personal items that come up to Rs. 10 per mensem, on the average.

4. Most of the students undergoing training have been engaged in the profession for some time past, receiving salaries ranging from Rs. 50 to 75 and in some cases Rs. 100. They have now to live barely on this stipend and undergo grievous privation since they find it impossible to adjust their living to the same. The case of students who are obliged to live outside Saidapet, is still worse.

As a token of the sympathy for Education evinced by the joint report of H. E. the Viceroy and the Secretary of State for India, Your Excellency's memorialist urges upon the careful consideration of the Governor in Council, the aforesaid reasons justifying an increase of the existing scale of stipend as prayed for above, with retrospective effect from the 8th of July, 1918, and await your Excellency's favourable orders.

T. students, with a view to raise it to twice the present rate on the grounds submitted hereunder :—

1. The present rates of stipend were fixed a quarter of a century ago, when the cost of living at Saidapet as elsewhere did not exceed Rs. 10, thus allowing a margin to meet sundry personal charges.

2. The prices of articles have of late grown so very high on account of famine and war conditions that the life of a training student has become very trying.

3. The hostel rates of an average student now come to Rs. 20 and more as detailed below, which may be verified by reference to the Hostel accounts for the last 3 or 4 years :— Boarding Rs. 15, coffee in the morning Rs. 2, oil and hot water bathing charges Rs. 2, and Hostel Establishment charges Rs. 2, besides many other necessary personal items that come up to Rs. 10 per mensem, on the average.

4. Most of the students undergoing training have been engaged in the profession for some time past, receiving salaries ranging from Rs. 50 to 75 and in some cases Rs. 100. They have now to live barely on this stipend and undergo grievous privation since they find it impossible to adjust their living to the same. The case of students who are obliged to live outside Saidapet, is still worse.

As a token of the sympathy for Education evinced by the joint report of H. E. the Viceroy and the Secretary of State for India, Your Excellency's memorialist urges upon the careful consideration of the Governor in Council, the aforesaid reasons justifying an increase of the existing scale of stipend as prayed for above, with retrospective effect from the 8th of July, 1918, and awaits your Excellency's favourable orders.

2. The prices of articles have of late grown so very high on account of famine and war conditions that the life of a training student has become very trying.

3. The hostel rates of an average student now come to Rs. 20 and more as detailed below, which may be verified by reference to the Hostel accounts for the last 3 or 4 years :— Boarding Rs. 15, coffee in the morning Rs. 2, oil and hot water bathing charges Rs. 2, and Hostel Establishment charges Rs. 2, besides many other necessary personal items that come up to Rs. 10 per mensem, on the average.

4. Most of the students undergoing training have been engaged in the profession for some time past, receiving salaries ranging from Rs. 50 to 75 and in some cases Rs. 100. They have now to live barely on this stipend and undergo grievous privation since they find it impossible to adjust their living to the same. The case of students who are obliged to live outside Saidapet, is still worse.

As a token of the sympathy for Education evinced by the joint report of H. E. the Viceroy and the Secretary of State for India, Your Excellency's memorialist urges upon the careful consideration of the Governor in Council, the aforesaid reasons justifying an increase of the existing scale of stipend as prayed for above, with retrospective effect from the 8th of July, 1918, and await your Excellency's favourable orders.

2. The prices of articles have of late grown so very high on account of famine and war conditions that the life of a training student has become very trying.

3. The hostel rates of an average student now come to Rs. 20 and more as detailed below, which may be verified by reference to the Hostel accounts for the last 3 or 4 years :— Boarding Rs. 15, coffee in the morning Rs. 2, oil and hot water bathing charges Rs. 2, and Hostel Establishment charges Rs. 2, besides many other necessary personal items that come up to Rs. 10 per mensem, on the average.

4. Most of the students undergoing training have been engaged in the profession for some time past, receiving salaries ranging from Rs. 50 to 75 and in some cases Rs. 100. They have now to live barely on this stipend and undergo grievous privation since they find it impossible to adjust their living to the same. The case of students who are obliged to live outside Saidapet, is still worse.

As a token of the sympathy for Education evinced by the joint report of H. E. the Viceroy and the Secretary of State for India, Your Excellency's memorialist urges upon the careful consideration of the Governor in Council, the aforesaid reasons justifying an increase of the existing scale of stipend as prayed for above, with retrospective effect from the 8th of July, 1918, and awaitoyour Excellency's favourable orders.

The humble memorial of E. V. Gopalan, student, Teachers' College, Saidapet, most respectfully requests Your Excellency the Governor in Council to be good enough to consider the scale of stipends now awarded to L. T. Stipendiary students, with a view to raise it to twice the present rate on the grounds submitted hereunder :—

1. The present rates of stipend were fixed a quarter of a century ago, when the cost of living at Saidapet as elsewhere did not exceed Rs. 10, thus allowing a margin to meet sundry personal charges.

2. The prices of articles have of late grown so very high on account of famine and war conditions that the life of a training student has become very trying.

3. The hostel rates of an average student now come to Rs. 20 and more as detailed below, which may be verified by reference to the Hostel accounts for the last 3 or 4 years :— Boarding Rs. 15, coffee in the morning Rs. 2, oil and hot water bathing charges Rs. 2, and Hostel Establishment charges Rs. 2, besides many other necessary personal items that come up to Rs. 10 per mensem, on the average.

2. The prices of articles have of late grown so very high on account of famine and war conditions that the life of a training student has become very trying.

3. The hostel rates of an average student now come to Rs. 20 and more as detailed below, which may be verified by reference to the Hostel accounts for the last 3 or 4 years :— Boarding Rs. 15, coffee in the morning Rs. 2, oil and hot water bathing charges Rs. 2, and Hostel Establishment charges Rs. 2, besides many other necessary personal items that come up to Rs. 10 per mensem, on the average.

4. Most of the students undergoing training have been engaged in the profession for some time past, receiving salaries ranging from Rs. 50 to 75 and in some cases Rs. 100. They have now to live barely on this stipend and undergo grievous privation since they find it impossible to adjust their living to the same. The case of students who are obliged to live outside Saidapet, is still worse.

As a token of the sympathy for Education evinced by the joint report of H. E. the Viceroy and the Secretary of State for India, Your Excellency's memorialist urges upon the careful consideration of the Governor in Council, the aforesaid reasons justifying an increase of the existing scale of stipend as prayed for above, with retrospective effect from the 8th of July, 1918, and await your Excellency's favourable orders.

The humble memorial of R. Krishnamachari student, Teachers' College, Saidapet, most respectfully requests Your Excellency the Governor in Council to be good enough to consider the scale of stipends now awarded to L. T. Stipendiary students, with a view to raise it to twice the present rate on the grounds submitted hereunder :—

1. The present rates of stipend were fixed a quarter of a century ago, when the cost of living at Saidapet as elsewhere did not exceed Rs. 10, thus allowing a margin to meet sundry personal charges.

2. The prices of articles have of late grown so very high on account of famine and war conditions that the life of a training student has become very trying.

3. The hostel rates of an average student now come to Rs. 20 and more as detailed below, which may be verified by reference to the Hostel accounts for the last 3 or 4 years :— Boarding Rs. 15, coffee in the morning Rs. 2, oil and hot water bathing charges Rs. 2, and Hostel Establishment charges Rs. 2, besides many other necessary personal items that come up to Rs. 10 per mensem, on the average.

2. The prices of articles have of late grown so very high on account of famine and war conditions that the life of a training student has become very trying.

3. The hostel rates of an average student now come to Rs. 20 and more as detailed below, which may be verified by reference to the Hostel accounts for the last 3 or 4 years :— Boarding Rs. 15, coffee in the morning Rs. 2, oil and hot water bathing charges Rs. 2, and Hostel Establishment charges Rs. 2, besides many other necessary personal items that come up to Rs. 10 per mensem, on the average.

4. Most of the students undergoing training have been engaged in the profession for some time past, receiving salaries ranging from Rs. 50 to 75 and in some cases Rs. 100. They have now to live barely on this stipend and undergo grievous privation since they find it impossible to adjust their living to the same. The case of students who are obliged to live outside Saidapet, is still worse.

As a token of the sympathy for Education evinced by the joint report of H. E. the Viceroy and the Secretary of State for India, Your Excellency's memorialist urges upon the careful consideration of the Governor in Council, the aforesaid reasons justifying an increase of the existing scale of stipend as prayed for above, with retrospective effect from the 8th of July, 1918, and awaits your Excellency's favourable orders.

2. The prices of articles have of late grown so very high on account of famine and war conditions that the life of a training student has become very trying.

3. The hostel rates of an average student now come to Rs. 20 and more as detailed below, which may be verified by reference to the Hostel accounts for the last 3 or 4 years :— Boarding Rs. 15, coffee in the morning Rs. 2, oil and hot water bathing charges Rs. 2, and Hostel Establishment charges Rs. 2, besides many other necessary personal items that come up to Rs. 10 per mensem, on the average.

4. Most of the students undergoing training have been engaged in the profession for some time past, receiving salaries ranging from Rs. 50 to 75 and in some cases Rs. 100. They have now to live barely on this stipend and undergo grievous privation since they find it impossible to adjust their living to the same. The case of students who are obliged to live outside Saidapet, is still worse.

As a token of the sympathy for Education evinced by the joint report of H. E. the Viceroy and the Secretary of State for India, Your Excellency's memorialist urges upon the careful consideration of the Governor in Council, the aforesaid reasons justifying an increase of the existing scale of stipend as prayed for above, with retrospective effect from the 8th of July, 1918, and await your Excellency's favourable orders.

1. The present rates of stipend were fixed a quarter of a century ago, when the cost of living at Rajahmundry, as elsewhere, did not exceed Rs. 10, thus allowing a margin to meet sundry personal charges.

2. The prices of articles have of late grown so very high, on account of famine and war conditions, that the life of a training student has become very trying.

3. The expenses of an average student in the hostel now come to Rs. 29 as detailed below :— Boarding & Establishment charges Rs. 25, // Coffee in the morning Rs. 2, Tiffin in the afternoon Rs. 4, besides other necessary personal items which come to Rs. 10 per mensem on the average.

4. Most of the students undergoing training have been engaged in the profession for some time past, receiving salaries ranging from Rs. 50 to Rs. 80 and in some cases Rs. 100. They have now to live barely on this stipend and undergo grievous privation since they find it impossible to adjust their living to the same. The case of students who are obliged to live outside the hostel is still worse.

As a token of the sympathy for Education evinced by the joint report of His Excellency the Viceroy and the Secretary of State for India, Your Excellency's memorialist urges, upon Your Excellency's kind consideration, the aforesaid reasons justifying an increase of the existing scale of stipend as prayed for above, with retrospective effect from the 8th of July, 1918, and awaits Your Excellency's favourable orders.

The humble memorial of K Satyanarayana student, Training College, Rajahmundry, most respectfully requests your Excellency to be good enough to consider the scale of stipends now awarded to L. T. students, in view of raising it to twice the present rate on the grounds submitted hereunder :—

1. The present rates of stipend were fixed a quarter of a century ago, when the cost of living at Rajahmundry, as elsewhere, did not exceed Rs. 10, thus allowing a margin to meet sundry personal charges.

2. The prices of articles have of late grown so very high, on account of famine and war conditions, that the life of a training student has become very trying.

3. The expenses of an average student in the hostel now come to Rs. ~~20~~ 27 as ~~detailed~~ detailed below :—Boarding & Establishment charges Rs. ~~13~~ 15, Coffee in the morning Rs. 2, Tiffin in the afternoon Rs. 4, besides other necessary personal items which come to Rs. 10 per mensem on the average.

4. Most of the students undergoing training have been engaged in the profession for some time past, receiving salaries ranging from Rs. 50 to Rs. 80 and in some cases Rs. 100. They have now to live barely on this stipend and undergo grievous privation since they find it impossible to adjust their living to the same. The case of students who are obliged to live outside the hostel is still worse.

As a token of the sympathy for Education evinced by the joint report of His Excellency the Viceroy and the Secretary of State for India, Your Excellency's memorialist urges, upon Your Excellency's kind consideration, the aforesaid reasons justifying an increase of the existing scale of stipend as prayed for above, with retrospective effect from the 8th of July, 1918, and awaits Your Excellency's favourable orders.

C.No. 2002 A. from the D.P.I., R.C. 9573/9.12.18.

Subject. Memorials from teachers undergoing training in the Teachers' College, Saidapet, for increased stipends.

The D.P.I submits memorials from the secondary & collegiate grade teachers undergoing training in the Teachers' College, Saidapet, for increase of the stipends now granted to them. Under rule 118 of the Madras Educational Rules the ordinary rate of provincial stipend per mensem in the several departments is as follows:-

	Rs.	a.
Collegiate Deptt.	15.	0.
Secondary "	12.	0.
Higher-elementary stipendiaries	10-	8
Lower Elementary "	8.	8

Special rates of stipends are laid down for teachers belonging to particular communities or possessing certain special qualifications. The memorialists point out that the present rates were ~~laid down~~ fixed a quarter

page 3 q.c.f.

(61)

of a century ago and that since then prices have gone very high and (2) that they find it very difficult to live on the present stipends as most of them had been receiving salaries ranging from Rs 50 to Rs 100 before coming for training.

2. As regards secondary grade teachers (persons who have completed the secondary school course or have passed the Intermediate examination), it is submitted that the stipend allowed to them was only Rs 10 per per mensem for a very long time. In 1913 Dr. Bourne recommended the increase of the amount of stipend to Rs 12 on the grounds that the cost of living had risen considerably and that the course of training had been extended from one to two years. He also proposed that these teachers should be granted grain compensation allowance on the scale allowed to Govt. servants

p. 3 of Jo. 46/10.1.14 (F)

servants. The Govt. sanctioned the increase of the rates of Stipends from Rs 10 to Rs 12/, but vetoed the proposal to pay grain compensation allowance. The statement that these teachers have been getting the same rate of Stipends for over quarter of a century is not therefore correct. They have had an increase (five years)

3. As regards graduates who undergo training, it is submitted that the rate of stipend fixed for them, Viz., Rs 15 per mensem, has been the same for a long time. The rate was fixed in 1880. There has been no increase since then. In 1913, the D.P.I recommended the payment of grain compensation allowance to these teachers. But the proposal was not accepted.

4. The D.P.I admits that the difficulties which the memorialists complain are not without foundation, but in consi-

Sectt. II—8 (a)—160,004—16-1-17.

deration of the fact that the grant of any increased stipend will entail large additional expenditure he does not support their request. Further, he points out that the average monthly cost of board + lodging for residents in the Teachers' College hostel has been reported to be not more than Rs 14 since July last. The memorialists however point out that they have to incur various other expenses during their stay at Saidapet.

5 As pointed out in para 2 above, the rate of stipend of secondary grade teachers was raised by one-fifth in 1914. The stipends of elementary grade teachers were also increased by Rs 2 in 1912. (Vide (A) Go. No. 378 Edt., dated the 2nd May 1912). In Go. No. 920 Edt., dated (B) the 5th August 1914, grain compensation allowance sanctioned in the case of of these teachers in 1908 was withdrawn and the rate,

para 3, p. 2 cf.

NOTES.

rate of stipends were still further raised by Re 1-8-0 per mensem. Thus the increase sanctioned in a period of ten years amounted to Rs 3-8-0 per mensem. The teachers of the collegiate grade alone have not received any increase to their stipends since 1880 and it is submitted that any increase that may be granted in their case need not necessarily be followed by a corresponding increase in the rates of stipends at present drawn by teachers of the secondary and elementary grades.

(Since 1908)

(c) b In G.O. No. 401 dt. 11 (Revt.), dated the 18th September 1917, the rate of stipends of civil medical pupils was raised from Rs 9 to Rs 15 per mensem and recently the Govt. have sanctioned the raising of the rate of stipends of Anglo-Indian teachers undergoing training at Saidapet from Rs 40 to Rs 50 per mensem. Having regard to the status of

G.O. No. 1550 / 4-12-18 (e)

of L. T. students and the considerable increase in the cost of living, it is for consideration whether the rate of stipend now allowed to them may not be raised from Rs 15/- to Rs 20 per mensem.

The number of students under training on the 31st March 1918 was 165 in the undermentioned institutions:—

Teachers' College, Saidapet.	98
Training College, Rajahmundry.	48
St. Joseph's College, Trichy, Lt. class.	19
Total	165.

If the proposal suggested above is entertained, the extra cost will come to Rs 5 x 9 x 165 or Rs 7,425 per annum. The revised rate may come into force with effect from the 1st July 1919 and the necessary provision may be made in the budget for next year.

The file may go to the D.P.I. no. for remark.

The main, if not the sole, object of giving stipends is to attract students to training

institutions and to induce teachers to undergo training. Please compare para. 386 of Mr. Sharp's latest quinquennial report. In his special report on the training of secondary teachers in the Presidy Mr. Duncan stated at the beginning of this year that "the rates of stipend offered are "sufficiently attractive to induce teachers "to undergo training." His remark applies both to graduate & secondary grade teachers. The chief criterion in fixing the rate of stipends is ~~the~~ its sufficiency or otherwise to induce teachers to undergo training, and not its sufficiency ~~to~~ to meet the cost of living of the student. If the student had taken up the teacher's profession before he got trained, it is his own fault; and he cannot advance the fact that he received a full salary before he joined the training institution as an argument for augmenting the rate of stipend. Whatever money that can be set apart for training will be fully needed for providing additional facilities for training. There is a very large number of teachers awaiting training and more
