Station Madras, Dated the 28th January 1919.

From (Name) the Hon'ble Mr. H. S. Duncan, M. A.,

(Designation) Ag. Director of Public Instruction
Madras

To The Secretary to the Government of Madras,

HOME (EDUCATION) Department.

Sir,

I have the honour to submit herewith the plans
bearing Nos. 237 (A) and 237 (B) with estimates amounting
to Rs. 5,870 towards the cost of constructing a building
for the St. Ann's Girls' School, Kilacheri, Chingleput,
and to recommend that a grant not exceeding one-half of
the estimated cost may be sanctioned.

I have the honour to be,
Sir,
Your most obedient servant,

R. A. A. A.

for Director of Public Instruction

Y. V. 427/1

No 2286 C
17.3.19

The Director of Public Instruction sub-
mits for approval, plans bearing D.P.I.
Nos. 237-A and 237-B and a detailed esti-
mate of Rs. 5,871/- for constructing a
building for the St. Ann's Girls' School
Kilacheri, Chingleput District.

II(a). The documents have been examined
in the Chief Engineer's office and it is
observed that the design C.A. No. 88/1914
has been adopted for the School with
extra doors and windows instead of honey
comb work shewn on the type plan. The
Chief Engineer considers that the
of these extra doors & windows
provision at a cost of Rs. 800/- is un-
necessary.

(b) The total amount of the estimate
against Rs. 5,871/-
is only Rs. 5,671/-/noted in the estimate,
the excess of Rs. 200/- being due to the
error in addition.

(c) The site plan does not shew levels
of ground, road etc. and the depth at
which clayey soil is met has not been
noted.

(d) With a view to economy, the design
C.A. 298/1918 has since been prepared and
this design with required accommodation
is recommended for adoption.

III. The strength of the school has no-
where been stated and there are no spe-
cification and report attached to the
estimate.

IV. With these remarks, the plans and estimates may be returned to the Director of Public Instruction.

Copy of letter from the Superintending Engineer, V Circle No.752 M, dated 25th October 1920 to the Director of Public Instruction, Madras.

With reference to your No.527/20 dated 8th May 1920 W.B.

and in continuation of this office No.364-M, dated 1st June 1920, I have the honour to return herewith the plans and estimate amounting to Rs.6050 together with a copy of Chingleput Division Executive Engineer's letter No.1545-S.E., dated 22nd September 1920, for constructing a building for St. Ann's Girls' School at Kilecheri and to request that you will be good enough to see that the suggestions made by the Executive Engineer and approved of by me viz., (1) laying the concrete in foundations over 2' depth of sand and (2) for increasing the spread of foundations from 3' to 3'-6" as shown in red on the enclosed Blue print, are attended to, before passing the plans and estimate finally.

Copy of letter No.1545-S.E., dated 22nd September 1920, from M.R.Ry R.Savarinathan Avl., B.A., B.E., A.C.G.I., Executive Engineer, Chingleput Division, Madras, to the Superintending Engineer, V Circle, Madras.

Subject:- Constg: a building for the St. Ann's Girls' School at Kilacheri.

--

In resubmitting herewith the estimate and plan received with your No.651-C.N., dated 28th May 1920, I have the honour to state that a fresh data as per current schedule of rates of this Division is now prepared and enclosed herewith. The estimate has been altered accordingly in pencil.

2. In this connection I have to state that the soil at the site of the proposed Girls' School building is ordinary earth for one foot depth, the subsoil below is hard greyish clay. All the buildings close to the site have been cracked, the foundation of all

the

the buildings being built of brick in mud from 3 to $5\frac{1}{2}$ ' below ground level. A building is just being finished and has not shown any signs of crack yet, the foundations being $1\frac{1}{2}$ ' depth of sand and $5\frac{1}{2}$ ' depth of brick in clay. As the school building is proposed to be built of brick in mortar, I would suggest the advisability of laying concrete foundations on 2 feet depth of sand and of making the width of foundations as $3\frac{1}{2}$ ' instead of 3 feet.

Subject.

Plans & estimates for
the constn of a build-
ing for the St. Ann's
Girls' School, Kibachani

Home (Edn)

Le. 190/B, from the D.P.D., R.C. 10467/17, 28¹/₂

In the ordinary course the
plans and estimates now subd. by the
D.P.D. should be forwarded to the P.W.D.
for scrutiny. In G.O. No. 1596 Edn. dt
13th Dec. 1918 the Govt. have ruled that
the P.W.D. should be absolved of
responsibility for the structural
stability of buildings projected by
private management, such responsi-
bility being in future thrown on the
designer who is engaged by the
private body concerned; and in
order that decent plans and estimates
might be produced the Govt. order
refd. to above has emphasised the
already existing rule which requires
that plans and estimates for aided
educational authorities should ~~be~~ be
prepared by a gazetted officer of the
P.W.D., present or retired, a present or
retired Dt. Bd. Engineer, a member
or associate member of the Institute
of Civil Engineers or a recognized
Professional Architect.

2 In the present case the plans
& estimates have been prepared

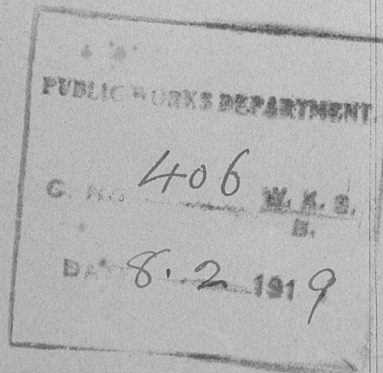

(V)
(removed)

by a draughtsman of the C.E.'s office, M. S. M. Ry. In view however of the fact that the modifications in the Grant-in-Aid Code consequent on the Pro. adverted to in para 1 supra have not yet been notified and since the rule requiring private bodies to resort to expert professional assistance in the preparation of plans has been rather loosely observed in the past, it is for consideration whether the plans & estimates may in the present case also be forwarded to the P.W. Department.

[A similar case has been submitted for order through the Registrar.]

3
 Pref Note by the Chief Engineer No 2296 CQ
 Dated 27-3-19

B

pref

The plans and the estimate have been examined in the Chief Engineer's office and the remarks thereon are contained in his note read above. The Home (Ed) may now be requested to return the plans and the estimate to the D.P.I. as recommended in the last para of the C.E.'s note.

Vide p 1 of the C.E.'s notes file

In reply to the first query of the Home Sec on the previous page, it is submitted that the draftsman who has prepared the plans and the estimate in question is not a qualified designer with reference to para 2(1) of Circulated memo no. 116 CQ 4-1-13 and para 1 of L.O. no. 1596 Home (Ed) of 13-12-15. With these remarks the
