FROM

THE GENERAL OFFICER COMMANDING,
9TH (SECUNDERABAD) DIVISION.

To

THE HON'BLE MR. S.B. MURRAY,

Secretary to the Government of Madras,
OOTACANUND. PUBLIC WORKS D.

Sir,

In reply to your No.207-0/Wks-B-3, dated 16th. May, 1918, I have the honour to inform you that so far as I can ascertain there is no objection to the building of the St. George's Homes School, Ketri, being proceeded with. 2. Should it be found in the future that National interests are affected through the Cordite Factory being inconvenienced the matter can then be considered and the Government of Madras asked to take such steps as may appear desirable to them.

(W)

The Govt. understands that, in pursuance of G.O. No. 473 W & The 28th March 1917, the designs for the school house and cottages of the St George's Homes at Keti, Nilgiri dt, have been prepared, ~~that they~~ by the Consulting Architect to Govt., that they have been examined and approved by the Executive Committee and the Board of Management of the Homes and that all other preliminary arrangements for the Commencement of the buildings have been completed. The D.P.D. is accordingly requested to ascertain from the authorities of the Homes and report to Govt. ^(at a very early date) what ~~the~~ initial buildings ~~are~~ have to be constructed by the P.W.D. according to the G.O. referred to above and to state what should be the Govt. Contribution for the work.

6
Copy of letter dated 13th August 1918 of the Correspondent,
St. George's Homes, Kodaikanal, to the Inspector of European
and Training schools, M a d r a s.

In reply to your communication R.C.No. 597E/15 dated
13th June 1918, I have the honour to inform you that I have
been endeavouring to obtain from the Secretary to Government,
Public Works Department, the estimate for the initial buildings.
I regret to say that the Secretary says that it is impossible
to get a reliable estimate at the present stage, and he advises
me to send you a statement of the proposed initial buildings
to be erected at Kaite. The following is the scheme that has
been passed by the Executive Committee:--

- +1 ✓ (1) 5 Cottages.
✓ (2) Central school Building.
✓ (3) Principal's House.
✓ (4) Writer's House.
✓ (5) Bakery and Store Room.
✓ (6) 2 large rooms as a nucleus for Secretarial Buildings.
✓ (7) Road.
✓ (8) Water supply.
+1 — (9) Furniture for the above.

As soon as the Secretary to Government sends to me the estimated
cost for the above scheme, I will forward the information to you.

NOTES.

Page 1

P.W.D.

Note on the new buildings for the Saint George's Homes at Keti, Nilgiri District.

It was originally proposed to locate the Homes near Kodaikanal, but in 1915, before building operations had been begun, it was suggested that the Nilgiris would be a better place for them. After some consideration a block of land in Keti village was selected and ultimately acquired for the Homes. The next step was to get out designs for the various buildings required for the Homes, and under instructions from Sir Harold Stuart, who was at the time Public Works Member, and President of the Homes Committee, Mr. Montague Thomas, then Consulting Architect to Government, prepared designs for the school, and cottages. After Mr. Thomas' death at the end of 1916, it was found that his designs were too expensive and it was realised that fresh and simpler ones were required. Up to this stage the position of the P.W.D. in regard to the building operations had never been defined, and all the work that the late Mr. Thomas did for the Homes was a labour of love. G.O.No.473-W dated 28th March 1918, put matters on a definite footing and imposed upon the P.W.D. the responsibility not only for the designs but also for the execution, as a contribution work, of the initial buildings connected with the Homes. (What the "initial buildings" are has still to be ascertained.) As a result of the G.O. referred to above the present Consulting Architect, Mr. W.H. Nicholls, has prepared revised and cheaper designs for the school house, and cottages, in consultation with the Reverend Mr. Breeden, Principal of the Homes. These designs have been examined and approved

G.O.No.Mis.198-
Revenue, dated .
23-1-1917.

Flag 'O'

Copy at Flag 'W'

A

approved by the Executive Committee, and the Board of management, of the Homes.

The present state of affairs as regards building operations is roughly as follows:

- (a) the requisite land for the Homes has been acquired
- (b) an alignment for an approach road from Keti station to the settlement has been laid out and the land that will be required for the road has been acquired, with the exception of four small lengths which are now being acquired
- (c) a site for the school building has been selected and marked out
- (d) a contractor with a good command of labour has been chosen, and he has already begun work on the approach road, and the school. He is also collecting the necessary materials for these works.

There are two points which now have to be settled (a) what buildings, under the orders conveyed in G.O.No.473-W, dated 28th March 1917, have to be constructed by the P.W.D., and (b) what the Government contribution is to be. With reference to this second point attention is invited to para.2 of G.O.No.328-Educational, dated 24th March 1916, to G.O.No.1011-Home(Education), dated 25th September 1916 and to G.O.No.340 Home(Education), dated 13th March 1917. As both points have to be settled by Home (Education) the file is forwarded to that department for further action.

Home (Education) u.o.

P.W.D. No. 206/10
10.5.18

Home (Education) u.o.
10.5.18

Home (Ed) Department.

- (F) Please see Go. No. 1011 Home (Ed) of the 26th September 1916 and Go. No. 340 Home (Ed) of the 13.3.17. The Govt have sanctioned a grant not exceeding one-half of the actual expenditure, nor Rs 1,15,230 towards the cost of certain buildings proposed to be constructed for the St. George's Homes at Keti and they have paid an advance of Rs 40,000 for the purpose. The P.W.D. has undertaken to construct the initial buildings of the Homes as a contribution work - Go. No. 473 W of the 28.3.17.
- (W) 2. The P.W.D. now enquires - (1) What the initial buildings are and (2) What the Govt. contribution is to be. The St George's Homes being a private institution, the Home (Ed) Dept. is not in a position to decide the question ^{of} its initial buildings. ^{that} The Education Dept. can do is to ascertain the particulars from the authorities of the Homes through the S.P.D. Instead of adopting this round about course there is hardly any objection to the P.W.D.'s ascertaining the details from the authorities of the Homes direct, especially as that dept. appears to be in communication with them already - vide position marked A on pages 1+2 ^{and correspondence} ~~of the~~. This will save a good deal of time. When once the initial buildings are decided and their cost determined, the Govt. contribution can be easily decided, being one-half of the estimated cost. A communication has since been received from Genl. Phayre requesting the postponement of the building operations for the Homes. The Govt. have decided to inform the General that his request cannot be complied with ^(being) this question is also dealt with in the P.W.D.
3. It is for consideration whether ^{the} view stated above the file may be returned to P.W.D. or whether

I happen know what initial buildings the Principal, Sam's Jones Home wishes Government to construct at Keti. They are

- ✓ 1. Road from Keti station
- ✓ 2. School building
- ✓ 3. Five cottages
- ✓ 4. Principal's house
- ✓ 5. Warden's house
- ✓ 6. Bakery & store room
- ✓ 7. Large room as nucleus for Secretariat buildings
- ✓ 8. Water supply.

Estimates have been prepared for items 1-4. Designs are being prepared for items 5-7, and an estimate for No. 8. When everything is ready details of the cost of each item will be furnished the Principal of the Home

1/2

Note on the construction of The Saint Georges Homes initial buildings at Ketl by the P.W.D.

1. Attention is invited to G.O.No.473 W, dated 28-3-17.
2. In the preliminary stages of the location of the Homes at Ketl, on the Nilgiris, and of the preparation of designs for the various buildings to be erected there, the P.W.D. were indirectly largely concerned. The reason for this was that the then Public Works Member of Government - Sir Harold Stuart- was Chairman of the Board of Management of the Homes, and I was, and still am, a Member of the Board. In the interests of the Homes I have from time to time made arrangements of different kinds for prosecuting building operations at Ketl and have continued doing so up till the present. These will now be described in detail. It should however first be explained that the apparent delay in starting work after the issue of the G.O. referred to above is due to the Military Department having twice stopped the work just as it was being started.

The following preliminary arrangements have been carried out, and have received the approval of the Board of Management, and the Executive Committee of the Homes.

- (a) Detailed plans and estimates for a school house, and for three sets of cottages have been prepared by the Consulting Architect to Government, and were approved by the Board of Management at a meeting held in Madras on 9-1-18. Sites for these buildings have been selected and marked out by me on the ground at Ketl;

NOTES.

Page 13

(b) A Pieceworker for the construction of the buildings, and other works connected therewith has been selected. His name and address are

Rao Sahib H.J. Bellie Gowdah

Hoobbathally

Aravankadu

Nilgiris

A piecework agreement fixing the rates for the construction of the school has been drawn up and signed by him and is sent with this note. This agreement does not cover all the items of work entered in the estimates as it is impossible at present to fix rates for some of them. Payment for items not included in the agreement will have to be made at rates based on the prices actually paid for materials at the time of purchase- see also condition No.9 of the agreement.

(c) An alignment for a road leading from Ketl Railway Station to the Homes Settlement has been made and the road itself is now being constructed. An estimate and piecework agreement for the work are sent with this note.

(d) There is a perennial stream flowing under the Nilgiri Railway at their culvert No.190. This point is sufficiently above the whole of the Homes land to admit of a gravity supply to any part of it. The purity of the water for drinking purposes has not been tested, but it will in any case be useful for building purposes. A supply of 2½ inch W.I. pipes has been obtained from the P.W.D. Stores, and the Coimbatore Division. These pipes have been paid for by the Principal of the Homes.

The stream will have to be tapped above the Railway, and the pipe line brought through culvert

NOTES.

Not in this file

Sub Divisional Officer

190. The Chief Engineer, S.I.R. has accorded permission to this being done- Vide his letter attached- A piecework agreement for laying the pipes has been taken from H.J. Bellie Gowdah and is attached to this note.

(e) The selected pieceworker has been directed to start burning bricks, and to collect other materials. Some of these materials have already been paid for. Details of the payments already made are with the S.D.O. Nilgiris.

3. The following arrangements have been made for payment to the pieceworker, and for other work done in connection with the Homes buildings. The Sub-Division Officer, Nilgiris will be in general charge of the building operations. The Overseer in direct charge of the works will every month prepare a bill for the work done by the Pieceworker during the previous month. This bill will be sent to the S.D.O. for check and approval. If after check and inspection of the quality of the work done he is satisfied with the correctness of the bill he will send it direct to "The Principal, Saint George's Homes, Kodaikanal" who will send to the Pieceworker a cheque on the Bank of Madras, Ootacamund, for the amount of the bill, less a deduction of 10 %. The Principal will at the same time intimate to the S.D.O. the number, date, and amount of the cheque, particulars of which should be entered in the Measurement book as proof of payment. In the event of the S.D.O. not being satisfied with the quality of the work done he will refer the matter to his Executive Engineer for orders. For petty payments which will not come into the Pieceworker's bill the Principal of the Homes will give the Overseer

NOTES.

Page 14

in charge of the works a permanent advance, the amount of which will be settled from time to time to suit the requirements of the work. This advance will be recouped when necessary by means of cheques on the Bank of Madras, Ootacamund, the vouchers submitted to the Principal being retained by him for incorporation in his accounts.

4. All instruments, tapes, Measurement books, stationery etc. required for the works will be lent or supplied by the P.W.D. free of cost. If any machinery or large plant is required, special arrangements will have to be made.

5. In para 1 of the G.O. referred to at the head of this note "initial buildings" are mentioned.

These works comprise

- (i) School
- (ii) Four cottages, with outhouses and latrines
- (iii) Principal's house.
- (iv) Bakery and store room
- (v) Wash house
- (vi) Writer's house
- (vii) Large room as nucleus for Secretariat buildings
- (viii) Road
- (ix) Water supply.

Designs for (i) and (ii) have already been approved. A design for (iii) is now with the Principal. When it has been approved by him he should be asked to select for himself the site on which he wishes it to be built. Designs for (iv), (vi) and (vii) have not yet been prepared. The Principal should be asked what accommodation he requires, and where he wants the buildings placed. Two proposed designs for (v) are sent with this note. The Principal should be asked to say which design he prefers, and where he wishes it to be built. Temporary buildings,

such

*.
To the Superintendent
Engineer IV Circle

such as store room, office room etc. required during construction are being erected without consulting the Principal, the cost being kept as low as possible. Piecework agreements for two of these buildings have been drawn up and are sent with this note.

6. In para 2 of G.O. No.473-W, dated 28-3-17 it is laid down that only actual expenditure on establishment should be charged to the Homes. In the case of temporary employees whose pay would in ordinary P.W.D. works be charged to "works" this expenditure can be met by direct payment by the Principal, but in the case of a permanent P.W.D. subordinate, such as the Overseer who is to be posted to the work this procedure is not admissible, and the Superintending Engineer should ask officially for orders on this point. The question of a monetary contribution by Government for the Homes buildings, and if one is to be given how it is to be paid, is now under consideration by Government and their orders will be communicated in due course.

7. In future all correspondence etc. connected with the construction of the buildings for the Homes should be carried on by the Executive Engineer Coimbatore Division, or the Superintending Engineer IV ^{circle} direct with the Principal. A copy of this note is being sent to the Principal, with a covering letter bearing number ⁷ and in opening the correspondence with him the Executive Engineer or Superintending Engineer should refer to this letter.

8. In para 3 above it is stated that 10% of each of Mr. Bellie Gowdah's bills for the initial buildings is to be withheld until the amount so collected represents the cost of constructing a cottage. The Pieceworker has very generously offered to build

W

in charge of the works a permanent advance, the amount of which will be settled from time to time to suit the requirements of the work. This advance will be recognised when necessary by means of cheques on the Bank of Madras, Coimbatore, the vouchers submitted to the Principal being retained by him for incorporation in his accounts.

4. All instruments, tape, measurement books, stationery etc. required for the work will be lent or supplied by the P.W.D. free of cost. If any machinery or large plant is required, special arrangements will have to be made.

5. In para 1 of the G.O. referred to at the head of this note "initial buildings" are mentioned. These works comprise

- (i) School
- (ii) Four cottages, with outhouses and latrines
- (iii) Principal's house.
- (iv) Bakery and store room
- (v) Wash house
- (vi) Writer's house
- (vii) Large room as nucleus for Secretariat buildings
- (viii) Road
- (ix) Water supply.

Designs for (i) and (ii) have already been approved. A design for (iii) is now with the Principal. When it has been approved by him he should be asked to select for himself the site on which he wishes to build. Designs for (iv), (v), (vi) and (vii) have not yet been prepared. The Principal should be asked what accommodation he requires, and where he wants the buildings placed. Two proposed designs for (v) are sent with this note. The Principal should be asked to say which design he prefers, and where he wishes it to be built. Temporary buildings, such

A perusal is solicited of the note at (X) prepared by Mr. Murray which explains the arrangements in connection with the building operations at Xeti for the St. George's Homes. This note has also been circulated to the Supng Engineers IV circle and the Principal of the Homes.

2 Mr. Murray has enquired whether a portion of the ^{Sanctioned} grant-in-aid cannot be advanced to the Principal of the Homes to help him in the initial stages of the construction. From the notes at p. 3 ante it will be observed that out of the sanctioned grant of 1,15,230, Rs 40,000 has already

Vide above.

been paid in advance (G.O. No. 340 dated 13th March 1917). Unless the Govt. are given satisfactory proof that this first advance has been ^{duly} expended on the building scheme, there can be no justification for making further advances. From Mr. Murray's note it however appears that the arrangements are very elaborate, requiring a pretty large initial outlay and in all probability the eventual cost of the scheme may much exceed the rough estimate of Rs 2,30,460 on which the original half-grant of 1,15,230 was sanctioned. It seems therefore important that the Govt. should have before them a full correct idea of the full cost of the whole of the initial building proposed to be constructed.

2 If however it is considered unnecessary to wait for a statement of the total cost, — a further advance may be made. But even for this must know what the House want immediately. The balance of the grant is Rs 75,230. For orders the D.P.D. may be consulted ^{cc.}

G.O. 1011 E.D.M.
25.9.16 (F)

1,15,230 —

21.12.18

S. M. L. S. 24.1.19

Rs 8 & 6.1.19

I understand that no statement of how the part of the fund of amounting Rs 4000/- has been utilized has been submitted by the authorities. I think this information should be obtained & the question of advancing an additional amount then considered. An additional advance could be made from the funds indicated above.

6.1.19

Home (Eds.)

From the above notes, the conclusion appears to be that before the question of a further advance is considered, this Dept. should have

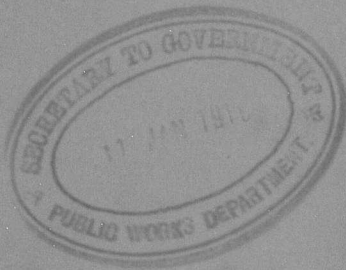

NOTES.

(1) information as to how far the original advance of Rs 40,000 has been duly expended on objects connected with the new buildings for the houses, and what additional amount will have to be advanced in the current year; and
(11) a statement of the eventual liability

which Govt. will be called upon to face in this building programme.

2 As the buildings are constructed by the P.W.D., the information on the above two points will have to be obtained from them.

2 With the above remarks the file may be returned to the P.W.D. [It is also observed that no application for further advance has been received from the authorities of the St. George's House.]

From the P.W.D. note in the linked file it is observed that they are taking separate action to get complete plans and estimates for all the work connected with the initial building for the St. George's Homes sanctioned. The P.W. have also recently taken complete charge of the construction of these (all the requisite information will thus be available when necessary) buildings. It does not therefore appear necessary to obtain the information reqd. at 'A' on p. 100. These papers may be for

From
The Honble Sir H. G. Carden
To Educational Dept.
Please send me up
the file regarding a
grant of Rs. 40,000
to the St. George's Home
in 1916 & therefor for
building purposes
29.1.19 2.50 PM.

The papers referred to are

- (V) (i) S.O. No. 328 Edn.; dt/ 24th March 1916 &
(E) (ii) S.O. No. 1011 Home (Edn); dt/ 25th Sep. 1916.

In the second of the above S.O.s
the maximum limit of the grant sanctioned in
the former S.O. for building purposes was
raised to Rs. 1,15,230 and some other grants
were also sanctioned. Out of the 9 sanctioned
grants for building purposes Rs. 1,15,230

2 Recently, Mr. Murray (Chief Engr.) suggested to this Dept. the feasibility of making a further grant. The file relating to this has been returned to the P.W.D. for information as to how far the previous advance has been duly spent on building and as to the extent of the eventual liability which Govt. may be called upon to face in connection with the building programme of the Homes.

H.M.

Owing to rise in prices the cost of the Homes will certainly amount to 4 lakhs + more but it will take some time before even an approximation to the revised estimate will be available.

Owing again to the delay caused by the Mil Dept. which has twice intervened & prevented any progress with the buildings, the Rs. 40,000 already paid has not yet been spent. About Rs 20,000 or Rs 25,000 has prob. been spent.

2. Meanwhile the D.P.I. has written in surrendering

Fund ab 505B

Rs. 75000 of this grant in the current year under ^{Building} Grants to European Schools, a surrender which would not look at all well in our R.E.

I should like Fin^l to consider at once whether we should not utilize this money in paying up a further portion of the already sanctioned grant to the St. George's Homes. They will probably want some more in 1919-20 & it might be well to get the payment made now while funds are available.

30.1.19.

[Handwritten signature]

(T) - page 4 FINANCIAL DEPARTMENT..

In G.O.No.1011 Education dated 25-9-1916, sanction was accorded to a grant not exceeding one-half of the actual expenditure nor Rs.1,15,230 towards the cost of certain buildings for St. George's Homes, Kodaikanal. Out of this amount a sum of Rs.40,000 was paid to the authorities of the Homes in 1916-17. It is submitted that there is no objection in Financial to the balance (Rs.75,230) being disbursed in the current year.

2. If this is approved, the Accountant-General may, it is submitted, be informed that the revised estimate for 1918-19 under "E2 - G - EDUCATION Grants in Aid" should be raised by Rs.75,000.

3. In this connection, attention is solicited to the telephonic message received from the Accountant-
