G.O. No. 1277, 10th September 1921

Examinations

Government—Commissioner's Report—1920–21—Recorded.

READ—the following paper :—

Letter—from R. LITTLEHAILES, Esq., M.A., M.L.C., Commissioner for Government Examinations.

To—the Secretary to Government, Law (Education) Department.

Dated—Madras, the 9th August 1921.

No.—390/Gl.

I have the honour to submit the annual report on the examinations under the control of the Commissioner that were held during the year 1920–21.

(ii) Mr. R. G. Grieve acted for me from the 16th August 1920 to the end of the last official year and till the 9th April 1921, on which date I assumed charge of the office on return from leave.

2. The three following examinations were added to those already under the control of the Commissioner :—

(1) *Examination for the award of certificates of competency to persons qualified to teach in schools for physically defective (blind, deaf and dumb) children.*—Government approved in their order No. 832, Home (Education), dated the 20th July 1920, the proposals of the Director of Public Instruction in re the award of certificates of competency to persons declared by a Board of Examiners, specially constituted for the purpose, to be qualified to teach in schools for physically defective children. Nine certificates were awarded during the year to candidates belonging to the Deaf and Dumb school at Palamcottah.

(2) *Women's Secondary Grade Final Examination.*—This examination which was instituted in G.O. No. 609, Home (Education), dated the 19th May 1920, and the scheme of which was approved by Government in their order No. 1016, Home (Education), dated the 4th September 1920, is open to all women without any restriction as regards age or attendance at school.

(3) *Sub-Assistant Inspector's and Supervisor's Tests (Educational Department).*—Government approved the proposal of the Director of Public Instruction to entrust to the Commissioner the conduct of these tests, in G.O. No. 1133, Home (Education), dated the 29th September 1920. A Board was constituted for the conduct of these tests. It passed the following resolution :—

"The Board desires to place on record its appreciation of the good work done by the Officer of the Commissioner for Government Examinations in connexion with the Sub-Assistant Inspector's and Supervisor's Tests."

3. *Examination in connexion with the Subordinate Medical Department.*—Government approved in their order No. 621, Medical, Mis., dated the 5th November 1920, the proposal of the Surgeon-General with the Government of Madras that candidates for admission to medical schools should be selected by a Board convened or appointed by him instead of by means of a competitive examination conducted by the Commissioner for Government Examinations. This examination was not therefore held.

4. (i) The work connected with the different examinations held under the Code of Regulations for European schools was, as in previous years, done by this office.

(ii) The work of the Board for the award of Secondary School-leaving Certificates, including that of moderating the marks and of deciding the eligibility of Secondary School-leaving Certificate holders for admission to University courses of study, was as usual done by this office.

5. All the examinations were held at several centres in the Presidency; the Technical Examinations were held also in the Native States of Hyderabad, Mysore, Travancore, Cochin and Pudukkottai and in Mercara and Bangalore; the Special Examination for Teachers was held also in Pudukkottai and Bangalore; and the Training-School Leaving Certificate Examination was held also in Bangalore.

6. Detailed information in respect of each examination except the Secondary School-Leaving Certificate Examination and that held under the Code of Regulations for European Schools, details of which appear in the report on public instruction given below :—

(a) *Special examination under the Secondary School-leaving Certificate Board for the benefit of teachers who have failed in the Matriculation or the Upper Secondary Examination and are desirous of being admitted for Secondary Grade training (March).*—The special examination for teachers was held at 25 centres; 37 candidates registered their names and 36 appeared for the examination.

(b) *Women's Secondary Grade Final Examination (March).*—The examination was conducted for the first time last year. It was held at sixteen centres; 27 candidates registered their names and 26 appeared for the examination.

(c) *Training-School Leaving Certificate Examination (March).*—The number of candidates registered was 5,203. The examination was held at 80 centres. The number of candidates who appeared for it was 4,527; of this number 288 were for the Secondary grade and 1,525 and 2,714, respectively, were for the Elementary Higher and Lower grades. The total number of successful candidates was 2,360, of whom 213, 971 and 1,176, were for the three grades, respectively. The majority of the candidates who passed were in the Secondary Grade, Brahmans, in the Higher Elementary Grade, Indian Christians, and in the Lower Elementary Grade, Non-Brahman Caste Hindus.

(d) *Public Examination at the end of the Advanced Course of Studies in Sanskrit schools (April).*—The examination was held at ten centres. One hundred and twelve candidates registered their names and 91 appeared for the examination. Eighteen candidates were declared eligible for admission to the University course of study for the Siromani title, fourteen for admission to the course for the Vidvan title and six for admission to either course.

(e) *Technical Examinations (April, November, December and January).*—(i) Government in their order No. 423, Home (Education), dated the 19th March 1921, accepted the proposal of the Director of Public Instruction to constitute a committee of experts for the purpose of revising the scheme of the Government Technical Examinations both as regards the technical subjects (together with the grades) in which examinations should be held in the future and as regards the syllabuses for examinations in the subjects to be retained; the Director of Public Instruction was appointed as Chairman of, and the Secretary to the Commissioner for Government Examinations as Secretary to, the committee.

(ii) The examination in Fitter's work under the head of 'Mechanical Engineering' in the scheme of the Government Technical Examinations was held for the last time in April 1920, Government having directed the removal of the subject from the scheme in their order No. 855, Revenue (Special), dated the 9th December 1918, and entrusted the award of certificates in this subject to the Department of Industries.

(iii) Hutton Silver Medals in connexion with Minor Sanitary Engineering were won last year by S. Parasurama Ayyar, K. G. Ramalingam, R. Varada Achari and T. V. Subrahmanyam.

(iv) The silver medal of the Madras Musical Association was not awarded last year, as no candidate appeared for the Elementary examination in Music.

(v) The examinations were held at 57 centres. The total number of individual candidates registered for the three grades of examination was 10,962, of whom 564 were for the Advanced, 3,445 for the Intermediate and 6,953 for the Elementary grade.

The total number of subject-candidates examined was 12,133, of whom 5,705 were successful. The results were better than those of the previous year in the case of the Elementary grade.

(vi) Five of the subject-candidates for the Advanced, 124 for the Intermediate and 481 for the Elementary grade, were women, of whom 3, 71 and 240, respectively, were successful. Three of the five women candidates for the Advanced grade came up in Needle-work and Dress-making and all of them passed. Three of the women candidates for the Intermediate grade appeared for the examination in Cotton-weaving and all of them came out successful. The largest number for the Intermediate and Elementary grades took up Free-hand Outline Drawing.

(vii) Brahmans and non-Brahman Caste Hindus formed the bulk of the subject-candidates who passed in the case of all three grades.

(viii) The number of papers set for the Advanced, Intermediate and Elementary grades was 52, 99 and 70, respectively, the number of subjects for the corresponding grades being 21, 55 and 44.

(ix) Twelve diplomas, eight of which were for Commerce, and 151 group certificates, among which there were four for Bridge Construction, four for Machine Construction and five for Hydraulic Engineering, were issued during the year.

(f) *Special Test Examinations (October).*—(i) The examinations were held at 27 centres. For the several tests, 3,057 candidates in all registered their names, 2,364 presented themselves for examination and 1,267 passed. The numbers that were registered and examined and that passed during the previous year were 2,919, 2,270 and 1,301, respectively.

(ii) The percentage of passes in the Translation Test and the Criminal Judicial Test was 66 and 69, respectively; and the results in the Account Test, the Civil Judicial Test and the Jail Test were better than those of the previous year. The lowest percentage of passes was in the Revenue Test and one of the examiners in this test reports—

"Many of the candidates copy out whole passages from the book; and, even where they understand the principles, they are unable to express themselves with clearness. This renders the valuation of papers in a subject like the Board's Standing Orders a task of some difficulty. I have had to go through about half the papers twice; and in every case I have done my best to apply carefully the test laid down by the Government—'a good working knowledge' of the rules."

(g) *Technical Teachers' Certificate Examinations (October, November and December).*—These examinations which were conducted by the Commissioner for the first time last year were held at seven centres; the total number of candidates registered, examined and declared to have passed was 88, 79 and 52, respectively; three of those examined were women, all of whom were successful. The candidates applied to be examined in fifteen different subjects (Elementary, Intermediate or Advanced grade) of those mentioned in the scheme of the Government Technical Examinations.

(h) *Examination for Teachers' Certificates in Drill and Gymnastics (December).*—The examination was conducted by the Commissioner for the first time last year. It was held at Guntur, Calicut, Palamcottah and Saidapet. Of the candidates registered for examination, 131 were examined and 105 were declared to have passed.

7. *Finance.*—The receipts amounted to Rs. 2,30,749, while the expenditure was Rs. 1,95,776 including refunds, the charges for printing work done at private presses and the compensation paid to the University of Madras.

8. An inventory of valuable stock was duly maintained and checked during the year.

9. In conclusion, I wish to state that a considerable amount of additional work fell on the office owing to the increase in the number of examinations, the total number of candidates having been about 33,300 including those for the Secondary School-leaving Certificate Examination (11,700 at 200 centres) and for the European School Examinations (600 candidates). I am glad to record that all the work was carried out with expedition and accuracy, reflecting great credit on the Secretary—Mr. D. A. Hobday—and his staff headed by M.R.Ry. Rao Sahib R. Krishna Rao Bhonsle Avargal.

APPENDIX.

(a) *Special Examination under the Secondary School-leaving Certificate Board for the benefit of teachers who have failed in the Matriculation or the Upper Secondary Examination and are desirous of being admitted for Secondary Grade training (March).*

† To be initialled and dated.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b¹) For rules regarding printing of notes, see rule 315 of the office Manual.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.

TO PRESS, MADRAS OOTY.

A

Please send proof in duplicate. The papers have been carefully edited.

B

Proof returned corrected. Please strike off and send number of copies indicated.

Type may be released after usual interval at once.

C

As the matter is clear manuscript and has been carefully edited, (b) proof need not be sent. Please print and supply number of copies as indicated.

Type may be released after usual interval.
