Copy of Proceedings

PUBLIC MEETING HELD IN TOWN HALL AT 6 P.M. ON 16th NOVEMBER 1918.

That this public meeting of the citizens of Rajahmundry urges upon the Government to open as early as possible in this town a High School for Girls. This meeting regrets that no steps have yet been taken by Government to open even an Incomplete Secondary School for girls in this town, which has a population of about --- 50,000 people and which is the centre of Educational activities in the Northern Circars.

Proposed by Mr. V. Subbarao, B.A., B.L.,

Seconded by Mr. K. Lakshmipathi.

Supported by Mr. S. Bapanayya, B.A., B.L.,

Passed unanimously.

That the following Memorial be adopted, and forwarded one to the Director of Public Instruction, through the Inspectress of Girls Schools 1st. Circle and the other to the Government.

Proposed by Mr. G. Lakshanna, B.A., B.L.,

Seconded by Mr. P. Sundarasivarao, B.A., B.L.,

Supported by Mr. Ch. L. Narasimham.

Carried unanimously.

N. Subbarao

President.

The memorial will be submitted later.

President Of the Public Meeting

To

The Chief Secretary

Government of Madras.

RESPECTED SIR,

We, the townsmen of Rajahmundry, beg to approach you with the memorial in the interests of higher education for girls.

2. We need not deal at any great length on the importance of our town and the urgent need for a Secondary School for Girls Rajahmundry, with its historic and ancient traditions, is still the heart of Telugu learning and literature, the centre of modern culture and reform. It is a fast growing town, containing a long standing Government First Grade College, a Training College and also three High Schools and several Training Schools besides a large number of Incomplete Secondary and Elementary Schools. It is already the centre of educational activities in the Telugu Districts and might in the fulness of time, become the seat of the proposed Andhra University. The District Judge's Court, a Sub Court and Two District Munsiffs' Courts are located here with the result that Rajahmundry claims to have a very large and increasing number of members of the legal profession. Located at the head of the Godavari Delta system and being the outlet for the Agency Tracts our town has a flourishing trade. Many rice mills--over a dozen in number--have been constructed in this town, with a capital outlay of several lakhs of rupees, thus providing work for large numbers of labourers.

3. Thus owing to the present and growing educational, legal, mercantile and industrial importance of the town, Rajahmundry

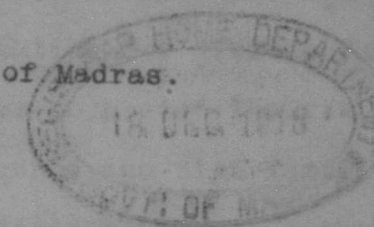

Rajahmundry
17th December 1918.

H. M. (H. M.)

contains a large number of high educated and cultured gentlemen with progressive idea and advanced ideals of life, with a keen desire to get their girls educated in English and in the higher forms. But unfortunately there is at present no provision made for satisfying this want.

4. There is sufficient provision for Elementary Education, but none at all for Secondary Education for girls. Thus there are many girls in the town who have completed their elementary course and though of keen intelligence and high families and -- eager for higher education are obliged to remain with disappointed hopes for want of proper facilities. However a small fraction of such girls have joined one of the local High Schools (Viresalingam High School), which has a decent number of girls in almost all the forms; at the same time a large number of guardians are not disposed to send their girls to a Boys' School for education. -- Further, in addition to the Secondary School Public Examination course, we request that provision to be made for the special needs and requirements of girls, like music and needle-work, health and house management and physical education, which are not and cannot naturally be provided for girls attending a Boys' School; and only a separate Secondary School for Girls can make provision for all such demands and requirements. A good Secondary School would not only be recruited from the many girls, eager for higher education but obliged to give it up for want of proper provision; but it would also be strengthened by the addition of girls now in the Boys' schools.

5. We pray therefore that a complete Secondary School for Girls may be established at Rajahmundry at an early date, thus supplying a great want. (We may assure Government that there will be a ready response from the townsmen, who will send their girls to the School, after it is started, in sufficient numbers to justify the establishment of such a school).

We beg to remain Sir,
Your most obedient servants.
(by order)
N. Subbarao
President - Public Meeting

Subject.

Name (Edn.)

A Secondary School for girls at Rajahmundry.

Co. 2556/B, from the Divisional Commission, Rajahmundry, d/ 2nd Dec. 18.

It was a recommendation

of the conference of Inspectresses held in 1915 to open a Secondary School for girls at Rajahmundry, among others. ^{to begin with.} As the Director was, however, of opinion that suitable accommodation could not be had at Rajahmundry, he suggested the opening of a school for the present ~~at Rajahmundry for two seasons~~ at Masulipatnam - vide paras 1 & 2 of D.P.D.

(IX) Letter at p. 1 of Co. 1276 Edn., d/ 25th Sep. 1918.

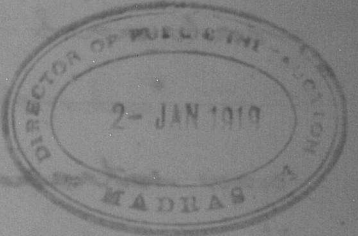

2 The question of accommodation at Rajahmundry seems to be a real problem as it is found difficult to properly house even the existing training school for mistresses. Proposals are accordingly under consideration to remove the training institution to Innaspetta, a suburb of Rajahmundry. Nevertheless it would seem obviously necessary to provide for the education of girls at Rajahmundry. The D.P.D. may be requested w/o to consider how this

(File linked.)

can be done with to suggest an answer to this representation.

Perhaps we may await the receipt of the memorial promised. It may contain some suggestions as to site etc.

11-12-18
12-12-18

le. 2648/B. from M. R. Ry. N. Subba Rao
Pantaleu Gurus, 17th Dec. 1918

The memorial promised has since been received. It does not contain any suggestions as to site etc. All that is urged is that the town is fast expanding and rising in importance and that a girls' Secondary School is therefore a desideratum. The case may, as suggested above, be forwarded w/o to the D. P. I. for remarks.

(File linked)

The question of securing suitable accommodation is the difficulty that faces us, I am in correspondence with the Inspector regarding a proposal (para 1) to acquire a property known as the Vijayanagara Samanthanam building. If a favourable reply is received regarding accommodation I shall consider the Inspector's proposal to convert some of the rooms of the model school attached to the training school into a middle school.

Home (Edn)

With reference to para 2 of office note on the previous page, it is subd: that the D.P.G. has since written to say that the training school may be retained at Rajahmundry and that he is on the look out for a suitable accommodation at Rajahmundry itself. The Vijayanagara Samanthanam building has been mentioned in that connection also. For the present, M.R. Ry. H. Subba Rao Pantulu may be informed that the question of providing for the secondary education of girls at Rajahmundry will be considered, as soon as suitable accommodation becomes available.
