Station Madras, Dated the 5 December 1918

From (Name) the Hon'ble Mr. H. S. Duncan, M.A.,

(Designation) Ag. Director of Public Instruction
Madras

To The Secretary to the Government of Madras,

HOME (EDUCATION) Department.

Sir,

(VI)

With reference to G. O. No. 1324 Home (Education)
dated 8th October 1918 sanctioning a grant of Rs. 1,600/-
towards the cost of constructing a building for the leper
pupils of the leper ^{home}house at Bapatla, I have the honour to
state that the Superintendent of the leper ^{home}house now
reports that owing to increased rates of materials and
labour he is unable to erect a building with the grant
sanctioned and that he has no money to commence the work.

Subject:-

Payment in advance of the grant sanctioned for the construction of a School for Lepers at Bapatla.

He therefore requests payment of the grant in advance to enable him to begin the work and permission to submit a revised estimate as work proceeds. He would, however, prefer to have the work done by the Public Works Department. If the Government consider that the latter proposal cannot be accepted, I request that I may be permitted to pay half the grant in advance to enable the Superintendent to proceed with the work.

I have the honour to be,

Sir,

Your most obedient Servant,

N. Narayana

for Director of Public Instruction

The request for advance payment of the grant in this case is not new. Even in the original application for grant, Mr. Powell the Supt. of the Bapatla Lepet Home, had requested that the grant might be ~~paid~~ disbursed in advance and made payable at the Bapatla Sub-treasury as it was inconvenient and expensive to have to draw the amount from the General Dist. treasury. But such a request was not entertained since compliance with it was opposed to the provisions of the Grant-in-Aid Code. (vide para 2 of office note at p. 254 H. E. S. note at p. 2608 Go. 1324 Ed. 2, 2/8th Oct. 1918.)

2 At the instance of Mr. Powell the D. P. D. now makes two alternative recommendations, either to authorize payment of at least half the grant (Rs 800) prior to the commencement of building operations or to get the whole work executed by the P. W. D. The question of having the building constructed by the P. W. D. and lending it to the Mission for the use for school was originally contemplated by Govt. but was given up as the amount involved was small.

not be disbursed to the asylum ^(for years) because

we may agree to the proposal to pay half the grant in advance, provided the D.P.I. is satisfied that the mission will carry out the work satisfactorily and observe the provisions of the grant-in-aid Code. The amount involved is not large.

This is based on H.E.'s orders -
vide P.S.G.'s note on page 3 ante. Under
rule III of para 919 of the P.W.D. Code
rent should be demanded for all Govt

and secure the right of re-entry after reasonable notice. The term "local bodies" used in the code has not hitherto been treated as identical with "local authorities" such as, Pt Boards and municipalities, but as including any public body as opposed to a private individual - C.f. the notes on pp 4-6 of the notes to G.O.N. 1317 W & 1.7.14. ~~The Lefes Home is a~~ In this sense it seems that the Lefes Home, which is intended for the benefit of not one individual may be brought under the category of local bodies. The local Govt is therefore competent to sanction under the note to rule XIII referred to above, the rent free occupation of the building in question by the Lefes Home - The next point ~~in consideration~~ is whether the usual conditions imposed in the case of Govt buildings lent to Pt Boards ^{(see} in regard to their maintenance and the right of re-entry by Govt ~~after~~ or relinquishment by the other party at reasonable notice should not be imposed in this case - C.f.
