GOVERNMENT PRESS.

If the additional preliminary matter, dated inscriptions and planetary tables yet to be sent to the press will not make more than 200 pages so that the whole work can be got into 6 volumes of 400 pages each, the cost for 500 copies bound in full cloth will be Rs.13,000 and the selling price including Agents commission Rs 40 per set of 6 volumes.

2 I cannot give a definite reply as to the time when the work will be ready. If author's proofs of the tables are not delayed I can do at least 16 pages a day without interfering with other work or to finish the whole within 6 months. I have men waiting for work.

3 Some Mss. are still to come in and other Mss. have to be corrected before printing and I understand that the author cannot arrange to pass more than 8 pages daily so 12 months at least will have to be allowed. To expedite the work I have taken on a proof reader temporarily to pass proofs for the author but his outturn at present is less than 8 pages daily.

This is so

4 If the inscriptions, planetary tables, etc., cannot be got into 200 pages of the 1st volume, about 12% should be added to the above estimates of time and price for the 7th Volume.
