Station Madras, Dated the 10th June 1912.

From (Name) The Hon'ble Mr. R. Littlehales, M.A.

(Designation) Director of Public Instruction.

To The Secretary to Government of Madras,
Home (Education) Department.

Sir,

I have the honour to invite a reference to G.O.No.335 Home (Education), dated 12th March 1917, sanctioning a half-grant of Rs.16,850 on a total estimated cost of Rs.33,700 for the purchase of a house for the Kalavala Thiruvengadathan Chetty's Girls' School, Georgetown, Madras and certain improvements there. Out of the total cost of Rs.33,700, a sum of Rs.26,550 related to the purchase of the house and the balance of Rs.7,150 related to the improvements. A design for constructing tiffin rooms was also approved in G.O.No. 236 Home (Education) dated 27th February 1918. The school authorities have since submitted revised plans

and an estimate amounting to Rs.39,963 for making improvements and additions to the building and request the sanction of a half-grant on this amount. The reasons for revision are explained in the report accompanying the estimate.

2. The revised plans and estimate have been examined by the Chief Engineer, Public Works Department, Madras, who has reduced the estimate to Rs.38,230. A copy of his note No.2946 Wks.B.19-6, dated 5th May 1920, is herewith enclosed.

3. I recommend, accordingly, that a half grant of Rs.19,115 may be sanctioned for payment on behalf of the school as funds become available.

4. The original and revised plans and estimates are also submitted herewith.

I have the honour to be,

Sir,

Your most obedient servant,

For Director of Public Instruction

Note by the Chief Engineer, Public Works Department
No.2946 Wks.B/19-6, dated the 5th May 1920.

An estimate amounting to Rs.33,700 was sanctioned in G.O.No. 335 Home (Education) dated 12th March 1917 towards the cost of purchasing and improving a building for the Kalayala Thiruvengadathan Chetty's Girls' School, Georgetown, Madras.

In G.O.No. 288 Home (Education) dated 27th February 1918, an estimate amounting to Rs.7060 was also approved for constructing tiffin rooms within the premises of the school.

II. The Director of Public Instruction now submits revised drawings and an estimate amounting to Rs.39,963 for the work the particulars of which are as follows:-

Description	Original estimate	Revised estimate
1. Cost of purchasing the house	Rs. 26,500	Rs. ...
2. Improvements to do	7,150	23,265
3. Tiffin rooms	7,060	13,862
4. Latrine, compound walls and gate	...	2,836
Total	...	39,963

III. The revised drawings and the estimate have been scrutinised in the Chief Engineer's office and the following alterations carried out:-

- (1) Altering where necessary the number and size of roof and floor timbers
- (2) Omitting the ridge beams and providing collars to the rafters of the tiffin rooms.
- (3) Reducing the high rates allowed for some of the items of the estimate, as recommended by the Executive Engineer North Presidency Division, after checking the estimate on the spot.

By these alterations the total amount of the estimate has been reduced from Rs.39,963 to Rs.38,230.

IV. The attention of the school authorities is drawn to para 3 of letter No.301 C dated 20th March 1920, from the Executive Engineer North Presidency Division referring to the

dangerous condition in which some of the roof timbers were noticed by him and recommending an early inspection of all the joists and beams etc.

In this connection it seems extraordinary to purchase a building for Rs. 26,500 and spend Rs. 23,265 in improvements to this building.

V. With these remarks the revised drawings and the estimate as altered in the Chief Engineer's Office aggregating Rs. 39230 exclusive of the cost of purchasing the house viz., Rs. 26,500, are recommended for approval.

Total cost = Rs. (39230 + 26500)

= Rs. 64780

(True copy)

± grant = Rs. 32390.

The Director of Public Instruction,

MUNGAMBAUKAM.

Sir,

Yours 1114/20 W.E. dated 16th August 1920

With further reference to yours above, I have the honour to point out that the undernoted improvements and additions which were not contemplated in the original estimate were found indispensable and hence were partly carried out.

1. The sizes of two rooms A and D (^{new plan} with revised plan) were increased by adding the verandah in front, as more suited to class rooms.
2. The terraced roof of room L was in a bad condition to necessitate its demolition and construction ^{of a} new terrace in its place.
3. A verandah was added to the east of the above room L.
4. New doors and windows were provided for, in several of the rooms to give them more light and ventilation.
5. Provision was also made in the revised estimate for repairs to floors, roofs, walls, painting, white washing etc., as

44-32 per chief Engineer's note No. 1754 C. dated 9-3-17 para 4, clause 4

Office of the Director of Public Instruction,

The Old College, Nungambakkam,

Madras, 25th October 1920.

Dear Sir,

I have received this morning a letter from Mr. Todhunter regarding the K.T. Chetty Girls School in Georgetown and he asked me to write to you as Secretary of the Committee of the National Indian Association. Mr. Todhunter says, regarding the provision of a new building, that there has been a great muddle about it in the past and ^{the Committee} they are trying to start all over again. He also says that the Committee are anxious to know exactly what square and cubic space should be provided per pupil, that is, what should be the measurements of class rooms for 20, 30 and so on.

2. With regard to the Committee's proposal to start all over again, it is observed that the improvements were estimated originally to cost only Rs. 7150 but that subsequently this estimate rose to Rs. 23,265. Government considered this estimate excessive and requested me to obtain from the school authorities and submit to Government a complete report on the matter. The correspondent of the school was accordingly addressed in this office letter R.O. No. 1114/W.B./20 dated 16-8-1920 and the reply received dated 4th October 1920 has been submitted to Government. I ^{would} therefore, enquire whether it is the desire of the Committee that Government should be informed that it is the intention of the school authorities to consider the question de novo and consequently that no action should be taken with reference to the estimate for Rs. 23,265.

3. With reference to the required measurements of class rooms, I would refer you to Appendix I (A) of the Grant-in-Aid Code. In that appendix the minimum requirements as regards Floor-space are for an elementary school $9\frac{1}{2}$ square feet per pupil. I would suggest your obtaining from the Superintendent of the Government Press a copy of the Grant-in-Aid Code as revised up-to-date. The cost is 4 annas. There are no spare copies in this office. In the Appendix I have quoted you will find full details with regard to the sanitary and hygienic

hygienic requirements to be observed in the designing and construction of school buildings. Some of the clauses in the Appendix do not apply to elementary schools but a considerable number of them do.

Yours faithfully,

N.A. Grieve

Dear Sir,

With reference to yours of even date, I am sending enclosed 3 statements:-

I Deals with School fees.

II Teachers pay sheet with war allowance of Rs2/8/-.

III Do. — 2/- — Rs5/- as has been enhanced at our last Committee Meeting.

We get a monthly Contribution of Rs145/- per month from Messrs King & Co., Government gave us a grant of Rs1710/- in March last. We also get scholarship grants from the Government which we pay to the pupils, so our ^{friends} friends are not affected.

I trust the information is sufficient for the purpose.

Yours faithfully,

C.T. Alwar Chetty

ORDER.

No. , dated 192

his

Not approved
- P. 10 up to

(D)

In the circumstances stated
by the S.P.S., the maximum
amount of the grant sanctioned
in G.O. No. 335 Home (S^m) of the
12-3-17 towards the cost of a
house purchased for the Kalavala
Thiruvengadathan Chetti's
girls' school Georgetown
and certain improvements thereto
has been raised from
Rs 16,850 to Rs 32,390/- The
increased grant will be payable as follows:
2. In recommending
additional grant of Rs 19,115/-
the Director has left out of
account the grant of Rs 3573

26,500
38230
264780
32390

already sanctioned towards
the cost of improvements on
the original estimate of Rs. 7150/-

M
9.6.20
IK
21.6.20
29.6.20

To
The Financial
Deptt. for acceptance.

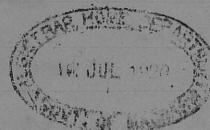

21.6.20
23/6/20

Have you verified if
the repairs included in
the estimate for 38,230 (as
revised by CE) include the
repairs already sanctioned in the
estimate for 7150.

23/6/20

Regd.

From a comparison of the
original and the revised estimates
(Flags X and Y), it does not
seem possible to say whether the
revised estimates of Rs. 38,230
include ^{the} Rs. 7150. But on a perusal

Home No 1147B-1/28620
(with Home Department)
etc.

of the portions marked in the
chief Engineer's note on page 4
of C.F., it would seem that the
revised estimate of Rs. 23,265 for
repairs includes the Rs. 7,150.

For order whether the
D.P.O. should be asked up to
clear up the point.

25/6/20
25/6/20

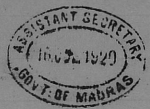

25/6/20

U.O. Reply Camp No. 367/20
9-7-20

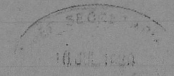

The estimate of Rs. 38,230 includes
the estimate of Rs. 7150 for which a half-
grant has already been sanctioned. The
half-grant of Rs. 19,115 was recommended
in lieu of the half-grant of Rs. 3575
included in the grant of Rs. 16,850 already
sanctioned in G.O. No. 335 Home (Education)
dated 12th March 1917. My letter to
Government does not, I see, specifically
indicate that this was intended.

25/6/20

Please see the A.P.'s note on the previous page. The draft order on page 1-2 also needs no revision. For orders whether it may issue with the Concurrence of Finl.

Please see the remarks at "A" on p. 4 of. by the Chief Engr.
I think we may agree with him. If the school authorities have been indiscreet in their purchase, they can hardly expect Govt. to help them out of their difficulties. I think we should ask for an explanation as to the necessity for such heavy repairs, before we agree to any further help being given.

A draft memo. is submitted for approval.

MD
26.7.20.
P.R.
26.7.20
The necessity for the heavy repairs ~~are~~ is explained in the reports accompanying the revised estimates. No doubt it is

(T) (U)

odd that an amount ^{ready} equal to the ~~cost~~ of purchase money of the building ~~to~~ is to be expended on improvements thereto. The following facts have, however, been remembered in that connection:

- (i) The school has to be in the locality which it is intended to serve,
- (ii) Karayana Mudali Street in Georgetown is a very thickly populated locality where house property sells at a very high price,
- (iii) The building purchased for the school was a living house and has to be adapted to the needs of the school;
- (iv) The school is growing in importance & larger classrooms are needed;

(v) The improvements are only ^{intended to} ~~to effect~~ remedy the defects of insufficient "accommodation" had "lighting, ventilation & sanitation";

U

(vi) The original & revised plans indicate these alterations.

and they are obviously considered by the D.P.D. to be necessary to satisfy the needs laid down by the Department;

(vii) It has also been brought to notice that some parts of the buildings also require renewal on account of the dangerous condition of the materials in these parts;

(viii) The work had been in progress for some time, but was stopped for ^{reasons} ~~reasons~~ of ^{economic} ~~economic~~ ^{financial} ~~financial~~ ^{reasons} ~~reasons~~ ^{of} ~~of~~ ^{the} ~~the ^{revised} ~~revised ^{estimates} ~~estimates~~;~~~~

(ix) It is quite unlikely that a cheaper ~~new~~ new structure could be built for the school in the locality on a vacant site, even if ~~one~~ ^{one} were available at all;

(x) The improvements proposed seem only inevitable.

In these circumstances, it

20
appears doubtful whether any reference to the D.P.D. is necessary.

CA

Page 144 & 145 for 1921-22 (Final edition)

The file may now go to India w.o. for acceptance of draft.

2. There is a provision of Rs 71,000 in the current year's budget for building grants to Elementary Sch. The D.P.D. furnished a list of Core
method
also.

21

already made in respect of these

Schools. This list is put up in the
file relating to ^{building} grant for the Elementary
School at Mantapau sent to Finance
on 1.6.21. It seems likely that the
amount now in question could be met
from the current year's budget provision.
Besides the increased grant is payable
only as funds become available but draft

draft provision for building
grants to elementary schools
is not needed

18.7.21

Do not think we should ap-
propriate it since appear
that the purchase price of the
property was Rs. 26.500. The
estimate totalling to Rs. 14.210
was sanctioned for improvements
additions &c - now it is stated
that a further sum of Rs. 21,020
is required for improvements, repairs
&c. The school authorities may
be told to carry out the further
improvements &c entirely at
their own expense -

The management should be told
as Finance suggested.

The explanation of the composition of the increase
in the cost of repairs is not satisfactory.

It is absurd that on repairs money
equal to the cost price should be spent.

Even the increased amount is unsatisfactory
in explanation -

However, no fund could be allocated this year since
year.

I understand

28/8/21

As my Hon. Colleague does not propose any further grant
I have not already sanctioned. I agree to 24/8/21
