FINANCIAL DEPARTMENT.

Grants to local bodies :- Special non-recurring grants are usually given to local bodies for the following classes of works :-

- Water-supply and drainage schemes (carried out by P.W.D. on behalf of local bodies);
- Medical buildings, roads, bridges, etc. which are carried out by P.W.D. on behalf of local bodies.
- Medical buildings, roads, bridges, minor sanitary works etc. which will be carried out by local bodies themselves.

2. Item (a) :- L. & M. have forwarded to this Dept. their demands for 1919-20 in regard to item (a)

3. Item (b) :- L. & M. ~~have forwarded~~ may be requested to arrange for the transmission to this Dept. at an early date of their demands in regard to item (b)

4. Item (c) :- The amounts which may be provided for this purpose (the grants are usually entered in the first instance under 'Unallotted' and placed before the Finance Committee for final distribution) will be decided by this Dept. by the middle of December 1918 when orders would have been passed on the budgets for 1919-20 under the several individual major heads of Provincial receipts and charges. In his note dated 24-9-18 (page 9 of notes to G.O. 796, Financial dated 30-9-18) the H.M. Finl. has noted that endeavours should be made to increase as far as possible the sums to be entered under

Budget

Local and Municipal Dept. may be requested to intimate to this Dept. as usual before the 1st December 1918 their demands under the various items of page 14 of notes to G.O.969 Finl., dated 26-12-14, pages 13-14 of notes to G.O.821 M., dated 1-2-16.

The lump grants for these objects which it may be decided by the Finl. Dept. in December 1918 to enter in the Budget for 1919-20 will have to be distributed provisionally by the L. & M. Dept. in the beginning of January 1919 among specific works or specific local bodies for inclusion in the appendix to the Draft Financial Statement (to be presented to the Finance Committee). The provisional distribution of the grant for minor sanitary works will not however be printed as annexure to the Draft Finl. Statement; but the distribution will be kept ready in manuscript.

5. Grants for Educational buildings :- Submitted that Home (Education) may be requested to forward their demands (with details) in respect of this item, to this Dept. by the 1st December 1918.

6. Grants for special works (roads, bridges, etc in the Agency tracts :- Submitted that Home (J) may be requested to forward their demands in respect of this item to this Dept. by

for the above items when final orders

can utilize any amount that can be
opened. Only 40 percent of the schools
under public management are provided
with buildings of their own. Local bodies
mostly look to Govt. for the provision
of funds for the purpose.

Subsidies to local bodies for elementary
School buildings

There is a provision of Rs 1 lakh
in the current year's budget
for this purpose. The D.P.I
has sent in proposals for
the distribution of ~~and~~ a sub-
sidy of Rs 2,95,322 in the current-
year. He states that the total
demand for ~~sub~~ subsidies for
elementary school buildings
amounts to nearly Rs. 21 lakh.

~~It is not possible at present to~~
~~decide~~ The question as to how
far the demands of local bodies
can be met in the current
year and what ^{works} ~~provisions~~ may
be ~~selected~~ ^{selected for the grant of subsidies} next year
can be settled only after ~~or~~

referred to at A above.

2. Subsidies to local bodies for secondary school buildings.

There is a provision of Rs 1.87 lak in the current year's budget for this object. As pointed out by the D.P.I., only a sum of Rs 31,300 has till now been distributed and the balance of Rs 1,55,700 is still available. On page 6 supra the D.P.I. has given a list of the institutions which may require grants for buildings in this or the next year. ~~However~~ Plans & estimates have not yet been sanctioned in the case of any of these. Many of the items are shown as being under correspondence. Presumably in these cases ~~the plans~~ the plans & estimates are not likely to be sanctioned in the course of this year. Of the items which are shown as being before the Govt., it is observed that in several cases plans & estimates are awaited from local bodies. The L & H Dept may, it is submitted,

p. 6 supra.

be requested us. to state which of these cases are likely to be sanctioned in the course of this year. The remaining items may be provided for in the next year's budget. It may be noted here that the H.H. (Ind.) has ruled that in the case of these buildings, full grants should be avoided, if possible, and that Prov! grants should be limited to 50 or 66 $\frac{2}{3}$ percent of the total cost.

Sofar we are ^{yet} unable to furnish any details to the Financial Dept. Whatever ~~that~~ is left over out of the current year's distribution will have to be provided for in the next year's budget. The

former is not yet ascertainable. Grants for local bodies are ~~given~~ handed over to them as soon as final orders are passed on plans & estimates and the scheme is accepted. The ~~then~~ disbursements of the grants may ^{they} be made in the course of the year, even towards the latter part of it. If L.S. can give us approximate information at least, about the works under

L & M Department.

The following information is submitted in regard to the schools referred to on p.6 above.

Local Boards.

(1) Hostel for Board High School, Tiruvalur.

It is understood that a reference on the subject has been made by Home (Education) to the P.D.B., Tanjore.

(2) Board Secondary School, Tirutturaipundi.

The plans and estimates for the work were sent to P.W.D. U.O. on 31-10-18 and have not yet been returned by that Department. They may be requested to state when the estimates are likely to be sanctioned and what the estimates may amount to.

(3) Hostel for the Bapatla High School. In

G.O. 97 L., dated 22nd January 1918, the P.D.B. - Guntur was asked to renew his application for

grants for the work after estimates for the same had been prepared and sanctioned by competent authority. No further application has been received since.

(4) Vadakanthra girls' school, Malabar.-

The P.D.B., Malabar proposed to sell the site originally acquired for the school at a cost of about Rs.1,390 and to buy a new site at a cost of about Rs.5,400 and applied to Government for a grant of Rs.3,510 to meet the excess cost. The Government however stated that before the application for a grant could be entertained the president should try to sell the original site by public auction and then report to Government whether any grant would be required over and above the sale proceeds. The President has recently stated that he has already promised to hand over the site to the original owner at the purchase price and enquired whether in these circumstances it should be sold in public auction. As it has been decided to sell the land for what it would fetch in public auction a grant of only about Rs.400 may be required, as it is expected that the site would fetch about Rs.5,000 in the auction sale.

(5) Board Secondary School, Tanuku.-

The file regarding the construction of the secondary school building at Tanuku was transferred u.o. to Home (Education) on 6-6-18.

(6) Board Secondary School, Harpanahalli (hostel).

(7) Ganapavaram Secondary School.

(8) Villupuram Secondary School.

There is no information ^{in this Dept} ~~in the Government~~ in regard to these. (Items (6), (7) and (8).)

Russelkonda secondary school (hostel).

The Government have agreed to make a grant of Rs.1,750 (one half the cost) for the construction of a temporary hostel for this school and a memo. is under issue requesting the District Board if it is prepared to provide an equal amount in its budget for 1919-20. The Government grant is likely to be required in the current year.

Home (20th) Sept

From the 1st 11 Sept note above, it will be seen that that Dept does not possess ~~any~~ definite information in regard to ~~many~~ many of the works mentioned on page 6 ante. It is therefore not possible at present to ~~for~~ draw up even a rough list showing the ^{works for which} ~~works~~ ^(paid) ~~Subsidies~~ ^{next year} will have to be ~~to~~ local bodies for construction of school buildings. The Int.

Dept may be informed accordingly. Last year also similar difficulty was experienced in furnishing a distribution to the lump grant provided in the current year's budget

~~There~~ which was then being framed. This difficulty will ^{now} be further enhanced ~~to~~ on account of the definite rule laid down ^{recently} by H.M. (Int.) that only a fixed proportion of the cost ^{of the work} should be given as a subsidy to the local body. This entails the examination of the financial position of each

So far, the only commitments are the payment of centage charges amounting to Rs 13,364 and Rs 15,840 ^{respectively} towards the construction of new buildings for the Municipal High Schools at Wakkajal & Adoni
