Subject.

Submitting for favourable consideration of Government a report from the Secretary Lawrence Memorial School Committee regarding the proposed improvements to the building of the school.

ENCLOSURES

No. ....

Spare copies.....

Ref. on Cur.No. 6047 of 1921

Station Madras , Dated the 9<sup>th</sup> July 191 .

From (Name) R.Littlehailes Esq. M. A..

(Designation) Director of Public Instruction,  
Madras.

To The Secretary to the Government of Madras,  
Law(Education)Department.

~~XXX~~

Submitted to Government with the remark that until the transfer of the school is a fait accompli and until the local Government knows accurately the amount which will be placed at its disposal by the Government of India for expenditure on the school it is undesirable to give even administrative ~~app~~ approval to the various schemes proposed by the Committee. I see no objection, however, to permission being given to the Committee of the Lawrence school to have detailed plans and estimates ---- drawn up for the most necessary requirements of the school.

C. No. 1070

LOVEDALE, NILGIRIS,

10th June 1921. 1921

FROM

THE REVEREND W. H. G. PADFIELD, M.A.,

PRINCIPAL AND SECRETARY,  
to the Committee.

To

The Secretary to Government,

Law (Education) Department.

Through

The Director of Public Instruction,  
Madras.

SIR,

I am directed by the Committee at its meeting dated 26th May 1921 to submit to Government the enclosed report of the Sub Committee on buildings for favour of the consideration of Government.

2. The subcommittee endeavoured to suggest the order in which they considered the proposed improvements to the school should be carried out, and their suggestions have the approval of the Committee.

3. With regard to the proposed Electric lighting the Sub Committee noted that in April 1915, Colonel Ainslie R.E. submitted a report providing 1132 points at an initial cost of Rs.25,000/- and an annual cost of Rs.4,400/-

Mr. Fulton reduced the cost to Rs.16,000/- non-recurring and Rs.2,000/- recurring.

The Sub Committee have however suggested Rs.40,000/- as the minimum initial cost and very much doubt whether an adequate electric installation could be erected for this sum, or any approximation to it. The Committee would venture to suggest that the Government may be pleased to allow the Electrical Engineer to Government to prepare detailed estimates and proposals.

3  
4. The Sub Committee were unable to obtain copies of the proposals of the acting Consulting Architect to Government on the modernization of the school- nor had these copies been received by the date of the meeting of the Committee.

As, however, the Committee were concerned more with the order in which the works should be started than with details of the work, they felt it would be inadvisable to delay the submission of their report on this ground.

5. The Committee would be grateful if the Government would be pleased to generally approve of the scheme, so that plans & estimates may be put in hand.

I have the honour to be,

Enclosure.

Report of Sub-Committee.

Sir,

Your most obedient servant,

*W. A. C. Owen*  
Secretary to the Committee.

Item XVIII of meeting dated 22nd March 1921

4  
The Sub Committee on buildings met at the school on Thursday 14th April at 11 a.m. and on Monday 18th April at 11 a.m.

Present.

S.C. Berridge Esqre.

Colonel Broughton R.E.

E.L. Grove Esqre, R.E.,

and

Revd. W.H.G. Padfield.

The following are the recommendations of the Sub Committee as to the order in which new works should be undertaken. The estimates are mostly of the very roughest description and may need considerable revision.

1921-22.

(1) Electric Lighting.

It is essential to start this scheme without delay- good light is essential for children, power is required for water supply and other purposes, and it seems probable that a separate power station for the school would be (1) more expeditious (2) cost no more and (3) afford an opportunity of starting the training of boys as practical Electrical Engineers.

(part of cost)

Rs. 30,000/-

(2) Brick manufacture.

As a very large number of bricks will be required to complete the building scheme of the school, it is considered that the provision of a kiln and drying sheds would not only enable the work to go on continuously throughout the year, but also shew a considerable eventual saving. The amount put down for this will in due course be written back to the buildings for which the bricks have been made.

Rs. 10,000/-

3.  
(3) Institute for staff.

Bfd: Rs. 30,000/-

The <sup>two</sup> ~~two~~ rooms now set apart in the main building of the Boys' Branch as Reading and Billiard Rooms for staff are far too small, very inconvenient and will, on the re-organization of the Boys' Branch be required for other purposes. A good institute for the staff, who are necessarily dependent entirely upon the school for their recreation out of school hours, would add much to their comfort and capacity for good work. 4 rooms for old pupils and parents visiting the school will be added to this- as there is no place where such visitors can put up for the night in Lovedale.

(Part cost)

Rs. 20,000/-

(4) Boys' Kitchen.

This has been utterly condemned for many years and needs rebuilding.

(part cost)

Rs. 5,000/-

(5) Re-organization of Boys' Branch.

(part cost)

Rs. 5,000/-

(6) A combined hospital. for Boys' Branch, Girls' Branch and Preparatory Branch has long been advocated. A sum is put down for collection of materials for this.

Rs. 15,000/-

(7) Petty works (in addition to the amount allowed in Military Works annual estimate)

Rs. 5,000/-

(8) Servants' Quarters- for new Preparatory Branch-These were asked for as part of the new Preparatory Branch. (No estimates however are ready for this- and the Sub-Committee consider that this work may be postponed till the whole question of servants' quarters has been gone into, vide item 5 in programme of 1923-24)

Rs. 80,000/-

1922-23.

1. Electric Light . . . to complete estimate. Rs. 20,000/-
2. Institute for staff. . . . do. Rs. 20,000/-
3. Boys' Kitchen. . . . do. Rs. 5,000/-
4. Combined Hospital . . . further expenditure. Rs. 35,000/-
5. Minor Works. . . . Rs. 5,000/-
6. Laundry (to be erected in connection with  
the electric Power House) Rs. 20,000/-

Rs. 1,05,000/-

1923-24.

1. Complete Hospital . . . ? Rs. 50,000/-
2. Complete re-organization of Boys' School. Rs.
3. Hostel for 40 small girls to replace  
present temporary buildings attached to  
Preparatory Branch. Rs. 60,000/-
4. Re-organization of Girls' School.
5. Re-construction of servants' lines  
including a school for servants' children. Rs. 36,000/-
6. Probable necessary improvements to water  
supply and fire injection to the schools.
7. Minor Works. Rs. 5,000/-

151  
10.57  
80  
336

1924-25.

1. The scrapping of the Resident Medical Officer's & masters' quarters on the flat, and the continuance of a chain of masters' quarters round the hill- thus giving an extra play-ground and better quarters for the staff.
2. Games pavilions for the Boys' and Girls' play grounds .
3. Improvements to Dairy.

6.6.21.

40  
with reference to SCS' note  
above this file will be  
forwarded to Finance and  
Law / Education / for instructions.  
Invoice from page 2 that  
Rs 50000 has been entered in  
the PWD budget at the instance  
of Fil.

No plans prepared by Mr Parker  
Payle SCA. are sufficient  
for Administrative sanction  
of Govt but it is necessary  
to draw up detailed plans  
and estimates for technical  
sanction after administrative  
sanction <sup>which is not yet</sup> has been accorded.

I understand from Mr Parker  
Payle that his buildings will  
cost several lakhs and  
apparently the 1st instalment  
of Rs 50000 has been made  
by Fil. Water supply  
and drainage works will  
cost according to Sanitary  
Engineer about 2 1/2 lakhs and  
the cost of the Electrical installation  
is not yet known. It has been  
stated that the PWD requires  
an administrative approval

plans  
to the building prepared by  
W. H. Parker. It is  
presumed Law School  
have particulars.

After receipt of this statement  
Janepin the SCD will prepare  
detailed <sup>plans and</sup> estimates so that the  
Superintending Engineer <sup>can</sup>  
proceed with execution and  
spend the \$50,000  
allotted in the <sup>budget</sup> <sup>abolished</sup>.

It may be mentioned <sup>abolished</sup> there  
is <sup>part</sup> a provision of \$44,000  
in the <sup>part</sup> budget <sup>for repairs</sup> but no  
orders have been received  
in part. Perhaps Law School  
will throw some light on  
this Lawrence Memorial  
School case so that we  
will know what to ~~do~~ do.

I have only one more  
work to <sup>make</sup> <sup>from</sup> <sup>plan of the</sup>  
Justice <sup>from</sup> the new Girls  
School that the provision for  
120 girls is 120 lavatories  
(ie wash hand basins) in separate  
Cubicles, 20 bathrooms, and  
16 WC's. It seems to me to

The provision for 120 Lavatmas  
 or one for each girl (the  
 same provision is apparently  
 provided for boys) is  
 excessive. I understand  
 this is the existing system  
 but it certainly seems  
 lavish compared with  
 £40 provision for 1st  
 Class passengers.

With reference to the P.W.D.  
 Secretary's note above, the following  
 explanatory note is submitted:-

Last year, when the  
 terms under which the provincial-  
 isation of the L.M. School should  
 take place was under the consi-  
 deration of this Govt., the P.W.D.  
 were consulted as to the provision  
 to be made for repairs to the  
 school buildings and other non-  
 recurring schemes of expenditure  
 on building and other work.

note extracted at page  
(A)

(G)

The Govt. of India were informed  
that the grants to be sanctioned  
by them should provide for the  
following items:-

| Recurring.                                            |                 |
|-------------------------------------------------------|-----------------|
| Annual Repairs                                        | Rs. 44,000 p.a. |
| non-recurring.                                        |                 |
| Remodelling and Reconstruction                        | Rs. 1.75 lakhs  |
| Other works, e.g., water supply, sanitation, lighting | 2.95 lakhs      |
| Special Repairs                                       | 72,000          |
| Total                                                 | 5,42,500        |

The Govt. of India's  
final offer provided for Rs. 44,000  
in their recurring grant, but  
only a non-recurring grant of  
Rs. 3,22,000 for the above works  
and these have been accepted by this Govt.  
The excess will have to be met  
in part from the amount of  
1.27 lakhs referred to in para  
of Finance Dept. note and p. 23-  
of notes with Letter No. 1394 ED of  
29.11.20, and partly from Pro-  
vincial funds.

2. The provincialisation of the school is now awaiting the sanction of the Secy. of State and is imminent; hence provision has been included for the school in the C.D.E. as well as the P.W.D. budget for 1921-22. With regard to the latter, the P.W.D. were <sup>(in the first instance)</sup> consulted as to the provision to be made and they suggested the following estimates:-

Recurring

Spec

Annual repairs Rs. 44,000

Non-recurring

Structural alterations etc to Boys' + Girls' Schools } Rs. 2,25,000

Hospital for boys and girls } 12,000

Water-supply, drainage, electric lighting } 50,000

In accordance

P.O. notes to

Rs. 720  
3.5.21

(5)

ibid

Para 3 of no. note on  
p. 3 of notes in

Rs. 720  
3.5.21 (5)

P.W.D. budget.

B

Vide also para 1 of  
Finance Dept. note on  
p. 6 of L.S. 720  
3.5.21 (5)

suggestions of the P.W.D., this  
dept. intimates to Finl. that the  
during 1921-22  
should provide Rs. 44,000 for rep.  
and Rs. 3.09 lakhs for the work  
etc. (for 2nd note, to letter of 22/1/22)  
But the Finance  
Dept. have allotted only Rs. 50,000  
for all these works, and Rs. 44,000  
for the repairs.

3. The amount  
provided in the budget can actually  
be utilised  
only after the provincial  
of the school is approved by  
Secy. of State; and as soon  
this takes place, necessary ad-  
ministrative sanction of Govt. may  
be accorded to the plans etc.  
prepared by Mr. Tasker Taylor.  
Until then, any cost on repairs  
etc. will be met from the fund  
of the school; if the school  
funds are not sufficient, the  
Committee will naturally come  
up to Govt., when the question  
of Govt. help will be considered.  
As only Rs. 50,000 have been

for expenditure provided <sup>for expenditure</sup> during 1921-22, the urgent works will have to be taken up for execution during the year.

4. It is submitted that nothing could be done in the matter, pending receipt of the Secretary of State's approval to provincialisation, except perhaps preliminary <sup>work of</sup> preparation of plan and estimates.

5. The file may return to P.W.D. through Finance.

CV  
14.6.21

[The School Committee may be consulted in due course about the question of the lavatory accommodation.]

Ltd  
15.6.21

Secy.

To save time, I would proceed on the assumption that the Provincial will be sanctioned.

2. Regarding 44,000 annual repairs I would ask the Committee to suggest the items of work; or if P.W.D. prefer, the local D.P.W. officials may arrange with the School authorities. If there be any

A

Saving, I would add to the  
Aunt required for 'nonrecuring' expenditure.

3. Re nonrecuring expenditure we have  
in all 3.22+1.27 or 4.49 lakhs of rupees  
of which Rs 50,000 will have to be  
spent in the current year. I propose to  
ask for a list of works for the  
Committee to be arranged in order  
of urgency & ask PWD to prepare  
estimates.

of 1921 of 9.7.21

Secy.

Submitted. Recently the  
P.W.D. called attention to the provision  
of Rs. 50,000 included in the P.W.D.  
budget for 1921-22 for expenditure  
in connection with the d. m. school  
and enquired what the proposals  
were for the utilisation of this  
amount. It was then pointed  
out that the question of the  
provincialisation of the school was  
under correspondence with the  
Secy. of State and that no steps  
could be taken <sup>actually</sup> for utilising the  
amount on works until the  
provincialisation has been finally  
approved by the Secy. of State.  
The Secy. then suggested that, with  
the concurrence of the Finance Dept.,  
the committee may be called upon  
to submit an important

schemes of expenditure on improve-  
ments to buildings and other works,  
arranged in the order of urgency,  
so that the preparation of plans  
and estimates in regard to the  
most urgent schemes may be  
immediately taken in hand. The  
case has been sent to Finance  
and P.W.D. <sup>(for remarks.)</sup> In view of the present  
communication from the committee  
which contains their recommendation  
in the matter of new works,  
arranged in the order of urgency,  
there is no need to send the  
reference suggested by the Secy.  
in the other file. These papers  
may be added to that file on  
its return to this dept. and a  
reply may <sup>then</sup> be sent to the  
committee on the lines of the  
D. P. J.'s letter, with the con-  
currence of Finance + P.W.D.

ORDER.

No. 1177, dated 16 8 1921

mis

The Govt. regret that they are unable to give administrative approval to the various schemes of the committee of the L. M. School for improvements to the school building and other works, until the provincialisation of the school has been definitely approved by the Secretary of State. ~~They~~ <sup>In the meanwhile</sup> ~~have, however,~~ <sup>they are</sup> ~~no objection~~ <sup>pleased</sup> to accord permission to the committee to arrange for the preparation of detailed plans and estimates.

for the most urgent require-  
ments of the school.

cvv  
15.7.21) 2. A provision of  
Rs. 44,000 will be made ~~for~~

~~for~~ carrying out annual  
repairs to the school buildings,

as soon as the provincialisation  
is ~~sanctioned~~ <sup>sanctioned</sup>. The P.W.D.

is requested to arrange  
with the school committee

as regards the items of  
repairs to be carried out

Any savings in this provision  
will be added to the provision  
which will be made separately
