Station Madras, Dated the 15th December 191

From (Name) The Hon'ble Mr. R. G. Grievs, M.A.,
(Designation) Director of Public Instruction,

Madras
To The Secretary to the Government of Madras,
Home/Education/ Department.

Sir,

In their order No. 1017, Home, Education, dated 4th August 1917 Government sanctioned Sir Henry Stone's proposal for adoption for European Schools the same nomenclature of classes as that adopted for Non-European Schools in this Presidency. The revised nomenclature of classes was not given effect to pending final orders regarding the status of the Cambridge Local Examinations in connection with European Schools. On receipt of G.O. No. 822, Home, Education, dated 1st July 1919 on the subject of the conditions under which the Cambridge Local Examinations should be held in India, the Inspector of European Schools was asked to place before the European School Examinations Board certain points raised

(B)

in the G.O. as well as the question of ^{the} revision of the curricula and syllabuses for European Schools. The Board ~~have~~ have considered the questions and have drawn up detailed syllabuses. In connection with the revision of the syllabuses they consider that the present nomenclature of classes should be retained and have passed the following resolution on the matter:-

"Resolution I. After careful consideration of the whole question in all its bearings, this meeting requests with reference to G.O.No. 1017, Home, Education, dated 4th August 1917 that the present nomenclature of classes be allowed to continue because (1) it continues in other provinces, (2) the new nomenclature would cause endless confusion and (3) the meeting sees no real necessity for the change.

The Inspector of European Schools also strongly supports their suggestion. I agree with him and I have the honour accordingly to request a reconsideration of G.O.No. 1017, Home, Education, dated 4th August 1917 so that the present nomenclature of classes in European schools in this Presidency may be retained.

I have the honour to be,

Sir,

Your most obedient servant,

R. S. Tall
For Director of Public Instruction.

on educational statistics recorded the conclusion that it would be well if some homogeneity of nomenclature and numbering could be adopted in different provinces for school classes, and suggested that ~~the lowest class of~~ ~~it would be well~~ every kind of school should be numbered I (the phrase "infant class" being dropped) and so on upwards. At the instance of the govt. of India, the matter was referred to the D. P. J. for ^(the then Dir of Public Instruction) remarks. ^(Sir Henry Stone) supported it; and, after discussion with the Inspector of European and Training Schools, he suggested that the nomenclature of classes in European schools might be the same as that adopted for non-European schools. As ~~he~~ ^{he} was of opinion that that was ~~the best~~ ^{the best} "on the whole but particularly if other provinces adopt it". The proposal was approved in 82. 1017 ~~82~~ of 4.8.1917; the present nomenclature and the revision

revision sanctioned are shown on page 2 of this fr.

2. The D.P.J. now states that the revised nomenclature sanctioned was not given effect to pending final orders on the status of the Cambridge Local Examinations in connection with European Schools. The orders on the latter have ~~been~~ been issued fr. 622 Edn of 1.7.1919 and fr. No. 241 Edn of 23.2.1920. The European School Examin. Board, which recently discussed the question of the revision of the curricula and syllabuses for European schools, has now passed a resolution stating that the present nomenclature of classes for European schools should ^{be} allowed to continue and that the order in fr. 1017 Edn of 4.8.1917 should be cancelled. Their reasons for this recommendation are (1) the present nomenclature continues in other provinces (2) the new nomenclature would cause

endless confusion and that
(3) there is no real necessity for
the change. The Inspectors of the
European Schools and the D.P.O.
strongly support the continuance
of the present nomenclature in
the case of European Schools

3. ^{The} ~~A~~ revised nomen-
clature of classes for European
schools was sanctioned in fr.
1017 of 4.8.1917 ⁱⁿ ~~with~~ deference
to the view of the sub-committee,
connected with the conference of
D.P.O's, that there should be
a homogeneity of nomenclature
and numbering in the several
provinces. But in view of the
~~above~~ reasons set forth in para
2 above, especially that the
present nomenclature continues
in other provinces (vide in this
connection B on p.2 ante) the
~~present~~ authoritative opinion of
the European School Examination
Board, which is strongly supported
by the inspectors and the D.P.O.,
may be accepted by govt. *
