Resolution regarding annual Financial Statement

The Hon'ble Mr.B.Venkatapathi Raju

LXVIII. This Council recommends to His -
Excellency the Governor in Council that a
sum of 3 lakhs be added under the head of
33 Education for opening a University -
Institute of Economics and the corresponding
reduction be made under 45-B Civil Works.

Home (Education) Department.

On the suggestion of the Madras Government, a
professor of Economics has been employed by the Madras
University since 1915, the cost being met from the
non-recurring grant from ~~the~~ Imperial funds. In
proposing a professorship of Economics the Government
were largely influenced by the existence of a similar
Chair - the Minto Professorship of Economics - at the
Calcutta University. The following extract from the
letter to India, No.566 Edl., dated 14th June 1913
gives an idea of the object which the professorship
was expected to fulfill:-

"The second of the objects to which it is proposed
" to devote a portion of the non-recurring grant- the
" professorship in Indian Economics-has the warm sympathy
" of this Government. It is hoped that it may be possible
" to attract from Europe an Economist of position who
" would not only lecture upon the special problems of
" Indian Economics, aid in the dissemination of rational
" ideas upon the numerous subjects regarding which

"fallacies are now so common, and thus facilitate
"industrial and commercial progress, but who would
"also devote time to original investigation and research
"into Indian facts and data connected with this subject
"and encourage and supervise post-graduate research
"by his pupils. The Minto Professorship at the -
"Calcutta University affords a precedent for the course
"proposed. The professorship is proposed to be temporary
"for five years at the outset, but at the end of the
"period the question of rendering it permanent can, if
"funds permit be considered".

2. From the discussions in the note to G.O's
Nos.565-66 Edl., dated the 14th June 1913, it appears
that the intention of the Government and the University
was to make the professorship eventually permanent.
Dr. Gilbert's ~~interim appointment~~ Slater was appointed
~~the present professor~~ to the post in 1915 temporarily
for a period of five years to begin with- G.O.No.1154
Edl., dated 21-10-15.

3. In March 1918 certain regulations were passed
by the Senate and approved by the Government for the
institution of a diploma in Economics- G.O.No.505
Home (Education), dated 20th April 1918.

4. In April 1918 the Syndicate definitely raised
the question of retaining permanently the professor
of Economics. The Registrar then reported that the
Syndicate had under consideration the desirability of
making provision for a permanent professorship in
Indian Economics with effect from the termination of
the present temporary post and desired to know before
placing proposals before the Senate for approval, what
financial assistance might be expected from the Govt.
Thereupon the Syndicate was requested to elaborate

10.12.18

its scheme in the first instance and submit definite proposals as to the pay of the professor and other incidental expenditure, to state what portion of the cost involved it was able to bear from the funds already at its disposal, and to indicate the minimum aid required from the Government. In November 1918 the Syndicate replied that to provide for a permanent professorship in Economics, an annual grant from the Government of Rs. 15,000 ~~was~~ be required and that it ~~might~~ find it necessary, after further experience of the working of the scheme for the Diploma in Economics, to address the Government again with a request for the further financial assistance for the purpose of establishing a School of Economics in this University. It was also stated that the University had no funds ~~xxxxxx~~ ^{would} from which it ~~was~~ be possible to meet a recurring annual charge in connection with the establishment of a permanent professorship of economics. - Eventually Government declined to comply with the request of the ~~xxxx~~ Syndicate for an annual grant from provincial funds in order to provide for a permanent professorship of Indian Economics, but stated that they had no objection to the continuance of the ~~profess~~ professorship for another period of five years on a temporary basis, the cost being met from the savings in the recurring grant of Rs. 65,000 sanctioned to the University by the Govt. of India-G.O.No. 1576 dated 10-12-18.

5. As pointed out by the Syndicate ~~itself~~ ^{itself}, the question of the establishment of a school of economics ~~and~~ can be considered only after further experience is gained of the working of the scheme for the Diploma in Economics recently instituted in 1918. It is therefore

now premature to consider the question of the establishment of an Institute for Economic. The resolution, it is submitted, may be opposed.

6. Orders are solicited as to who should take charge of the resolution, whether it should be discussed at the meeting of the Executive Council, and whether any further information should be called for.
7. The file may be sent to the D.P.I. for remarks.
