Opening of higher forms—Sanctioned.

READ—the following paper :—

Letter—from R. LITTLEHAILES, Esq., M.A., Director of Public Instruction.

To—the Secretary to Government, Law (Education) Department.

Dated—Madras, the 24th June 1921.

No.—Ref. on Car. 4442.

While sanctioning the Director's proposal for the opening of a higher form in some of the middle schools under the management of local bodies and the opening of a new secondary school at Samalkot in the Gōdāvari district having classes 4 and 5 and forms I to IV, Government observed in paragraph 1 of their order No. 902, Home (Education), dated 10th August 1920, that this process would be repeated in succeeding years till the schools were raised to the grade of complete secondary schools. Agreeably to the above Government Order I have the honour to submit proposals for the opening of form V in nineteen of the new high schools, the one school omitted being the Board High School at Tiruchengode where the inspector thinks that it is too premature to open the V form.

2. Details regarding the existing classes and the strength of each, the next higher form proposed to be opened with its probable strength, the approximate fee income and the recurring charges and the net cost are given in the annexure to this letter.

3. *Staff and establishment.*—From column 6 of the annexure it will be observed that an additional teacher on Rs. 80 and a clerk on Rs. 20 per mensem are recommended for each of the schools, excepting the Municipal High School, Hindupur, where the existing staff, teaching as well as clerical, is found to be more than sufficient for the strength and would meet the requirements of the new form as well. The scales of pay proposed for the teacher and the clerk are the same as those sanctioned in G.O. No. 741, Home (Education), dated 13th June 1919, in the case of schools in which the V form was to be opened.

4. *Recurring contingencies.*—In connexion with the opening of higher forms last year each school excepting the one at Samalkot was given a sum of Rs. 640 for recurring expenses. The Board High School at Samalkot as it was to be opened newly was given Rs. 1,030 for recurring contingencies. To this latter item I propose to add Rs. 100 as only one additional class is to be opened.

5. *Equipment.*—The demands under this head will be separately scrutinized in connexion with the utilization of savings, if any, in the budget provision of Rs. 3.79 lakhs for the opening of new board high and middle schools including revision of establishment under "31-B (b) (iii) Education—Secondary—Grants to Local Bodies for Secondary Education" in the budget estimate for 1921-22, as there is no separate provision made for the equipment of these schools.

6. *Accommodation.*—The Inspectors of Schools report that steps are being taken by the local bodies concerned to provide the necessary additional accommodation and

I have recommended the opening of a higher form in the hope that these arrangements will have been completed by the time Government sanction the proposal or that adequate temporary provision will be immediately available.

7. *Financial aspect.*—It may be pointed out that in six out of the nineteen schools the higher form is expected to work at a profit and that the net cost of the remaining schools is estimated at Rs. 6,864 only for nine months of the current year. Should local bodies apply for an advance towards meeting the additional expenditure involved it will be sanctioned by the Director in connexion with the adjustment of the net cost of the schools concerned for 1920-21. The expenditure will be met from Rs. 3.79 lakhs referred to in paragraph 5 supra.

8. To save time I am in anticipation of the sanction of Government instructing the local bodies concerned to make the necessary arrangements for the opening of V forms in these schools. I request the favour of early orders on these proposals.

G.O. No. 1106, 2nd August 1921

Schools—Secondary—Board and Municipal

Opening of higher forms—Sanctioned.

Read—the following paper:—

Letter—from R. LITTLEHAILES, Esq., M.A., Director of Public Instruction.

To—the Secretary to Government, Law (Education) Department.

Dated—Madras, the 24th June 1921.

No.—Ref. on Our. 4442.

While sanctioning the Director's proposal for the opening of a higher form in some of the middle schools under the management of local bodies and the opening of a new secondary school at Samalkot in the Gōdāvari district having classes 4 and 5 and forms I to IV, Government observed in paragraph 1 of their order No. 902, Home (Education), dated 10th August 1920, that this process would be repeated in succeeding years till the schools were raised to the grade of complete secondary schools. Agreeably to the above Government Order I have the honour to submit proposals for the opening of form V in nineteen of the new high schools, the one school omitted being the Board High School at Tiruchengode where the inspector thinks that it is too premature to open the V form.

2. Details regarding the existing classes and the strength of each, the next higher form proposed to be opened with its probable strength, the approximate fee income and the recurring charges and the net cost are given in the annexure to this letter.

3. *Staff and establishment.*—From column 6 of the annexure it will be observed that an additional teacher on Rs. 80 and a clerk on Rs. 20 per mensem are recommended for each of the schools, excepting the Municipal High School, Hindupur, where the existing staff, teaching as well as clerical, is found to be more than sufficient for the strength and would meet the requirements of the new form as well. The scales of pay proposed for the teacher and the clerk are the same as those sanctioned in G.O. No. 741, Home (Education), dated 13th June 1919, in the case of schools in which the V form was to be opened.

4. *Recurring contingencies.*—In connexion with the opening of higher forms last year each school excepting the one at Samalkot was given a sum of Rs. 640 for recurring expenses. The Board High School at Samalkot as it was to be opened newly was given Rs. 1,030 for recurring contingencies. To this latter item I propose to add Rs. 100 as only one additional class is to be opened.

5. *Equipment.*—The demands under this head will be separately scrutinized in connexion with the utilization of savings, if any, in the budget provision of Rs. 3.79 lakhs for the opening of new board high and middle schools, including revision of establishment under "31-B (b) (iii) Education—Secondary—Grants to Local Bodies for Secondary Education" in the budget estimate for 1921-22, as there is no separate provision made for the equipment of these schools.

6. *Accommodation.*—The Inspectors of Schools report that steps are being taken by the local bodies concerned to provide the necessary additional accommodation and I have recommended the opening of a higher form in the hope that these arrangements will have been completed by the time Government sanction the proposal or that adequate temporary provision will be immediately available.

7. *Financial aspect.*—It may be pointed out that in six out of the nineteen schools the higher form is expected to work at a profit and that the net cost of the remaining schools is estimated at Rs. 6,864 only for nine months of the current year. Should local bodies apply for an advance towards meeting the additional expenditure involved it will be sanctioned by the connexion with the adjustment of the net cost of the schools concerned for 1920-21. The expenditure will be met from Rs. 3.79 lakhs referred to in paragraph 5 supra.

8. To save time I am in anticipation of the sanction of Government instructing the local bodies concerned to make the necessary arrangements for the opening of of V forms in these schools. I request the favour of early orders on these proposals.

DATED 2ND AUGUST 1921.

[SUBJECT.—Opening of higher forms in secondary schools under local bodies.]

From the Director of Public Instruction, R.O.C. No. 4442, dated 24th June 1921.

The Director of Public Instruction's proposals for opening higher forms in secondary schools under local bodies follow those which were approved by Government in previous years and may be sanctioned.

2. The Director anticipates that, in six out of the 19 schools in question, the new forms will work at a profit. These profits will be taken into account in determining the subsidy payable to the schools in accordance with the orders in paragraph 3 (ii) of G.O. No. 902, dated 10th August 1920.

3. A draft order is submitted for approval. It may be sent to the Local Self-Government and Finance Departments for acceptance.
