Sir,

I have the honour to submit the following for the order of Government.

The President, Taluk Board, Ariyalur in his Dis No. 33 of 1918-19 dated 18-7-1918 reports that out of a sum of Rs. 6260-4-5 the capitation allowance due to the teachers, Board Elementary Schools under his control for 1917-18, only a sum of Rs. 4080 provided for under that head which was the budget estimate for 1917-18 was paid to the teachers and for the payment of the remaining capitation allowance of Rs. 2,120 he suggests the utilisation of the balance of Provincial Grant of Rs. 2573 appearing under the head "Education" except those allotted for buildings. The accumulation of this balance was mainly due to the non-receipt of the Provincial Grant in time for the opening of new schools within the year, and to the late opening of the new schools sanctioned. The Assistant Inspector of schools to whom the matter

matter was referred ~~to~~ supports the recommendation of the President, Taluk Board. I beg therefore ~~to~~ recommend that the balance of the capitation allowance due to the teachers in question for 1917-18, may be ~~spent~~ met from the unspent Provincial Grant of Rs. 2573 shown under Education on the 31st March 1918.

3. In this connection I beg to suggest that the Presidents of District Boards may be authorized to sanction the transfer of the unexpended Provincial Grant, if any, made for a specific purpose under Education, to any other head relating to Education itself instead of the balance being allowed to be accumulated every year.

4. I request that Government will be pleased to sanction my proposal in the circumstances set forth above.

I have the honour to be,
Sir,

Your most obedient servant,

S. S. Srinivasan
for President.

Sir,

p 3 above -

With reference to Government Memorandum No. 6560-1-11, dated 2nd December 1918, I have the honour to report that the sum of Rs. 2,120 referred to above was proposed to be spent on the recommendation of Educational Authorities for the payment of arrears of capitation allowance due to the teachers of Elementary schools for 1917-18 out of the balance of unspent Provincial grants of previous years as they were not required for the maintenance of schools opened out of Provincial subsidy instead of the balance being accumulated. As regards the payment of capitation allowance to teachers in future, provision has been made in the budget estimates as far as funds permit.

I have the honour to be,

Sir,

Your most obedient servant,

T. Desikachari

Submitted that the D.P.I. may be consulted w. on the proposal to ~~utilize~~ of the P.D.B., Trichinopoly, to utilize on the payment of capitation allowance. a

The accumulated support balance is probably a lump sum and ~~cannot~~ ^{you} cannot obviously be obliged to meet a ~~series~~ ^{series} of recurring expenditure

2. The President also suggests that he may be authorized to sanction the diversion of the unexpended balance of Provincial grants from one educational object to another. With regard to this, it is submitted that grants are made for specific objects and if they are spent on them there may not be any large balance. But it is found that very often local bodies have ~~large~~ ^{such} unspent balances. If they are allowed

NOTES.

to divert these balances to other objects there is a possibility of their devoting to secondary education funds primarily intended for elementary education. It is also possible that these balances may be spent on new recurring items of expenditure and the Govt may be committed to additional expenditure without their prior consent. In these circumstances it does not appear to be desirable to delegate this power as suggested by the P.D.B., Trichinopoly. In this connection attention is solicited to go.

I am in thinking that it is not desirable to
delegate to the President the power to transfer the
transfer of unexpended subsidies for Education
made for a specific purpose to any other head
under Education.

As regards the President's proposal to utilize the
unexpended balance of the provincial
subsidy towards payment of arrears of capitation
allowances, I would suggest that the President
be asked to report how the Board propose to
meet the extra expenditure in future. If the
Board point out the necessary ways means, ~~and~~
to meet the cost from their own funds, the
present proposal may be entertained.

As regards the payment of capitulation allowance to teachers in future, the President states that due provision has been made in the budget estimates as far as funds permitted. Presumably the President means that the extra expenditure on this account will in future be met from local funds.

Submitted that this case may be forwarded u.o. to Home (Edn) at whose instance the above information was obtained.
