To the Secretary to the Government of Madras,

Home- Educational Department.

Sir,

With reference to the correspondence ending with Government's Memorandum endorsement No.2354-A/1 dated the 24th September 1918, regarding the booking of a passage to Scotland for the state scholar, Mr.S.Dakshinamurty, I have the honour to submit a copy of the petition submitted by the scholar requesting that a passage may be booked for him.

I have the honour to be,

Sir,

Your most obedient servant

DESPATCHED.

To the Accountant-General,

Madras.

Sir,

With reference to your telegram dated 3-10-18 and your letter dated 5-10-18 to the Collector, Kistna, informing him that no berth available in "S.S. Inabamaru" for state scholar Mr. S. Dakshinamurty and that arrangements being made for passage by next steamer. It is more than half since I received your intimation through the Collector, Kistna.

I am at a loss to know what arrangements are made regarding my passage. I hope you remember that the passage is unusually delayed. I fear it is getting too late. You were not good enough to inform me what has been done towards my passage. In my communication dated 4-9-18, I requested you to arrange the passage by P.&O Steamer (mail) only as one can surely go earlier than going round Cape. In your memo of 30th Sept., it is stated that the Japanese steamer sailing from Colombo goes round Cape. As regards my request to arrange passage by P&O Steamer, it is stated that a second class berth has been registered in the steamer sailing from Colombo by about the 3rd October 1918. Now that the steamer had sailed away, and no berth vacant for me in the same. I think you might safely arrange a passage by P&O mail steamer sailing from Bombay hereafter. I like to reach Glasgow as early as possible. I learn that a P&O mail steamer is going to leave Bombay for England shortly. I request that a berth may be booked for me immediately, in that mail steamer, and a due intimation may be given to me. Having been kept so long in suspense and asking me to hold myself in readiness to start at any moment, I am impelled to think that I was unfortunate enough to get no available berth in any steamer to sail shortly.

In a copy of memo R.O.C. 2798-18-16 dated 29-8-18 from Collector Kistna, to the Tahsildar, Bezvada, it is stated that a cable had been sent to the Registrar, of the Glasgow University, asking him to telegraph immediately whether Dakshinamurty will be permitted to join the University later. No intimation has been given to me whether the Accountant-General or Collector, Kistna has received any reply from the Registrar of Glasgow University to the cable.

I, therefore, request that in view of want of sufficient time before me and on account of this unusual delay in getting a vacant berth that the Accountant General will be good enough to set aside the order of to Thomas Cook and Sons, Colombo to book the passage for Dakshinamurthy by Japanese steamer and kindly make every effort to get a berth in the P&O steamer, going to sail from Bombay very shortly to England, as the Cape route is a hopelessly round about journey covering over 40 days; and we only resorted to the Japanese steamers when we could not get any P & O sailing then. But now, that the P & O service is going on, I request that Accountant-General to book the passage by P. & O steamer which will sail shortly.

Honoured Sir,

17-6-18

I hold the Provincial scholarship from this Government for this year to complete my studies in engineering science in the university of Glasgow. I am instructed to stop here for the present until further orders according to the order communicated to me by the Tahsildar on 14th ultime as the Secretary of State for India cabled accordingly. There is every likelihood of my voyage being suspended till july or august next as admission into the university could be got in october next.

not known

I am a poor student unable to maintain myself in the interval as I get no income which the Government will be pleased to note in my appeal dated 30th march 1917. Moreover I lose 7 or 8 months' time which if I have will be utilised for practical work necessary for engineering profession.

I pray that the Government will condescend to sympathise with me and provide me with an appointment which will keep me up during my stay in this country.

I beg to remain,

Honoured Sir,

Your most obedient servant,

S. Dakshinamurti

Dear Sir,

With reference to previous correspondence ending with the Secretary of State's telegram of the 28th ultimo regarding Mr. S. Dakshinamurti, to whom the Government of Madras proposed to award a special scholarship of £150 per annum for one year to enable him to complete his engineering studies at Glasgow University, I now enclose herewith, for your confidential information, copies of two letters addressed to me by Dr. R.A. Duff, the Local Adviser to Indian Students in Glasgow, regarding Mr. Dakshinamurti's previous record in Glasgow. Under the circumstances there would seem little hope of the young man being able to complete his education at Glasgow in one year and I would invite your attention to the opinion of the Director of Studies at the Royal Technical College, Glasgow, (an opinion in which the Professor of Mathematics at the University and Dr. Duff concur) that Mr. Dakshinamurti's previous

record does not invite any expenditure of public money
in the public interest.

Yours very truly,

T. W. Arnold.

Confidential.

University of Glasgow,

5th December, 1918.

Dear Dr. Arnold.

The curriculum taken by Sistla Dakshinamurti

was as follows:-

	Degree Examm. passed.	Attendance Marks.	Kind of Certificate.
1913-14 Maths. (Ord).			
Nat. Phily.	P.		
& Physical Lab.	P.		
Chemistry	P.		
1914-15 Elect. I			
Maths. Higher			
Junior Drawing			
" Lab.			
Mining I & II.			
Geology & Mineralogy.			
1915-16 Natural Phil. (Higher).		73 out of 91.	None
Motive Power Engineer.		19 out of 20	2nd Class.
Elect. Engineering Lect.		55 out of 72	Pass.
Lab. I.		19 out of 24.	2nd Class.
Mechan. Engin. Drawing		36 out of 48.	Pass
Elect. " "		14 out of 22.	None.

Owing to the absence on service of several of the staff and the illness of another, I can only get full information about the last session of his course. A second Class Certificate is between 60 & 80 per cent, a Pass is below 60 and means capacity to go on to the next class, no certificate means that the class has to be taken again.

The only degree Passes he has are in Nat. Phil. and Chemistry of the first year, and these were bare passes. He has tried the Degree Examm. in Maths. 4 times, gaining in succession 21, 22, and 18 per cent. On a fourth occasion he withdrew, and tried a Higher Examination getting 22 per cent. All the other

16 14

17

other subjects he has still to pass for the Degree, after obtaining a pass in Maths. He has also several classes to attend still. It is now nearly 3 years since he had classes.

I asked Mr. Stockdale, the Director of Studies in the Technical College (where the student's 3rd year was taken), and also Professor Gibson, Prof. of Maths. in the University what probability there was of the student finishing his Degree in another year. The former said it was quite hopeless, and the latter that he would as readily fly to the moon. It does not seem to any of us that his record invites any expenditure of public money in the public interest.

Yours etc.,

University of Glasgow,

25th November, 1918.

Dear Dr. Arnold,

S. Dakshinamurti.

Regarding the telegraphic enquiry from Governor of Madras dated 21.11.18 as to admission of above student here in Jany, I regret that this is not possible either at the University or the Technical College. He can only begin in Sept. Oct, and end in March. I cannot get full details of his class attendance and certificates; but I presume that he has one year of class attendance still to put in. From his Degree Examm. record, it looks to me as if 2 years might be required for completing his Degree. He has only passed for the Degree in Ord. Chemistry and Ord. Natural Phily. (with Phys. Lab); but not in Ord. or Higher Mathematics. Ord. Maths. he has tried 4 times and not passed yet; Higher Maths. twice and not passed. Until he does pass in Ord. Maths. (in March or Sept), he cannot be examined for any of the Final subjects, and the latter would certainly themselves require two sittings at 6 monthly intervals. Besides that, I fear that his absence in India will not have added to his knowledge of the subjects he had already studies whilst here.

On the whole my opinion is that

- (1) unless he can get a scholarship for two years, instead of 1, or can maintain himself for another year after his one year scholarship expires, it is of no use sending him here again. He has so much leeway to make up.
- (2) if he can remain 2 years, he should not leave India till June, but should work up his subjects there, should get a month or two of special tutoring after he arrives here, go in for the Degree Examm. in Sept, and take classes in Oct. 1919. There might be a bare possibility of

19

Unreplied

of him finishing his Degree by Oct.1920, but in all probability he would not do so before 1921.

For this arrangement, £300 besides his passage money might be required. It does not seem to me a very promising case.

Yours etc.,

(Sd) R.A. Duff.

ORDER.

No. 117, dated 27th January 1919.

Mis.

(f) In G.O. No. 1049 Home (Ed) dated 14th August 1917, the Govt. sanctioned the payment of a scholarship of £150 for a period of one year to S. Dakshinamurti, a student of the Glasgow University to enable him to complete his studies in electrical and civil engineering in that university. As the scholarship was not availed of in 1917, it was re-sanctioned in (s) 1918 by G.O. No. 786 Home (Ed) of 17th June 1918, with the express stipulation that no extension beyond the period of one year originally fixed would be allowed.

2 The Govt. have since obtained a report on Mr. Dakshina-

murti's progress in his Studies
in the ^{Glasgow} University in the years

1913-14 to 1915-16 ~~which~~ ~~clearly shows~~ ~~that~~ ~~his previous course was not a satisfactory one~~ ~~that consequently he will not~~

be able to pass the necessary

Examinations and obtain his
degree within the period of one
year for which the scholarship
has been sanctioned. In the

circumstances the orders quoted
above awarding him a scholar-
ship are hereby cancelled.

3. With reference to his
petition dated 6th January 1919
S. Dakshinamurti is informed
that the Govt. do not interfere
in the distribution of subordinate
appointments and that he
should apply to the head of
the dept. which he wishes to enter.
