HOME DEPARTMENT (EDUCATION)

G.O. No. 74, 20th January 1919

Subsidies

Approving the proposals of the Director of Public Instruction for the distribution of — to local bodies to enable them to open new elementary schools, to strengthen the staff of existing schools and to open higher standards in them and sanctioning the distribution of a subsidy of Rs. 1,59,915 in the current year for the purpose.

READ—the following papers :—

I

Letter—from the Hon'ble Mr. H. S. DUNCAN, M.A., Acting Director of Public Instruction.
To—the Secretary to Government, Home (Education) Department.
Dated—Madras, the 29th November 1918.
No.—R.C. 4568.

In their Resolution dated 21st February 1913 the Government of India have expressed a desire to see the number of pupils under instruction in primary schools doubled in the not distant future and this has been reiterated in their circular letter No. 750, dated 2nd September 1918, to Local Governments and Administrations. Agreeably to the above policy and principle, I consider that one of the objects on which the Imperial recurring grant of 5·5 lakhs for the development of primary education should be utilized may be the opening of new elementary schools, strengthening of existing ones and the opening of higher standards. Accordingly I have the honour to address Government on the subject and to state as follows.

2. District boards and municipalities were requested as early as May last to forward to this office their proposals in this regard in consultation with the inspecting officers, but it was only after very considerable delay and after repeated reminders by letter and by telegram that many of the replies were received, the last reply coming on 10th November 1918.

3. My proposals are tabulated under three heads, namely, (1) opening new elementary schools, (2) strengthening the staff of existing schools and (3) opening higher standards. Separate statements marked A, B and C corresponding to these three heads and consolidated statements marked D and E indicating the cost of the whole scheme and the amount required for the current year are enclosed. Such proposals as appeared to me to be extravagant or not quite relevant have been either modified or disallowed. In framing these proposals I have been guided as far as possible by the principles enunciated by Mr. Stone in his letter to Government, R.C. No. 3440, dated 6th November 1917, and approved by them in their Order No. 1585, Home (Education), dated 15th December 1917, except in regard to the following—

(i) The minimum pay of teachers in boys' and in girls' schools has been taken as Rs. 12 and Rs. 13 respectively. This has been done in accordance with the policy of India cited supra and in anticipation of the sanction of Government to my proposals which will be submitted separately for raising the minimum pay of teachers in boys' schools and of women teachers in girls' schools to Rs. 12 and Rs. 13 respectively out of the Imperial grant mentioned above.

(ii) Where two teachers are proposed the rate of salary has been fixed at Rs. 13 and Rs. 12 in regard to boys' and Rs. 16 and Rs. 13 in respect of girls' schools.

I may add that the revision of the scale of salaries proposed by certain local bodies has not been taken into account in this connexion, and that in certain cases where existing aided schools are proposed to be taken over by the local bodies, as many teachers as are found necessary to cope with the existing strength have been allowed.

4. I shall now briefly explain the details of my proposals under each of the three heads indicated above—

(1) *Opening new schools.*—It is proposed to open 1,163 schools in all—1,021 in rural areas and 147 in municipalities. Out of this number 736 schools are for boys and 432 for girls. Classified according to community, 103 schools are for Muhammadans, 80 for Panchamas, 117 for backward classes and 868 for general classes and castes. The cost under this head comes to Rs. 4,47,575, the allotment for the two months of the current year being Rs. 1,80,450.

(2) *Strengthening existing schools.*—It is proposed to strengthen the staff of 562 schools (504 in rural areas and 58 in municipalities), the additional staff for each school ordinarily not exceeding a single teacher. In the few cases where more than one teacher is proposed the number of additional teachers is fixed with regard to the number of standards, the number of pupils and the present scale of staff. The annual cost of these proposals amounts to Rs. 87,276, the allotment required for the two months of the current year being Rs. 14,736.

(3) *Opening higher standards.*—Higher standards are proposed to be opened in 299 schools—269 in rural and 30 in urban areas. The opening of more than one standard has been suggested in some cases but I have, as a rule, made provision only for one higher standard and the additional staff required for it. The annual cost on this account aggregates Rs. 71,760, the amount required for the two months of the current year being Rs 11,960.

5. The financial aspect of the scheme will be as shown hereunder:—

Expenditure during 1918-19.	Rs.
Cost of the scheme for two months	2,07,146
Subsidy for the Gudiyattam municipality sanctioned in G.O. No. 1149, Home (Education), dated 5th September 1918.	642
Total ...	2,07,788
Deduct amount reserved out of the Imperial recurring grant of 5·5 lakhs for the development of primary education.	2,00,000
Additional expenditure ...	7,788

Expenditure during 1919-20.	
Annual cost of the scheme	6,06,611
Recurring subsidy payable to the Gudiyattam Municipal Council under G.O. No. 1149, Home (Education), dated 5th September 1918.	492
Total ...	6,07,103
Deduct—	
Amount reserved out of the Imperial recurring grant of 5·5 lakhs	2,00,000
Provincial progressive increment of 2 lakhs provided in the Civil Budget Estimate for 1919-1920 for opening new schools, etc.	2,00,000
Total ...	4,00,000
Additional cost ...	2,07,103

The extra expenditure of Rs. 7,788 involved during the current year may be met out of the anticipated savings in the provision under "22-E. Education—Government Schools, General (iii) Payment in support of Local Bodies." As regards the additional charge for the next and subsequent years amounting to Rs. 2,07,103, I request that provision to the extent of 2 lakhs may be inserted in the Civil Budget Estimate now under the consideration of Government, the remaining Rs. 7,103 being met out of the usual allotment for subsidies to local bodies.

6. These proposals form, in my opinion, along with those sanctioned in G.O. No. 1585, Home (Education), dated 15th December 1917, part of the general scheme for the expansion of education and if Government approve of them I request that the amounts shown in column 10 of statements D and E which, in most cases, include provision for equipment at the rate of Rs. 100 for each new school may be placed at the disposal of the district boards and municipalities concerned with instructions to take early steps to give effect to the scheme from 1st January next or as early as practicable.

Enclosures

II

Letter—from the Hon'ble Mr. H. S. Duncan, M.A., Acting Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department.

Dated—Madras, the 6th December 1918.

No.—Ref. on Cur. 4568.

In continuation of my letter R.C. No. 4568, dated 29th November 1918, I have the honour to submit supplemental proposals for opening two new elementary schools for Panchama boys—one at Roshanai in Tindivanam taluk and the other at Villupuram in Villupuram taluk, South Arcot district—and for opening the sixth standard in the Municipal Muhammadan elementary school, Dindigul. As the two new schools are for Panchamas and as a higher standard is proposed to be opened in the other school which is for Muhammadans, I consider their inclusion in my consolidated proposals very desirable as I should have done had I been addressed in time. The cost, recurring and non-recurring, of the proposal to open the two new schools is shown below :—

	Rs.	
Two teachers (Rs. 13 and Rs. 12)	25	per mensem.
Contingencies	5	,,
Capitation allowance	50	
Annual recurring charge ...	410	
Cost for two schools	410 × 2 =	820
Cost for two months of the current year excluding capitation allowance	60	
Cost of equipment	100	
	160	
Cost for two schools	160 × 2 =	320

As regards opening a higher standard in the Municipal Muhammadan elementary school, Dindigul, there are at present six teachers excluding the Hindustani munshi on the marginally noted scales of pay and it is proposed to strengthen the staff by appointing an additional secondary grade teacher on Rs. 30 per mensem. The cost per annum will therefore amount to Rs. 360 and for two months during the current year to Rs. 60.

	Rs.
Headmaster	23
First assistant	16
Second assistant	13
Three assistants	11 each
Hindustani munshi ...	13

2. If Government approve these proposals, the expenditure during the current year amounting to Rs. 380 may be met from the savings in the provision of Rs. 11,000 for night schools in the current year's budget, and the extra expenditure from next year forwards may be met from the usual provision for subsidies, if Government cannot provide additional funds on this account.

III

Letter—from the Hon'ble Mr. H. S. Duncan, M.A., Acting Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department.

Dated—Madras, the 19th December 1918.

No.—R.C. 4568.

In continuation of my letter R.C. No. 4568, dated 29th November 1918, I have the honour to report that the President, District Board, Salem, now requests that the opening of a new elementary school at Naikarapatti in Salem taluk may be permitted in place of the one at Uttamasholapuram in the same taluk as originally proposed by him and included in statement A accompanying my letter quoted above. The necessary change of name may accordingly be effected when orders are passed on my proposals.

Order—No. 74, Home (Education), dated 20th January 1919.

In his letters read above the Director of Public Instruction submits proposals for the opening of 1,170 new elementary schools under the management of local bodies, the strengthening of the staff of 562 existing schools and the opening of higher standards in 300 other institutions under the management of those bodies. The proposals are estimated to cost Rs. 6,07,741 per annum as shown below :—

Item.	District boards.	Municipalities.	Total.
	Rs.	Rs.	Rs.
Opening of new schools	3,81,501	66,844	4,48,345
Strengthening the staff of existing schools	77,844	9,432	87,276
Opening of higher standards in existing schools	63,492	8,628	72,120
Total ..	5,22,837	84,904	6,07,741

The Government generally approve these proposals. Local bodies are requested to take steps to open the schools as early as possible.

2. The minimum pay sanctioned in G.O. No. 170, Home (Education), dated the 12th February 1918, is Rs. 11 per mensem for a trained teacher in boys' schools and Rs. 12 per mensem for a woman teacher in girls' schools under public management. In the proposals now submitted the minimum rates of pay for these teachers are fixed at Rs. 12 and Rs. 13 per mensem respectively. Also where two teachers are required for a school, it is proposed to fix their pay at one rupee more than the existing rates as shown below :—

	Existing rates.	Proposed rates.
Boys' schools	Rs. 12 and 11	Rs. 13 and 12
Girls' schools	Rs. 15 and 12	Rs. 16 and 13

The revised rates of pay proposed are approved and will come into force with effect from the 1st April 1919. The Government however reserve to themselves the right

to modify these rates when orders are passed on certain general questions connected with the emoluments of teachers in schools under public management now under consideration.

3. In the current year the teachers to be employed in the new schools now sanctioned will be paid only according to existing rates. The amount required for the three objects mentioned above for one month in the current year, together with a fixed sum of Rs. 100 for each new school for equipment, is Rs. 1,59,915 as shown in the annexure to these proceedings. The Accountant-General is requested to place the amounts shown in the last column of the annexure at the disposal of the local bodies concerned at an early date.

4. The expenditure will be met from the lump provision of Rs. 5,50,000 for the development of primary education in the current year's budget estimate under the head '22. Education.'

NOTES CONNECTED WITH G.O. No. 74, HOME (EDUCATION), DATED 20TH JANUARY 1919

[SUBJECT.—*Subsidies to local bodies for the opening of additional elementary schools and strengthening of the staffs of existing schools.*]

HOME (EDUCATION) DEPARTMENT.

From the Director of Public Instruction, dated 29th November 1918,
R.C. No. 4568.

The Director of Public Instruction submits proposals for—

(1) the opening of 1,168 additional elementary schools under local bodies,
(2) the strengthening of the staffs of 562 schools, and
(3) the opening of additional standards in 299 schools.

2. *Opening of additional schools.*—In G.O. No. 1585, Home (Education), dated the 15th December 1917, the Government sanctioned the Director's proposal to open 677 schools under the management of local bodies at a cost of Rs. 2,47,429. The present proposals are for opening 1,168 additional elementary schools at an estimated cost of Rs. 4,47,575. The need for opening more schools in the Presidency may be admitted. The Government of India have recently emphasized the desirability of formulating a scheme for doubling the present number of pupils in boys' primary schools in ten years. The draft Elementary Education Bill, which is under consideration, is intended to provide facilities for the rapid expansion of elementary education. The Director of Public Instruction's present proposal to open 1,168 new schools seems therefore to be acceptable. In connexion with a resolution moved by the Hon'ble Mr. A. S. Krishna Rao at the meeting of the Legislative Council held in March last, the Hon'ble Mr. Stone pointed out that in any scheme for a sudden and large increase in the number of elementary schools there was difficulty in finding qualified school masters for the new schools (page 3 of G.O. No. 745, dated 10th June 1918). It is presumed that the Director of Public Instruction has satisfied himself that qualified teachers can be found for all the schools now proposed.

Turning to the list of places where the new schools are proposed to be located, it is not clear on what principle the schools are distributed among the various districts. Attention is solicited to the Hon'ble Mr. Stone's remarks on page 5 of G.O. No. 867, Home (Education), dated 2nd July 1918. The following statement shows the number of villages in each district with a population of more than 1,000 that were not provided with an elementary school on 31st March 1918, and the number of schools now proposed to be opened in each district:—

District.	Boys.				Girls.			
	Male population.	Number of villages in the district with a population of more than 1,000 that were not provided with an elementary school on 31st March 1918.	Number of schools for boys opened last year (G.O. No. 1585, dated 15th December 1917)	Number of schools now proposed.	Female population.	Number of villages in the district with a population of more than 1,000 that were not provided with an elementary school for girls on 31st March 1918.	Number of schools for girls opened last year (G.O. No. 1585, dated 15th December 1917).	Number of schools now proposed.

18. Ramnad ..	786,187	75	15	20	872,266	203	13	18
19. Tinnevelly ..	865,633	75	16	16	924,986	422	7	9
20. Coimbatore ..	1,044,429	71	16	27	1,072,185	145	8	12
21. Salem	876,950	167	12	24	889,730	550	8	27
22. Nilgiris	63,509	6	2	6	55,109	33	2	1
23. Malabar	1,485,306	250	15	56	1,535,385	494	3	29
24. South Kanara ..	578,088	129	12	32	617,139	304	7	7

It will be seen from the above statement that the northern districts generally get a proportionately larger number of schools than the southern. Apparently the Director of Public Instruction has considered the relative claims of the various districts, but with the information before Government, it will not be possible to justify the proposed distribution if, later on, it is challenged in the Legislative Council. **A**

3. *Scales of pay of teachers in boys' schools.*—The minimum pay of trained teachers in boys' schools under public management was raised last year from Rs. 10 to Rs. 11 per mensem (G.O. No. 170, dated 12th February 1918). For the new schools opened in that year, the latter rate of pay was sanctioned for the teachers The Director proposes to address Government separately for sanction to raise the minimum from Rs. 11 to Rs. 12. In anticipation of sanction to this proposal, he has suggested a minimum pay of Rs. 12 for the teachers of the new boys' schools now to be opened. It cannot now be said whether the Director's proposals as regards the raising of the minimum pay of teachers will be accepted by Government in their entirety. To avoid delay in the opening of the new schools, it is submitted that a minimum pay of Rs. 11 per mensem may be adopted for present purposes as was done last year. If, later on, the Government approve the Director's proposal to raise the minimum to Rs. 12 per mensem the enhanced rate may be made applicable to teachers in the new schools also. In the case of schools where two teachers are to be employed, the Director proposes to give one Rs. 15 and the other Rs. 12. If the suggestion to retain the minimum of Rs. 11 is accepted, then the rates for two teachers may be provisionally fixed at Rs 12 and Rs. 11 pending final orders on any proposal that may later on be submitted for increasing the pay of teachers generally. **B**

4. *Pay of teachers in girls' schools.*—As regards the teachers for the new *girls'* schools, the Director of Public Instruction proposes the following scales of pay :—

	Rs.
For schools with one teacher	13
,, with two teachers	16 and 13

The minimum pay of women teachers in girls' schools under public management was raised to Rs. 12 last year and this rate was adopted for the teachers of the schools newly opened in that year (G.O. No. 170, dated 12th February 1918). Where two teachers were employed, their pay was fixed at Rs. 15 and Rs. 12. The Director states that he will shortly submit proposals for raising the minimum pay of teachers in girls' schools to Rs. 13. He has in anticipation of sanction thereto adopted the scale in the present proposals. As has been suggested in the case of boys' schools, the rates sanctioned last year, viz., Rs. 15 and Rs. 12, may be adopted for the present. **B**

5. *Strengthening of the staffs of existing schools.*—The Director of Public Instruction has adopted the enhanced rates of salaries for the additional teachers in these cases. It is submitted that the rates may be reduced by Re. 1 here also.

6. *Opening of additional standards in existing schools.*—The scales of pay proposed for additional teachers under this head are generally in accordance with the scales approved last year for similar standards in G.O. No. 1585, Home (Education), dated 15th December 1917. In a few cases the Director of Public Instruction has suggested Rs. 16 and Rs. 13 where Rs. 15 and Rs. 12 were proposed last year. The last year's scales may be adopted in such cases subject to the concurrence of the Director of Public Instruction.

7. *Cost of the scheme and provision of funds.*—The Director of Public Instruction proposes to introduce the scheme in January next. The cost for a whole year and for two months of the current year are as shown below :—

	Cost for a whole year.	Cost for two months of the current year.
	Rs.	Rs.
(i) Opening of new schools	4,47,575	1,80,450
(ii) Strengthening existing schools	87,276	14,736
(iii) Opening higher standards	71,760	11,960
Total ...	6,06,611	2,07,146

The Director proposes to meet two lakhs of the above expenditure from the Imperial recurring grant of Rs. 5·5 lakhs received in the current year. The balance required for this year is to be met from savings in the provision for subsidies. The balance for next year is according to the Director's calculation, Rs. 4,07,103*, which is proposed to be met as shown below :—

*This includes a sum of Rs. 492 which has been sanctioned separately for the Gudiyattam girls' school.

	Rs.
(*a*) Progressive grant from provincial funds for elementary education in 1919–20	2,00,000
(*b*) Additional amount that should be provided in the next year's budget in 1919–20	2,00,000
(*c*) Amount to be met from savings anticipated in the general provision for subsidies	7,103

8. As regards the proposal to earmark a sum of Rs. 2 lakhs for these proposals out of the Imperial grant of Rs. 5·5 lakhs, it is submitted that the Director of Public Instruction has not yet submitted to Government a complete list showing the objects on which he proposes to spend the Imperial grant and the amount to be allotted to each. The Government have till now sanctioned the utilization of a sum of Rs. 642 (Rs. 492, recurring, and Rs. 150, non-recurring) out of this grant, on the Gudiyāttam girls' school (G.O. No. 1149, dated 5th September 1918). Some proposals for the utilization of portions of the grant are either under consideration or are to be submitted shortly by the Director. These are as follow :—

Proposals under consideration.

	Per annum. Rs.
Appointment of an additional inspectress and establishment ...	9,060
Increase in the rates of teaching grants in elementary schools .	1,00,000
Opening of new elementary schools, etc. (dealt with in this file).	2,00,000
Opening of a training school for masters at Amalapur ...	22,692
Opening of additional training schools for mistresses	25,000
Schools for fisher children	Amount not yet known. A sum of Rs. 21,600 will be required in the first year for recurring and non-recurring expenditure.
Total ...	3,78,352

Proposals awaited.

Raising the minimum pay of teachers in boys' schools to Rs. 12 and in girls' schools to Rs. 13	Amount not known.
Opening of new training schools for masters	

It is not known whether there are any other objects for which a portion of the Imperial grant will be required. Presumably the Director has satisfied himself that consistently with the demands on that grant from various sources, a sum of Rs. 2 lakhs can be reserved for the opening of new schools and other objects dealt with in this file.

9. As regards the proposal to utilize the next year's provincial incremental grant of Rs. 2 lakhs on the present scheme, attention is solicited to the budget note for 1919–20 from which it will be seen that a sum of only Rs. 96,759 will be available for this purpose from that grant. The balance will also have to be provided by the Financial Department, as well as the further allotment of Rs. 2 lakhs asked for by the Director. Thus, if the Director's proposals are accepted, a total sum of Rs. 3,03,241 will have to be provided in the next year's budget in addition to the sum available

out of the incremental grant of Rs. 2 lakhs. The Government of India have recently stated that owing to the cessation of war, additional expenditure may reasonably be incurred on the extension of education.

10. Submitted that the remarks of the Director of Public Instruction may be invited u.o. on the suggestions **A** and **B** on page 2 ante. If the suggestions in regard to the reduction of the scales of pay are accepted, revised statements showing the cost may have to be prepared.

S.K.—6-12-18.

N.K.—7-12-18.

C. RAMANUJA ACHARIYAR—7-12-18.

L. D. SWAMIKANNU—7-12-18.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

The proposal to raise the minimum pay of teachers in elementary schools for boys under public management to Rs. 12 is not a new one, and I would invite attention to paragraph 2 A (*b*) (ii) of Mr. Stone's letter embodied in G.O. No. 1433, Home (Education), dated 15th November 1917. I may also mention that Government sanctioned the Director's proposal last year for opening new schools wherein he recommended the minimum pay of teachers as Rs. 11, long before their orders were passed on the general question.

K

2. Regarding the opening of new schools, the proposals emanated from the local bodies who, each for their own taluk and district, are in the best position to judge their educational needs. They also took the advice of the inspecting officers. I do not think it can be said that the claims of any district have been overlooked or that any particular part of the Presidency has been unfairly treated.

3. I may mention, with reference to paragraph 1 of my reply that, if, as already proposed, the rates of teaching grants are raised, the pay of teachers in schools under public management should be raised also, and the enhanced rate should apply to the new schools as much as to existing ones.

4. With regard to the apprehension that exception may be taken in the Legislative Council to the distribution of the schools, I do not anticipate difficulty in meeting any objections. I would add that complaints are more likely to be formulated if the lower rate of pay is fixed for these schools.

H. S. DUNCAN—9-12-18.

HOME (EDUCATION) DEPARTMENT.

With reference to the portion marked **K** of the Director of Public Instruction's above, it is submitted that the proposals for raising the minimum pay of teachers to Rs. 11 per mensem were received last year much earlier than the proposals for the opening of new schools and that, when the latter were received, the former had been accepted by the Financial Department. The only question that was then awaiting settlement was whether the grant of grain compensation allowance should be discontinued on the increase of the minimum pay. In the present instance, the Director of Public Instruction's proposals to raise the minimum pay to Rs. 12 and Rs. 13 per mensem, respectively, for male and female teachers have not yet been received in this department and accepted by Financial. It was therefore suggested that, in order to save delay in the opening of the new schools, the last year's rates might be adopted for the present. But the Director does not appear to agree to this course. The proposed rate of Rs. 12 for teachers in boys' schools may, it is

Director of Public Instruction's letter on page 2 of G.O. 1433, 15th November 1917.

Director of Public Instruction's letter, 6th November 1917, on page 1 of G.O. 1585, 15th December 1917.

Pages 1 and 2 of notes to Government Order ibid.

submitted, be allowed, as in their Educational policy of 1913, the Government of India have laid down that trained teachers in elementary schools should receive not less than Rs. 12 per mensem. It is also proposed to raise the rates of teaching grants in aided schools. The file is in circulation.

Paragraph 11 (VI), page 6 of G.O. 394, 1st May 1913.

2. The Director of Public Instruction has not advanced any arguments in favour of the proposal to adopt a minimum pay of Rs. 13 instead of Rs. 12 for the teachers in girls' schools. The Government have not till now definitely admitted the need for raising the rates of pay of these teachers to Rs. 13. It is submitted that the enhanced rate may be allowed to stand as when the minimum for boys' school teachers is raised to Rs. 12, it would be necessary to raise those of girls' schools also.

3. The file may be sent to the Financial Department for remarks.

S.K.—10-12-18.

N.K.—10-12-18.

C. RAMANUJA ACHARIYAR—10-12-18.

L. D. SWAMIKANNU—11-12-18.

FINANCIAL DEPARTMENT.

From 1918-19, the Government of India have sanctioned a recurring Imperial grant of 5·50 lakhs per annum for the development of elementary education. A complete list showing the items on which the above recurring Imperial grant will have to be distributed has not yet been received from the Director of Public Instruction. The proposals, when received from the Director of Public Instruction, will have to be considered by Government; and after orders are passed thereon, the grant of 5·50 lakhs which the Director of Public Instruction has entered as a 'lump allotment' both in the Revised Estimate for the current year and in the Budget for next year (1919-20) will have to be allocated among the minor heads concerned. It is submitted that it is very desirable that this distribution should be made in the First Edition of the Civil Budget Estimate which will be sent to the Government of India on the 2nd January 1919; but it does not seem likely that such a distribution will be ready before that date.

2. In regard to this grant of 5·50 lakhs, the intention of the Director of Public Instruction seems to be to distribute the amount as follows although complete proposals have not yet been submitted to Government and considered by them:—

	LAKHS.
(1) Opening of new elementary schools, strengthening existing elementary schools, etc. (present file).	2·00
(2) Increase in the rates of teaching grants in private elementary schools.	1·00
(3) Raising the minimum pay of teachers in boys' schools from Rs. 11 to Rs. 12, in girls' schools from Rs. 12, to Rs. 13.	Not known
(4) Other minor proposals	
Total ...	5·50

3. The Director of Public Instruction has now submitted proposals for opening new elementary schools, etc., involving an additional cost of 6·07 lakhs per annum made up as follows: —

	LAKHS.
(*a*) Opening 1,168 new elementary schools	4·48
(*b*) Strengthening existing elementary schools	·87
(*c*) Opening higher standards in existing elementary schools	·72
	6·07

4. Of the total additional cost of 6·07 lakhs per annum, the Director of Public Instruction proposes to meet only 2 lakhs from the recurring Imperial grant of 5·50 lakhs (paragraph 2 above). The balance, viz., 4·07 lakhs per annum will have to be found from Provincial revenues.

Since 1912–13, this Government have undertaken to provide a progressively increasing Provincial contribution of 2 lakhs per annum for the improvement and expansion of elementary education (this sum is intended not only for elementary schools under the management of local bodies, but for private elementary schools, etc.).

For next year (1919-20), out of the increment of 2 lakhs, the amount available for schools under the management of local bodies is only ·88 lakh, as the balance (1·12 lakhs) is provided for under other items relating to elementary education, viz., private schools, Government schools, etc. If the present proposal of the Director of Public Instruction is accepted, the Government will be incurring in 1919–20, over and above the increment of 2 lakhs, a recurring expenditure of (4·07—·88) or 3·19 lakhs per annum.

5. It may be mentioned that the increment of two lakhs was largely exceeded in 1917–18 and 1918–19 (paragraph 74 of the Revised Financial Statement for 1918–19).

1917–18	...	...	...	...	3·50 lakhs against 2 lakhs.
1918–19	...	...	...	...	5·20 lakhs against 2 lakhs.
				8·70	4 lakhs.

Excess is 4·70 lakhs per annum.

6. Orders are solicited whether this department may accept the proposals submitted by the Director of Public Instruction involving an additional expenditure of 6·07 lakhs per annum, of which 2 lakhs will be met from the recurring Imperial grant, and the balance, viz., 4·07 lakhs from Provincial funds.

7. The additional cost of 6·07 lakhs has been arrived at on the basis that the minimum pay of teachers in boys' schools and girls' schools should be Rs. 12 and Rs. 13 per mensem respectively, thereby definitely committing Government to raise the pay of teachers in existing schools — a scheme in regard to which proposals have yet to be received from the Director of Public Instruction.

There can be no doubt of the necessity for this measure.

C.G.T.—16–12–18.

Please see paragraphs 5 to 6, Home office note on pages 2–3 ante and paragraph 3 of the Director of Public Instruction's note on page 5 ante.

It is respectfully submitted that, until sanction is accorded by the Government to the raising of the pay of teachers in existing schools the present rates will have to be adopted in the proposals for new schools, etc., now under consideration.

J.M.H.—15–12–18.

I am not sure. I think we may safely adopt the new minima.

C.G.T.—16–12–18.

8. It is also respectfully submitted that in the distribution of these subsidies it will be preferable to assign larger grants to poorer local bodies. When the Elementary Education Bill is passed, richer local bodies will more easily impose additional taxation (with equivalent Government grant) thereby spreading elementary education in those local areas more rapidly.

This is, however, mainly an administrative matter.

V.G.K.—14–12–18.

J. M. HOOPER—15–12–18.

The distribution does seem rather to favour the richer local bodies. It is probably too late to revise the scheme now, but the Director of Public Instruction might perhaps be given a hint to reverse the process next year.

Will Home Department please circulate to Honourable Member, Financial ?

C. G. TODHUNTER—16–12–18.

HOME (EDUCATION) DEPARTMENT.

The Financial Department do not object to the adoption of the rates of Rs. 12 and Rs. 13 for the salaries of the teachers for the new schools proposed. The Director of Public Instruction recently submitted proposals for the raising of the rates of salaries in existing schools. He, however, subsequently withdrew the letter for further consideration. It is not known what alterations he intends to suggest in those proposals.

The Honourable Member (Financial) has directed that the schemes for raising the rates of teaching grants and for raising the minimum pay of teachers of elementary schools should take effect only from the 1st April 1919. The file dealing with the former scheme has been submitted to His Excellency the Governor. If the proposal to introduce the revised rates of salaries that may be sanctioned with effect from the next year is finally approved, those rates cannot be adopted for the new schools to be opened in January next. Revised statements will have to be called for from the Director of Public Instruction retaining for the present the existing minimum salary of Rs. 11 for boys' schools and Rs. 12 for girls' schools. Before doing this the return of the file which is now with His Excellency may be awaited.

S.K.—18–12–18.

N.K.—18–12–18.

C. RAMANUJA ACHARIYAR—18–12–18.

L. D. S.—19–12–18.

It has since been decided that the revised rates of teaching grants to aided schools recommended by the Director of Public Instruction should have effect only from 1st April 1919. It follows from the above decision that any increase to the pay of teachers in schools under public management that may be sanctioned should have effect only from the same date. Besides, the Director of Public Instruction has withdrawn his letter recommending the raising by one rupee of the minimum pay of teachers in girls' and boys' schools under public management and it is not known what revised rates of pay he intends to recommend.

2. In the circumstances, the only course left is to adopt for the present the existing rates of pay for the teachers to be employed in the new schools proposed to be opened. The Director of Public Instruction may be requested to revise his statements in the light of the above remarks. A u.o. note is submitted for approval.

N.K.—28–12–18.

L. D. S.—28–12–18.

U.O. Note.

With reference to his u.o. note, dated 9th December 1918, the Director of Public Instruction, may, it is submitted, be informed that it has been decided that the revised rates of teaching grants to aided schools recommended by him should be introduced only with effect from 1st April 1919. It follows from this decision that any increase to the pay of teachers in schools under public management that may be sanctioned should have effect only from the same date. Besides, the Director of Public Instruction has withdrawn his letter recommending the raising by Re. 1 of the minimum pay of teachers in girls' and boys' schools under public management and it is not known what revised rates of pay he intends to recommend.

2. In the circumstances, the only course left is to adopt, for the present, the existing rates of pay for the teachers to be employed in the new schools proposed to be opened. The Director of Public Instruction may, it is submitted, be asked to revise the statements in the light of the above remarks and return them to Government at a very early date.

N.K.—28–12–18.

L.D.S.—28–12–18.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

I think it only right that teachers in old and new schools should be treated alike. In old schools the further enhancement will have effect from 1st April 1919. If my proposals are revised so that the present minimum only is adopted, then from 1st April 1919, the teachers in the new schools will be at a disadvantage and their scale will have to be raised. Orders on the proposals will issue say in January and the local bodies will take some time to open the schools, so that the interval between the time when Rs. 11 would be right and Rs. 12 will be right and just will be very short. It does not seem therefore worth while revising proposals which would have to undergo a further revision almost at once. If necessary, the local bodies could be told that in the case of schools started before April, the higher rate of pay should have effect only from 1st April 1919, as in the case of teachers in the old schools or all the schools might be opened from 1st March 1919. In these circumstances I request a reconsideration of the order passed in paragraph 2. To revise now and then revert to my original proposals, regarding scale of pay, in a month or two entails a considerable amount of work which would be avoided if my proposals are accepted.

H. S. DUNCAN—2-1-19.

HOME (EDUCATION) DEPARTMENT.

The Director of Public Instruction's proposals for the enhancement of the minimum pay of teachers in schools under public management have not yet been received. Till those proposals have been considered and sanctioned, only the existing rates of pay can be allowed for the teachers to be employed in the new schools proposed to be opened. Otherwise the Government will be practically committing themselves to the adoption of the enhanced rates of pay suggested by the Director of Public Instruction. In these circumstances it is for orders whether the file may lie over pending receipt of the Director of Public Instruction's proposals for the general increase of the pay of teachers in elementary schools. The Director of Public Instruction does not insist that the schools should be opened in the current year.

2. If, however, it is desired that the schools should be opened immediately in advance of orders on the question of raising the pay, there appears to be no alternative but to call on the Director of Public Instruction to furnish revised statements as already suggested.

S.K.—4-1-19.

N.K.—4-1-19.

The proposals dealt with in this file relate to (i) the opening of 1,168 additional elementary schools under local bodies, (ii) the strengthening of the staffs of 562 schools and (iii) the opening of additional standards in 299 schools. The Director of Public Instruction has stated that the distribution is equitable. In passing orders on the educational portion of the budget for the next year, the Financial Department have, since writing their note of the 15th December, decided to make the necessary provision for the *whole* scheme. The allotment of Rs. 2 lakhs has been raised to Rs. 4·07 lakhs, the remaining Rs. 2 lakhs being included in the lump provision of the Imperial grant of Rs. 5·50 lakhs. Thus the question of funds for the whole scheme has also been finally settled. The only residual question is that relating to the grant of higher rates of minimum pay to the teachers in new schools (Rs. 12 and Rs. 13 in boys' and girls' schools, respectively) than that *now* obtaining in the existing schools (in advance of the consideration of, and sanction to, similar general proposals in respect of teachers in existing schools). As regards this point, the Director of Public Instruction's note above seems to have some force. In the circumstances, the increased rates may be allowed, with the direction that the rates should be paid only from 1st April 1919. Orders may be expected to issue before that date on the *general* question of increasing the minimum rates of pay of teachers. By

allowing the additional rupee 1 as proposed, Government are not likely to be irretrievably committed to higher rates which may not be allowed in other cases. The Government have since decided separately to abolish capitation allowances and to discontinue the system of allowing teachers to appropriate fees in lower grade schools, the pay of teachers being raised to compensate for the loss entailed thereby. Thus the pay of teachers in all schools under public management will shortly be enhanced. Even should the increase of Re. 1 to the minimum pay now proposed be not eventually allowed to other existing schools, the higher rate in *new* schools can be absorbed by the inevitable compensatory raising of the pay referred to above. There seems therefore to be no objection to accept the Director of Public Instruction's proposal in this regard also.

C. RAMANUJA ACHARIYAR—5-1-19.

L. D. SWAMIKANNU—6-1-19.

P[ENTLAND]—10-1-19.

I agree. I would suggest in this connexion that it is hardly necessary for the Director of Public Instruction in future to send to the Government lengthy lists, like those A, B, C in this file, giving the names of the villages in which elementary schools are to be opened. I do not suppose that the Educational Department can possibly make any use of such lists; indeed I can't understand how the Director of Public Instruction can exercise control in such details and I should have supposed that he would leave the choice of villages to his inspectors. The existence therefore of these elaborate lists suggests too much centralization and their submission to Government seems a great waste of copying and paper.

A. G. C[ARDEW]—12-1-19.

L.D.S.—13-1-19.

A draft order is submitted for approval.

2. In the statements forwarded by the Director of Public Instruction he has entered two months' charges on account of salaries, etc., for the current year. As the schools will be opened only from 1st February 1919, only one month's charges will be incurred in the current year, and the subsidies payable during the current year have been calculated accordingly.

3. A separate note will be submitted on the Honourable Member's suggestion to discontinue the detailed statements now being forwarded by the Director of Public Instruction when submitting proposals such as those in this file.

" " 3093 A, " " -do- , " , " 19-12-- 191 .

ORDER. No. 74, dated 20-1- 1919.

Press.

In his letters read above the D.P.I. submits proposals for the opening of 1,170 new elementary schools under the management of local bodies, the strengthening of the staff of 562 existing schools and the opening of higher standards in 300 other institutions under the management of those bodies. The proposals are estimated to cost Rs.6,07,791 per annum as shown below:-

Item.	District Boards. Rs	Municipalities. Rs	Total. Rs
Opening of new schools.	3,81,501	66,894	4,48,395
Strengthening the staff of existing schools.	77,844	9,432	87,276
Opening of higher standards in existing schools.	63,492	8,628	72,120
Total.	5,22,837	84,954	6,07,791

The Government generally approve these proposals. Local bodies are requested to

take steps to open the schools as early as possible.

2. The minimum pay ~~xx~~ sanctioned in G.O.No.170 Home (Edn.) dated the 12-2-18 is Rs.11 p.m. for a trained teacher in boys' schools and Rs.12 p.m. for a ~~teacher~~ woman in girls' schools under public management. In the proposals now submitted the minimum rates of pay for these teachers are fixed at Rs.12 & Rs.13 p.m., respectively. Also where two teachers are required for a school, it is proposed to fix their pay at one rupee more than the existing rates as shown below:-

	Existing rates.	Proposed rates.
Boys' schools.	Rs.12 & 11.	Rs.13 & 12
Girls' schools.	,, 15 & 12	,, 16 & 13

The revised rates of pay proposed are approved and will come into force with effect from the 1st April 1919. The Govt. however reserve to themselves the right to modify these rates when orders are passed on certain general questions connected with the emoluments of teachers in schools under public management now under consideration.

3. In the current year, the teachers to be employed in the new schools now sanctioned will be paid only according to existing rates. The amount required for the three objects mentioned above for one month in the current year, ~~xxxx~~ together with a fixed sum of Rs.100 for each new school for equipment, is - Rs.1,59,909 as shown in the annexure to these proceedings. The A.G. is requested to place the amounts shown in the last

column of the annexure at the disposal of the local bodies concerned at an early date.

3. The expenditure will be met from the lump provision of Rs.5,50,000 for the development of primary education in the current year's budget estimate under the head '22 Education'.

(2) *Strengthening existing schools.*—It is proposed to strengthen the staff of 562 schools (504 in rural areas and 58 in municipalities), the additional staff for each school ordinarily not exceeding a single teacher. In the few cases where more than one teacher is proposed the number of additional teachers is fixed with regard to the number of standards, the number of pupils and the present scale of staff. The annual cost of these proposals amounts to Rs. 87,276, the allotment required for the two months of the current year being Rs. 14,736.

(3) *Opening higher standards.*—Higher standards are proposed to be opened in 299 schools—269 in rural and 30 in urban areas. The opening of more than one standard has been suggested in some cases but I have, as a rule, made provision only for one higher standard and the additional staff required for it. The annual cost on this account aggregates Rs. 71,760, the amount required for the two months of the current year being Rs. 11,960.

5. The financial aspect of the scheme will be as shown hereunder:—

	Rs.
Expenditure during 1918-19.	
Cost of the scheme for two months	2,07,146
Subsidy for the Gudiyāttam municipality sanctioned in G.O. No. 1149, Home (Education), dated 5th September 1918.	642
Total ...	2,07,788
Deduct amount reserved out of the Imperial recurring grant of 5·5 lakhs for the development of primary education.	2,00,000
Additional expenditure ...	7,788
Expenditure during 1919-20.	
Annual cost of the scheme	6,06,611
Recurring subsidy payable to the Gudiyāttam Municipal Council under G.O. No. 1149, Home (Education), dated 5th September 1918.	492
Total ...	6,07,103
Deduct—	
Amount reserved out of the Imperial recurring grant of 5·5 lakhs	2,00,000
Provincial progressive increment of 2 lakhs provided in the Civil Budget Estimate for 1919-1920 for opening new schools, etc.	2,00,000
Total ...	4,00,000
Additional cost ...	2,07,103

The extra expenditure of Rs. 7,788 involved during the current year may be met out of the anticipated savings in the provision under "22-E. Education—Government Schools, General (iii) Payment in support of Local Bodies." As regards the additional charge for the next and subsequent years amounting to Rs. 2,07,103, I request that provision to the extent of 2 lakhs may be inserted in the Civil Budget Estimate now under the consideration of Government, the remaining Rs. 7,103 being met out of the usual allotment for subsidies to local bodies.

6. These proposals form, in my opinion, along with those sanctioned in G.O. No. 1585, Home (Education), dated 15th December 1917, part of the general scheme for the expansion of education and if Government approve of them I request that the amounts shown in column 10 of statements D and E which, in most cases, include provision for equipment at the rate of Rs. 100 for each new school may be placed at the disposal of the district boards and municipalities concerned with instructions to take early steps to give effect to the scheme from 1st January next or as early as practicable.

Enclosures.

II

Letter—from the Hon'ble Mr. H. S. Duncan, M.A., Acting Director of Public Instruction.
To—the Secretary to Government, Home (Education) Department.
Dated—Madras, the 6th December 1918.
No.—Ref. on Cur. 4568.

In continuation of my letter R.C. No. 4568, dated 29th November 1918, I have the honour to submit supplemental proposals for opening two new elementary schools for Panchama boys—one at Roshanai in Tindivanam taluk and the other at Villupuram in Villupuram taluk, South Arcot district—and for opening the sixth standard in the Municipal Muhammadan elementary school, Dindigul. As the two new schools are for Panchamas and as a higher standard is proposed to be opened in the other school which is for Muhammadans, I consider their inclusion in my consolidated proposals very desirable as I should have done had I been addressed in time. The cost, recurring and non-recurring, of the proposal to open the two new schools is shown below :—

	Rs.	
Two teachers (Rs. 13 and Rs. 12)	25	per mensem.
Contingencies	5	,,
Capitation allowance	50	
Annual recurring charge ...	410	
Cost for two schools	410 × 2 = 820	
Cost for two months of the current year excluding capitation allowance	60	
Cost of equipment	100	
	160	
Cost for two schools	160 × 2 = 320	

As regards opening a higher standard in the Municipal Muhammadan elementary school, Dindigul, there are at present six teachers excluding the Hindustani munshi on the marginally noted scales of pay and it is proposed to strengthen the staff by appointing an additional secondary grade teacher on Rs. 30 per mensem. The cost per annum will therefore amount to Rs. 360 and for two months during the current year to Rs. 60.

	Rs.
Headmaster	23
First assistant	16
Second assistant	13
Three assistants	11 each
Hindustani munshi ...	13

2. If Government approve these proposals, the expenditure during the current year amounting to Rs. 380 may be met from the savings in the provision of Rs. 11,000 for night schools in the current year's budget, and the extra expenditure from next year forwards may be met from the usual provision for subsidies, if Government cannot provide additional funds on this account.

III

Letter—from the Hon'ble Mr. H. S. Duncan, M.A., Acting Director of Public Instruction.
To—the Secretary to Government, Home (Education) Department.
Dated—Madras, the 19th December 1918.
No.—R.C. 4568.

In continuation of my letter R.C. No. 4568, dated 29th November 1918, I have the honour to report that the President, District Board, Salem, now requests that the opening of a new elementary school at Naikarapatti in Salem taluk may be permitted in place of the one at Uttamasholapuram in the same taluk as originally

proposed by him and included in statement A accompanying my letter quoted above. The necessary change of name may accordingly be effected when orders are passed on my proposals.

Order—No. 74, Home (Education), dated 20th January 1919.

In his letters read above the Director of Public Instruction submits proposals for the opening of 1,170 new elementary schools under the management of local bodies, the strengthening of the staff of 562 existing schools and the opening of higher standards in 300 other institutions under the management of those bodies. The proposals are estimated to cost Rs. 6,07,791 per annum as shown below :—

Item.	District boards.	Municipalities.	Total.
	Rs.	Rs.	Rs.
Opening of new schools	3,81,501	66,894	4,48,395
Strengthening the staff of existing schools	77,844	9,432	87,276
Opening of higher standards in existing schools	63,492	8,628	72,120
Total ..	5,22,837	84,954	6,07,791

The Government generally approve these proposals. Local bodies are requested to take steps to open the schools as early as possible.

2. The minimum pay sanctioned in G.O. No. 170, Home (Education), dated the 12th February 1918, is Rs. 11 per mensem for a trained teacher in boys' schools and Rs. 12 per mensem for a woman teacher in girls' schools under public management. In the proposals now submitted the minimum rates of pay for these teachers are fixed at Rs. 12 and Rs. 13 per mensem respectively. Also where two teachers are required for a school, it is proposed to fix their pay at one rupee more than the existing rates as shown below :—

	Existing rates.	Proposed rates.
Boys' schools	Rs. 12 and 11	Rs. 13 and 12
Girls' schools	Rs. 15 and 12	Rs. 16 and 13

The revised rates of pay proposed are approved and will come into force with effect from the 1st April 1919. The Government however reserve to themselves the right to modify these rates when orders are passed on certain general questions connected with the emoluments of teachers in schools under public management now under consideration.

3. In the current year the teachers to be employed in the new schools now sanctioned will be paid only according to existing rates. The amount required for the three objects mentioned above for one month in the current year, together with a fixed sum of Rs. 100 for each new school for equipment, is Rs. 1,59,909 as shown in the annexure to these proceedings. The Accountant-General is requested to place the amounts shown in the last column of the annexure at the disposal of the local bodies concerned at an early date.

4. The expenditure will be met from the lump provision of Rs. 5,50,000 for the development of primary education in the current year's budget estimate under the head '22. Education.'

(True extract)

R. Ramachandra Rao,
Secretary to Government.

NOTES CONNECTED WITH G.O. No. 74, HOME (EDUCATION), DATED 20TH JANUARY 1919

[SUBJECT.—*Subsidies to local bodies for the opening of additional elementary schools and strengthening of the staffs of existing schools.*]

HOME (EDUCATION) DEPARTMENT.

From the Director of Public Instruction, dated 29th November 1918,
R.C. No. 4568.

The Director of Public Instruction submits proposals for—

(1) the opening of 1,168 additional elementary schools under local bodies,
(2) the strengthening of the staffs of 562 schools, and
(3) the opening of additional standards in 299 schools.

2. *Opening of additional schools.*—In G.O. No. 1585, Home (Education), dated the 15th December 1917, the Government sanctioned the Director's proposal to open 677 schools under the management of local bodies at a cost of Rs. 2,47,429. The present proposals are for opening 1,168 additional elementary schools at an estimated cost of Rs. 4,47,575. The need for opening more schools in the Presidency may be admitted. The Government of India have recently emphasized the desirability of formulating a scheme for doubling the present number of pupils in boys' primary schools in ten years. The draft Elementary Education Bill, which is under consideration, is intended to provide facilities for the rapid expansion of elementary education. The Director of Public Instruction's present proposal to open 1,168 new schools seems therefore to be acceptable. In connexion with a resolution moved by the Hon'ble Mr. A. S. Krishna Rao at the meeting of the Legislative Council held in March last, the Hon'ble Mr. Stone pointed out that in any scheme for a sudden and large increase in the number of elementary schools there was difficulty in finding qualified school masters for the new schools (page 3 of G.O. No. 745, dated 10th June 1918). It is presumed that the Director of Public Instruction has satisfied himself that qualified teachers can be found for all the schools now proposed.

Turning to the list of places where the new schools are proposed to be located, it is not clear on what principle the schools are distributed among the various districts. Attention is solicited to the Hon'ble Mr. Stone's remarks on page 5 of G.O. No. 867, Home (Education), dated 2nd July 1918. The following statement shows the number of villages in each district with a population of more than 1,000 that were not provided with an elementary school on 31st March 1918 and the number of schools now proposed to be opened in each district :—

District.	Boys.				Girls.			
	Male population.	Number of villages in the district with a population of more than 1,000 that were not provided with an elementary school on 31st March 1918.	Number of schools for boys opened last year (G.O. No. 1685, dated 15th December 1917).	Number of schools now proposed.	Female population.	Number of villages in the district with a population of more than 1,000 that were not provided with an elementary school for girls on 31st March 1918.	Number of schools for girls opened last year (G.O. No. 1685, dated 15th December 1917).	Number of schools now proposed.
1. Ganjām	1,044,711	28	9	22	1,176,581	28	4	3
2. Vizagapatam	1,561,830	88	37	48	1,627,991	..	10	3

14. South Arcot	1,172,807	152	14	23	1,189,759	58	8	24
15. Tanjore	1,123,084	122	15	24	1,239,605	122	8	18
16. Trichinopoly	1,022,866	207	10	28	1,084,163	264	4	7
17. Madura	946,306	156	21	20	986,526	291	9	9
18. Ramnad	786,187	75	15	20	872,266	203	13	18
19. Tinnevelly	865,633	75	16	16	924,986	422	7	9
20. Coimbatore	1,044,429	71	16	27	1,072,135	145	8	12
21. Salem	876,950	167	12	24	889,730	550	8	27
22. Nilgiris	63,509	6	2	6	55,109	33	2	1
23. Malabar	1,485,306	250	15	56	1,535,385	494	3	29
24. South Kanara	578,088	129	12	32	617,139	304	7	7

It will be seen from the above statement that the northern districts generally get a proportionately larger number of schools than the southern. Apparently the Director of Public Instruction has considered the relative claims of the various districts, but with the information before Government, it will not be possible to justify the proposed distribution if, later on, it is challenged in the Legislative Council.

A

3. *Scales of pay of teachers in boys' schools.*—The minimum pay of trained teachers in boys' schools under public management was raised last year from Rs. 10 to Rs. 11 per mensem (G.O. No. 170, dated 12th February 1918). For the new schools opened in that year, the latter rate of pay was sanctioned for the teachers. The Director proposes to address Government separately for sanction to raise the minimum from Rs. 11 to Rs. 12. In anticipation of sanction to this proposal, he has suggested a minimum pay of Rs. 12 for the teachers of the new boys' schools now to be opened. It cannot now be said whether the Director's proposals as regards the raising of the minimum pay of teachers will be accepted by Government in their entirety. To avoid delay in the opening of the new schools, it is submitted that a minimum pay of Rs. 11 per mensem may be adopted for present purposes as was done last year. If, later on, the Government approve the Director's proposal to raise the minimum to Rs. 12 per mensem the enhanced rate may be made applicable to teachers in the new schools also. In the case of schools where two teachers are to be employed, the Director proposes to give one Rs. 13 and the other Rs. 12. If the suggestion to retain the minimum of Rs. 11 is accepted, then the rates for two teachers may be provisionally fixed at Rs. 12 and Rs. 11 pending final orders on any proposal that may later on be submitted for increasing the pay of teachers generally.

B

4. *Pay of teachers in girls' schools.*—As regards the teachers for the new *girls'* schools, the Director of Public Instruction proposes the following scales of pay :—

	Rs.
For schools with one teacher	13
,, with two teachers	16 and 13

The minimum pay of teachers in girls' schools under public management was raised to Rs. 12 last year and this rate was adopted for the teachers of the schools newly opened in that year (G.O. No. 170, dated 12th February 1918). Where two teachers were employed, their pay was fixed at Rs. 15 and Rs. 12. The Director states that he will shortly submit proposals for raising the minimum pay of teachers in girls' schools to Rs. 13. He has in anticipation of sanction thereto adopted the scale in the present proposals. As has been suggested in the case of boys' schools, the rates sanctioned last year, viz., Rs. 15 and Rs. 12, may be adopted for the present.

5. *Strengthening of the staffs of existing schools.*—The Director of Public Instruction has adopted the enhanced rates of salaries for the additional teachers in these cases. It is submitted that the rates may be reduced by Re. 1 here also.

6. *Opening of additional standards in existing schools.*—The scales of pay proposed for additional teachers under this head are generally in accordance with the scales approved last year for similar standards in G.O. No. 1585, Home (Education), dated 15th December 1917. In a few cases the Director of Public Instruction has suggested Rs. 16 and Rs. 13 where Rs. 15 and Rs. 12 were proposed last year. The last year's scales may be adopted in such cases subject to the concurrence of the Director of Public Instruction.

7. *Cost of the scheme and provision of funds.*—The Director of Public Instruction proposes to introduce the scheme in January next. The cost for a whole year and for two months of the current year are as shown below :—

	Cost for a whole year.	Cost for two months of the current year.
	Rs.	Rs.
(i) Opening of new schools	4,47,575	1,80,450
(ii) Strengthening existing schools	87,276	14,736
(iii) Opening higher standards	71,760	11,960
Total ...	6,06,611	2,07,146

The Director proposes to meet two lakhs of the above expenditure from the Imperial recurring grant of Rs. 5·5 lakhs received in the current year. The balance required for this year is to be met from savings in the provision for subsidies. The balance for next year is according to the Director's calculation, Rs. 4,07,103*, which is proposed to be met as shown below :—

* This includes a sum of Rs. 492 which has been sanctioned separately for the Gudiyattam girls' school.

	Rs.
(*a*) Progressive grant from provincial funds for elementary education in 1919–20	2,00,000
(*b*) Additional amount that should be provided in the next year's budget in 1919–20	2,00,000
(*c*) Amount to be met from savings anticipated in the general provision for subsidies	7,103

8. As regards the proposal to earmark a sum of Rs. 2 lakhs for these proposals out of the Imperial grant of Rs. 5·5 lakhs, it is submitted that the Director of Public Instruction has not yet submitted to Government a complete list showing the objects on which he proposes to spend the Imperial grant and the amount to be allotted to each. The Government have till now sanctioned the utilization of a sum of Rs. 642 (Rs. 492, recurring, and Rs. 150, non-recurring) out of this grant, on the Gudiyattam girls' school (G.O. No. 1149, dated 5th September 1918). Some proposals for the utilization of portions of the grant are either under consideration or are to be submitted shortly by the Director. These are as follow :—

4. *Pay of teachers in girls' schools.*—As regards the teachers for the new *girls'* schools, the Director of Public Instruction proposes the following scales of pay :—

	Rs.
For schools with one teacher	13
,, with two teachers	16 and 13

The minimum pay of teachers in girls' schools under public management was raised to Rs. 12 last year and this rate was adopted for the teachers of the schools newly opened in that year (G.O. No. 170, dated 12th February 1918). Where two teachers were employed, their pay was fixed at Rs. 15 and Rs. 12. The Director states that he will shortly submit proposals for raising the minimum pay of teachers in girls' schools to Rs. 13. He has in anticipation of sanction thereto adopted the scale in the present proposals. As has been suggested in the case of boys' schools, the rates sanctioned last year, viz., Rs. 15 and Rs. 12, may be adopted for the present.

5. *Strengthening of the staffs of existing schools.*—The Director of Public Instruction has adopted the enhanced rates of salaries for the additional teachers in these cases. It is submitted that the rates may be reduced by Re. 1 here also.

6. *Opening of additional standards in existing schools.*—The scales of pay proposed for additional teachers under this head are generally in accordance with the scales approved last year for similar standards in G.O. No. 1585, Home (Education), dated 15th December 1917. In a few cases the Director of Public Instruction has suggested Rs. 16 and Rs. 13 where Rs. 15 and Rs. 12 were proposed last year. The last year's scales may be adopted in such cases subject to the concurrence of the Director of Public Instruction.

7. *Cost of the scheme and provision of funds.*—The Director of Public Instruction proposes to introduce the scheme in January next. The cost for a whole year and for two months of the current year are as shown below :—

	Cost for a whole year.	Cost for two months of the current year.
	Rs.	Rs.
(i) Opening of new schools	4,47,575	1,80,450
(ii) Strengthening existing schools	87,276	14,736
(iii) Opening higher standards	71,760	11,960
Total ...	6,06,611	2,07,146

The Director proposes to meet two lakhs of the above expenditure from the Imperial recurring grant of Rs. 5·5 lakhs received in the current year. The balance required for this year is to be met from savings in the provision for subsidies. The balance for next year is according to the Director's calculation, Rs. 4,07,103*, which is proposed to be met as shown below :—

	Rs.
(*a*) Progressive grant from provincial funds for elementary education in 1919–20	2,00,000
(*b*) Additional amount that should be provided in the next year's budget in 1919–20	2,00,000
(*c*) Amount to be met from savings anticipated in the general provision for subsidies	7,103

* This includes a sum of Rs. 492 which has been sanctioned separately for the Gudiyattam girls' school.

8. As regards the proposal to earmark a sum of Rs. 2 lakhs for these proposals out of the Imperial grant of Rs. 5·5 lakhs, it is submitted that the Director of Public Instruction has not yet submitted to Government a complete list showing the objects on which he proposes to spend the Imperial grant and the amount to be allotted to each. The Government have till now sanctioned the utilization of a sum of Rs. 642 (Rs. 492, recurring, and Rs. 150, non-recurring) out of this grant, on the Gudiyāttam girls' school (G.O. No. 1149, dated 5th September 1918). Some proposals for the utilization of portions of the grant are either under consideration or are to be submitted shortly by the Director. These are as follow :—

Proposals under consideration.

	Per annum. Rs.
(This proposal has been submitted to the Government of India for sanction.) (Separate file under consideration.) (Separate file.) Appointment of an additional inspectress and establishment	9,060
Increase in the rates of teaching grants in elementary schools	1,00,000
Opening of new elementary schools, etc. (dealt with in this file)	2,00,000
Opening of a training school for masters at Amalapur	22,692
Opening of additional training schools for mistresses	25,000
Schools for fisher children	Amount not yet known. A sum of Rs. 21,600 will be required in the first year for recurring and non-recurring expenditure.
Total ...	3,78,352

Proposals awaited.

Raising the minimum pay of teachers in boys' schools to Rs. 12 and in girls' schools to Rs. 13	Amount not known.
Opening of new training schools for masters	

It is not known whether there are any other objects for which a portion of the Imperial grant will be required. Presumably the Director has satisfied himself that consistently with the demands on that grant from various sources, a sum of Rs. 2 lakhs can be reserved for the opening of new schools and other objects dealt with in this file.

9. As regards the proposal to utilize the next year's provincial incremental grant of Rs. 2 lakhs on the present scheme, attention is solicited to the budget note ~~at (P)~~ from which it will be seen that a sum of only Rs. 96,759 will be available for this purpose from that grant. The balance will also have to be provided by the Financial Department, as well as the further allotment of Rs. 2 lakhs asked for by the Director. Thus, if the Director's proposals are accepted, a total sum of Rs. 3,03,241 will have to be provided in the next year's budget in addition to the sum available out of the incremental grant of Rs. 2 lakhs. The Government of India have recently stated that owing to the cessation of war, additional expenditure may reasonably be incurred on the extension of education.

10. Submitted that the remarks of the Director of Public Instruction may be invited u.o. on the ~~above~~ suggestions **A** and **B** on pages 2 and 3 above. If the suggestions in regard to the reduction of the scales of pay are accepted, revised statements showing the cost may have to be prepared.

L. D. SWAMIKANNU—7-12-18.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

The proposal to raise the minimum pay of teachers in elementary schools for boys under public management to Rs. 12 is not a new one, and I would invite attention to paragraph 2 A (*b*) (ii) of Mr. Stone's letter embodied in G.O. No. 1433, Home (Education), dated 15th November 1917. I may also mention that Government sanctioned the Director's proposal last year for opening new schools wherein he recommended the minimum pay of teachers as Rs. 11, long before their orders were passed on the general question.

2. Regarding the opening of new schools, the proposals emanated from the local bodies who, each for their own taluk and district, are in the best position to judge their educational needs. They also took the advice of the inspecting officers. I do not think it can be said that the claims of any district have been overlooked or that any particular part of the Presidency has been unfairly treated.

3. I may mention, with reference to paragraph 1 of my reply that, if, as already proposed, the rates of capitation grants are raised, the pay of teachers in schools under public management should be raised also, and the enhanced rate should apply to the new schools as much as to existing ones.

4. With regard to the apprehension that exception may be taken in the Legislative Council to the distribution of the schools, I do not anticipate difficulty in meeting any objections. I would add that complaints are more likely to be formulated if the lower rate of pay is fixed for these schools.

H. S. DUNCAN—9-12-18.

HOME (EDUCATION) DEPARTMENT.

With reference to the portion marked K of the Director of Public Instruction's note on the previous page, it is submitted that the proposals for raising the minimum pay of teachers to Rs. 11 per mensem were received last year much earlier than the proposals for the opening of new schools and that, when the latter were received, the former had been accepted by the Financial Department. The only question that was then awaiting settlement was whether the grant of grain compensation allowance should be discontinued on the increase of the minimum pay. In the present instance, the Director of Public Instruction's proposals to raise the minimum pay to Rs. 12 and Rs. 13 per mensem respectively, for male and female teachers have not yet been received in this department and accepted by Financial. It was therefore suggested that, in order to save delay in the opening of the new schools, the last year's rates might be adopted for the present. But the Director does not appear to agree to this course. The proposed rate of Rs. 12 for teachers in boys' schools may, it is submitted, be allowed, as in their Educational policy of 1913, the Government of India have laid down that trained teachers in elementary schools should receive not less than Rs. 12 per mensem. It is also proposed to raise the rates of teaching grants in aided schools. The file is in circulation.

Director of Public Instruction's letter 24th on page 2 of G.O. 1433, 15th November 1917.

Director of Public Instruction's letter, 6th November 1917, on page 1 of G.O. 1585, 15th December 1917.

Pages 1 and 2 of notes to Government Order ibid.

Paragraph 11 (vi), page 6 of G.O. 394, 1st May 1913.

2. The Director of Public Instruction has not advanced any arguments in favour of the proposal to adopt a minimum pay of Rs. 13 instead of Rs. 12 for the teachers in girls' schools. The Government have not till now definitely admitted the need for raising the rates of pay of these teachers to Rs. 13. It is submitted that the enhanced rate may be allowed to stand as when the minimum for boys' school teachers is raised to Rs. 12, it would be necessary to raise those of girls' schools also.

3. The file may be sent to the Financial Department for remarks.

S.K.—10-12-18.

N.K.—10-12-18.

C. RAMANUJA ACHARIYAR—10-12-18.

L. D. SWAMIKANNU—11-12-18.

FINANCIAL DEPARTMENT.

From 1918-19, the Government of India have sanctioned a recurring Imperial grant of 5·50 lakhs per annum for the development of elementary education. A complete list showing the items on which the above recurring Imperial grant will have to be distributed has not yet been received from the Director of Public Instruction. The proposals, when received from the Director of Public Instruction, will

have to be considered by Government; and after orders are passed thereon, the grant of 5·50 lakhs which the Director of Public Instruction has entered as a 'lump allotment' both in the Revised Estimate for the current year and in the Budget for next year (1919–20) will have to be allocated among the minor heads concerned. It is submitted that it is very desirable that this distribution should be made in the First Edition of the Civil Budget Estimate which will be sent to the Government of India on the 2nd January 1919; but it does not seem likely that such a distribution will be ready before that date.

2. In regard to this grant of 5·50 lakhs, the intention of the Director of Public Instruction seems to be to distribute the amount as follows although complete proposals have not yet been submitted to Government and considered by them:—

	LAKHS.
(1) Opening of new elementary schools, strengthening existing elementary schools, etc. (present file).	2·00
(2) Increase in the rates of teaching grants in private elementary schools.	1·00
(3) Raising the minimum pay of teachers in boys' schools from Rs. 11 to Rs. 12 in Girls' schools from Rs. 12 to Rs. 13.	Not known
(4) Other minor proposals	
Total ...	5·50

3. The Director of Public Instruction has now submitted proposals for opening new elementary schools, etc., involving an additional cost of 6·07 lakhs per annum made up as follows: —

	LAKHS.
(*a*) Opening 1,168 new elementary schools	4·48
(*b*) Strengthening existing elementary schools	·87
(*c*) Opening higher standards in existing elementary schools	·72
	6·07

4. Of the total additional cost of 6·07 lakhs per annum, the Director of Public Instruction proposes to meet only 2 lakhs from the recurring Imperial grant of 5·50 lakhs (paragraph 2 above). The balance, viz., 4·07 lakhs per annum will have to be found from Provincial revenues.

Since 1912–13, this Government have undertaken to provide a progressively increasing Provincial contribution of 2 lakhs per annum for the improvement and expansion of elementary education (this sum is intended not only for elementary schools under the management of local bodies, but for private elementary schools, etc).

For next year (1919–20), out of the increment of 2 lakhs, the amount available for schools under the management of local bodies is only ·88 lakh, as the balance (1·12 lakhs) is provided for under other items relating to elementary education, viz., private schools, Government schools, etc. If the present proposal of the Director of Public Instruction is accepted, the Government will be incurring in 1919–20, over and above the increment of 2 lakhs, a recurring expenditure of (4·07—·88) or 3·19 lakhs per annum.

5. It may be mentioned that the increment of two lakhs was largely exceeded in 1917-18 and 1918–19 (paragraph 74 of the Revised Financial Statement for 1918–19).

1917–18	3·50 lakhs against 2 lakhs.	
1918–19	5·20 lakhs against 2 lakhs.	
	8·70	4 lakhs.

Excess is 4·70 lakhs per annum.

6. Orders are solicited whether this department may accept the proposals submitted by the Director of Public Instruction involving an additional expenditure of 6·07 lakhs per annum, of which 2 lakhs will be met from the recurring Imperial grant, and the balance, viz., 4·07 lakhs from Provincial funds.

7. The additional cost of 6·07 lakhs has been arrived at on the basis that the minimum pay of teachers in boys' schools and girls' schools should be Rs. 12 and Rs. 13 per mensem respectively, thereby definitely committing Government to raise the pay of teachers in existing schools — a scheme in regard to which proposals have yet to be received from the Director of Public Instruction.

There can be no doubt of the necessity for this measure.

C.G.T.—16-12-18.

Please see paragraphs 5 to 6, Home office note on pages 6–5 ante and paragraph 3 of the Director of Public Instruction's note on page 3 ante.

It is respectfully submitted that, until sanction is accorded by the Government to the raising of the pay of teachers in existing schools the present rates will have to be adopted in the proposals for new schools, etc., now under consideration.

I am not sure. I think we may safely adopt the new minima.

J.M.H.—15-12-18.

C.G.T.—16-12-18.

8. It is also respectfully submitted that in the distribution of these subsidies it will be preferable to assign larger grants to poorer local bodies. When the Elementary Education Bill is passed, richer local bodies will more easily impose additional taxation (with equivalent Government grant) thereby spreading elementary education in those local areas more rapidly.

This is, however, mainly an administrative matter.

V.G.K.—14-12-18.

J. M. HOOPER—15-12-18.

The distribution does seem rather to favour the richer local bodies. It is probably too late to revise the scheme now, but the Director of Public Instruction might perhaps be given a hint to reverse the process next year.

Will Home Department please circulate to Honourable Member, Financial. ?

C. G. TODHUNTER—16-12-18.

HOME (EDUCATION) DEPARTMENT.

The Financial Department do not object to the adoption of the rates of Rs. 12 and Rs. 13 for the salaries of the teachers for the new schools proposed. The Director of Public Instruction recently submitted proposals for the raising of the rates of salaries in existing schools. He, however, subsequently withdrew the letter for further consideration. It is not known what alterations he intends to suggest in those proposals.

The Honourable Member (Financial) has directed that the schemes for raising the rates of teaching grants and for raising the minimum pay of teachers of elementary schools should take effect only from the 1st April 1919. The file dealing with the former scheme has been submitted to His Excellency the Governor. If the proposal to introduce the revised rates of salaries that may be sanctioned with effect from the next year is finally approved, those rates cannot be adopted for the new schools to be opened in January next. Revised statements will have to be called for from the Director of Public Instruction retaining for the present the existing minimum salary of Rs. 11 for boys' schools and Rs. 12 for girls' schools. Before doing this the return of the file which is now with His Excellency may be awaited.

S.K.—18-12-18.

N.K.—18-12-18.

C. RAM[illegible]UJA ACHARIYAR—18-12-18.

~~The file has come back from His Excellency.~~

L. D. SWAMIKANNU—19-12-18.

It has since been decided that the revised rates of teaching grants to aided schools recommended by the Director of Public Instruction should have effect only from 1st April 1919. It follows from the above decision that any increase to the pay of teachers in schools under public management that may be sanctioned should have effect only from the same date. Besides, the Director of Public Instruction has withdrawn his letter recommending the raising by one rupee of the minimum pay of teachers in girls' and boys' schools under public management and it is not known what revised rates of pay he intends to recommend.

2. In the circumstances, the only course left is to adopt for the present the existing rates of pay for the teachers to be employed in the new schools proposed to be opened. The Director of Public Instruction may be requested to revise his statements in the light of the above remarks. A u.o. note is submitted for approval

N.K.—28-12-18.

L. D. SWAMIKANNU—28-12-18.

u.o. note

HOME (EDUCATION) DEPARTMENT.

With reference to his u o. note, dated 9th December 1918, the Director of Public Instruction, may, it is submitted, be informed that it has been decided that the revised rates of teaching grants to aided schools recommended by him should be introduced only with effect from 1st April 1919. It follows from this decision that any increase to the pay of teachers in schools under public management that may be sanctioned should have effect only from the same date. Besides, the Director of Public Instruction has withdrawn his letter recommending the raising by Re. 1 of the minimum pay of teachers in girls' and boys' schools under public management and it is not known what revised rates of pay he intends to recommend.

2. In the circumstances, the only course left is to adopt, for the present, the existing rates of pay for the teachers to be employed in the new schools proposed to be opened. The Director of Public Instruction may, it is submitted, be asked to revise the statements in the light of the above remarks and return them to Government at a very early date.

N.K.—28-12-18.

L.D.S.—28-12-18.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

I think it only right that teachers in old and new schools should be treated alike. In old schools the further enhancement will have effect from 1st April 1919. If my proposals are revised so that the present minimum only is adopted, then from 1st April 1919, the teachers in the new schools will be at a disadvantage and their scale will have to be raised. Orders on the proposals will issue say in January and the local bodies will take some time to open the schools, so that the interval between the time when Rs. 11 would be right and Rs. 12 will be right and just will be very short. It does not seem therefore worth while revising proposals which would have to undergo a further revision almost at once. If necessary, the local bodies could be told that in the case of schools started before April, the higher rate of pay should have effect only from 1st April 1919, as in the case of teachers in the old schools or all the schools might be opened from 1st March 1919. In these circumstances I request a reconsideration of the order passed in paragraph 2. To revise now and then revert to my original proposals, regarding scale of pay, in a month or two entails a considerable amount of work which would be avoided if my proposals are accepted.

H. S. DUNCAN—2-1-19.

HOME (EDUCATION) DEPARTMENT.

The Director of Public Instruction's proposals for the enhancement of the minimum pay of teachers in schools under public management have not yet been received. Till those proposals have been considered and sanctioned, only the existing rates of pay can be allowed for the teachers to be employed in the new schools

proposed to be opened. Otherwise the Government will be practically committing themselves to the adoption of the rates of pay suggested by the Director of Public Instruction ~~in the c.f.~~ In these circumstances it is for orders whether the file may lie over pending receipt of the Director of Public Instruction's proposals for the general increase of the pay of teachers in elementary schools. The Director of Public Instruction does not insist that the schools should be opened in the current year.

2. If, however, it is desired that the schools should be opened immediately in advance of orders on the question of raising the pay, there appears to be no alternative but to call on the Director of Public Instruction to furnish revised statements as already suggested.

S.K.—4-1-19.

N.K.—4-1-19.

The proposals dealt with in this file relate to (i) the opening of 1,168 additional elementary schools under local bodies, (ii) the strengthening of the staffs of 562 schools and (iii) the opening of additional standards in 299 schools. The Director of Public Instruction has stated that the distribution is equitable. In passing orders on the educational portion of the budget for the next year, the Financial Department have, since writing their note of the 15th December, decided to make the necessary provision for the *whole* scheme. The allotment of Rs. 2 lakhs has been raised to Rs. 4·07 lakhs, the remaining Rs. 2 lakhs being included in the lump provision of the Imperial grant of Rs. 5·50 lakhs. Thus the question of funds for the whole scheme has also been finally settled. The only residual question is that relating to the grant of higher rates of minimum pay to the teachers in new schools (Rs. 12 and Rs. 13 in boys' and girls' schools, respectively) than that *now* obtaining in the existing schools (in advance of the consideration of, and sanction to, similar general proposals in respect of teachers in existing schools). As regards this point, the Director of Public Instruction's note on page 21 above seems to have some force. In the circumstances, the increased rates may be allowed, with the direction that the rates should be paid only from 1st April 1919. Orders may be expected to issue before that date on the *general* question of increasing the minimum rates of pay of teachers. By allowing the additional rupee 1 as proposed, Government are not likely to be irretrievably committed to higher rates which may not be allowed in other cases. The Government have since decided separately to abolish capitation allowances and to discontinue the system of allowing teachers to appropriate fees in lower grade schools, the pay of teachers being raised to compensate for the loss entailed thereby. Thus the pay of teachers in all schools under public management will shortly be enhanced. Even should the increase of Re. 1 to the minimum pay now proposed be not eventually allowed to other existing schools, the higher rate in *new* schools can be absorbed by the inevitable compensatory raising of the pay referred to above. There seems therefore to be no objection to accept the Director of Public Instruction's proposal in this regard also.

C. RAMANUJA ACHARIYAR—5-1-19.

L. D. SWAMIKANNU—6-1-19.

P[ENTLAND]—10-1-19.

I agree. I would suggest in this connexion that it is hardly necessary for the Director of Public Instruction in future to send to the Government lengthy lists, like those A B C in this file, giving the names of the villages in which elementary schools are to be opened. I do not suppose that the Educational Department can possibly make any use of such lists; indeed I ~~don't~~ understand ~~however~~ the Director of Public Instruction can exercise control in such details and I should have supposed that he would leave the choice of villages to his inspectors. The existence therefore of these elaborate lists suggests too much centralization and their submission to Government seems a great waste of copying and paper.

A. G. C[ARDEW]—12-1-19.

L.D.S.—13-1-19.

Print in margin

A draft order is submitted for approval.

2. In the statements forwarded by the Director of Public Instruction he has entered two months' charges on account of salaries, etc., for the current year. As the schools will be opened only from 1st February 1919, only one month's charges will be incurred in the current year, and the subsidies payable during the current year have been calculated accordingly.

Noted R.R.R. 20.1.19

3. A separate note will be submitted on the Honourable Member's suggestion to discontinue the detailed statements now being forwarded by the Director of Public Instruction when submitting proposals such as those in this file. ~~These statements indicate the establishment proposed for each school, and their inclusion in the Government Order (such as is done in G.O. No. 1585, dated 15th December 1917) is taken to mean that the establishments are sanctioned by Government. If the statements are discontinued, the local bodies will have to apply to Local and Municipal Department for separate sanction to the employment of the establishments which will cause delay.~~

INSTRUCTIONS FOR THE SECRETARIAT.

(*a*) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(*b*) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(*b*1) For rules regarding printing of notes, see rule 315 of the office Manual.

(*c*) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(*d*) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for *one* week, and larger papers for *two* weeks only. *The type of notes and of all confidential papers is distributed immediately after striking.*

(*e*) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(*a*) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(*b*) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(*c*) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(*d*) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(*e*) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.
