From

R. Littlehailes Esq, M. A.,

Director of Public Instruction,

Madras.

To

The Presidents of District Educational Councils.

Sir, I have the honour to request that with reference to sub sections (c) & (d) of Section 24(1) of the Madras Elementary Education Act 1920 you will be so good as to forward to me at an early date schemes for the expansion of Elementary Education and any other proposals which the District Educational Council considers necessary or desirable for the improvement of Elementary Education in your district. It is particularly requested that separate proposals may be sent in for each ~~district~~ local area and that it be stated whether the school proposed is mainly for boys or mainly for girls or for both boys and girls.

2. Schemes for expansion of Elementary Education will include among other things the following three items namely (1) Opening of new elementary schools (2) providing additional staff to -- existing elementary schools (3) Opening higher standards in -- existing schools with the help of additional staff. The following points deserve the consideration of the District Educational Council in formulating proposals under the above heads.

(1) Opening of new Elementary Schools.

(a) proposals under this head should be tabulated in the appended Form A for each local area.

(b) the places for new schools should be suggested in the order of urgency. Attention in this connection is invited to the undesirability of the overlapping of educational activities. Schools the opening of which is likely to be prejudicial to the interests of already existing recognised schools in any locality, need therefore not be proposed.

The Old College,

21st June 1921.

Emv 3048 A

17.21.

(c) in determining the number of teachers to be given to a school Rule 81 of the Madras Educational Rules may be kept in view.

(d) In schools under local authorities the rate of pay proposed for the teachers may be determined with reference to Rule 82 of the Madras Educational Rules, the minimum pay for a trained teacher, however, being taken as Rs.12/ per mensem in a Boys Elementary School and for a Woman Rs.13/- in a Girls Elementary School.

(e) where a school is to have only two teachers, the pay may be Rs.13/ and Rs.12/ respectively in a Boys School and Rs.16/ and Rs.13/- respectively in a Girls School.

(f) As Government have under consideration the question of the abolition of the Capitation Allowance contemplated in Rule 83 of the Madras Educational Rules and substituting therefor a --- monthly compensation allowance of Rs.3/- no provision need be made separately for capitation allowance in the proposals to be forwarded to this office but an allowance of Rs.3/ per mensem may be added to the rate of pay proposed vide items (d) & (e) supra.

(g) details of the amount of monthly contingencies including house rent, and in the case of girls schools, wages of conductresses, may be given for each school in the remarks column of the statement.

(ii) Providing additional staff to existing Elementary Schools:- The proposals under this head may be confined to cases of absolute necessity.

(a) These proposals should be tabulated in the appended Form B for each local area.

(b) the schools should be arranged in the order of priority of urgency.

(c) regarding the number of additional teachers to be proposed in schools under local authorities and the rates of pay to be given them, attention is invited to the suggestions in items (c)

(d) (e) and (f) under (i) opening of new elementary School.

(iii) Opening of higher standards with the help of additional staff:- The object is to increase the number of Higher Elementary Schools.

(a) the proposals under this head should be forwarded in ^{the} appended Form C for each local area.

(b) As in (i) and (ii) the schools should be arranged in ~~the~~ order of priority of urgency.

(c) It is desirable that the proposal in each case should be to open only one higher standard that is the one next higher to the highest existing standard.

(d) the rate of salary to be given in schools under local authorities may be determined as in the case of (i) and (ii) with reference to Rule 82 of the Madras Educational Rules with the addition of a monthly allowance of Rs.3/ referred to in item (i) (f) "Opening of new Elementary Schools"

3. In regard to any other proposal which the District Educational Council may consider necessary for the improvement of Elementary Education in your district, I request that such full particulars may be given as will enable me to submit my recommendation to Government thereon without calling for further particulars from you. Proposals for recurring and non-recurring schemes may be kept separate.

4. Since the funds which will be at the disposal of the District Educational Councils of managers of schools under private management and of Local Bodies for educational purposes will be limited. It is requested that the District Educational Councils will be good enough to make only such recommendations as are practicable in the immediate future, although this will not prevent them from considering proposals which may not be practicable within the next 10 or 20 years, but which may ultimately be aimed at.

I have the honour to be,
Sir,
Your most obedient servant.

R. S. S. S.
for Director of Public Instruction.

Copy to Inspectors and Inspectresses.

sar.

Name of District.

Name of Taluk Board or Municipality.

Name of Taluk.

Name locality in which the school is proposed
