Dear Diwan Bahadur

I am desired to say that it has been suggested that it would be well if Directors of Public Instruction could arrange to attend at the annual meetings of the Science Congress. These meetings no doubt afford a good opportunity for meeting with science experts and hearing their views upon the general requirements of scientific education. Their presence would also be appreciated as a token of interest on the part of Government. At the same time it is felt that the Directors are generally fully employed with work, that attendance at such conferences would constitute a considerable inroad on their time, and that so far as local needs are concerned they have the advice of professors and others stationed in the province to assist them.

In these circumstances I am to bring the suggestion which has been made to the notice of the local Government and to say that the matter will no doubt meet with consideration.

The next meeting of the Science Congress takes place at Bombay on the 13th January 1919.

Yours sincerely,

W. Sharpe

The Indian Science Congress meets at Bombay on the 13th inst and the following three days. If ~~He does~~ the D.P.I. attends it he may be able to come back to Madras only on the 19th or 20th instant. The Finance Committee meets here on the 17th instant and it is understood that the D.P.I. is being asked to attend it on that date. In these circumstances it is for orders whether the Director should be asked to attend the meeting of the Science Congress.

It seems that there is little possibility of the D.P.I. being able to attend this year's congress.
