Local & Municipal Department.

Through

The Director of Public Instruction,

Sir,

Madras.

Sir,

I have the honor to submit herewith complete plans and estimates amounting to Rs. 44,500/- for the construction of a hostel building as an adjunct to the Karur Municipal High School together with an extract from the proceedings of the Council passed at its meeting held on the 18th October 1918. The plans and estimates were prepared by the District Board Engineer Trichinopoly, and complete details regarding accommodation etc., of the proposed building are given in the specification. I also understand that a similar plan and estimate have been approved by

Government

Government quite recently as mentioned in the specification. and I request you to be so good as to move Government to sanction them.

2. The Municipal Council in its resolution No. I (i) dated 18th October 1918 requests that separate boarding accommodation should be provided for non-vegetarian members.

3. The estimates include provision for kitchen, dining hall and store-rooms. The length of this building is 68 feet and a permanent partition wall at the middle will meet the request of the Council and this is a detail which can be carried out without any extra cost during actual execution of the work.

(R) 4. The Government in G. O. No. 1363 Rev., dated 9th June 1915 alienated the Old Taluk Cutcherry building with its sites in favour of the Karur Municipal Council for use in connection with the High School. The building was a very old one. In spite of all possible attention to such an extensive and dilapidated building, the decay could not be arrested without ~~ex~~ spending practically the amount required for a new construction of the type. The Council has therefore resolved to demolish the whole structure and to utilize the sound materials in other municipal works and to construct the proposed new hostel in the site made vacant.

5. I may also be permitted to mention that the intention of Government when alienating the building and land is not interefed with, as the hostel is for the benefit of the students of the High School. The selection of this site was made after mature consideration. No other suitable site sufficiently near the High School is available unless acquired at a very great cost. The question as to how to extend the High School, when necessary, if this site is utilized for the hostel, can be easily disposed of by stating that Government have recently sanctioned a grant of Rs. 15,000 /- for the extensions necessary. These extensions are proposed to be made on the eastern wing of the school. If further extensions are necessary, the western wing can be similarly extended opposite to the High School in the Municipal Office compound in which are located

located some lower classes of the High School and so there need not be the slightest apprehension that space will be wanting for the development of the High School.

6. Under these circumstances, I request you to be so kind as to move Government to approve of the proposals of the Council contained in resolution No. I (ii) and (iii).

Coming to the question of finances for the construction of the ~~xxxx~~ hostel, I have promised the Council a donation of half the estimated cost viz., Rs. 22,250/-. The other half is still beyond the scope of the Council's resources and I request you to be so kind as to move Government to sanction the other half as a free grant.

I have the honor to be,

Subject No. I. Plans and estimates amounting to Rs. 44,500/- for the construction of a hostel building for the Municipal High School, Karur, with the note of the Chairman on the same announcing his intention to meet half the estimated cost of the building.

Resolution. The Council approves of the plans and estimates and resolves:-

1) that separate boarding accommodation should be provided therein for non-vegetarian members.

ii) that the present dilapidated Old Cutcherry building near the Municipal High School may be demolished and the materials used for other municipal purposes.

iii) that the site occupied by the said building be utilized for the construction of the hostel building as an adjunct to the Municipal High School, and iv) that Government may be requested to sanction one-half of the estimated cost of the building.

Sir,

With reference to Government Memorandum No.7479
1-M dated 21-11-18 I have the honour to enclose herein
an extract from the proceedings of the Municipal Council,
Karur, passed at its meeting held on the 30th November 1918.
The Council is of opinion that the improvements suggested

may be made one by one later on. Regarding the Council's share of the cost it regrets very much to say that its finances are barely sufficient for the ordinary needs of the Municipality and therefore it is not in a position to spare any amount for original works of this nature and requests Government to generously come to its aid to meet half the cost of the proposed building.

2. Regarding the agency to be employed for the construction it will be glad if allowed to make its own arrangements. The plans and estimates have been forwarded to the Superintending Engineer for favour of sanction.

3. Adverting to my letter No. 802 G.C. of 18 dated 22-10-18 forwarding copy of resolution No.1. dated 18-10-18 I request that early sanction for the demolition of the existing dilapidated building and for utilizing the site may be accorded so that the preliminary work of making the site fit for a new construction may be carried on as early as possible.

 The Council's financial position is not very satisfactory. The budget for the current year closes with a balance of Rs. 2250 under general funds or 3.4 percent of estimated ordinary receipts against the prescribed minimum of 10 percent. It had an average ^{annual} surplus of Rs. 6014 for the last three years in its ordinary receipts over its ordinary expenditure excluding the outlay on new works & plague charges & other extraordinary items. The Council may ~~therefore~~ ^{therefore} be asked to say if it is prepared to contribute anything towards the cost of the hospital building. Before approving the scheme information on the points referred to in paras. 2 & 3 of the Director's endorsement may ^{also} be obtained from the Chairman.

A draft Memo is submitted

for approval. The H.M. has asked that the subject should be treated as urgent. (14 notes)

2. The Chairman wants
early sanction for the demolition
of the existing dilapidated
building & utilizing the site for the

hostel, so that the preliminary work of preparing the site for constructing the new building, may be carried on as early as possible.

³ In the case of the hostel for the Victoria College, Palghat, the new buildings for the Durvalur High School & the Salem College building, the entire cost was borne from Provincial funds & the buildings remain the property of the Govt. In the present case the Municipality contributes nothing, while its Chairman proposes to make a donation of half the cost & the Godmanokked to give the other half (and also the site). It is for consideration whether in this case also the entire cost may not be met from Provincial funds so that the building with the land may remain the property of Govt. or whether the building may be allowed to be the property of the Municipal Council, while the land on which it is built is the property of Govt., though transferred to the Council under ^{the} certain conditions specified in Govt.
