The same member moved a similar resolution at the meeting of the Legislative Council held on the 20th November 1919.

In the course of his speech on the resolution, he specially referred to the desirability

of taking early action on the recommen-
dations of the Calcutta University
Commission in regard to the separation
of intermediate from collegiate edu-
cation and the placing of it together
with secondary education under a
Board of ^{Secondary and} Intermediate Education.
His Excellency the Governor observed
as follows:—

"If this matter is going to be seriously
"considered—the recommendations
"of the Calcutta University Commission
"it is true, as we double the Rev. Mr. Mac-
"phail said, we must sit down for
"half a dozen or a dozen years to do
"solid work. I do not think that you
"can find half a dozen generous-
"minded men to sit down and under-
"take solid work for years without
"remuneration. You have the University
"by committee consisting of eleven
"sub-committees who will submit their
"reports. Having got these sub-committees
"who will submit their reports, why should
"we go in for a Committee; so far as the
"Govt are concerned, it is by far the
"better plan for us to await the ^{submitting} reports
"of

"of the Senate sub-committee, than to
 "duplicate the machinery by starting
 "a Committee of their own in addition
 "to the Committee appointed by the
 "University. That is by far the
 "better plan. I personally feel that, as
 "far as I am concerned, we will be
 "simply duplicating the machinery
 "by so doing. The University is an
 "important body connected with the education
 "of this Presidency, and let us see what
 "they have to say, though eventually the
 "Board will have to deal with the situation
 "as it arises"

The resolution was put and lost.

2. The Senate has since submitted
 the ~~recommendation~~ ^{report} of the Committee
 appointed by it to consider the recom-
 mendations of the local culture university
 Commission ^{and also its resolutions thereon} and the ~~the~~ subject is
 separately under consideration. There
 appears to be no necessity to appoint
 a Committee as suggested by the M.L.C.

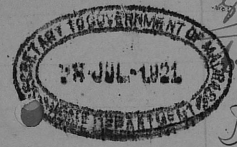

3. The position may be explained
 to the member who will perhaps with-
 draw the resolution.
