To

The Secretary,

Home Department, E D U C A T I O N

Fort St. George, M A D R A S.

S i r,

I submit herewith a copy of the Financial statement of the school for the year ending March 31, 1920. It will be seen therefrom that the fee income of the school calculated at standard rates was Rs. 37,198-14-0, that the actual receipts were Rs.40,523-15-0 and that the total expenditure on account of which teaching grants are permissible (total of columns 1 to 6 on the expenditure side) was Rs.43,099-1-0. The increase of expenditure over actual fee income and total of fees calculated at standard rates was Rs.2,575-2-0 and Rs.5,900-3-0 respectively. I expected a sum of more than Rs.3,000/- as teaching grant but the Director was pleased to sanction only Rs.26/-. I wrote again to the Director of Public Instruction asking for more grants but he has sent in a reply stating that under article 32 & 33 of the Grant-in-aid code, the school is not entitled to more grants.

Article 32 states that " The grant will be considered as supplementing the income from endowments, Subscriptions, donations and other private sources over and above ** ** * * * while article 33

(X) No. 16865 was
Sanctioned
Vide p 70

Copy of the reply 823
have been enclosed

Vide p 7

2/ 3

33, provides that "the grant allotted to an institution will ordinarily be equal in amount to the income guaranteed to be annually provided under rule 32 * * * I submit that the sum of Rs.3,325-1-0 being the excess of actual fee income over fees calculated at standard rates should be regarded as "income guaranteed from private sources" and that since the amount of legitimate expenditure is Rs.46,505-6-8 I may be sanctioned a grant of Rs.3118/-. It is understood that till some time ago Secondary schools in this province were receiving aid in accordance with the principle I have stated above.

I may add that in other provinces all fee income is regarded as contribution from private source.

I have the honour to be,

Sir,

Your most obedient servant,

From (Name) R. Littlehailes Esq. M. A.

(Designation) Director of Public Instruction

Madras.

To The Secretary to the Government of Madras,
Law (Education) Department.

Sir,

In reply to your endorsement No.1264 B-1 Edn. dated 18th April 1921 to the Director regarding grant for the Hindu High School, Triplicane, I beg to resubmit the papers with the following remarks:-

The total expenditure for the school for 1919-20 exceeded the receipts from fees, grants and miscellaneous receipts by -- Rs.865-2-9 and a grant of Rs.865/- was sanctioned. The correspondents figure of Rs.26/ excludes the amount of Rs.339/- included in the teaching grant towards ^{the} management's contribution to the Provident fund. A copy of Pros. Dis. No. 8599 dated 27th December 1920 is herewith submitted.

P. T. Wipa

The whole question of giving aid was discussed in the Director's office sometime ago and the Director came to the conclusion that in calculating the aid to be awarded no allowance should be made for the additional cost to a management which charges fees at less than the standard rates, similarly there was no need to consider the additional income to the management which charges fees at higher than the standard rates. Strictly speaking this is pupils contribution not managements contribution. In the former case ^{the} decrease or deficiency in fees does not earn grant in the latter the increase or excess in fees should not earn grant. It cannot therefore be considered-so far as grant earning purpose is concerned-as part of the managers contribution i.e., as the income guaranteed -- from endowment etc.

If any income is guaranteed by the management in the shape of endowment etc. an equal amount should be contributed from public funds. The case of the Hindu High School, Triplicane, is covered by the above principle.

Lastly I would add that Grant-in-Aid funds for secondary schools do not permit of any wider interpretation of the rules.

I have the honour to be,

Sir,

Your most obedient servant.

R. S. Thakur
for Director of Public Instruction

sar.

Copy of Proceedings Dis No. 8599 dated 27th December 1920.

The Inspector of Schools, VI Circle is requested to be good enough to invite the attention of the correspondent of the Hindu High School, Triplicane Madras to articles 32 and 33 of the Grant-in-Aid Code to inform him that as the net cost borne by the management during 1919-20 was only Rs 865-2-9 according to the financial statement -- submitted by him, a grant of Rs 865 equal to the net cost has been sanctioned during the current year and that any increased expenditure incurred during the current year will be taken into account in fixing the teaching grant for next year.

Subject Teaching grants to the Hindu High School, Triplicane.

[C no 1264B] from the Correspondent d 5.4.21

[1792B] ... D.P.D. no 394 d 6.6.21

p. 2 of notes to 8.0.609
J 25.5.16

Prior to 1906 Secondary Schools were aided on the salary grant system i.e. the grants depended upon the salary and qualifications of the teachers employed. ^{After} the introduction in 1906 of the present grant-in-aid Code, the grants to these schools are regulated by articles 32 & 33 of the Code. Under these articles the Hindu High School, Triplicane, and certain other ~~large~~ efficient schools with no large endowments or private sources of income other than school fees, receive little or no teaching grants. So early as in 1911 the grievance of the Hindu High School was brought to the notice of Sir Murray Haumea and the matter was thoroughly examined with a view to see if the articles in question require any modification - vide notes to 8.0.609 d 25.5.16. Mr (now Sir Henry) Stone also shared the dissatisfaction that found expression from time to time in the Legislative Council & elsewhere at the provisions of these articles - vide para 13.

(L) p. 7 of 8.0.178 d 17.2.16. The Ed. Conference held in 1916 accordingly recommended that

p 103 of 40
112 of 25-1-19
(P)

a portion not exceeding 15% of the total funds available for teaching grants to Secondary School be reserved for distribution by the D.P.D. to such schools as, under articles 32 & 33 of the Code, received little or no teaching grant. This recommendation ~~stands as recommendation~~ for discretionary grant at the disposal of the D.P.D., was not however accepted by the Govt. ^{- vide para. 7 of 90 No. 112 Ed. 25-1-19 - vide also notes on pp 1-2 & 5-6 of notes to G.O. No. 1486 of 11-12-20.}

(F)

(I)

In the circumstances the teaching grants to the Triplicane School will be governed solely by articles 32 & 33 of the Code. As explained by the D.P.D. on pp 5-8 of the School has already been granted whatever amount it is entitled to under these articles. Sub? the Correspondent may be informed that Govt do not see sufficient reason to interfere with the decision of the D.P.D. A draft order is sub?

as

CR
21.6.21

The point I have been fighting for is distinctly raised. If the D.P.D.'s order be upheld, it shows the absurdity that the management by lowering the fees becomes entitled to a large grant.

I would calculate the fees on the standard scale & reckon the deficit on

H.D. 12
24/6

10 3

Mrs basis. Half the deficit should be the maximum grant say g .

~~If the~~ The difference between the higher fees as actually levied & the fees realised should be calculated say d .

If d is greater than g , I would sanction nothing. If d is less than g , I would sanction $g-d$.

I would even go further & if d is created into a trust endowment for the school, I would sanction g .

If Mr. Wunders that the above principles should be unshaken I shall consult him. May 22/21
