Home (Educational) Department.

The following extract from a D.O., dated the 27th of May from the Hon'ble Mr. Siva Rao is forwarded to the Educational Department for such action as may be considered necessary:-

3. I moved in the March meeting of the Legislative Council that in pursuance of the recommendation of the Educational Conference which sat in 1916 free student-ships to the extent of 10 per cent. on the rolls of all Secondary Schools should be sanctioned by the Government. I need not say that there has been a large delay in settling this matter. I request that the Government will be pleased to sanction this proposal as early as possible."

Home Secy, Sept 14

The Educational Conference which met in March 1916 passed a resolution that "for the purpose of granting fee concessions to indigent pupils of marked ability, expenditure by managing bodies on Scholarships up to a limit of 10 per cent of the fee-income reckoned at standard rates, be considered as legitimate expenditure for the purpose of assessing the grants that might be paid to a school, provided that the Scheme for the award of Scholarships or fee concessions has received the approval of the D.P.D."

The Director recommended the acceptance of the resolution on the district understanding that no further increase in the no. or rates of Govt. Scholarships for Secondary Schools was contemplated. The immediate liability, if the resolution was given effect to, was calculated to be Rs 88,000.

The Finance Committee of January 1918 strongly advocated an early decision on the above resolution. The Honble. Mr. Siva Rao also brought forward a resolution in the March meeting of the Legislative Council recommending that the allotment under 22 G. Est. Grants in aid should be increased by Rs 40,000 to give effect to the recommendation of the Conference. But after some discussion he withdrew his resolution.

The Financial Dept. in scrutinizing the various recommendations of the Conference suggested that

the question of financing the scheme might be considered in connection with the preparation of the budget for 1919-20 though preference should ordinarily be given to outlay on elementary education. The file is now in circulation + orders are awaited.
